

## **December 24, 2004 khutbah: REBELLION & GENERAL DISOBEDIENCE OF ALLAH**

“ I seek refuge in Allah, from satan the rejected.”

In the name of Allah, the Most Gracious, the Most Merciful.

The population on Earth is currently over 6 billion. Out of this, the biggest group of people is Christians, Hindus, Buddhists and Muslims with smaller groups of Jews, Zoroastrians, atheists, and others. On this vast and populated planet Earth, the overwhelming majority of humans do not care to know who the real God is, whose Sacred Name is ALLAH. The ones who think they know, do not know for certain that He is indeed One, and know less about His Absolute Authority. Very few know the True Sovereign Lord, as He should be known, and also the purpose of our life on Earth. The numbers shrink fast from 6 billion to a handful of people, after we discount all the people who are challenging God’s revelations, in one form or another. These handful of people are the true believers who know and believe fully in God, and know His laws and His Sunnah – the System.

These few main religious groups are comprised of hundreds of sects and denominations, each having their own hierarch or leader. Most people adhere to the religion of their parents, without ever questioning it. The disbelieving community of humans faintly recognize the Hereafter as being Heaven and Hell; while most discount it as just an accidental happening, with no further life beyond this one.

**31:25 PART 1: If you ask them, “Who created the heavens and the earth,” they will say, “GOD.”**

**PART 2: Say, “Praise be to God.” Yet, most of them do not know.**

If the answer is correct, as they say, **why is God saying**, that “**most of them do not know**” about their answer. It shows that they are not sure and certain, **which is the basis of their rebellion and disobedience of God**. Once you are certain, and have no doubts, you will acknowledge His laws, just as you acknowledge Him. What I have stated is now going to be supported by the Most Wise, through His Sacred Coding.

**MIRACLE:** The G.V. of letters of ALLAH for Part 1 is  $285 = 19 \times 15$ . It proves that God is the only Creator of the heavens and the earth, and everything in between.

The G.V. of my name letters for Part 1 is 894. Placing the G.V.s of Allah letters and mine, side by side, we have:  $285,894 = 14 \times 20421$ . Also, reversing them, we have,  $894,285 = 7 \times 127755$

**All the 3 Sacred Codes are hereby revealed to confirm part 1 of the verse.**

**MIRACLE:** The G.V. of Allah letters for Part 2 of verse are : **223**. This is the g.v. of “**The Believers**” By placing the g.v. as **223**, Almighty God has revealed, what I stated, that “**most are not believers**”, though they may say that God is the Creator.

**MIRACLE:** The G.V.s of my name letters for each part is 894 and 506, the difference being **388**. This is the g.v. of “**The Disbelievers.**” Between **223 and 388**, the clear difference is **165**, being the value of **the Shahadah** and the value of **Al-Samad**. The verse is thus explained as: **that some are true believers, 223**, when they say that God is the Creator of everything, **and most are disbelievers, 388**, when they reject His authority to send messengers and to accept them. The difference of **165** is evidence of the fact, which separates the **Believers** and the **Disbelievers**.

While listening to a radio program, a scientist stated the complex nature of the universe and the absolute precision needed down to the billionth billionth of a fraction and the complex formula needed

for vital gases to form, like hydrogen, helium and carbon; to name just a few, which scientists have no clue and remain baffled. He acknowledged that none of this can happen in an accidental manner. To discount the theory of accidental occurrence, he gave a good example as shooting a bullet from one end of the universe to the other end of the universe, and expecting the bullet to hit the bull's eye. Since the size of the universe cannot be measured, there is no chance for the bullet to hit the bull's eye. IT IS IMPOSSIBLE. He also acknowledged in indirect words about the existence of a "Higher Authority," but failed to mention the name "GOD." It has become an unpopular thing to attribute anything to God or to take His Name. By definition, this is called "secularism," whereby you keep your belief to yourself and do not express it openly and publicly.

God has parted some of the knowledge to the humans, in order that they appreciate His power of creations. I will briefly tell you about hydrogen, helium and carbon, which are only a very small portion of what God has created in the universe.

Hydrogen: It is found in most stars, including the sun. The energy produced by chemical reactions is sent to the Earth in the form of heat, light and other forms of radiation. Without hydrogen, the sun could not generate the energy necessary to sustain life on Earth.

Helium: It is the second most abundant element in the universe. It is found in great abundance in the stars.

Carbon: Without the element carbon, life as we know would not exist. Carbon provides the framework for all tissues of plants and animals.

If I start giving you more details, the knowledge of science that God created is endless. Glory be to Allah. People take God's mercy for granted. They assume that they will be forgiven in the end and make it to heaven. They are in for a rude shock, as this is what God says:

**57:20 In the Hereafter, there is either severe retribution, or forgiveness from God and approval.**

Miracle: By taking the **positive part of the verse**, which is **forgiveness and approval**, the g.v. of my **name letters reveals a value of 258, which is the g.v. of Abraham.**

**41:43 Your Lord possesses forgiveness, and He also possesses painful retribution.**

Miracle: Again **taking the positive part** of the verse only, **about forgiveness**, the g.v. of my **name letters reveals a value of 128, which is the g.v. of my name, Husain.**

**God has revealed herein a message; that He is the One who has inspired Husain 128 to follow the religion of Abraham, 258. This signifies God's mercy, forgiveness and approval. Glory be to God.**

The Miracle through the above 2 verses is such that when my name letters are taken for the negative part of the verses which mention retribution, they do not produce any recognizable values, as compared to the values derived from the positive parts of verses.

God has issued a very strong advice to the human race, which is being neglected by most.

**31:33 Part of Verse: Therefore do not be distracted by this life.**

**31:33 Part of Verse: Do not be distracted from GOD by mere illusions.**

**Revealed: Both Parts: the Arabic letters are 21 – 20 = 1 GOD**

**The Quranic Initials are 16 – 15 = 1 GOD**

**The Allah letters are 8 & 8, PERFECTLY MATCHED. (see verse 56:37)**

**My name letters are 10 & 10, PERFECTLY MATCHED. (see 56:37)**

**Why 56:37?**

**The last occurrence of verses 66 that are the G.V. of Allah occur in Chapter 56**

**The last occurrence of verses 128 and 178, that are the G.V. of my name occur in Chapter 37**

**The difference in 56 and 37 is 19, Praise be to God for His mercy on me.**

Most people tend to live under illusion, and under the lust and distractions of this life, against the advice of God. But they still face the realities of daily life, which vary from day to day. Amongst this vast crowd of disbelieving humans, there are a few humans chosen by God to believe and to be guided. They reverence the Most Gracious when the message comes to them. Since satan challenged and claimed to send astray all the humans, God is content with having a few believers on His side, in order to defeat satan's notion that he could be an all out winner, and lead everyone astray.

**21:18 Instead, it is our plan to support the truth against falsehood.**

**Miracle: The Arabic letters are 19, and the Quranic Initials are 14, revealing both the Sacred Codes of 19-14.**

**(Anything that cannot be proven by these Divine Codes is falsehood)**

**21:18 “in order to defeat it.”**

**21:18 “ woe to you for the utterances you utter.”**

**Miracle: Note that the Arabic letters are 16 & 17, revealing a difference of 1. (GOD)**

**GOD, His angels, His messengers and the believers are the truth, who will not spare any effort to defeat satan and his followers, who challenge God's Absolute Authority in any way. That is why the verse following 21:18 is 21:19.**

**21:19 To Him belongs everyone in the heavens and the earth. ( Verse is 19 and Arabic letters are 19 also in this portion of verse, where God claims to own everything.)**

**(contd.) and those at Him are never too arrogant to worship Him, nor do they ever waver.**

**THE TRUTH: The G.V.s of Allah letters for these 2 important verses are 262 + 171 = **433** He is LORD OF THE UNIVERSE – G.V. 433**

**To fully appreciate the greatness of God, consider these facts:**

Though the vast majority have rebelled against Him and disobey Him, He still creates, provides, and blesses the human race with inexhaustible provisions and knowledge, knowing fully well that only few of His creatures give Him the worship, the allegiance and the unwavering loyalty that He deserves. **HE IS THE GREATEST – ALLAH HU AKBAR**

It was satan's challenge that he will mislead all the human beings, except those devoted to God.

**38:82 He (satan) said, “I swear by Your Majesty that I will send them all astray.**

**38:83 “Except Your worshipers who are devoted to You alone.”**

**MIRACLE REVEALED: Proof of the Highest Order: The Aleefs are 3 – 4 = 1 GOD**

The total number of Allah letters in both verses are 14 ( Seven Pairs )

**My letters as a messenger and a witness** are  $11 - 10 = 1$  **GOD**

Sum of verses  $82 + 83 = 165$ , being the G.V. of the **Shahadah and Al-Samad**.

Let us see and reflect what Allah, Most Gracious reveals about His devoted worshipers. In 38:83, the G.V. of Allah letters is 99 and the G.V. of my name letters is 322, the difference is **223**, this being the G.V. of **Al-Muminoon ( The Believers )**

What God has just expressed is that the believers under the command of a messenger are the only sincere worshipers of God. The reason is clear – **they valued God’s Absolute Authority**.

Part of Verse 38:83. (Illa Ebadayka) Except Your worshipers.

G.V. of Allah letters is 33 and G.V. of my letters is 32, revealing a **difference of 1**, meaning those who sincerely and reverently believe in the **Authority of 1 ( God ) – ALLAH**

Part of Verse 38:83: (Minhum Almukhleseen) who are devoted to You alone.

G.V. of **Allah letters is 66**, being the value of His own name, **ALLAH**.

G.V. of my letters is **290**, being the value of **messengers (Rosolun)**

God has thus clarified the real worshipers are those **who reverence God through His messengers**, in order **to prove that they do believe in ONE GOD**.

Putting Allah letters and my letters for each portion of verse, we have:

$33,32 = 14 \times 14 \times 17$  and  $66,290 = 14 \times 4735$

In straight order:  $33,32,66,290 = 14 \times 23804735$

And  $66,290,33,32 = 14 \times 47350238$

Placing G.V.s of my name and then Allah’s, we have:  $32,290,33,66 = 19 \times 16994914$

**GLORY BE TO ALLAH WHO HAS REVEALED BOTH SACRED CODES WITH HIS NAME LETTERS AND MINE, THE 14 and 19, as well as the REVELATION OF 1.**

The conversation and challenge of Iblees (satan) to Allah is the **ORIGINAL HISTORY**. It is very significant, **and forms the basis of ISLAM**. God has now revealed the Miracle and **proven** it to be **truthful**. **If people understand and believe in this Original History**, then they can surely understand **the meaning of Islam**, and **their purpose here on Earth**. They will also understand the reason for the abundance of bad and evil on Earth as compared to the scarcity of the good and the righteous.

The events on earth have been pre-destined and pre-recorded by God, and satan has no knowledge of God’s plans. I have shown you in an earlier Khutbah, how the letters of **Iblees’** name are used in verses of great significance, to bring out the **“revelation of 1”** and to prove that these incidents happened and **that God is 1**.

Carefully examine verses 38:82 and 83 again. You will see an awesome miracle of God.

The letters of **Iblees** are precisely designed to be 8 and 9 in each verse, thereby revealing the difference, as being of **1 ALMIGHTY GOD**.

Iblees did not take **Allah’s name** out of arrogance and disobedience, but called Him as **“Your Majesty.”**

**To Witness this phenomenal Miracle**, you will see that the **Original History**, outlining satan's argument, arrogance and disobedience is mentioned in chapters: **2-7-15-17-18-20-38**, for a **total of 7 times**. **Since satan did not address Allah by His name**, out of arrogance and disobedience, and substituted **by calling Him as “Your Majesty,”** The Most Praiseworthy **chose not to mention and include His name “ALLAH”** in the verses outlining satan’s disobedience to His commands. **This**

truly reflects the SANCTITY and SACREDNESS of His name, A L L A H. (See my website for the Miracle of 7 upon which Allah's name is composed)

But satan will have no choice but to use His Glorified Name, ALLAH, on a particular day, after admitting defeat. That is the Day of Judgment. If you carefully follow this Miracle, you will fall prostrate to the Glory of the Almighty Lord. Here is the verse that tells us that satan calls God by His name, ALLAH. I shall divide the verse into parts to show you the Miracle, which then explains the depth and the meaning of it.

14:22 Part 1: And the devil (satan) will say, after the judgment had been issued, "ALLAH has promised you the truthful promise, and I promised you, but I broke my promise.

Part 2: I had no power over you; I simply invited you, and you accepted my invitation. Therefore do not blame me, and blame only yourselves.

Part 3: My complaining cannot help you, nor can your complaining help me. I have disbelieved in your idolizing me. The transgressors have incurred a painful retribution.

**Great Miracle revealed: Part 1 has 18 Allah letters, Part 2 has 17 Allah letters, revealing 1 ALLAH.**

**Part 2 has 17 Allah letters, Part 3 has 18 Allah letters, revealing 1 ALLAH.**

Let us now examine what Allah's truthful promise is, in part 1 of verse:

**"And the devil will say, after the judgment had been issued, "Allah has promised you the truthful promise."**

Miracle: The G.V. of Allah letters is 223, the value of "The Believers." This proves the promise that Allah has made to the messengers and the believers, throughout the Quran, **that they will be victorious, and will be redeemed into Heaven.**

Let us also examine what satan means by saying the following:

**"I have disbelieved in your idolizing me. The transgressors have incurred a painful retribution."**

Miracle: The G.V. of Allah letters is 162, being the value of Al-Islam, (The Submission).

Satan finally realizes, on the Day of Judgment, that he can no longer corrupt Islam, or influence the people to challenge Allah's revelations, or violate them; and that they are all headed for eternal Hell. **Praise be to Allah.**

**"I (satan) had no power over you." The Arabic letters are 19, proving that no one possesses any power except Allah.**

The purpose of our creation and everything else, is to establish and prove God's Absolute Authority, over all creations and commands. There are two different kinds of Shahadah given in the Quran. They are:

**La Elaha Ella Hoo -----G.V. is 110**

**La Elaha Ella Allah -----G.V. is 165**

I have been inspired profound knowledge about these values and the script of the Shahada itself. You are going to witness another profound Miracle of Allah, based on the values above, as satan challenged God's Absolute Authority, and not His Existence.

**Awesome Miracle**: In verse 14:22, the **110 arabic letters** constituting the **Shahadah** occur on **precisely ALEEF , having a G.V. of 1**  
**The 165 Arabic letters, constituting the other form of Shahadah, occur again on precisely ALEEF, having a G.V. of 1**; after this **165<sup>th</sup> Arabic letter**, there are precisely **19 arabic letters** to the end of the verse. Alhamdo Lillah. This proves **that Allah is ONE** and possesses **Absolute Authority** over His Kingdom and the Universe.

Let me now give you a few examples as to how the human beings have rebelled against Allah in order to disobey His commands:

\*Allah asked the people of the scripture to proclaim the Shahadah for Him. None of them wants to proclaim it or do it in the correct form.

\*Allah asked the people of the scripture to observe the Salat for Him. The Christians, Jews, and Sabians do not do it anymore. Out of the so-called Muslims, some do them, but incorrectly, thus nullifying their worship.

\*Allah asked the people to believe in His messengers. No one has any concept anymore, and refuse to believe, when Allah sends one.

\*Allah asked the people of the scripture to do the Hajj for Him at the Sacred Shrine. The Jews and the Christians have lost these teachings, and the Muslims are doing a corrupted Hajj, by idolizing the prophet, Muhammad, and visiting his tomb.

\*Allah commanded the people of the scripture that marriage is between a man and a woman. The disobedient rebels want to classify the immoral act of homosexuality also as a marriage, and are actively promoting it.

\*Allah commanded us not to divide His religion into sects. All of them chose to challenge Him and divide Islam into disputing religions and sects.

\*Allah commanded us to do the Zakat on a consistent and regular basis. Most of them do not have any concept and do not do it.

\*Allah commanded them to do the Seyaam (fasting). The Christians and the Jews have given this up, and the Muslims are doing it wrong.

\*Allah commanded them to marry more than one wife only if you want to raise orphan children, and if you can maintain equality. Some people of the scripture have relationships outside the marriage, and some marry more than once without raising any orphan children.

\*Allah commanded them to be equitable and fair. We do not see these qualities play out anywhere on earth, in any country.

\*Allah commanded them not to eat pork, unless you are starving. Nearly 70 to 80 percent of the earth's population dares to eat pork.

\*Allah commanded them to avoid gambling and intoxicants, as they are abominations of the devil, but this seems to be widespread on earth.

\*Allah commanded them not to conceal or distort His revelations. The Christians and the Jews changed the verses, and the Muslims, who could not alter the verses of Quran came out with differing interpretations of human hadith and sunnah.

\*Allah informed the people of the scripture that He has no partners, that He is One. The Jews called Ezra the son of God; the Christians introduced the concept of Jesus as the son of God. The Muslims copied in another way; by calling Muhammad the greatest prophet and the leader of all prophets and messengers. The Jews refuse to believe in any messenger after Moses, including Jesus, Mohammad and others. The Christians devised a story that Jesus after dying rose from the dead and died for their sins; that he will be their saviour. The Muslims copied idolatry by stating that God sent all the prophets and the messengers to the Mosque in Jerusalem, where Muhammad addressed them as the leader of all of them; then ascended to the Heaven from there. Moreover, he will intercede on their

behalf, on the Day of Judgment, for forgiveness from God. The Jews have the Mishnah and Gemarrah as their human versions of hadith, the Christians have the different gospels, contradicting each other, and the Muslims have their human hadiths and sunnah books, contradicting the Quran.

\*Allah commanded the people of the scripture not to follow leaders, masters and religious scholars who divert from His path, but each group of people have their human idols to follow.

**These are just a few examples of widespread rebellion and disobedience of the Most Gracious.** Since the people do not want to change their behaviour; they are likely to ask for **another chance when they see Hell**; but Allah knows best that they will repeat the sin and the crime of disobeying His Authority again, if a chance is given. So there is no point or reason for another chance. The following verses reflect these facts in a very forthright way.

**6:27** If you could see them when they face the hellfire! They would say then, “Woe to us. Oh, we wish we could go back, and never reject our Lord’s revelations, and join the believers.”

**6:28** As a matter of fact, their secrets have been exposed. If they go back, they will commit exactly the same crimes. They are liars.

**A Miracle to Prove this Set of Verses: These verses reflect on God’s Absolute Authority; therefore Proofs of the Highest Order are given through ALEEFs, to prove that God is One. The ALEEFs are  $11 - 10 = 1$  ALMIGHTY, ABSOLUTE, ETERNAL GOD.**

**The G.V.s of Allah letters are 221 and 240, the difference is clearly 19, proving He is Wahid – One**  
All praise and glory belongs to Allah.

You can now see with the eye of certainty, by reflecting on the verses I have quoted and the Miracles associated with them, **as to why the disbelievers are in multitudes, and the true believers are so few.** It is all in accordance with God’s plan and will. From 1997 till now, you have never seen me change my views or to give contradictory statements. God has strengthened my foothold. You will not be coming for the last 7 years in such a boring and small congregation, as some might suggest, when there are much larger and interesting congregations, if it was not for God’s inspiration to guide you and keep you guided. But there is one thing you have gained here, which is to hear the consistent Truth, without any distortions. If I made up any of this, God will not provide these phenomenal Miracles. In fact, to conclude this Khutbah, Almighty Allah will confirm and prove that He is behind all this inspiration, and I do not speak, except what He inspires me with.

**33:22** They said, (the true believers), “This is what Allah and His messenger have promised us, and Allah and His messenger are truthful.

**Miracle Proving that whatever I have stated over the last few years is the TRUTH FROM ALLAH.**

**The Allah letters in the above portion of verse are 19, and my letters are 20, thus unveiling the MOST POWERFUL REVELATION OF 1, being the ONE AND ONLY, ALLAH, Most Glorified.**

**Peace be upon the messengers.  
And Praise be to Allah, Lord of the Universe.**
