

January 20, 2006 Sermon: CHOICE BETWEEN TWO GODS – Quran made easy to learn.

I seek refuge in Allah from satan the rejected.
In the name of Allah, the Most Gracious, the Most Merciful.

This is the first sermon of 2006, and it is very important for the people to know what 1 GOD and what 2 gods means, as per **16:51**. It is equally important to recognize the Truth preached by GOD'S messengers versus the falsehood preached by those not guided by GOD. Once the people understand the true meaning of 1 GOD, they can then repent, reform and correct their worship practices, in order to achieve salvation and redemption in the Hereafter.

All the humans and the jinns are given a choice to believe between two gods – ALLAH or satan. Based on the choice you make, you will be put to the test to ascertain if you believe and uphold: The Truth or falsehood; belief in the Scripture or disbelief in the scripture; accepting additional revealed messages or rejecting them; upholding all of the Scripture or straying away from it; full submission or idolatry; persevering with ongoing submission till death or dying as a disbeliever.

To remove all confusion and doubts, GOD has been Most Merciful and gone to extra lengths to let the humans know what has come from HIM in the past and the present; and to reveal and confirm what comes from HIM. His system of revealing the messages and the miracles is very simple. Firstly, He reveals it directly to the human being chosen by Him through inspiration, and there is no involvement of another human being – meaning, there is no second or indirect source involved. Yes, it involves the angels to reveal the message to the human, but they are invisible to our eyes and the humans cannot refer to them for verification or denial. If it involved a human being revealing God's message to the messenger, then it would be called “a second source.” Secondly, the miracles revealed to the messenger as His Sign or Signs are also fairly plain, straightforward, easy to see and recognize, and are unique in the sense that they cannot be duplicated by any human or jinn. Each Miracle revealed over time has proven the extraordinary Powers of GOD, confirming that HE is truly OMNIPOTENT and MOST WISE.

Over time, GOD has sent down the Scriptures through the prophets to believe in HIM and HIS laws. Additionally, HE appointed messengers through the same scriptures to reveal additional knowledge, messages, miracles, fulfillment of prophecies, and to teach us what we never knew before. The way the Divine Scriptures are formatted, designed, constructed and laid out, is essentially a “one-way street” for the true believers – accepting them “as-is” without pre-conditions; whereas the hypocrites and the disbelievers can walk two different ways. By this I mean, they borrow and quote some verses from the Scriptures, when it suits them, though their overwhelming belief and actions originate from human books and sayings. They are not submitters; rather, they are compromisers, who choose the second, temporary god, (satan) to be their lord instead of ALLAH - the Living, the Eternal – The One who creates and provides.

GOD has called Himself the Truth, as well as His angels, His Scriptures, His messengers and the Day of Judgment. His attribute of “Honorable” is extended to apply to the angels, His scriptures and revelations, and His messengers. The reason for labeling them “Honorable” is that they are truthful, and carry GOD'S messages, under His Divine inspiration. **God has attributed falsehood to satan**, who has nothing tangible to offer – when you have nothing, all you can do is to oppose, distort,

create confusion and doubts, and to lead astray through bad examples – his own and of other disobedient, rebellious, arrogant creatures.

To recognize GOD and what comes from Him, without seeing Him, is pretty difficult for those under the influence of “falsehood” or satan. But for those who have attained “certainty” about “ONE GOD” and the meeting in the “Hereafter,” He provides a lot of extra help and support to recognize, believe in Him, and submit to everything that He reveals. Though the Quran is full of miracles, the doubtful ones can only see the surface of GOD’S writing without understanding or comprehending it. Everything is hidden from the disbelievers’ eyes; rather, they are blinded from seeing them, or even to believe in them. That is why He has given verses like:

74:1 O you hidden secret.

73:1 O you cloaked one.

Revealed: The Allah letters are 5 and 6, **the diff. is 1** – the messengers, messages, miracles and the true meaning and understanding of the Quran is cloaked and hidden from the doubtful, disbelieving humans and jinns. Glory be to my Lord.

GOD does show a lot of mercy and regard for the true believers, and shows them His Signs, as this verse will tell us:

2:118 Part of Verse: We do manifest the Miracles for those who have attained certainty.

Revealed: my name letters are **16**, and Allah letters are **5**, confirming the format and pattern of this verse to be **165**, representing the “Absoluteness of GOD, and the Shahadah.” This itself is a revelation to the messenger, that he is guided to be certain in GOD and His revelations, and that knowledge and information is revealed to him, through the Divine Miracles. Let me split this verse in to 2 parts to show you the “hidden miracles.”

2:118 Part 1: We do manifest the Miracles,

Part 2: For those who have attained certainty.

Miracle: Part 1: G.V. of my name letters is 202, a precise number revealing the value of “LORD” So it is the LORD, who manifests the miracles, to a certain group of people who have decided to believe in Him through His messenger, as you are currently **witnessing** these proofs.

Part 2: G. V. of my name letters is 398, the difference in 202 and 398 is $196 = 14 \times 7 \times 7$, revealing the numbers of the **Seven Pairs**. Where do you find the numbers **1477** in the Quran?

15:87 Part of Verse: We have given you the seven pairs. (G.V. of verse is **1477**)

Furthermore, the numbers, 202 and 398, derived from verse 2:118 will reveal the Sacred Codes of 14 and 19, when concatenated or written next to each other.

$202, 398 = 14 \times 14457$

$398, 202 = 19 \times 14 \times 1497$, a revelation of the Sacred Codes as the messenger’s Signs.

The specific plan of the Almighty God to create the earth and then inhabit the evicted creatures from Heaven on it, was to establish the Truth by defeating the falsehood. The Truth from God has always been here on Earth, and will always be there till the Day of Judgment, no matter if only a few humans believe in it. Similarly, the opposing force – Satan, who advocates falsehood, will be there till the Day or Judgment, to counter and oppose the Truth. The majority has been predetermined to side with satan and his falsehood. The only way one can believe in the Truth is to compare with the falsehood,

recognize the difference, appreciate the logic and consistency in the Truth, and then be subjected to the Test to show your belief in upholding the Truth. The two words are clearly marked by God:

The Truth : the Allah letters are **2**, **The Falsehood:** the Allah letters are **3**, revealing **the diff. of 1**, and also the pattern of **23**, which is the G.V. of “wahdahoo – alone.” Even the Arabic letters are 4 and 5, with the **diff. of 1**. Here is the verse on this subject, split up to reveal the Miracle.

21:18 Part 1: Instead, it is our plan to support the Truth against falsehood,
Part 2: in order to defeat it. Woe to you for the utterances you utter.

Revealed: Part 1, has precisely **19** Arabic letters and **14** Quranic Initials in the verse, thus identifying **the Truthful God** through **His Sacred Codes of 19 – 14**, and giving the people a chance to recognize and believe in Him, per the Quranic definition of the word “**Belief.**”

Satan has no real power, nor has he claimed to reveal any Scripture, or to be associated with any kind of “special coding,” unlike the Truthful God. Somewhere in Part 1 of the Verse is also hidden the name of **GOD** and the first words revealed through the Quran to Muhammad.

The 19 Arabic letters have a G.V. of 1285, and the 14 Quranic Initials within these letters have a G.V. of 499, the difference is precisely 786, glory be to my Lord. This is the gematrical value of the first words revealed in the form of 19 arabic letters saying: **Bismillah Al-Rahman Al- Rahim.** (In English, it reads: **In the name of God, Most Gracious, Most Merciful.**)

Thus, the Most Merciful Lord, has identified and revealed Himself, once again, through His messenger and through the Sacred Codes attached with His name, **786**, so you may repent and believe in Him.

Revealed: Part 2: this portion of the verse has **33** Arabic letters, while Part 1 had **19**, the diff. is **14**. This is the 2nd time the Sacred Codes are revealed, as you have witnessed.

Revealed: Part 1 is coded under Miracle of 19, as the G.V. of Allah letters is 152 = 19 x 8, whereas the remaining verse, meaning Part 2 is encoded with the profound value of 110, which represents the value of the **Shahadah** – “**La Elaha Ella Hoo.** This is a “warning” to the disbelievers in Quran that: **“the Truth shall eventually prevail over the falsehood, and the utterances of the disbelievers will also be defeated.”**

The verses on “specific purpose of the creation” are therefore marked with the “**Proof of Absoluteness**” through the **Aleef**, representing the value of **1**. At the same time, you will be shown the “**Revelation of 2**,” representing “**Idolatry**,” so you can recognize and support the **Truth of 1** in order to defeat the falsehood of 2.

Revelation of 2 – Idolatry:

21:16 We did not create the heavens and the earth, and everything between them just for amusement.

21:17 If we needed amusement, we could have initiated it without any of this, if that is what we wanted to do.

Historical Fact about Purpose of Creation: The Allah letters are **13** and **15**, the diff. is **2** - **the universe was created to establish God’s Absolute Authority over it and over His creations, and to nullify and expose satan's false claims that he has any kind of power besides GOD. We are here to exercise our “freedom of choice” to either believe in God or not. Based on our decision, we will either be redeemed and rewarded by GOD, or punished and confined in Hell.**

Historical Fact Confirmed Again: my name letters are 20 and 18, the diff. is 2 – we are all here to make a choice between GOD - the Truth (through His messengers); or satan - the falsehood (through unauthorized false preachers and human gods).

Revealed: The G.V. of Allah letters in each verse are 133 and 168, being multiples of 19 and 14 respectively, to confirm the above revelations and interpretation. Praise be to Allah.

ALLAH, THE TRUTH: “Revelation of 1”

21:18 Instead, it is our plan to support the truth against falsehood, in order to defeat it. Woe to you for the utterances you utter.

21:19 To Him belongs everything in the heavens and the earth, and those at Him are never too arrogant to worship Him, nor do they ever waver.

Revealed: The Aleefs are 7 and 6, **the diff. is 1** – the Absoluteness of GOD is revealed through this set of verses, after informing us of “specific purpose of creation” through verses 21:16-17 as given above. Through Verse 21:19 that corresponds with the Mathematical Code of God, the Most Wise has marked **this verse number 19 with 14 letters of His (name), ALLAH,** revealing the **Sacred Codes of 19 and 14** and laying out the Path for the humble submitters to worship God as He directs them through His miracles, while the arrogant ones will stay from it.

Revelations through Chapter 16 – The Bee:

This is a very important chapter as far as the variety and the kind of verses it has. In this chapter, you will find some of the important verses like **16:51**, do not worship two gods, to worship the One God; **16:22**, there is only One God; **16:2**, revelations sent by God through His angels to humans chosen by Him; **16:123**, messengers inspired to follow the religion of Abraham; **16:35-36**, messengers sent to every community to deliver God’s messages; **16:28** and **32**, dying in a state of wronging your souls or in a state of righteousness; **16:24**, response of disbelievers to God’s revelations; **16:30**, response of believers to God’s revelations; **16:43-44**, messengers inspired through the scripture and provided with the proofs of God; **16:101-103**, new revelations to test ongoing Submission; **16:98**, seeking refuge in God from satan the rejected; and many verses on different blessings of God. This is the only chapter having **128 verses**, matching with my last name, **Husain. (G.V. 128)**

Through this important chapter, God wills to reveal the Truth so that you can appreciate and believe in Him as being the Absolute Authority over all creations and commands.

REVELATION OF GOD as 1: (name of website given as such)

16:22 Your god is one god.

Revealed: Allah letters are 6, and my letters are 5, **the diff. is 1** – proving the Oneness and Absoluteness of ALLAH.

Revealed: the G.V. of my letters is **114**, **a multiple of 19**, and confirming the Quran to be from ALLAH, as well as these revelations.

16:51 There is only one god.

Revealed: Allah letters are 6, and my letters are also 6, **revealing 66** – the name of ALLAH.

Revealed: The G.V. of my letters is **140**, **a multiple of 14**, thus revealing the **Sacred Codes of 19 and 14** through **16:22** and **16:51**, as given above. It also reveals the fact that ALLAH is His

name, and that He is **ABSOLUTELY 1**. Anyone who truly believes will appreciate God's mercy reflected through these revelations.

Revelation of 2 or "Double":

16:22 Part 1: Your god is one god.

Part 2: As for those who do not believe in the Hereafter, their hearts are denying, and they are arrogant.

Revealed: Part 1: Allah letters are **6**, Part 2 has Allah letters **12**, making it "**double or twice.**"

Revealed: The G.V. of Allah letters for **Part 1 is 72**, while the G.V. for **Part 2 is 144**, making it "**double or twice.**" This kind of unique proof revealed for the first time informs us exactly what the verse tells us: that most people do not believe in God as One, rather they falsely believe that someone else also has the authority beside God; they falsely believe their idols will be able to interfere and intercede on their behalf, **making it double, or two entities**, contrary to what God has revealed in Part 1 of the verse. For this very reason, examine and reflect the accuracy of this verse's proofs with the false Shahadah proclaimed by the majority of the people.

Truthful Shahadah: La Elaha Ella Allah -----Arabic letters are 12

False Shahadah: La Elaha Ella Allah Muhammad Rasool Allah -----Arabic letters are 24

The "false Shahadah" has exactly "**double or twice**" the number of letters (24) that Allah, Most Wise has assigned to the Truthful Shahadah (12) through the Quran. The idolaters of Muhammad therefore openly claim that he will intercede on their behalf, and have attributed all sorts of lies, fabrications and distortions to him. God's words constantly expose the hypocrites who try to hide behind their lies and utterances.

When it comes to arrogance of the human beings, reflect again to examine the similarity of these set of verses, 16:22 and 37:35. They both mention that GOD is ONE and end by saying that the people deny this fact by being arrogant. Remember, you can only demonstrate your acceptance of God's Absolute Authority by accepting His messengers and revelations willingly.

16:22 Part 1: Your god is one god.

Part 2: As for those who do not believe in the Hereafter, their hearts are denying, and they are arrogant.

Revealed: The G.V. of my letters for Part 1 is 114, representing all of Quran, and for Part 2 are 786, representing Allah, through the opening statement of Quran given as: Bismillah Al-Rahman Al-Rahim. This proves that the majority of people deny the Monotheism of God with their disbelief in the Hereafter. These are very profound numbers, represent pre-set values and should not be taken lightly. Placing them side by side, we have:

$$114, 786 = \underline{14} \times 8199 \text{ and in reverse: } 786, 114 = \underline{14} \times 56151$$

Revealed: The G.V. of Allah letters for the entire verse are 216, and my letters are 900, the diff. is **684**, this is a **multiple of 19**. ($684 = \underline{19} \times 36$)

Revealed: The G. V. of my letters for both parts were 114 and 786, the diff. is **672**, this is a **multiple of 14**. ($672 = \underline{14} \times 48$). God has just revealed the sanctity of His Absoluteness through His messenger using the **Sacred Codes of 19 and 14**, Praise and Glory be to Him.

37:35 Part 1: When they were told, “La Elaha Ella Allah” (there is no other god beside Allah),

Part 2: They turned arrogant.

Revealed: Part 1 has **my name letters 14**, and entire verse **has 19**, revealing **the Sacred Codes**.

Linked with Verse 16:22: G.V. of my letters in 16:22 is 900

G.V. of my letters in 37:35 is 634, the difference is **266**, a multiple of **14 and 19** – Sacred Codes.

The G.V. of Allah letters for both verses are $216 + 240 = 456$, a multiple of **19**.

What is the difference between G.V. of Allah letters and mine for both verses? Let’s find out.

G.V. of Allah letters ($216 + 240 = 456$)

G.V. of my letters ($900 + 634 = 1534$) – the diff. is 1078, a multiple of **14** ($1078 = 14 \times 77$)

These revelations have concretely shown, as the verses express themselves, that when a messenger brings God’s message, the people turn arrogant or get doubts about God.

The Seven Pairs Revelation: By taking a set of verses from the same Chapter; one stating that God is One, and another warning us not to worship the two gods, a common Proof of the Seven Pairs described and stated in verse 15:87 is revealed, so that humans can be certain that the Quran is from God, and the revelations delivered through this website are TRUTHFUL.

16:22 Your god is one god. As for those who do not believe in the Hereafter, their hearts are denying, and they are arrogant.

Revealed: The Arabic letters in the verse are 54, while the Quranic Initials are 40, the diff. is **14**.

16:51 GOD has proclaimed: “Do not worship two gods; there is only one god. You shall reverence Me alone.”

Revealed: the Arabic letters in the verse are 49, while the Quranic Initials are 35, the diff. is **14**.

This set of verses identifies and confirms the One, Truthful Lord -ALLAH through His Codes of the Seven Pairs as given in verse 15:87. Glory be to my Lord.

Revealed: The Arabic letters and the Quranic Initials of both verses also reveal the name of the messenger, who has been blessed with this revelation, and others.

$54 + 40 + 49 + 35 = 178$, revealing the name, Makbool. Glory be to Allah.

Reflect on the Absolute Wisdom and Power of God to construct, design, format and reveal these verses at different times, under different verse numbers, with different wording used in each, while conveying the profound message of **the Seven Pairs, as per 15:87**. Though the number of Allah letters in each verse are different and do not match; yet, the G.V. of Allah letters for each verse are **216 and 216 – Perfectly Matching** – another revelation and identifying Miracle from the same **One God**, who reveals His marvels in various ways.

The Revelation of 1 and the revelation of 2 is included in the verse 16:51, that forbids us from worshipping the 2 gods, (Allah and satan) and invites us to reverence and worship only ONE GOD (ALLAH ALONE)

16:51 Part of Verse: “Do not worship two gods.”

Part of Verse: “There is only one god. You shall reverence Me alone.”

Revealed: The Allah letters for each part are 7 and 9, **the diff. is 2** – this “**revelation of 2 gods**” brings out a clear meaning as to what worshipping 2 gods means, and what reverencing 1 God means.

You can only reverence the “**One God**” when you believe, obey and follow all His commands as given in the Scripture. If you falter, change, object, reject, corrupt, distort, fabricate, lie, or disbelieve in the Quran, then you are worshiping the two gods. Most people distort the name of ALLAH, or attach human names next to His, or simply do not believe that He is in Absolute Control over all things. This is the reason for the “revelation of 2 gods” given through His name letters. GOD has made the Quran easy to understand through such defined revelations. He is teaching humans the basic numbers of 1 and 2, and the difference between them.

Revealed: The Aleefs in each part are 4 and 5, **the diff. is 1** – this revelation through the Aleef establishes the Truth and proves the Fact that ALLAH is ABSOLUTE and has the Power over all His creations, even though He has temporarily accepted satan’s challenge to His Authority and of the disbelievers.

Revealed: the G.V. of Allah letters are 69 and 50, **the diff. is 19** – thus proving through this number that He is indeed ONE (Wahid), and also proves through the Aleef that He is ONE.

16:51 Part 1: Allah has proclaimed: “Do not worship two gods”

Part 2: “there is only one god. You shall reverence Me alone.”

Revealed: The Aleefs are 6 and 5, the diff. is 1 – the Absoluteness of GOD is proved.

Important Note: It was an angel called “IBLEES” who tried to rival ALLAH and challenge His Absolute Authority, by disobeying His command, when asked to fall prostrate to Adam. Iblees was therefore demoted from being an angel to a jinn, and made the leader of all disbelieving jinns and humans, till the Day of Resurrection. In this very important verse, 16:51, it has been clarified by God to reveal the meaning of 1 GOD as opposed to Idolatry – 2 gods.

To give us further insight into the gross crime of Iblees, which is unforgivable, and to set a precedent and example for all other creatures, so they can avoid the sin of disobedience, arrogance, and rejection of God’s commands, the Almighty, Most Wise, has perfected this verse to reveal the TRUTH plain and clear, to remove all doubts about the “Heavenly Feud.” Iblees tried to act as an “equal” with ALLAH, therefore, reflect on the following PROOF:

16:51 The ALLAH letters in the entire verse are 22, and the letters of Iblees are also 22.

HAS ALLAH PROVEN THE POINT OF A SECOND GOD, WHO TRIED TO RIVAL HIM?

Up to the words in the verse saying, “there is only one god,” the Allah letters are precisely 19, and so are my letters inscribed to be 19, Matching, proving through the revelations given to the messenger, that HE IS INDEED ONE GOD. The number 19 is the value of Wahid (One) in Arabic.

Praise be to Allah.

Denounce the devil, strike him out of your life, repent to the Almighty LORD, ask for His forgiveness and guidance and prostrate to Him after reading or hearing these REVELATIONS.

Peace be upon the messengers.

PRAISE BE TO ALLAH, LORD OF THE UNIVERSE.

(To be continued next week, InshaAllah)
