MESSAGE FROM THE MESSENGER TO A NEW BELIEVER

**I seek refuge in Allah from satan the rejected.
In the name of Allah, The Most Gracious, The Most Merciful.**

I praise Allah, the Most Merciful for having guided you to **His messenger**. The language used by you to express your belief shows that you have indeed believed in the message printed on the website. **You have witnessed some of the glorified proofs of Allah, which He has revealed to His messenger as true marvels from the Quran.**

The true believers who decide to fully submit to the **Lord of the Universe** are only **FEW**. The majority does not take heed, no matter how many proofs they see. The ones who say they believe and follow the Quran disregard numerous verses and think that they are guided. The entire Quran revolves around the subject of **“guidance through the messengers”**. When it comes to the messengers, the people are truly put to the test whether they uphold their **Covenants** to believe in **Allah’s Absolute Authority** by believing in **His messengers and messages** or have stopped short in belief to keep on following the old and ignorant ways. **Islam means submitting to Allah from the time you believe till death. It is an ongoing submission to Allah, which involves belief in all the past messengers without making any distinction among them and also to believe in subsequent revelations and messengers. Whoever rejects an authorized messenger of Allah after seeing the proofs; and refuses to believe in him has indeed strayed from the right path.**

I appreciate your question about a personal matter which you have asked, in order to seek guidance. As a messenger who has a family with young children and the immense responsibility of leading on the congregation of believers with constant emails of guidance and preparation of sermons, I do not have any spare time for those who are not part of the **“one congregation”** yet. My life has been a busy one from the time the **Most Gracious** chose me as a messenger. He has been constantly revealing and opening up the verses in a way which is unfathomable for the human mind, **Alhumdo Lillah**. The evidence is in my writings printed on the website. Everything we do in life has to be done in an organized manner. **Allah** shows us the steps and the right path to follow when it comes **to belief in Him and His messenger. Once you agree, follow these steps, and become part of the “One Congregation”, then your questions can be addressed in due time, Insha Allah.**

When anyone proclaims their belief in **Allah** through a (**living**) messenger, the first duty is to proclaim the Shahadah **“La Elaha Ella Allah”**. Furthermore, the believing person has to make a **“pledge of obedience and allegiance to Allah**

and His messenger". Their belief is then accepted by **Allah**, and then that person is put to **the Test** through the **messenger** to see if they honor their covenants and pledges which they made in the **first life** before coming to earth and in what they have pledged through the messenger in **this life**.

Out of the billions of human beings created by **Allah**, only a few will honor their pledges and covenants when they are reminded in this life through a messenger. The vast majority will disregard their **Covenants and Pledges** as they do not believe in **Allah's Absolute Authority, through the attribute of "Al-Samad"**. To understand the meaning of the Shahadah, "**La Elaha Ella Allah**", you have to first understand the meaning of "**Al-Samad**". This is a vast subject, and I cannot provide you all the details in this email, but I am sure if you go through my sermons, you will find additional and proven information. Both of these are integral to your belief after fully comprehending and understanding them. I will recite **the Proofs** on the "**proclamation of belief**" and the attribute of "**Al-Samad**" which are "**linked**" together through the **letters of Allah providing solid proofs**, in accordance with the sacred coding revealed to the messenger.

La Elaha Ella Allah (GV 165) ----- Al-Samad (GV 165)

Revealed: The **Allah** letters in both of these are: $12 + 2 = 14$ – **revealing the Code of Seven Pairs**.

Revealed: The **messenger's** letters are: $5 + 2 = 7$ – **revealing the Code of Seven**.

The above miracle confirms the Truth of the Sacred Code of Seven Pairs – 7 – 14 – as given in verse 15:87. As you have just witnessed, the letters of the messenger are coded even in the most sacred words of Allah, Praise be to Him.

Basically, the statement of proclamation of faith and the attribute of Absoluteness means that **Allah** holds the Absolute power over all His creations as He is the only one in the Universe as a **Lord**. Everything that exists in the universe is created by the same **One Lord**. As He is the only one, **Allah's** power will always remain supreme and dominant over all His creatures in matters of creation, command, decision making, control, and everything else, **Subhan Allah**. I will now draw your attention to the actual verse on **Seven Pairs** and show you the sacred coding within the verse to prove the **Miracle and Sign which is granted to the messenger through his name letters, which are inscribed and woven within the verses – the great miracle of Allah, the Most Praiseworthy, the Omnipotent, the Omniscient**. A Miracle of this stature can never be made by any human or jinn and reveals **Allah's will** of pre-determination and pre-selection of **His messengers**.

15:86 Your Lord is the Creator, the Omniscient.

Revealed: The GV of **Allah letters** is **128** spelling out the name of the messenger, **Husain**, just before I recite the next verse, **15:87**. My Lord has created this **Miracle** for me. It is easy for Him just as you **see His Absolute Power of creation of everything in the 7 Universes**.

15:87 Part: We have given you the seven.

Revealed: Up to the specific word “**Sab’aa**” or “**Seven**”, the **messenger’s letters** are **7** and the **Arabic letters** of the verse are **14**, **revealing the Sacred Code of Seven Pairs as 7-14**, Subhan Allah.

Revealed: Further to the inscription of **7 messenger’s letters** out of **14 Arabic letters**, the Most Wise has further split them as **9 Quranic Initialed letters** and **5 non initialed letters**. This Pattern of **9** and **5** is the exact pattern of the occurrence of verses under the **messenger’s names 128** for **Husain** and **178** for **Makbool**, which appear in the **Quran’s 114 chapters** for a total of **14 occurrences**, Subhan Allah.

Revealed: The **14 verses** under the numbers **128** and **178** in the Quran are further encoded with **7 counts of Allah**, **revealing the Sacred Code of 7-14** again, Praise and Glory be to my Lord.

Similarly, the last part of verse **15:87** saying “**And the great Quran**” is encoded with the proofs of **7-14**.

15:87 Part: And the great Quran.

Revealed: The **messenger’s letters** in this part are **7** and the **Arabic letters** are **14**. This is the revelation that the **messenger’s letters and initials** are secretly coded in the entire Quran through the specific coding known only to **Allah, Glory be to Him**. This provides the proof of the Seven Pairs twice from within the same verse. Let me show you some more profound coding and proofs in this Sermon.

Revealed: The GV of **Allah letters** is **63** which is **7 x 9**.

Revealed: The GV of **messenger’s letters** is **266** which is **14 x 19**.

You have now witnessed the glorified proofs of **7-14-19** come out of the part of verse through the quotients, saying that **Allah** has given us the **great Quran** which is based on the **Seven Pairs proofs** as the ultimate miracle. Note that these words do not appear next to the first revealed proof of **19** through verse **74:30** given to **Rashad**, as it was not the end of the mathematical codes or the proofs of the **Quran**. By writing the words “**and the great Quran**” in verse **15:87** next to the statement on “**Seven Pairs**” proves that this is the “**Ultimate Miracle**” and a **heavy message**.

15:87 Part 1: We have given you the seven pairs.

15:87 Part 2: And the great Quran.

Revealed: The **Aleefs of Absoluteness** for each part are **4** and **3**, **revealing the diff. of 1.**

Revealed: The **Allah letters** for each part are **6** and **5**, **revealing the diff. of 1.**

Revealed: The GV of **Allah letters** are **64** and **63**, **revealing the diff. of 1.**

Revealed: The GV of **messenger's letters** are **478** and **266**, **revealing the diff. of 212.** This is the value of "**Rabbi**" or "**my Lord**". Be He Glorified.

Let me now show you the linkage through the **3 verses** in consecutive order which are **15:86-87-88**. This Miracle comes under the "**Miracle of 3**" which has also been revealed to the messenger, as he is **the 3rd messenger from the Quran**.

15:86 Your Lord is the Creator, the Omniscient.

15:87 We have given you the **seven pairs**, and the **great Quran**.

Revealed: The **Allah letters** starting from verse **15:86** up to "**al-massani**" – "**likewise pairs**" in verse **15:87** are precisely **14**. The **messenger's initials** up to the same word are **19**, thereby **revealing the Sacred Codes of 14 and 19.**

Revealed: The **Allah letters** are **14** up to the word "**al-masaani**" and **19** to the end of verse on "**Al-Azeem**". This is the **Revelation of the Sacred Codes of 14 and 19** again, through the same verses, **Praise be to Allah**.

Revealed: The GVs of **Allah letters** for each verse are **128** and **127**, **revealing the diff. of 1.**

Revealed: The **messenger's letters** in the 2 words "**al-massani**" and "**Al-Azeem**" which are the marking points for the **Sacred Codes of 14 and 19** are further inscribed with **7 messenger's letters in them**.

15:87 We have given you the seven pairs, and the great Quran.

15:88 Do not be jealous of what we bestowed upon the other (messengers), and do not be saddened (by the disbelievers), and lower your wing for the believers.

Revealed: The **messenger's letters** in each verse are **20** and **34**, **revealing the diff. of 14.**

The Sign given to the messenger is hereby revealed through **the Sacred Coding of the number 14 as the Seven Pairs**. This Proof provides the concrete evidence that the "**Seven Pairs Miracle**" was reserved and has been assigned to messenger, Makbool Husain.

Revealed: The GV of **Allah letters** for each verse are **127** and **204**, **revealing the diff. of 77** – this is **the code of Seven Pairs**, revealed alongside the **profound revelation of 1** through the previous pair of verses **15:86-87**. This proves that the “**Revelation of 1, Revelation of Seven Pairs, Revelation of the Sacred Codes of 14-19**” have been authorized by **Allah** and granted to **this messenger**, Alhumdo Lillah.

Note the difference of numbers above through the 2 proofs, which reveal the numbers **14** and **77** through the letters of **Allah and His messenger**. These numbers when combined together will read as **1477** and will tie in precisely to the verse (15:87 Part), which reads: “**We have given you the Seven Pairs**”. The GV of **Arabic letters** of this part of verse is **exactly 1477**, which matches perfectly with the Proofs provided above by **Allah, Subhanahoo**.

To show you how **Al-Rahman** is communicating with me through the verses, follow the coding below through the 2 parts of the verse.

15:88 Part 1: Do not be jealous of what we bestowed upon the other (messengers).

Revealed: The GV of **Allah letters** is **76 (19 x 4)** – **revealing the Sacred Coding of 19**.

15:88 Part 2: And do not be saddened (by the disbelievers), and lower your wing for the believers.

Revealed: The GV of **Allah letters** is **128**, **revealing the name of the messenger Husain** being communicated with.

15:89 And proclaim: "I am the manifest warner".

15:90 We will deal with the dividers.

Revealed: The **Allah letters** are **8** and **7**, **revealing the diff. of 1**, Subhan Allah.

Revealed: The **messenger's letters** are **14** and **13**, **revealing the diff. of 1**, Alhumdo Lillah.

Note that the **messenger's letters** inscribed by **Allah** as **14** appear in verse **15:89** and are based on the **Sign of Seven Pairs** given to me. This verse reads: **And proclaim, "I am a manifest warner"**.

15:91 They accept the Quran only partially.

15:92 By your Lord, we will question them all.

Revealed: The messenger's letters are **10** and **11**, revealing the diff. of 1. This is one of the great revelations granted to the messenger who has been sent to prove that Allah is indeed **One in Eternal Existence and Absolute Authority**. Those who refuse to accept these revelations and the messenger are labeled as hypocrites who accept the Quran only partially. The **Lord of the Universe** will surely question them, as the verses indicate.

Question: Who is the Lord, and what is His Name as mentioned in verse 15:92?

Here is the Proof:

15:92 By your Lord, we will question them all.

Revealed: The GV of Allah letters is a Perfect 66, spelling out the Glorified Name of **ALLAH**.

Revealed: The Arabic letters in the verse are **19** and the **Quranic Initials** are **14**, revealing the Sacred Codes of 19-14 upon which the Quran is composed and compiled. These Sacred Codes are revealed to identify the "**True Lord**" from the false gods whom the disbelievers call as God. The false and fabricated gods or their followers cannot prove the identity of such gods, nor can they prove that they have any real power. **But the One and Only Lord of the Universe has revealed the Sacred Codes of 19 and 14 to prove His identity – that He is the One who revealed the Quran and is the only Living and Eternal Lord.**

I will recite a set of 4 verses detailing the belief required by **ALLAH**. These 4 verses bring out an astounding Miracle and are associated with meaningful and profound numbers. The pledge that was made with **the One, the Supreme – Allah** – during the first life in Paradise is given below, as one of the verses on this subject.

57:8 Why should you not believe in **ALLAH** when the messenger is inviting you to believe in your Lord? He has taken a pledge from you, if you are believers.

Revealed: The GV of Allah letters in the entire verse is 222. This is the value of "**Rabbayka**" – "**your Lord**" with whom all the humans made pledges before coming to Earth. This is a reminder for the believers who have been given a 2nd chance to prove their faith in the **Absoluteness of Allah** by honoring their pledges and covenants made with Him in the 1st life. This pledge can only be tested by offering the chance to the believing person to carry out the **commands of Allah** under the guidance and supervision of a **messenger**. Most of the verses in the Quran are in context of messengers.

57:9 He is the One who sends down to His servant clear revelations, in order to lead you out of the darkness into the light. **ALLAH** is Compassionate towards you, Most Merciful.

Revealed: The GV of **Allah letters** in the entire verse is perfectly coded to be **352, revealing Quran**. Praise be to Allah who has vividly and clearly reminded the believers about their pledge through **verses 57:8 and 57:9** by marking them with the profound proofs of **222** for “**your Lord**” and **352** for “**Quran**”. One of the pledges made with **Allah** early on was to believe in His scriptures, subsequent revelations, and anything that **Allah** will command them through **His messengers**. This is the **Sunnah or the System of Allah**. He does not communicate except through His messengers.

The revelations granted to me as a messenger are subsequent revelations out of the Quran in which millions of people say that they believe in as a Book, but they refuse to believe in **Allah** through His subsequent revelations sent down through His messengers. These proofs and miracles are of the **Highest Order** with no past precedent, whereby He has chosen to reveal messages using His own Glorified Name letters (**Aleef, Laam, Laam, Hey**) which make up His name, **ALLAH**. **There can be no greater proof than the revelations sent down through the sacred letters of the Creator – ALLAH, who is ONE**. Both of these revelations, **ALLAH 66** and “**ONE**” (“**Waahed**”) **1**, along with His **Shahadahs** “**La Elaha Ella Allah**” – “**165**” and “**La Elaha Ella Hoo**” – “**110**” have been revealed to the messenger as the “**Ultimate Miracle and Message**”, Subhan Allah. Many more additional revelations as stated on the website have also been revealed out of **His mercy** to remove all doubts of **His Words** given in **the Quran**.

Pledge needed to back up your belief and submission to Allah through His messenger

48:10 Surely, those who pledge allegiance to you, are pledging allegiance to **ALLAH**. **ALLAH** approves their pledge; He places His hand above their hands. Those who violate such a pledge, commit the violation to their own detriment. As for those who fulfill their pledge with **ALLAH**, He will grant them a great recompense.

Revealed: The GV of **Allah letters** for the entire verse is **327** which is the value of “**Al- Rasool**” – “**the messenger**”. The revelations bestowed upon me speak a clear language with a straightforward meaning behind them. Moreover, they bring out the truthful and unambiguous explanation of the contents of the verses. This proves that the pledge of allegiance to the messenger becomes a pledge of allegiance to **Allah** and is part of the system of belief.

After belief in the **Absoluteness of Allah**, this is the initial step to implement in order to join the **“one congregation of Allah” through His messenger**. When I receive your pledge and approve your membership in the congregation of believers who follow me, then your questions can be addressed in order of priority of matters and as time permits it, Insha Allah.

4:80 Whoever obeys the messenger is obeying **ALLAH**. As for those who turn away, we did not send you as their guardian.

Revealed: The GV of **Allah letters** is **227**, revealing **“Al-Muhmineen” – “the Believers”**. Muhmins are the ones who believe in Allah’s Absoluteness, believe in all the past messengers without making any distinction, obey and follow a living messenger when there is one, and strive with their money and their lives in the cause of Allah without having any doubts. (See **verses 49:14-15** for complete definition of the word).

Now you can go back and analyze the **4 verses** which I have presented and recited for you. They are **57:8, 57:9, 48:10, and 4:80**.

The gematric values of **Allah letters** for each and complete verse is as follows:

Revealed: In verse **57:8**, the GV of **Allah letters** is **222**, revealing **“Rabbayka” or “your Lord”**.

Revealed: In verse **57:9**, the GV of **Allah letters** is **352**, revealing the **name of “the scripture” – “Quran”**.

Revealed: In verse **48:10**, the GV of **Allah letters** is **327**, revealing **“Al-Rasool” or “the messenger”**.

Revealed: In verse **4:80**, the GV of **Allah letters** is **227**, revealing **“Al-Muhmineen” or the Believers”**.

These numbers explain the complete system of **Allah** whereby it is crystal clear as to what He mandates for the believers in order to express their belief in Him.

The **1st verse 57:8** talks about believing when the messenger invites you to believe in your **LORD (222)** in order to honor your pledges and to prove that you are believers.

The **2nd verse 57:9** talks about **Allah** who sends clear revelations through the **Quran (352)** to **His messenger** so that you may come out of the darkness into the light.

The **3rd verse 48:10** talks about making a pledge of allegiance with the messenger – this is approved by **Allah** and in retrospect is a pledge of allegiance

to **Allah**. Those who honor their pledges will receive a great recompense on the **Day of Judgment**, while those who violate their pledges will hurt their own souls – the verse is marked with GV of **Allah letters** as **327** for “**Al-Rasool**” or “**the messenger**” through whom the pledge is made.

The **4th and last verse** on this subject is **4:80** which informs the believers that **those who obey the messenger are really obeying Allah**. This verse is marked with GV of **Allah letters** as **227** for “**the believers**” or “**al-muhmineen**”, to confirm the fact that those who fulfill all these steps on fully submitting to **Allah** can achieve this status that is reserved for only a few submitters. The believers are the ones who attain the high rewards of Paradise on the Day of Resurrection.

The sequence of the numbers are according to the language and commands of the verses, whereby the belief in the Lord is the most important as the GV revealed is: **222 (your Lord)** – through the scripture **352 (Quran)** – which has to be through the pledges made with the messenger **327 (“Al- Rasool” – “the Messenger”)** – and by obeying the commands of the messenger, it gives the people the opportunity to become and remain as believers **227 (“Al-Muhmineen” – “ the Believers”)**. On the other hand, there will always be some believers who will break their pledges with Allah and the messenger or disbelieve after believing. They are mentioned through separate verses.

4:81 They pledge obedience, but as soon as they leave you, some of them harbor intentions contrary to what they say. **ALLAH** records their innermost intentions. You shall disregard them, and put your trust in **ALLAH**. **ALLAH** suffices as an advocate.

4:82 Why do they not study the Quran carefully? If it were from other than **ALLAH**, they would have found in it numerous contradictions.

2:100 Is it not a fact that when they make a covenant and pledge to keep it, some of them always disregard it? In fact, most of them do not believe.

2:101 Now that a messenger from **ALLAH** has come to them; and even though he proves and confirms their own scripture; some followers of the scripture disregard **ALLAH**'s scripture behind their backs, as if they never had any scripture.

3:85 Anyone who accepts other than Submission as his religion, it will not be accepted from him, and in the Hereafter, he will be with the losers.

3:86 Why should **ALLAH** guide people who disbelieved after believing, and after witnessing that the messenger is truth, and after solid proofs have been given to them? **ALLAH** does not guide the wicked.

3:87 These have incurred condemnation by **ALLAH**, and the angels, and all the people.

Allah has truly blessed the human beings by sending **2 messengers** – **Rashad Khalifa and Makbool Husain** over a short span of time to conclusively prove that the **Quran is His revealed words, and the final scripture**. Detailed explanation of the verses and the subject matter of the Quran has been revealed including **the confirmation of the Day of Judgment**. The hidden meaning of many verses has been revealed by opening up the **Mathematical verses 74:30, 15:87, 89:3** through these messengers. **The greatest Miracle of Allah projected through the Revelation of 1 and the Sacred Codes of 19 and 14, prove that ALLAH is indeed One, and is the only Living and Eternal Lord of the Universe, Subhan Allah**. The disbelievers and the idol worshipers will have no excuse on the **Day of Judgment** that **Allah (God)** did not send proof to guide them to the straight path or to take them out of darkness into the light. **The Most Merciful and Most Gracious** has sent down proofs which the humans could never imagine or even fathom. It reflects His extreme mercy to reveal the ultimate from the “**hidden secrets**” to remove all doubts of the disbelievers and to reassure the hearts of the believers who would like to be in the company of the **Most Praiseworthy again in Paradise**.

Let us see the true meaning of the hidden secret. Most of the humans know that **ALLAH (God) is One**, but are they actually sure through any kind of verifiable proof? This “**hidden secret**” has now been revealed through the 2 messengers with the ultimate proofs granted to the current messenger with details from within the verses.

74:1 O you hidden secret.

Revealed: The **Allah letters** are **5** and **messenger's letters** are **4**, **revealing the diff. of 1**. A profound messenger and warner, whose name is encoded within the verses to serve as a unique and powerful Miracle, has come to deliver the **Proclamation that Allah is One with the Absolute Authority over His creatures and to deliver the Proof of Monotheism regarding Him**.

What is Allah referring to when He says that this is one of the great miracles?

74:35 This is one of the great miracles.

Great Miracle: The **Allah letters** are **7** and the **messenger's letters** are **6**, **revealing the diff. of ONE**.

Great Miracle: The **Arabic letters** in the verse are **14** – the **Ultimate Miracle** – while the digits of **chapter** and **verse number** (**7+4+3+5**) add to **19**. Thus, the verse is secretly coded to reflect the **great Miracle of the Sacred Codes of 14-19**.

The Sacred Coding through the Proofs that Allah is One was a hidden secret so far till the Revelation of the Sacred Codes. Another hidden secret was the profound coding of the messenger's name letters and initials woven within the verses – making the Quran a masterpiece of Allah's immense Wisdom and awesome Power and Control – a vivid demonstration and example of the Omnipotent's Absolute Power of command and control over the entire universe.

The **2 messengers** – **Rashad Khalifa** and **Makbool Husain** – have both been blessed with the **Quran's mathematical codes** – **19** and **14**. They are the fulfillment of verse – **89:3** saying: “**By the Even and the Odd**”. The **Code of 14** is **Even** and the **Code of 19** is **Odd**. The **chapter and verse number 74:30** are both **Even** numbers, and **chapter 15, verse 87** are both **Odd** numbers. There is a lot more that I can say but for the time being, I am going to move on to something else.

The most important subject in the Quran is belief in Allah through His messengers. There are more verses on this subject than anything else. The truth has been revealed by **my LORD** that every important subject and every important word in **the Quran** is somehow linked to **Allah and His messengers**. The messengers have been pre-selected by the **Most Gracious** before being sent to earth and are secretly linked to each other through the “**DNA of belief**”, which is unknown to the humans and the medical science. As **Allah Ta'ala** says, “**they belong to the same progeny**”. Here is the example through the **2 messengers** granted the mathematical codes of the Quran to prove that the Scripture is from **ALLAH, the Most High**.

The names of these **2 messengers** are: **Rashad** and **Makbool**. The GV of each messenger's first name is **505** and **178**. Note that the difference in the values is **327** for “**Al-Rasool**” or “**The Messenger**”. This is the **Revelation** from the **Most Wise** that they are both authorized messengers sent by Him to deliver the **Quran's Mathematical Codes**, Alhumdo Lillah. The GV of full names of the messengers are: **1230** and **306**. The difference in the values is **924**, which is a **multiple of 14** (being the Ultimate Code) and is **14 x 66**. These numbers reveal the **Code of 14** as well as the **Glorified Name of ALLAH 66**. This again proves the linkage of the names of the messengers and the values associated with them. It also proves the predetermined will of **Allah** regarding the pre-selection of messengers, their destinies, and to name them through the parents in accordance with **His will**, which is proof of **Allah's Omnipotence and Control** over the lives of the people. In essence, the Most Wise has revealed the basis and the background of the most important subject as I mentioned earlier, which is “**Allah and His messenger**” by revealing **the numbers 327 (Al-Rasool) and 66 (Allah), Subhan Allah**.

Let me now show you the linkage through the progeny of the messengers which is proven and confirmed through the “**Revelation of the Sacred Codes of 19 and 14**”. I will write the first names and then the full names of both messengers.

First Names: Makbool – Rashad 178,505 = 19 x 9395

Last Names: Husain – Khalifa 128,725 = 19 x 6775

Full Names: Rashad Khalifa – Makbool Husain 1230,306 = 14 x 87879

Though both of the messengers were born in different countries, the **Sacred Coding of 19 and 14** is a clear example of the linkage between the messengers **belonging to the same progeny**. This is why **ALLAH** forbids making distinction among them as they all deliver **His messages** and are provided with different miracles, all in accordance with **Allah’s will and decisions**. Here are verses confirming the truth about “**progeny**”.

3:33 **ALLAH** has chosen Adam, Noah, the family of Abraham, and the family of Amram (as messengers) to the people.

3:34 They belong in the same progeny. **ALLAH** is Hearer, Omniscient.

Note the Proofs for the verse on “**progeny**”.

3:34 Part 1: They belong in the same progeny.

3:34 Part 2: **ALLAH** is Hearer, Omniscient.

Revealed: The **Arabic letters** in each part are 14 and 13, **revealing the diff. of 1**.

Revealed: In **Part 1**, the **messenger’s letters** are 5, and in **Part 2**, the **messenger’s letters** are 9, **revealing the coded message through the Pattern of 5 and 9** – to match with the occurrence of **verses 178 and 128** under the **messenger’s names** in the Quran.

Note that the verse on the subject of progeny has **14 messenger's letters** to comply with the **Code of Seven Pairs** assigned to him as **his Sign**. Furthermore, the first part is additionally coded to reveal the pattern of verses under the **messenger’s names 178 and 128** by splitting up the **14 Arabic letters** to reveal and confirm the truth of the verse.

3:34 Part 1: They belong in the same progeny.

Revealed: The **non-initialed Arabic letters** are 5 and the **Quranic Initialed letters** are 9 – proving that the **messenger Makbool Husain** is one of the messengers who belongs to the same progeny of deliverers of **Allah’s messages**. Glory be to my Lord.

3:34 Part 2: ALLAH is Hearer, Omniscient.

Revealed: The GV of **Allah** letters is **96** and of **the messenger** is **256**, the sum is **352**, **revealing the word "Quran"**. These are proofs of the Quran and are significant as the proof comes out of the attributes of Allah, Subhanahoo. Through the glorious Quran, Allah has proven that He is fully aware of everyone and has counted His creatures one by one, just like the secret coding of the human messenger's name letters embedded and woven in the Quran reveals, Alhumdo Lillah.

By writing the name of **Allah** along with the **Codes of 19 and 14** revealed in the sequence through the messengers **Rashad and Makbool**, **Allah** has provided conclusive proofs regarding **His Absoluteness** through the attribute of **Al-Samad and His Shahadah**; both of them are encoded with the Gematrical value of **165**, as you will note.

Allah 66 + (revealed) Code of 19 = 85

Allah 66 + (revealed) Code of 14 = 80

Revealed: The revelations from **Allah** regarding the specific codes revealed through the 2 messengers, **66 + 19 + 66 + 14 = 165**. This **reveals the Absoluteness of Allah** who controls His Scripture and controls everything else in the universe.

Revealed: When I write the numbers revealed by **Allah** as **85** and **80** and put them in context by writing down the ultimate miracle first, then we have: **80,85 = 7 x 7 x 165**. This provides the proof of **Allah's Absoluteness** through the attribute of **Al-Samad and of His Shahadah "La Elaha Ellah Allah"** through the codes of **Seven Pairs**, as the quotient has **7** and **7**, and then the number **165**.

This **Sermon** has some of the **Proofs** from my **LORD**, as do all the **Sermons** that I have recited. **They are all inspired by my LORD with the proofs of authenticity and can be verified by anyone reading the website.** Those who submit to **ALLAH** through **the messenger**, even if they were submitters before, will remain guided. Those who display arrogance to disregard these **Proofs** will lose their guidance and will join the devils. This is in accordance with the system of **ALLAH**, whereby He tests those who proclaim that they have submitted to Him. The only way to test the people's belief is through the messenger. May **ALLAH** guide those who seek the **Truth** and those who deserve His guidance.

**Peace be upon the messengers.
Praise be to Allah, Lord of the Universe.**
