

December 31, 2004

**THIS IS ALREADY WRITTEN DOWN IN THE BOOK**

**I seek refuge in Allah from satan the rejected.  
In the name of Allah, The Most Gracious, The Most Merciful.**

Last week I addressed you and before that, many other times about God's Absolute Authority 165 (attribute of Al-Samad 165) that is challenged by humans in the form of "rebellion and disobedience of His Laws and Commands". I also stated the verses showing that "He is the Lord of forgiveness", and also "the Lord of retribution". Humans like to see a Lord full of mercy and forgiveness, fulfilling their needs and wishes all the time; but they do not want to accept or believe the Lord that also showers them with punishment and retribution when they challenge His Authority. That is why most of them have turned to worshipping dead humans or statues, which are utterly powerless and harmless. They feel satisfied with what they are doing. A little window of awakening comes to them when a major catastrophe happens, but closes fast, and they continue on the same path of deviation.

What happened on a nice and sunny morning on December 26, 2004, is an example of the "system of God". He unleashed His forces by sending a powerful earthquake, which in turn caused huge tidal (Tsunami) waves across many nations, thereby killing close to a hundred and fifty thousand or more. Many thousands more were injured, left desperate, heartbroken, displaced, and homeless. It is time for human beings to reflect, upon God, when a disaster of this magnitude happens, which is totally out of human knowledge or control.

When God blesses humans, they are not appreciative and do not care to observe or remember Him. When He sends retribution, they are supposed to reflect and believe in Him, but they do not change their ways. They keep wondering why God punished and killed their loved ones. Here is a quote from a local newspaper about a Hindu congregation. The priest was asked, "why have we been cursed like this?" He answered: "The only solution is to worship God".

The question was logical and right; and so was the answer; - "to worship God". But the answer did not define God. Humans have so many different gods, that this kind of answer can be vague and misleading. But they do not know the One, True Lord of the Universe, and what He has commanded. They do not even make an effort to find out which religion presents the teachings of this One God. Therefore, their fate is sealed. The night preceding the disaster was full moon in India, and the people were busy celebrating a festival for their idol called, "the god of dance". In other countries

also, the Hindus were celebrating the same festival. They are dumbfounded and speechless, when they cannot figure out why their “god of dance” would send a punishment like this, when they were worshiping him. They have no idea that the idols they worship are totally powerless, and that “ALL POWER BELONGS TO ALLAH”. I will cite to you a very important verse that occurs only one time in the Quran, and carries verse number 165, being the **GV of Al-Samad**, and the **Shahadah**. The verse is in two parts, and **Proofs of the “Most Sacred, ALLAH”**, are embedded in it.

**2:165 Part 1:** Yet, some people set up idols to rival **ALLAH**, and love them as if they are **ALLAH**. **Those who believe love ALLAH the most.**

**2:165 Part 2:** If only the transgressors could see themselves when they see the retribution! They will realize then **that all power belongs to ALLAH**, and that **ALLAH’s** retribution is awesome.

**Revealed:** The **Allah letters** for each part are **24** and **25**, **revealing the diff. of 1.** **ALLAH IS ONE AND ALONE.**

**Revealed:** The total number of **Allah letters** are **49**, and **messenger’s letters** are **68**, **revealing the diff. of precisely 19**, proving **Allah is Wahid**, (One). **This also serves as His Authorization for me.**

Let me join the two important statements from each part of the verse. The believing men and women who believe in this Most Powerful Lord, called Allah, do so because it is now proven also.

**2:165 Part:** **Those who believe love ALLAH the most.**

**2:165 Part:** **All Power belongs to ALLAH.**

**Revealed:** The **Allah letters** are **9** and **8**, **revealing the diff. of 1**, proving that the **Lord of the Believers** has “**All the Power**”.

**2:165 Part:** **“Those who believe love ALLAH the most.”**

**Question:** How can you do it?

**Answer:** The **GV of Allah letters** is **100**, (meaning 100 percent), while **GV of messenger’s letters** is **262**, **revealing the diff. of 162** and the **GV of Islam (religion of Submission)** is **162**. The **GV of “Al-Salat”** is also **162**.

Everyone in their right mind knows that God is running the Universe but He has clearly stated that “GOD is the Lord of the believers only, while the disbelievers have no Lord,” as in 47:11.

**47:11 This is because ALLAH is the Lord of those who believe, while the disbelievers have no Lord.**

**Revealed:** The **Allah letters** are precisely **19**, proving the verse to be absolutely true.

This reveals that you have to submit fully to Allah, by believing in His messenger, to prove that you obey and submit to His Absolute Authority, by receiving “guidance through His messengers”.

The split of Allah letters in verse **2:165** for each part is **24** and **25**. Taking these numbers, God creates another verse to prove that He is the One, True Lord, and is behind this Inspiration. **The numbers become chapter 24, verse 25.**

**24:25 On that day, ALLAH will requite them fully for their works, and they will find out that ALLAH is the profound Truth.**

**Revealed:** The **Allah letters** are precisely **19**, proving that **HE IS ONE. Praise be to Allah.**

**Revealed:** The **Allah letters** are **19**, and **messenger's letters** are **33**, **revealing the diff. of 14, being the Revelation of “Seven Pairs”.**

This disaster affected the Muslims, Hindus, Buddhists, Christians and quite a few Jews, who were tourists in the area. The tourists on the islands of Thailand described those beach resorts as picture perfect and similar to paradise on Earth. The description of these places is sunny skies, blue or turquoise ocean water, green surroundings, white sand, palm trees, and hospitable and pleasing local people.

**Question:**

- Was anyone praising God at all, that morning, for creating all this and much more?
- Was anyone thinking about the brief span of life, and the purpose behind it?
- Was anyone thinking that all this is an illusion, and there is a specific reason for our creation?

**It seems unlikely that God was on anyone's mind, the One, True God.** According to His System, and this is not the first or the last time, that this so-called heaven on

earth was turned upside down, leaving thousands dead, with trauma and misery for those left alive. The worldly materials of property, furniture, cars, buses, trucks, jewelry, money, personal documents, and other various goods and merchandise, was washed away like garbage, becoming rubble; only to be “witnessed” by those left alive that all the materials of this life are “**only an illusion**”.

Besides reading and reciting the Quran, I observe that the verses actually fulfill themselves by “playing out” in our real lives, for us to witness. For example, the punishment was sudden, and the people were stunned. This statement is in the Quran. Another example, 56:70 talks about turning your drinking water into salty water. This is exactly what happened with the ocean water moving inland, where people had no clean drinking water left anymore. There were reports that a young boy was orphaned, after having lost his parents and siblings, about parents who lost their children, about people who lost their spouses, about a man who carried his mother to safety and rushed back to get his old father, only to find out that he was washed away and disappeared. In the panic and confusion of such catastrophes, the natural tendency of humans is to save themselves first. There is no time to think of others. Here are the Quranic verses describing the above scene.

**80:33** Then, when the blow comes to pass.

**80:34** That is the day one flees from his brother.

**80:35** From his mother and father.

**80:36** From his spouse and children.

**80:37** Each one of them, on that day, worries about his own destiny.

**70:10** No friend will care about his close friend.

**70:11** When they see them, the guilty will wish he could give his own children as ransom, to spare him the retribution of that day.

**70:12** Also his spouse, and his brother.

**70:13** Even his whole tribe that raised him.

**70:14** Even all the people on earth, if it would save him.

This disaster was an enormous punishment from the Most Gracious. It will have lingering and ongoing consequences for millions of people torn apart from their families and loved ones, and also for being homeless. The chance of contracting diseases is also imminent and inevitable unless the world nations rally to help these people out. It is hard for us to comprehend and fully grasp God’s system of “life and death”, and His wisdom behind “forgiveness and mercy” for some, and “retribution” for the others. Through the verses the reasons are given for everything, though.

Any human tragedy makes me grieve and I feel sad at the loss of life, and the suffering and misery of other people. But it makes me sadder when the majority or people do not care to open their eyes and ears and minds to look at the truthful message from the Most Gracious, and to realize that true belief in Him can truly change their lives. Here are some verses:

**69:48 This is a reminder for the righteous.**

**69:49 We know; some of you are rejectors.**

**Revealed: The Allah letters are 6 and 5, revealing the Absolute Authority of the One God.**

**69:50 It is but sorrow for the disbelievers.**

**69:51 It is the absolute truth.**

**Revealed: The GVs of messenger's letters are 284 and 394, revealing the diff. of 110, which is the GV of the Shahadah, "La Elaha Ella Hoo", proving that Allah is One, and His Absolute Authority to send messengers, which at this time confirms the messenger's name through His Revelations. Glory be to my Lord.**

Believing men and women are supposed to be charitable all the time. I urge all of you to help the survivors of this disaster in any way you can; with your money, clothing, food etc. Above all, convey the message to the people, at every opportunity, about the System of God, and how to avoid His retribution. The preaching of God's message should take precedent over all priorities of our lives, as we will be questioned by the Most Wise.

**7:6 Part 1: We will certainly question those who received the message.**

**7:6 Part 2: And we will question the messengers.**

**Revealed: The messenger's letters for each part are 13 and 12, revealing the diff. of 1, Preaching the Message of One God.**

**Revealed: The total Allah letters are precisely 14, Preaching the Message of the "Seven Pairs".**

One of the main reasons mentioned in the Quran for "retributions", is "rejection of God's messengers". I will recite a few verses for you to reflect. The punishments can come with an "announcement" or come "suddenly". These verses are accompanied by verses on messengers, as you can see:

**6:47** Say, “What if **ALLAH’s** retribution came to you suddenly, of after an announcement, is it not the wicked who incur annihilation.?”

**6:48** We do not send the messengers except as deliverers of good news, as well as warners. Those who believe and reform have nothing to fear, nor will they grieve.

**6:49** As for those who reject our revelations, they incur the retribution for their wickedness.

**6:42** We have sent (messengers) to communities before you, and we put them to the test through adversity and hardship, that they may implore.

**6:43** If only they implored when our test afflicted them! Instead, their hearts were hardened, and the devil adorned their works in their eyes.

**6:44** When they thus disregard the message given to them, we open for them the gates of everything. Then, just as they rejoice in what was given to them, we punish them suddenly, they become utterly stunned.

**6:45** The wicked are thus annihilated. **And Praise be to ALLAH, Lord of the universe.**

In 6:44, what message is Allah indicating here at this time? Let us find out.

**6:44 Part 1:** “When they thus disregard the message given to them,”

**6:44 Part 2:** “We open for them the gates of everything.”

**Revealed:** The **Allah letters** are **6** and **5**, **revealing the diff. of 1**; indicating the Truth of the “**Revelation of 1**” bestowed upon myself. Glory be to my Lord.

In 6:45, He clarifies that the wicked are punished by Him and takes credit for it by praising His name, and revealing the name of the messenger also, through whom this clear message is sent.

**6:45 Part 1:** “The wicked are thus annihilated.”

**6:45 Part 2:** “And Praise be to **ALLAH**, Lord of the universe.”

**Revealed:** The **Allah letters** are **7** and **8**, **revealing the diff. of 1**; proving that He is the ONE who sends retributions.

**Revealed:** In Part 2, the GV of **messenger’s letters** in this most important statement and verse is **revealed to be 306, being the GV of the messenger’s full name, Makbool Husain.**

This shows the importance of the Message, and Allah is the One who sent the Quran and designed its letters, verses, paragraphs, and chapters. THIS IS NOT A COINCIDENCE. This is mercy of the Most Gracious upon me.

### **“A PROPHECY:”**

Over the last few years of our lives, after the revelations of the Sacred Codes of the Quran, we have seen disasters of many different kinds, and in many different countries. They are too many to count. And they have affected many different countries. These calamities can be straight from God, as through the forces of nature, controlled by Him, such as earthquakes, floods, cyclones, volcanoes, hurricanes, mudslides, etc., or they could be through humans, like civil war, foreign aggression, sectarian violence, terrorism, destruction and demolition of homes and crops, etc., which are also controlled by God. Lately, bombing of innocent civilians, by local people, and the indiscriminate bombing by military forces, is just another way of people suffering retribution. The absence of “peace”, and the presence of ever-looming “fear”, is another form of retribution. To understand the truth, let me recite verse 17:58.

**17:58 Part 1: There is not a community that we will not annihilate before the Day of Resurrection, or inflict severe retribution upon them.**

**Revealed: The Allah letters are precisely 19, confirming the Truth of the Prophecy.**

**Revealed: The GV of Allah letters is 155, and GV of messenger’s letters is 904; placing them side by side, we get: 155,904 = 14 x 11136, and in reverse order, we get, 904,155 = 7 x 129165.**

Glory be to Allah, this shows that this verse applies in our generation and to the **Message of the Seven Pairs**, which is a “**Special Revelation**” from **the Almighty**.

**17:58 Part 2: THIS IS ALREADY WRITTEN DOWN IN THE BOOK.**

Explanation of Verse: It has already been decreed by Allah, Knower of the Future, before sending us here on earth, that very few will follow His laws, and His authority, in order to believe in Him. They will mostly reject whatever comes from Him, thereby siding with satan in challenging His Absolute Authority. There is not a single nation on earth that can be called “a believing community”. A community under the command and leadership of a messenger and implementing all of God’s Laws is called a “believing community”. **Hence, the punishments are already decreed:**

**Revealed:** The GV of Allah letters is 63, being a multiple of 7. The GV of messenger's letters is 228, which is a multiple of 19. This reveals the Sacred Codes of 7 (being part of Code of 14) and 19. Praise be to Allah.

**Revealed:** The GV of Allah letters is 63, and messenger's letters is 228, the difference clearly is 165, Subhan Allah, this reveals "THE ABSOLUTE AUTHORITY OF ALLAH", as it is the GV of "La Elaha Ella Allah", (the Shahadah), and His attribute of "Al-Samad". (The Absoluteness).

**Peace be upon the messengers.  
And Praise be to Allah, Lord of the Universe.**
