CHOOSING ALLAH AS YOUR LORD, OR SATAN (PART 2)

**I seek refuge in Allah from satan the rejected.
In the name of Allah, The Most Gracious, The Most Merciful.**

ALLAH is the only CREATOR, whereas satan cannot create anything, nor can any of God's other creations. **One of the things God did under His plan of creation was to plant His Name, "ALLAH", in the instincts of His creations.** If you look around at the reaction of the human beings when they face extreme fear, suffer affliction, face a disaster, or see something horrendous, they always take God's name in their own language. The other references they use to allude to God, if they do not believe or know His name are: the One in the Heavens, the Powerful One, the Unseen One, or simply looking towards the sky, knowing and believing that He is up somewhere. Even if they believe in numerous gods, somehow, they will still say in the end that it is only One. On the contrary, none of the humans attribute anything to satan, or call upon him, in the way they try to reach out or implore the **1 GOD**. It is also noticeable that a lot of people attribute tragedies, disasters, mayhem, chaos, corruption, and anything associated with "bad" to satan. **THIS IS INSTINCT.** The wisdom of God is explained through this verse:

30:30 Part 1: Therefore, you shall devote yourself to the religion of strict monotheism.

30:30 Part 2: Such is the natural instinct placed into the people by **GOD**.

Revealed: The **messenger's letters** are **10** and **9**, **revealing the diff. of 1 – the sum is 19**. By bringing out this powerful revelation through the name letters of a human like me, God has proved the verse.

30:30 Part 3: Such creation of **GOD** will never change.

30:30 Part 4: This is the perfect religion.

Revealed: The **messenger's letters** are **9** and **8**, **revealing the diff. of 1** again – Praise be to the Almighty.

The last part of the verse says: **30:30 Part 5**: **"But most people do not know."**

Revealed: The **messenger's letters** are **12** and the **Arabic letters** are **21**, laying out the **Code of 1221**.

Revealed: The messenger's letters are **12**, and Allah letters are **8**, giving the **Pattern of 128**, being the messenger's last name, **Husain**.

If most people do not know these facts or do not care to know, it will be their own fault. God's verses and words are accessible to all, including these proofs, if they care to know. I will now show you the important part of "**instinct**" once again, in a different way.

30:30 Part: Such is the natural instinct placed into the people by GOD.

Revealed: There are precisely **12 Allah letters**, as are in His "**Shahadah**". The GV of Allah letters is **165** for this portion of the verse, as is the GV of His "**Shahadah**", **165**. This is a proven fact now that the "**instinct**" (**the soul**), is aware that **God is indeed 1**. If I continue and attach the next part of the verse, it also reveals another profound truth.

30:30 Part: Such is the natural instinct place into the people by GOD. Such creation of GOD will never change.

Revealed: The GV of Allah letters becomes **352**, being the GV of "**Quran**".

Since the Quran is God's Words, He proves and confirms through this medium and language of communication. To bring awareness to the humans about His existence, control, and rule over the universe, He has shown proofs in the skies, the earth, the variety of creatures He has spread around the earth, proofs within the human bodies, proofs through the angel and human messengers, proofs through His scriptures and proofs through His retributions. No one can live or pass by without noticing God's proofs; it is another thing if they take heed or not. But His Signs are everywhere. I will recite verses on proofs in the heavens and the earth, proofs in the scriptures, and proofs given to the messengers, which are all part of the worship of ALLAH.

THROUGH REVELATION OF 19 AND 1

43:9 If you asked them, "Who created the heavens and the earth," they would say, "The Almighty, the Omniscient has created them."

Revealed: The Allah letters are **19**, **Glory be to the ONE.**

43:10 He is the One who made the Earth habitable for you, and created for you roads therein, that you may follow the right way.

Revealed: The **Allah letter** are **18** - revealing the diff. of ONE.

After creating all this, He made it habitable so that we can appreciate all the blessings and provisions, and He allows us to manufacture a multitude of items from the raw materials that come all from HIM.

36:36 Glory be to the ONE who created all kinds of plants from the earth, as well as themselves, and other creations that they do not even know.

Revealed: The **Allah letters** are marked to be **19** - **Proof of God that He created everything**.

THROUGH REVELATION OF THE SACRED CODES OF 19-14

42:29 Among His proofs is the creation of the heavens and the earth, and the creatures He spreads in them. He is able to summon them, when He wills.

Proof: The **Allah letters** are precisely **19**, Praise be to the **ONE**, who is the only **CREATOR**.

12:105 So many proofs in the heavens and the earth are given to them, but they pass by them, heedlessly!

Proof: The **Allah letters** are precisely **14**, Glory be to the **ONE**, who has proven through the **Sacred Codes of 19 and 14**, which are also His Signs to believe in, as well as the other Signs He shows in the heavens and the earth.

THROUGH REVELATION OF ABSOLUTENESS

45:2 The revelation of this scripture is from **ALLAH**, the Almighty, Most Wise.

45:3 The heavens and the earth are full of proofs for the believers.

Revealed: The **Aleefs** are **4** and **5**, revealing the diff. of 1 - **The Absolute Lord**.

Revealed: The **Allah letters** are **11** and **10**, revealing the diff. of 1 - these are the truthful proofs of this Scripture, proving that it is from God, and the believers will take heed.

45:4 Also in your creation, and the creation of all the animals, there are proofs for people who are certain.

45:5 Also, the alternation of the night and the day, and the provisions that **GOD** sends down from the sky to revive dead lands, and the manipulation of the winds; all these are proofs for people who understand.

Revealed: The Aleefs are **3 + 16**, revealing the sum of 19 – Glory be to the **ONE**.

Revealed: The Allah letters are **6 + 32**, revealing the sum of 38, a multiple of 19, and revealing the diff. of again 19.

REVELATION OF 2 gods PROVING IDOLATRY

10:101 Part 1: Say, “look at all the Signs in the heavens and the earth.”

10:101 Part 2: All the proofs and the warnings can never help people who decided to disbelieve.

Revealed: The Aleefs are **7** and **5**, revealing the diff. of 2 (idolatry)– the disbelievers are thus exposed, for not believing in Allah’s Absolute Authority.

Revealed: The Allah letters are **10** and **8**, revealing the diff. of 2 – the disbelievers are exposed for not believing in ALLAH as the Lord of the Universe.

Revealed: The Allah letters in the entire verse are **18**, and the messenger’s letters are **32**, revealing the diff. of 14 – confirming through the Seven Pairs that the majority will be heedless to God’s proofs, as they have decided to disbelieve.

The next verse, being linked to the above, shows the consequences. **As these verses address the “disbelievers”, you can appreciate that the “Revelation of 2 gods – Idolatry” occurs in them.**

10:101 Say, “Look at all the Signs in the heavens and the earth.” All the proofs and the warnings can never help people who decided to disbelieve.

10:102 Can they expect other than the fate of their counterparts in the past? Say, “Just wait, and, along with you, I am also waiting.”

Revealed: The Aleefs are **12** and **10**, revealing the diff. of 2 – the disbelievers reject His Absolute Authority.

Revealed: The Allah letters are **18** and **20**, revealing the diff. of 2 – the disbelievers should learn a lesson from the fate of their counterparts in the past history, who were destroyed and annihilated by God, for disbelieving in Him, and His Signs.

NOTE The double proofing that occurs through Aleefs and Allah letters in 10:101 and 10:102.

A POINT TO PONDER FOR THE DISBELIEVERS

29:19 Have they not seen how **ALLAH** initiates the creation, then repeats it? This is easy for **ALLAH** to do.

Point Proven: The **verse number** is **19**, while the **Allah letters** are **18**, **revealing the diff. of 1** – if the Initiator and Creator can create a **difference of 1** between the verse number and His name letters, surely, He can initiate and create anything. He has already done it. Praise be to Him.

The humans including the scientists, geologists, and the ones who falsely believe in the “evolution” keep studying, researching, and looking to find out: “**Who is behind the creation of all this?**” They try to overrule their INSTINCT created by GOD, by following the devil; thus, they are left wondering and without answers.

29:20 Part 1: Say, “Roam the earth and find out the origin of life.”

29:20 Part 2: For **GOD** will thus initiate the creation in the Hereafter.

Proof Provided: The **Allah letters** are **11** and **12**, **revealing the diff. of 1** – it is **ALLAH** who has created it all, and will again resurrect and re-create in the Hereafter.

Revealed: The entire verse is marked with **14** **Aleefs**, to prove that the Absolute God is behind all the creation, everything that you see and not see.

Revealed: Part 1 is marked with **Aleefs** as **7**, and **messenger’s letters** as **14** – **revealing the Seven Pairs**, as the messenger is asked to tell the people, “**to roam the earth and find out the origin of life**”.

29:20 Part 2: For **GOD** will thus initiate the creation in the Hereafter. **GOD** is Omnipotent.

Revealed: The **Allah letters** are **19**, and **messenger’s letters** are **18**, **revealing the diff. of 1** – both numbers **19** and **18**, represent the value of “**Wahid**” and “**Wahidun**”, both meaning **ONE**. **He is the ONE, Glory be to Him**, who has inscribed the messenger’s letters throughout the Quran, to reveal these profound revelations. By placing the ending parts from both the verses in context, we find another revelation:

29:19 Part: “**This is easy for GOD to do.**”

29:20 Part: GOD is Omnipotent.

Revealed: The Allah letters are 7 and 7, **revealing the Seven Pairs**, and **MATCHING**.

Revealed: The messenger's letters are inscribed by Him to be 9 and 9, also **MATCHING**. He is Omnipotent and this was easy for Him to do.

Is it also easy for GOD to reveal the messenger's name, to prove a point to the disbelievers? Yes – He can do it, it is absolutely easy for Him, as He is Omnipotent.

Revealed: The GV of Allah letters for both parts is **254**, and the GV of messenger's letters is **560** (a **multiple of 14**), **revealing the diff. between both numbers to be clearly, 306** – this is the GV of the messenger's full name, **Makbool Husain**. Glory and Praise be to Allah.

The PROOFS of GOD are provided for the knowledgeable, who believe in His Absolute Authority. God calls them as the “intelligent ones” as they choose to be believers and appreciate God's mercy in augmenting their belief and for guiding them. While the strayers try to find the origin of life, a quick answer and proof has been provided by God for the believers.

29:44 Part 1: GOD created the heavens and the earth, truthfully.

29:44 Part 2: This provides a sufficient PROOF for the believers.

The Proof: For **Part 1**, messenger's letters are **14** (**revealing the Seven Pairs**), and for **Part 2**, they are **13**, **revealing the difference of 1** – the messenger proclaims to all the people that God is the only Creator.

Revealed: The Allah letters for the entire verse are **precisely 19** – **the One and only Creator**.

29:43 Part 1: We cite these examples for the people.

29:43 Part 2: And none appreciate them except the knowledgeable.

A Chance to Appreciate: The Alefs are **4** and **5**, **revealing the diff. of 1** – the believers should prostrate to appreciate the Absoluteness of the Almighty, One God.

A Chance to Appreciate: The GV of messenger's letters are **358** and **372**, **revealing the diff. of 14 – revealing the Seven Pairs**. The knowledgeable can fully appreciate God's Proofs and the precision in His verses.

So far, the verses I recited have proven that God is the Creator of the heavens and the earth, the humans, the animals, the plants, and of all other creations that we do not see or know. Glory be to Him. Now I will recite some verses on the **System of God**, whereby He sends the angels as messengers, as well as the humans. You will also be shown **proofs of the Scriptures**, including **the Quran**, which has been especially marked with the most intricate and elaborate proofs of **God**. The devil (satan) can do none of these and can only oppose and counter what God has created and does. The majority of humans are unappreciative of God's System, and do not value God as He should be valued. The only way for them to value is by agreeing and believing in Him, His System and His laws – no matter what He created and gave us.

THE SYSTEM OF GOD

22:74 Part: They do not value **GOD** as He should be valued.

Proof: The **Allah letters** are **7**, and the **messenger's letters** are **8**, **revealing the diff. of precisely 1** – as I said, if the people really did value GOD, then He did not have to reveal this through His messenger. Since they don't, He has given them another chance to reflect on the value of GOD, who is Omnipotent and can produce Miracles such as these.

22:74 They do not value **GOD** as He should be valued. **GOD** is the Most Powerful, the Almighty.

22:75 **GOD** chooses from among the angels messengers, as well as from among the people. **GOD** is Hearer, Seer.

22:76 He knows their past and their future. To **GOD** belongs the ultimate control of all matters.

Revealed: These 3 verses laying out the System have precisely $(5+7+7) = 19$ **Aleefs**.

Revealed: The 2 verses **22:75-76** on messengers, have precisely $(7+7) = 14$ **Aleefs**. **The Sacred Codes of 19 – 14** inscribed in these verses were hidden, which have now been revealed, out of God's mercy.

Revealed: The **Allah letters** for all 3 verses are $(13+18+16) = 47$, and the GV of **Allah** is **66**, **revealing the diff. between these numbers to be precisely 19**. Also, if we add the number **19** as representing "**Wahid**" (**ONE**), to the number **47**, we get the sum of **66**, which is the GV of **ALLAH**.

Revealed: The **Allah letters** for all 3 verses are **47** and the **messenger's letters** are **63**, **revealing the sum of 110** – it is only through the messengers, that God's Absolute Authority can be recognized and believed in.

SIGNS GIVEN TO MESSENGERS

30:47 Part 1: We have sent messengers before you to their people, with profound Signs.

30:47 Part 2: Subsequently, we punished those who transgressed.

30:47 Part 3: It is our duty that we grant victory to the believers.

Absoluteness – The Proof: The Aleefs are 6 – 5 – 4, **revealing the diff. of 1.**

Most people do not know the difference in the words - messenger and the prophet, nor do they know the difference in a submitter and a believer. Notice, whenever God mentions the word, “messenger”, He chooses to mention the word, “believers”, instead of muslims. This is reserved for those who believe in His Absolute Authority through His messenger and assigns this description to those who follow and obey the messenger. Here is the Proof for what I have stated:

Revealed: The Allah letters after the word “messengers”, up to the word, “believers”, are **19.**

30:47 Part: We have sent messengers before you to their people, with profound SIGNS.

Revealed: Would the people believe in GOD’S SIGNS? Would they believe in His messenger? Even though the verse is clearly marked with **14** ALLAH letters, Glory be to HIM.

10:74 Part: Then we sent after him messengers to their people, and they showed them clear proofs. How clear can the proofs get? See below.

The Proof: The GV of Allah letters are **110** – the profound Sign of His Absolute Authority, conveyed by His messengers to the people.

10:74 Part 2: But they were not to believe in what they had rejected in the past. We thus seal the hearts of the transgressors.

The Proof: The Allah letters are marked to be **14** – those who have rejected the Miracle of **19** in the past and rejected or changed the previous messengers’ teachings, will not be able to submit, and believe in the Miracle of the Seven Pairs, unless they truly repent to the Almighty for their arrogance.

PROOFS OF THE SCRIPTURES

3:3 He sent down to you this scripture, truthfully, confirming all previous scriptures, and He sent down the Torah and the Gospel.

Revealed: The **Allah letters** are **19**.

29:51 Part: Is it not enough of a miracle that we sent down to you this Book, being recited to them?

Revealed: The **Allah letters** are **14**, while the **messenger's letters** are **19** – **revealing the Sacred Codes of 19 & 14.**

29:51 Is it not enough of a miracle that we sent down to you this Book, being recited to them? This is indeed a mercy and reminder for people who believe.

Revealed: The **Allah letters** for **Part 1** is **14**, while the entire verse has **Allah letters 19**.

Revealed: This verse is the **19th** from the end of the chapter also.

All of this proves one point: the heavens and the earth, the humans and the jinns, the animals, the plants, other creations, the Scriptures of God, the messengers, the messages, the miracles; everything is Coded by the Most Wise, and He has a complete record of it. Just as each letter and word of the Quran is counted by God, so is everything in the universe that He created. This is evident from the verse which reveals the value of Quran through the messenger's letters.

22:70 Part: **All this is recorded in a record. This is easy for GOD to do.**

The Exact Count: The GV of **messenger's letters** is **352** – being the GV of **QURAN**, the book being recited to you and confirming through the same.

The names of the messengers, as well as the proofs and signs given to them, are sacredly coded within God's scriptures, as is evident through these revelations. Here is an example from a profound verse.

31:25 If you ask them, "Who created the heavens and the earth," they will say, "ALLAH." Say, "Praise be to ALLAH." Yet, most of them do not know.

Revealed: The **messenger's letters** have a GV of **1400**, a **multiple of 14** – telling the people that even after over **1400** years, from the time the Quran was revealed, the people are still not sure about ALLAH, and His Absolute Authority - to reveal this Book, and to do as He pleases. To demonstrate to you the Sacred Coding, let me bring in the next verse to include with this one.

31:26 To **ALLAH** belongs everything in the heavens and the earth. **ALLAH** is the Most Rich, Most Praiseworthy.

Revealed: The GVs of the **messenger's letters** become **1976**, a **multiple of 19** – for both verses, thus proving the point I stated earlier. No matter what God reveals and shows, if the disbelievers have made up their minds to disregard God's proofs, nothing can change their minds. Through these two important verses, God has shown and revealed His system of inscribing the messenger's name letters or the values to tie in with the **Sacred Codes of 14 & 19**.

If ALLAH (God) did not inform us about the devil, that he is the 2nd god until the Day of Resurrection, we would not have known about him. We cannot see him or talk to him. Nor does he publicize, preach, or advertise his thoughts, ideas, or beliefs. Nor do we see or hear him making claims of being a god or of revealing any kind of scriptures.

This profound System has been created by ALLAH, in order to distinguish the truthful from the liars and the righteous from the wicked. As satan has no real power over the believers, his only constituents, subjects, and followers are the ones whom ALLAH has rejected and shunned. satan cannot pick his followers, he only gets the "leftovers" or "the rejected ones" – THOSE WHO DISBELIEVE IN ALLAH'S ABSOLUTE AUTHORITY, due to which THE ALMIGHTY, THE MOST WISE, sends them astray, to join the camp of the enemy – satan, and his allies. This "System" is well explained and elaborated through sets of verses, that I am going to recite for you. Remember, there is only ONE GOD in the Universe who has assumed all authority – if anyone disobeys Him or disbelieves in Him, His Absoluteness in commanding and ruling over the universe is not affected. His Absoluteness as 1, represented by the Aleef remains the same. But His name, ALLAH, is affected through blasphemy, constituting 2 gods. This is where iblees, (satan) comes into the picture. Simply put, if you do not belong with ALLAH, then you automatically belong with iblees. To this effect, I will present God's revelations for you to examine and reflect – most of all, take heed and stay steadfast in your belief.

43:36 Anyone who disregards the message of the **Most Gracious**, we appoint a devil to be his constant companion.

43:37 Such companions will divert them from the path, yet make them believe that they are guided.

ABSOLUTENESS: Who appoints the devil to be the disbeliever's companion? It is **GOD**.

Revealed: The **Aleefs** are **2 & 3**, **revealing the diff. of 1**. Note the **pattern of 23** represents "**Wahdahoo**" meaning "**ALONE**", in other words, Alone means "**ONE**". **Examine the system:** it is GOD appointing the devil to be the disbeliever's companion, not the other way around. This denotes His Absolute Authority. Now see the next revelation:

Revealed: The **Allah letters** are **8 and 10**, **revealing the diff. of 2**, constituting idolatry – this is the reason the devil was assigned as the human companion for disbelieving in the message of the Most Gracious – which means the disbeliever rejected God's Absolute Authority. Now reflect through the next set of verses.

43:38 When he comes before us he will say, "Oh I wish you were as far from me as the two easts. What a miserable companion!"

43:39 It will not console you on that day, as transgressors, that both of you will share in the retribution.

Revealed: The **Aleefs** are **7 and 5**, **revealing the diff. of 2 – idolatry proven**.

Revealed: The **Allah letters** are **11 and 9**, **revealing the diff. of 2 – the idolaters** will wish they were away from each other like the "**2**" easts; moreover, "**both**" also means "**2**".

If you fear GOD and want to avoid this situation of being labeled by Him as an idol worshiper, then observe the next **2 verses** – you can change your destiny by making the right decision.

43:43-44 You (the messenger) shall steadfastly preach what is revealed to you; you are in the right path. This is a message for you and your people; all of you will be questioned.

Revealed: The **Allah letters** are **precisely 14** – the belief in these revelations can save you.

When does satan become your lord? The answer is **when you disobey God's Absolute Authority of disbelieving in His messengers.** Here is the last verse of the khutbah:

16:63 By ALLAH, we have sent (messengers) to communities before you, but the devil adorned their works in their eyes. Consequently, he is now their lord, and they have incurred a painful retribution.

16:64 We have revealed this scripture to you, to point out for them what they dispute, and to provide guidance and mercy for people who believe.

Truthful Revelation: The Aleefs are **10** and **9**, **revealing the diff. of 1 – the sum of 19.**

The above PROOF defines Absoluteness, if you get it. Think of it, the scriptures are from GOD, and so are the messengers. What do you have to lose, if you believe? You can only count your blessings if you believe, and avoid being turned over to satan, whereby you will wish in the end that you were as far away from each other as the two easts.

This concludes the topic of “choosing God as your Lord, or satan”. I hope it benefits the readers and they turn to God with true submission. These revelations – true miracles – can only impact those who believe in 1 GOD and earnestly search for the TRUTH.

**Peace be upon the messengers.
Praise be to Allah, Lord of the Universe.**
