THE SO CALLED (10) COMMANDMENTS

**I seek refuge in Allah from satan the rejected.
In the name of Allah, The Most Gracious, The Most Merciful.**

The followers of the previous scriptures have made up many innovations; one of them is the notion and falsehood that GOD originally issued only 10 commandments and it is the people who may have introduced more commands and subject matter to elongate the scriptures to hundreds of pages. All of this is totally false and unsubstantiated.

To defeat this false theory, GOD will expose them and open up their eyes by pointing out the so-called **(10)** commandments which are only **a part** of the Quran and of the previous scriptures. They are truthful commands but are part of the overall commands dictated by GOD in the Scriptures. The striking part of the "**Revelation**" from **GOD** on this subject is – that these commands appear in **the chapter** titled: "**The Children of Israel.**" They are the ones who have presented this kind of falsehood and GOD being the Knower of the Future and of all Secrets and Declarations has therefore revealed and written them in the chapter appropriately titled after them. They are given below:

1	<u>17:22</u> You shall not set up any other god beside ALLAH , lest you end up despised and disgraced.
2	<u>17:23</u> Your Lord has decreed that you shall not worship except Him, and your parents shall be honored. As long as one or both of them live, you shall never say to them, "Uff" (the slightest gesture of annoyance), nor shall you shout at them; you shall treat them amicably.
3	<u>17:26</u> You shall give the due alms to the relatives, the needy, the poor, and the traveling alien, but do not be excessive, extravagant.
4	<u>17:29</u> You shall not keep your hand stingily tied to your neck, nor shall you foolishly open it up, lest you end up blamed and sorry.
5	<u>17:31</u> You shall not kill your children due to fear of poverty. We provide for them, as well as for you. Killing them is a gross offense.
6	<u>17:32</u> You shall not commit adultery; it is a gross sin, and an evil behavior.
7	<u>17:33</u> You shall not kill any person – for GOD has made life sacred – except in the course of justice. If one is killed unjustly, then we give his heir authority to enforce justice. Thus, he shall not exceed the limits in avenging the murder; he will be helped.

8	17:34 <i>You shall not</i> touch the orphans' money except for their own good, until they reach maturity. You shall fulfill your covenants, for a covenant is a great responsibility.
9	17:35 <i>You shall</i> give full measure when you trade, and weigh equitably. This is better and more righteous.
10	17:37 <i>You shall not</i> walk proudly on earth – you cannot bore through the earth, nor can you be as tall as the mountains.

Here is a summary of the proofs for all these 10 commandments alleged by the falsifiers to be the initial and only commands from our LORD. They are given as being part of the Quran and there are a lot more commands in the Quran. These commandments have also been given and written in the Scriptures revealed for the Children of Israel. The precise nature of **God's proofs** exposes the hypocrites and the disbelievers, who have no idea about ALLAH's attributes of Absoluteness, Omnipotence, and of being the Knower of the Future. GOD can, and does reveal proofs of a precise nature through His messengers regarding these **10 verses** only to shame and humiliate the disbelievers, who constantly lie against Him.

Summary of Proofs:

VERSE	ALLAH LETTERS	MESSENGER'S LETTERS
17:22	15	14
17:23	47	51
17:26	14	26
17:29	18	29
17:31	18	28
17:32	12	17
17:33	36	50
17:34	29	36
17:35	19	31
17:37	19	22
Totals:	227	304

Miracle of Allah: The **Allah letters** for the so-called **(10)** commandments are precisely **227** – a number which represents the word, “**the Believers**” – GV of **227**. GOD has presented the Truth to the believers through His messenger and shown that He is in full Control over everything – even the disbelievers' statements can be exposed by Him and proven through the correct Hadith of Quran.

Miracle of Allah: The **messenger's letters** are **304**, a multiple of **19** (304 = **19** x 16).

Miracle of Allah: The **Allah letters** are **227** and **messenger's letters** are **304**, **revealing the diff. of 77**. This number represents **the Seven Pairs** – a

great blessing from Almighty Allah. Together, the numbers **227** and **304** are multiples of **14** and **7**, as given below:

$$227,304 = \underline{14} \times 16236 \text{ and } 304,227 = \underline{7} \times 43461$$

Miracle of Allah: The beginning verse, **17:22**, has **messenger's letters** as **14** and the ending verse, **17:37**, has **Allah letters** **19**. Thus, the entire set of **(10)** commands are wrapped around with the **Sacred Codes of 14 and 19** through the Allah letters and those of His messenger, Subhan Allah.

By separating the initial verses which are given in **17:22** and **part of 17:23** commanding us not to set up gods beside **ALLAH** and to worship Him alone, the remaining verses mention some of the commands from Him to define the true meaning of worship of GOD which can only be achieved by following and upholding them. These verses on commands start from **part of 17:23** saying: Your parents should be honored, and continue on to end in verse **17:37**. They are precisely counted by the **LORD – 202**, as the Revelation will prove.

GOD is going to show you further miracles as to how the commands are all counted and recorded by Him. Each sacred word revealed by Him is recorded and counted, and all of this is the real TRUTH from our LORD.

17:23 Part: And your parents shall be honored. As long as one or both of them live, you shall never say to them, "Uff" (the slightest gesture of annoyance), nor shall you shout at them; you shall treat them amicably.

17:26 You shall give the due alms to the relatives, the needy, the poor, and the traveling alien, but do not be excessive, extravagant.

17:29 You shall not keep your hand stingily tied to your neck, nor shall you foolishly open it up, lest you end up blamed and sorry.

17:31 You shall not kill your children due to fear of poverty. We provide for them, as well as for you. Killing them is a gross offense.

17:32 You shall not commit adultery; it is a gross sin, and an evil behavior.

17:33 You shall not kill any person – for **GOD** has made life sacred – except in the course of justice. If one is killed unjustly, then we give his heir authority to enforce justice. Thus, he shall not exceed the limits in avenging the murder; he will be helped.

17:34 You shall not touch the orphans' money except for their own good, until they reach maturity. You shall fulfill your covenants, for a covenant is a great responsibility.

17:35 You shall give full measure when you trade, and weigh equitably. This is better and more righteous.

17:37 You shall not walk proudly on earth – you cannot bore through the earth, nor can you be as tall as the mountains.

Revealed: These **9 verses** about certain commands reveal the **PROOF** – that the worship of **ALLAH** can only be achieved by upholding His commands. By following this path, you can thus avoid setting up gods beside ALLAH, and avoid the gross sin of idolatry. Therefore, the set of **9 verses** are profoundly and sacredly marked with **202 Allah letters**. Praise be to Him for revealing the number which represents the value of **LORD**.

Revealed: The **messenger's letters** for these **9 verses** are **289**, which represents the value of "**Allah ho' Akbar**" and "**Al-Raheem**". Both of these attributes of **Allah** are translated in English as "**GOD is the Greatest**" and "**Most Merciful**".

The complimenting revelations revealed by the Most Wise are easy to decipher as to the true meaning behind such numbers. The number **202** through the **letters of Allah** means **LORD**, and the number **289** through the **letters of the messenger** means **Most Merciful** as well as **Allah is the greatest**. Whichever number you take, it only adds to the Glory and Praise for ALLAH, and both are complimenting to each other.

The first, foremost, and most important command in all of God's Scriptures has been what is stated in **17:22** and **part of 17:23**, at the beginning of this set of verses. This important command is inspired to the messengers so that they can follow, and preach to others to do the same, in order to submit to GOD. It is given as:

17:22 You shall not set up any other god beside **ALLAH**, lest you end up despised and disgraced.

Revealed: The **Allah letters** are **15** and **messenger's letters** are **14**, **revealing the diff. of 1**, Subhan Allah.

This proof through the **Revelation of 1** really provides the proof of inspiration given to the messengers, who after receiving inspiration follow what is revealed to them from their Lord. The inspiration from ALLAH makes them aware of the profound truth that there is only **ONE GOD** who then commands them to proclaim to the people that they are one of the messengers, and to preach the message of the Most Gracious. If the messengers obey other human beings in following their religion or their personal opinions, or make up their own laws – then they are guilty of idolatry. Similarly, the followers of the scriptures are commanded to follow the revelations of GOD which He grants to His servants – the messengers – chosen by Him. If the people obey and follow any unauthorized

human beings or make up their own innovations, then they are guilty of the gross sin of idolatry.

17:22 Part: You shall not set up any other god beside **ALLAH**.

This statement and Hadith of Allah is so powerful and strong that the proofs enshrined within the verse provide the truthful testimony behind this command. This is the basis of ISLAM or Submission to GOD.

Revealed: The **Allah letters** are **12** matching with **His Shahadah** which are also **12**. The GV of this verse is precisely **165**, thus matching the GV of the Shahadah and of the Attribute of **Al-Samad** (**Absoluteness**), which is also **165**.

La Elaha Ellah Allah – The **Allah letters** are **12** and the GV is **165**, Alhumdo Lillah.

Al-Samad – The GV of the **word** is also **165**, Subhan Allah.

These most important and key words / statements / attributes of Allah are composed on the Sacred Code of Seven Pairs, as is evident below:

La Elaha Ella Allah – Al Samad: The combined **Allah letters** are **14**.

Revealed: The combined **messenger's letters** are **7**, thus providing the **Sacred Proof of Seven Pairs**, Subhan Allah.

Let me show you another Miracle behind these **2** important **statements/words/attributes**.

Revealed: The GV of **the Shahadah** and of **Al-Samad** is **165** for each of them. The combined GV for both of them is **330**. The GV of **messenger's letters** in both words/statements is **220**, the difference being precisely **110**, which brings out another number for **Absoluteness** represented through the other form of **Shahadah** which reads "**La Elaha Ella Hoo**". The GV is **110**.

Revealed: The GV of **Allah letters** in both of the words or statements is **196** which is **14** x **7** x **2**. This again proves that the Sacred Words are composed on the preset and predetermined Miracle of GOD.

The next verse, **17:23**, clarifies the previous verse as to what it means by setting up gods beside ALLAH. You will notice and observe GOD's wisdom through the consistency and accuracy of the verses and their revelations granted to the messenger. The previous verse had the **Revelation of 1** as well as the subsequent

verse which bears the **Revelation of 1** to clarify as given below:

17:23 Part: *Your LORD has decreed* that you shall not worship except HIM.

Revealed: The Allah letters are **10** and messenger's letters are **9**, **revealing the diff. of 1**, Subhan Allah.

17:22 Part: You shall not set up any other god beside ALLAH.

Revealed: The GV of messenger's letters is **190 = 19 x 10**, a **multiple of 19**.

17:23 Part: Your LORD has decreed that you shall not worship except HIM.

Revealed: The GV of messenger's letters is **196 = 14 x 7 x 2**, a **multiple of 14**.

Hence, both the important commands have been revealed to the messenger through the "**Revelation of 1**" as well as **the Sacred Codes of 19 and 14** marked through his letters, all Praise is to ALLAH, Lord of the Universe.

This set of 10 verses are further sealed through the messenger's letters, by wrapping the first and the last verse together, as you shall witness:

17:22 *You shall not* set up any other god beside ALLAH, lest you end up despised and disgraced.

17:37 *You shall not* walk proudly on earth – you cannot bore through the earth, nor can you be as tall as the mountains.

Revealed: The GV of messenger's letters are **492** and **640**, **revealing the diff. of 148**. This number represents the value of "**Alhumdo Lillah**" or "**Praise be to Allah**".

Just like the **1st command of this set** is marked under the **Revelation of 1** – similarly, the last one is also marked to provide the proof and meaning behind "**walking proudly on Earth**".

17:37 Part: *You shall not* walk proudly on earth.

Revealed: The Allah letters are **6** and messenger's letters are **7**, **revealing the diff. of 1**.

Revealed: The GV of Allah letters is **64** and of the messenger is **164**, **revealing the diff. of 100**.

Total submission can only be achieved by removing all kinds of arrogance and by not setting up gods beside ALLAH. This requires **100 %** attention, devotion, and reverence for ALLAH by observing His commands through the Quran.

A strong advice is given to the believers to guide or keep them guided to the Truth through another strong verse in the chapter which is **17:36**. This verse guides the believers to refuse to accept and reject any information which cannot be verified. They are also reminded of the purpose behind the blessings of hearing, the eyesight, and the brain, for which they will be held responsible in how they used them. Most people of the scripture ignorantly follow anything they hear, see, or read. This verse draws their attention to use the blessings of GOD to decipher the truth from falsehood and not to follow any unauthorized human beings till they verify the information from the QURAN. When it comes to Truth revealed through the messenger, the Most Wise issues clear proof of His Glorified Name through this verse. This is to defeat those who frequently misuse this command to repel others from believing in God's messengers and God's Proofs.

17:36 Part 1: You shall not accept any information, unless you verify it for yourself.

17:36 Part 2: I have given you the hearing, the eyesight, and the brain, and you are responsible for using all of them.

Revealed: The GV of Allah letters are **127** and **193**, revealing the diff. of 66 – **ALLAH**, Subhanahoo.

Revealed: The **chapter number** is **17** and **verse number** is **36**, revealing the diff. of 19.

The revelations granted to me have already been proven time and time again to be the entire Truth from our Lord and this is just another one from HIM.

17:36 Part 2: I have given you the hearing, the eyesight, and the brain, and you are responsible for using all of them.

Revealed: The **messenger's letters** are **19**. If the people of the scripture used their eyes, ears, and brains responsibly, they would realize by now that these revelations can only be granted to messengers of ALLAH and are the TRUTH from Him.

The blessings of hearing, eyesight, and the brains, are wrapped around through the parts of the verse before and after, with the clear revelation of **the Seven Pairs**.

17:36 Beginning Part: You shall not accept any information, unless you verify it for yourself.

17:36 Ending Part: And you are responsible for using all of them.

Revealed: The **Allah letters** are **7** and **7** – **the Sacred Code of the Seven Pairs** reminds the followers of the Scripture to be aware of satan’s tricks and the human devils, who would like you to stray off the right path by believing in unconfirmed information.

There are 3 parts to the verse. After proving through the profound Revelation of 66 and the Seven Pairs, the Most Wise has more to offer – this time through the messenger’s letters.

17:36 Part 1: You shall not accept any information, unless you verify it for yourself.

17:36 Part 2: I have given you the hearing, the eyesight, and the brain.

17:36 Part 3: And you are responsible for using all of them.

Revealed: The **Allah letters** are **7 – 8 – 7**, **revealing the diff. of 1** between each part.

Revealed: The **messenger’s letters** are **11 – 10 – 9**, **revealing the diff. of 1**, Subhan Allah.

Can anyone possibly confirm inspired revelations which come straight from Allah from those who are not inspired and do not understand the “**system of inspiration**” and the meaning of the word “**revealed**,” or try to confirm through those who themselves do not believe in all of the verses of the Quran? This is one reason that GOD has revealed plain and simple proofs, which are consistent and based on the verses of the Quran, so that the followers of the scripture can see the truth and wisdom of GOD and thereby believe in them without having to resort to others to confirm them. The Most Gracious has issued the key advice and command to the followers of the scripture to check out the information which comes to you through unauthorized sources, like human books, magazines, T.V. shows, religious institutions, utterances, hearsay, and other means of communications used by humans. You are also supposed to verify the claims of persons claiming to be God’s messengers by checking out the consistency and accuracy of the miracles, proofs, and messages that they claim to bring from GOD. Most people reject God and what comes from Him due to their arrogance, ego, and personal opinions. What you read through these sermons and on the website are all proven miracles and proofs from our LORD. It can easily be verified and therefore should be believed in, without doubt or hesitation by those who fear ALLAH.

From the start of the subject matter regarding these few commands originating from **17:22** to the end on **17:38**, these verses and their subject matter is further **mounted** with a **preceding** and a **following verse**, which are **17:21** and **17:39**.

The absolute control of **ALLAH** is demonstrated through the subject matter which is encompassed in the couple of verses along with the **exact spacing** between them; all of this is mounted with the solid and certain **Proof**. Let me recite the couple of verses mounted on the entire subject matter of today.

Preceding Verse: 17:21 Note how we preferred some people above others (in this life). The differences in the Hereafter are far greater and far more significant.

Following Verse: 17:39 This is some of the wisdom inspired to you by your Lord. You shall not set up another god beside **ALLAH**, lest you end up in Gehenna, blamed and defeated.

These verses are applicable to the messengers. They mention the preference of Allah in choosing some over others in this life and the wisdom inspired to the messengers by Him.

Note the Proof:

Revealed: The GV of **Allah letters** are **166** and **331**, **revealing the diff. of 165**. It is **Allah** with the attribute of **Absoluteness of 165** who can bestow wisdom, can guide, and prefer one over the other. All control is with Him, Subhan Allah.

Revealed: From **verse 17:21 to 17:39** constitutes precisely **19 verses** – Praise be to the Most Wise.

The subject matter is also surrounded and mounted by verses warning the messengers and the believers not to set up gods beside **ALLAH** by repeating them in the beginning and at the end, for a definite reason. The profound reason for the repeat of this most important command is evident through the “**Revelation of 1**” granted to the messenger. This is what makes it awesome.

17:22 Part: You shall not set up any god beside **ALLAH**.

17:39 Part: You shall not set up another god beside **ALLAH**.

Revealed: The **messenger’s letters** are **6** and **7**, **revealing the diff. of 1**.

Revealed: **Each of the verses** above are marked with **12 Allah letters** with the GV of **165**, to warn everyone about the sanctity of **ALLAH’s Absoluteness**, and to warn them against violating their Covenants made with Him.

Has my LORD shown the believers some of the wisdom through the QURAN? Yes indeed! The wisdom of **ALLAH** is proven through the verse above with a clear revelation.

17:39 Part 1: This is some of the wisdom inspired to you by your LORD.

17:39 Part 2: You shall not set up another god beside ALLAH.

Revealed: The Allah letters for each part are **8** and **12**, **revealing the name of the messenger 128**, through the Pattern given in reverse order, Subhan Allah.

Revealed: The messenger's letters are **14** and **7** for each part – **revealing the profound Code of the Seven Pairs**.

Revealed: The GV of Allah letters are **99** and **165**, **revealing the diff. of 66**, Alhumdo Lillah.

Through the same chapter – The Children of Israel – the Most Gracious will now enlighten the people to the truth and fact that there is no other god beside ALLAH. He also cites good logic and reason while revealing the most profound proofs to confirm that ALLAH is ONE. All of this is done through the verses of the Quran, which the messenger has been entrusted with to receive His glorified revelations and to provide these proofs to the people.

Authorization to the Messenger from the Quran: 17:41

17: 41 Part 1: We have cited in this Quran (all kinds of examples) that they may take heed.

17: 41 Part 2: But it only augments their aversion.

Revealed: The Allah letters are **7** and **8**, **revealing the diff. of 1**.

Revealed: Part 1: Allah letters are **7** and messenger's letters are **8**, **revealing the diff. of 1**.

Revealed: Entire Verse: The messenger's letters are **19**, Subhan Allah.

ALLAH's claim that there is no other god beside Him

17:42 Say, "If there were any other gods beside Him, as they claim, they would have tried to overthrow the Possessor of the throne."

17:43 Be He glorified, He is much too exalted, far above their utterances.

Revealed: The Allah letters are **21** and **7**, **revealing the diff. of 14**.

Revealed: The messenger's letters are **25** and **18**, **revealing the diff. of 7**.

These are the glorified proofs from our Lord under the **Seven Pairs Code** with plain and simple logic which informs the believers that there is none other than ALLAH in the Universe as the Absolute God. It is this reason that He is much too Glorified and deserves all the Praise, as He is the One who commands and controls everything.

17:44 Glorifying Him are the seven universes, the earth, and everyone in them. There is nothing that does not glorify Him, but you do not understand their glorification. He is Clement, Forgiver.

Revealed: The **Aleefs** are **12** and **Allah letters** are **26**, **revealing the diff. of 14**. Directly or indirectly, everyone and everything in the universe glorifies ALLAH, though the disbelievers may not acknowledge or realize.

Another false notion and belief of the disbelievers is that GOD created the universe in 6 days and then rested on the 7th day which they believe is Sunday.

Another false notion and belief of the people of the previous scriptures is that GOD made the universe in 6 days and then rested the 7th day which they believe is Sunday. As the week is designed as 7 days, and most people take a day off on Sunday, they presume that GOD probably takes off on Sunday and rests. The sleep and rest as well as the food are created by the Almighty GOD for His creations, especially the humans. This lets their bodies get rest, to rejuvenate them, and to provide essential nutrients and energy for the organs of the body. Without these blessings of Allah, the human body could not perform and would be dysfunctional.

None of the essentials created for the humans are applicable to ALLAH, who is devoid of all such needs and requirements in all respects and aspects. Glory be to Allah, who does not need any rest, time off, or day off. He is Omniscient and Omnipresent. The six days mentioned by Him is only a yardstick, and He clarifies through the verses that the day designed on the basis of 24 hours for the humans on earth is not the same for GOD. The day based on 24 hours happens on earth because of its rotation on its axis coupled with the design of the sun and the moon along with the system of night and day. The rotation of the earth around the sun causes the measurement of the year. These measurements are not applicable to most of the universe where similar design of sun, the moon, and rotation of the earth, and many other phenomena may not exist.

In fact, other yardsticks are given through the verses; one of them compares our 1000 years on earth to 1 day at GOD. There is another verse which gives the analogy through the angels climbing to GOD in a day which equals fifty thousand of our years. The Supreme GOD did not give us measurements of the day in terms of the weekly cycle of 7 days running from Monday to Sunday. Surely, the humans have been duped by the devil again to equate themselves with GOD in terms of their holidays or taking days off. GOD has not issued any command for the humans to take certain days off or when to take them. It is left entirely up to the discretion of the individuals to eat, rest, work, or take time off, when they choose to. There is no religious directive regarding this; though there is allusion to some

aspects of discipline in life through some of what I have stated. Here are some of the analogies given by the Omniscient through the verses:

32:5 Part 1: All matters are controlled by Him from the heaven to the earth.

32:5 Part 2: To Him, the day is equivalent to one thousand of your years.

Revealed: The Allah letters are 11 and 10, revealing the diff. of 1.

Revealed: The GV of Allah letters for entire verse is 207 – a number which represents the value of “Rabbayhee” or “Rabbahoo” meaning – “his Lord”.

70:4 The angels, with their reports, climb to Him in a day that equals fifty thousand years.

Both of these verses, **32:5** and **70:4**, analogize different yardsticks – a day equaling **1000** years and a day equaling **50,000** years. Moreover, GOD did not elaborate whether He is comparing with an ordinary year of humans based on **365 days** or a “**light year**” which can be a totally different measurement. The humans can therefore never estimate or understand the true measurement that GOD has cited, except to conjecture about it. Some things and phenomena have been left unexplained by the Creator; therefore, the humans can never fathom or understand them till Allah decides and reveals the true meaning behind them. Therefore, I will leave it at that. But the Most Gracious reveals the proofs behind such profound verses to enlighten us to the fact that the analogies cited through the verses are the truth from Him, Subhan Allah.

32:5 All matters are controlled by Him from the heaven to the earth. To Him, the day is equivalent to one thousand of your years.

70:4 The angels, with their reports, climb to Him in a day that equals fifty thousand years.

Revealed: The GV of Allah letters for both verses are $207 + 176 = 383$. This number is the value of the Sacred Scripture called “Al-Quran” through which ALLAH reveals the glorified proofs from HIM.

The yardstick and analogy proven by the ONE – GOD

32:5 Part: The day is equivalent to one thousand of your years.

70:4 Part: In a day that equals fifty thousand years.

Revealed: The Allah letters are 7 and 6, revealing the diff. of 1.

Revealed: The messenger’s letters are 14 and 14 in each of these – the glorified proof of Seven Pairs and the Revelation of 1 bring out the Truth from our LORD.

Here is another verse similar to **32:5** but this time answers the disbelievers who challenge GOD's retribution and when the prophecy will happen. It is guarded through the Sacred Code of **14**.

22:47 They challenge you to bring retribution, and **GOD** never fails to fulfill His prophecy. A day of your Lord is like a thousand of your years.

Revealed: The **Allah letters** are **17** and **messenger's letters** are **31**, **revealing the diff. of 14**, Subhan Allah.

Revealed: **Part 2** of the verse is marked again with **14 messenger's letters** as additional proof of the **Seven Pairs**.

In this life the humans are able to measure their days, months, or the years, as GOD has provided the knowledge to do so and created the system for everything. But the disbelievers will lose their knowledge and focus of the blessings provided by GOD for the earthly life, and their answers as to how long they were on earth will be very confusing, as the following verses inform us.

10:45 On the day when He summons all of them, they will feel as if they lasted in this world one hour of the day, during which they met. Losers indeed are those who disbelieved in meeting **GOD**; and chose to be misguided.

Comment: The disbelievers will look back at their life spent in vain on earth which will look like only one hour of the day. The entire life which was mostly in years on earth will equal to 1 hour of the day. Here is the confirmation from the Most Wise.

Revealed: The **Aleefs** are **15** and the **Allah letters** are **29**, **revealing the diff. of 14**.

10:45 Part 1: On the day when He summons all of them, they will feel as if they lasted in this world.

10:45 Part 2: One hour of the day, during which they met.

Revealed: The GV of **Allah letters** are **67** and **81**, **revealing the diff. of 14** – the clear proof of **Seven Pairs** enlightens the believers to the true knowledge of this life seeming like “**one hour of the day**”.

Revealed: The GV of **Allah letters** for both parts is **148** – meaning “**Alhumdo Lillah**”, or “**Praise be to Allah**”. All Glory is due to Allah who has designed a profound system and prerecorded the events and utterances of the human beings.

10:45 Part 3: Losers indeed are those who disbelieved in meeting **GOD**; and

chose to be misguided.

Revealed: The **messenger's initials** are **14** and **messenger's letters** are **19, revealing the Sacred Codes of 14 & 19**, Subhan Allah. The losers indeed will be those who disregarded the teachings of GOD sent through His messengers and chose to be misguided, as the Sacred Codes point out.

20:103 Whispering among themselves, they will say, "You have stayed (in the first life) no more than ten days!"

20:104 We are fully aware of their utterances. The most accurate among them will say, "You stayed no more than a day."

Comment: These verses are mathematically coded with the **sacred code of 110** to draw attention to GOD's Absoluteness through His Shahadah. The number stated by the believers of a day in this life really means **1** day. This number reflects on God being **1** in Eternal.

Existence and Absolute Authority. The disbelievers will be reminding each other that they did not stay on earth more than **10** days. The numbers **1** and **10** are therefore stated for the specific reason – **to reveal 110**. Here is the awesome proof through the combination of letters of the Absolute and His servant.

Revealed: Both Verses: The **Allah letters** are **23** and **messenger's letters** are **42, revealing the diff. of 19**.

20:103 Part: "You have stayed (in the first life) no more than ten days!"

20:104 Part: "You stayed no more than a day."

Revealed: The **Allah letters** are **6** and **6** to reveal **66**. It shows that the responses and answers of disbelievers and believers will be guided and controlled by GOD on the Day of Resurrection. The system of free will and freedom of choice will be revoked on that Day.

Revealed: Each Verse: It is composed on **14** and **14** Arabic letters, **revealing the Seven Pairs Proof**.

Revealed: Both Parts of Verses: The **Allah letters** are **12** and **messenger's letters** are **13, revealing the diff. of 1**. This provides the proof that the verses are the truth and everything is happening in accordance with ALLAH's will and scheme of things. He has alerted the believers to the truth behind these verses.

The words "**no more than 10 days**" and "**no more than a day**" are especially marked by Allah with the gematric value of His Name.

20:103 Part: No more than ten days.

20:104 Part: No more than a day.

Revealed: The GV of **Allah letters** for both parts is **66, revealing ALLAH,** Subhanahoo.

Revealed: These words are composed of **7 and 7 Arabic letters** for a total of **14 letters.**

The question from GOD on the Day of Judgment will be addressed to the people as to how many years they lasted on earth. Note that God will be asking about the years to see if they could count or remember about their life on earth, whereas the answer of the disbelievers reverts to a day or a part of the day, as they would have lost the count. They will not be able to remember their lives spent on earth in years, except to equate it to "**part of the day or a day.**" It is further summarized by the Omniscient as a brief interim for those who were knowledgeable. Let me separate the question from God given in **23:112** from the 2 follow up verses given in **23:113-114.**

Question from GOD:

23:112 *He said, "How long have you lasted on earth? How many years?"*

Answer from the People:

23:113 They said, "We lasted a **day** or part of a **day.** Ask those who counted."

Revealed: Up to part of verse, "**We lasted a day or part of the day,**" the **messenger's letters** are **14** and for the **entire verse** the **messenger's letters** are **19**. Thus, the answer which the people will give on the Day of Resurrection is confirmed and proven through the **Sacred Codes of 14 and 19,** Subhan Allah.

23:114 Part 1: He said, "In fact, you stayed but a brief interim."

23:114 Part 2: If you only knew.

Revealed: The **messenger's letters** are **11 and 10, revealing the diff. of 1.**

Revealed: The GV of **messenger's letters** are **452 and 342, revealing the diff. of 110** – the Absolute GOD will remind the people of the proven messages sent down through His messengers which include such verses from the Quran, informing us of the wisdom of GOD as compared to the confused and unsure knowledge of human beings who are prone to memory losses.

Revealed: Entire Verse: **Allah letters** are **12** and **messenger's letters** are **21,** a profound reminder for the people through **the Sacred Code of 1221.**

(See verse **74:30** whose GV is **1221**)

23:113 They said, "We lasted a day or part of a day. Ask those who counted."

23:114 He said, "In fact, you stayed but a brief interim, if you only knew."

Revealed: The **Allah letters** are **11** and **12**, **revealing the diff. of 1**, Praise be to Allah.

The following verse is an important one and can be split into 2 parts, which reveal the Sacred Codes of **14** and **19** through the letters of Allah and of His messenger. This verse specifically mentions the words "**day on earth**" where the humans have been placed. This informs us that the day on earth is not the same as the day for GOD in the highest universe. The verse is detailed through its proofs.

21:44 Part 1: We have provided for these people and their ancestors, up until an old age.

21:44 Part 2: Do they not see that **every day on earth** brings them closer to the end? Can they reverse this process?

Revealed: Part 1 has **14** Allah letters, while Part 2 has **19** messenger's letters, **revealing the Sacred Codes**.

Revealed: Part 1: GV of Allah letters is **171**, and Part 2 has GV of messenger's letters **684** – both numbers are **multiples of 19**.

21:44 Part 1: We have provided for these people and their ancestors, up until an old age.

21:44 Part 2: Do they not see that **every day on earth** brings them closer to the end?

Revealed: The Allah letters are **14** and **15**, **revealing the diff. of 1**. The verse provides a "**Proven Fact**".

Revealed: Both Parts: Allah letters are **29** and messenger's letters are **30**, **revealing the diff. of 1**.

21:44 Part 2: Do they not see that **every day on earth** brings them closer to the end?

21:44 Part 3: Can they reverse this process?

Revealed: The GV of Allah letters are **81** and **67**, **revealing the diff. of 14** – the **Seven Pairs Code** provides the proof to clarify that the aging process cannot be reversed, as each human has to die after a specified span of life known only to ALLAH as the Creator.

Revealed: The Allah letters for both parts are **20** and messenger's letters are **19, revealing the diff. of 1.**

Revealed: The GV of Allah letters for both parts is **148** – a clear and specific number praising Allah by saying out loud and clear "**Alhumdo Lillah**".

2:259 Part: GOD then put him to death for a hundred years, then resurrected him. He said, "How long have you stayed here?" He said, "I have been here a day, or part of the day." He said, "No! You have been here a hundred years.

18:19 When we resurrected them, they asked each other, "How long have you been here?" "We have been here one day or part of the day," they answered. "Your Lord knows best how long we stayed here, so let us send one of us with this money to the city. Let him fetch the cleanest food, and buy some for us. Let him keep a low profile, and attract no attention.

Recalling from their memory about span of life on Earth

Statement of the Guilty:

20:103 Part: "You have stayed (in the first life) *no more than ten days!*"

Corrected by the Truthful:

20:104 Part: "You stayed *no more than a day.*"

Statement of Believers:

23:113 They said, "We lasted *a day or part of a day.* Ask those who counted."

Statement of a Submitter:

2:259 Part: GOD then put him to death for a hundred years, then resurrected him. He said, "How long have you stayed here?" He said, "*I have been here a day, or part of the day.*" He said, "*No! You have been here a hundred years.*"

Statement from Submitters:

18:19 Part: When we resurrected them, they asked each other, "*How long have you been here?*" "*We have been here one day or part of the day,*" they answered. "Your Lord knows best how long we stayed here.

The bottom line from the above recited verses is that the human life has been summed up by GOD as no more than **one day on earth**, though most of them

lived quite a few years on earth. This sets a new yardstick to measure the length of life on earth. In fact, **one day is the maximum**, but it is further summed as **part of the day**. The day has 24 hours, and GOD has compared the life span of humans on earth to be equal to **one hour of the day**. So, the yardstick for the day and its length has been analogized in many different ways, which leaves the humans speechless in this life, trying to figure out which measurement and equation to apply to work out certain numbers. The response of the believers will surely be that they stayed a day or part of the day on earth. As far as counting of years ago, they will leave it up to their Lord, as mentioned in **21:113**, saying, “**ask those who counted**” and in **18:19** saying, “**your Lord knows best how long we stayed here**”.

Quotations from GOD

Statement of GOD:

10:45 Part: On the day when He summons all of them, they will feel as if they lasted in this world **one hour of the day**, during which they met.

Statement of GOD:

23:114 He said, "In fact, *you stayed but a brief interim*, if you only knew."

On the Day of Resurrection, the disbelievers would have forgotten about their span of life, or the time that they had spent on Earth, and also forgotten many other facts, till reminded by GOD. The Omnipotent records everything, while the disbelievers will forget everything.

Here is the verse:

58:6 The day will come when **GOD** will resurrect them all, then inform them of everything they had done. ***GOD has recorded everything, while they have forgotten it.*** **GOD** witnesses all things.

58:6 Part: **GOD has recorded everything, while they have forgotten it.**

Revealed: The **Allah letters** are **7** and **messenger's letters** are **7** **revealing the Seven Pairs Code** confirms the fact that GOD had recorded everything, while the people had forgotten it.

Revealed: The GV of **Allah letters** is **77**, **revealing the Seven Pairs Miracle**, while the GV of **messenger's letters** is **190**, **revealing the Miracle of 19**. This proves the statement through the profound **Sacred Codes of 14 and 19**.

As for the accurate statement inspired by GOD to the believers, I shall bring it to

your knowledge by reciting along with the pre-marked and highly coded proofs from our LORD.

18:19 Part: "We have been here one day or part of the day."

23:113 Part: They said, "We lasted a day or part of a day."

Revealed: Each verse has 7 Allah letters and 14 messenger's letters, **revealing the perfect code of Seven Pairs.**

Revealed: Each of these statements and verses has precisely 14 Quranic Initials, **revealing the Seven Pairs.**

Here are some more verses to provide the proven truth of creation of heavens and the earth in **6** days through the Allah letters and those of His messenger. The sure and proven knowledge about the **6** days mentioned in the verses, whether they are days of earth or days of heaven are not known to the humans at this time, till GOD reveals the knowledge.

57:4 Part: He is the One who created the heavens and the earth in six days, then assumed all authority.

50:38 We have created the heavens and the earth, and everything between them in six days, ***and no fatigue touched us.***

Revealed: The Allah letters are **16** and **17**, **revealing the diff. of 1.**

10:3 Part: Your only Lord is **GOD**; the One who created the heavens and the earth in six days, then assumed all authority.

25:59 Part: He is the One who created the heavens and the earth, and everything between them, in six days, then assumed all authority.

Revealed: The messenger's letters are **26** and **27**, **revealing the diff. of 1**, Subhan Allah.

Note that ALLAH proves from the above recited pairs of verses through His letters and those of His messenger that He is the **only one** who created the heavens and the earth in 6 days and then assumed all authority.

Another lie against ALLAH is that the angels are females and that they are the daughters of the LORD. Another one is that the LORD has a son, which they attribute Jesus – the messenger of GOD to be His son. These lies and falsehood are strongly refuted and condemned by ALLAH, and He promises such distorters and liars the fire of Hell in the Hereafter. The distortions and lies of the disbelievers are exposed through the precise nature of proofs – **the Revelation of 1.**

43:19 They claimed that the angels, who are servants of the Most Gracious, are females! *Have they witnessed their creation?* Their claims are recorded, and they will be asked.

37:149-150 Ask them if your Lord have daughters, while they have sons! Did we create the angels to be females? *Did they witness that?*

Revealed: The Allah letters are **21** and **22**, revealing the precise diff. of 1. Glory be to **ALLAH who is ONE**, and does not have any sons or daughters.

37:150 Did we create the angels to be females? Did they witness that?

Revealed: The GV of Allah letters is **110**. This proves total **Absoluteness of ALLAH** as only **ONE** in **Eternal Existence without any partners**, Alhumdo Lillah.

37:151 Indeed, they grossly blaspheme when they say –

37:152 "GOD has begotten a son." Indeed, they are liars.

37:153 Did He choose the girls over the boys?

Revealed: The Allah letters are **9 – 8 – 7**, revealing the clear diff. of 1, Subhan Allah.

9:30 Part: The Jews said, "Ezra is the son of **GOD**."

9:30 Part: While the Christians said, "Jesus is the son of **GOD**!"

Revealed: The Aleefs are **4** and **5**, revealing the diff. of 1. There is only **1 Absolute GOD**.

Revealed: The Allah letters are **10** and **11**, revealing the diff. of 1. The **One Absolute God** does not have any sons, daughters, or partners – He is the only Living and Eternal while everything else perishes.

9:30 Part 1: The Jews said, "Ezra is the son of **GOD**," while the Christians said, "Jesus is the son of **GOD**!"

9:30 Part 2: These are blasphemies uttered by their mouths. They thus match the blasphemies of those who have disbelieved in the past. **GOD** condemns them. They have surely deviated.

Revealed: The GV of Allah letters are **294** and **275**, revealing the diff. of 19. There is only ONE GOD – He is **Waahed**, as the number **19** representing the word has proven, Subhan Allah.

Revealed: The Allah letters for each part are **21** and **19**, revealing the diff. of 2. The Most Gracious while proving that He is ONE also proves the idolatry of the deviators and disbelievers who attribute sons and daughters

to ALLAH, the Most Praiseworthy. Note that the **19 Allah letters** appear in **Part 2** where GOD has called such utterances as blasphemies and condemned them, and not in **Part 1** in which the disbelievers are quoted to attribute sons to ALLAH. Such is the precision of the Almighty, Alhumdo Lillah.

9:31 They have set up their religious leaders and scholars as lords, instead of **GOD**. Others deified the Messiah, son of Mary. They were all commanded to worship only one god. There is no god except He. Be He Glorified, high above having any partners.

Revealed: Both Verses - 9:30-31: The **Allah letters** are **40** and **41**, **revealing the diff. of 1**. This was the controlling proof over the 2 important verses whereby the distorters and disbelievers have been exposed with their lies and false utterances. The serious consequences await them in the Hereafter.

What does the command to worship “One God” mean? Note the Proofs!

9:31 Part: They were all commanded to worship only one god.

Revealed: The **Allah letters** are **13** and **messenger’s letters** are **12**, **revealing the diff. of 1**.

Revealed: The GV of **Allah letters** is **104** and GV of **messenger’s letters** is **214**, **revealing diff. of 110**.

The **revelations of 1 and of 110** through the letters of **Allah** and of **His messenger** have clearly proven that ALLAH is ONE and has no partners, just as the command in the verse reads. The messengers are only appointed for a brief interim to deliver His messages and can never be Allah’s partners, nor should they be set up to rival Him in any form or manner. It is a gross sin to commit such idolatry and the falsifiers will be condemned to HELL. On the other hand, the emphasis to believe and follow God’s messengers is also very clear through the inclusion of the messenger’s letters in revealing such profound miraculous proofs. Anyone who disbelieves and disobeys the messengers of GOD also commits profound idolatry – a sin which is equivalent to associating partners with ALLAH.

What does “One God” mean?

What does “having no partners” means? Note the Proofs!

9:31 Part: There is no god except He. Be He glorified, high above having any partners.

Revealed: The **Allah letters** are **11** and **messenger's letters** are **12**, **revealing the diff. of 1.**

Revealed: The GV of **Allah letters** is a perfect **110**, to prove once more that the ONE GOD is Absolute in Authority as stated through the Shahadah – **La Elaha Ella Hoo.**

9:31 Part: There is no god except He; be He glorified.

9:31 Part: High above having any partners.

Revealed: The **Allah letters** for each part are **10** and **1** in reverse order to bring out the revelation of **110** – Subhan Allah. The part stating Allah is high above having partners has only **1 Allah letter as an Aleef**, thus concretely proving that the Most Gracious LORD is absolutely ONE.

Revealed: The GV of **messenger's letters** are **216** and **106**, **revealing the diff. of 110**, Subhan Allah.

Now note the supreme proofs of the **Sacred Codes of 14 and 19** enshrined within the verses.

9:30 Part 1: The Jews said, "Ezra is the son of **GOD**," while the Christians said, "Jesus is the son of **GOD**!" These are blasphemies uttered by their mouths. They thus match the blasphemies of those who have disbelieved in the past. **GOD** condemns them. They have surely deviated.

Revealed: The **Aleefs** are **14** in the verse **revealing the Sacred Code of Allah.**

9:31 Part: They have set up their religious leaders and scholars as lords, instead of **GOD**. Others deified the Messiah, son of Mary. They were all commanded to worship only one god.

Revealed: The **Aleefs** are **19** in this part of the verse **revealing the Sacred Code of Allah** and proving that Allah is indeed ONE.

Another distortion and lie is that only Jews and Christians will go to Paradise or that the punishment of the Hellfire is only for a few days. The former innovation is self-exaltation for themselves and the latter one is denial of the punishment of GOD.

3:24 This is because they said, "The hellfire will not touch us, except for a few days." They were thus deceived in their religion by their own fabrications.

2:111 Some have said, "No one will enter Paradise except Jews or Christians!" Such is their wishful thinking. Say, "Show us your proof, if you are right."

Revealed: The **messenger's letters** are **31** and **35** revealing the sum of 66, Subhan Allah. Only those who submit fully by following the teachings of the messengers will make it to Paradise; the rest of the followers of the scriptures cannot be sure about GOD's mercy to spare them or to punish them on the Day of Resurrection.

Revealed: $31,35 = 19 \times 165$ and **31** added up to **35** also equals to 165.

Revealed: Allah letters for both verses are **47** and **messenger's letters** are 66, revealing the diff. of 19.

This concludes the sermon on some of the distortions presented by the Children of Israel as given in the Quran. There are many other distortions and lies preached and practiced by various communities including those who say that they believe in the Quran, but that subject is for another day, if God wills. GOD has exposed some of the distortions through the proven verses and the distorters are all known to Him. No can evade GOD's justice on the Day of Resurrection.

**Peace be upon the messengers.
Praise be to Allah, Lord of the Universe.**
