

**April 7, 2006 Khutbah: Striving in the cause of God.**

In the name of God, Most Gracious, Most Merciful.  
I seek refuge in God from satan the rejected.

During the last six weeks, I traveled overseas to deliver God's message upon the invitation of a believing person. As he had opened the line of communication with those sincere and interested in receiving the purified message, he invited me to visit and deliver the whole message to such people. The encounter and interaction took some time, to show verse by verse, and subject by subject, all from the Quran. To augment their faith and to remove their doubts about the scripture, I showed them some of the phenomenal proofs of God. This made them reflect on God's Absolute and profound wisdom in everything He created and whatever He does.

Since these few people were sincere in knowing the Truth, and spent their time in the cause of God in order to reach a decision, God helped them in their decision and guided them in the right path. Moreover, God opened up their hearts to accept the message and to believe in it. As a messenger of God, I reflect on the profound system of guidance, which is totally controlled by God. When presented with the guidance, either the person will believe in it, or dispute it, or deny it. Read the following verse to realize God's control over guidance and those destined to disbelieve.

**6:125 Part 1:** Whomever God wills to guide, He renders his chest wide open to Submission.

**Part 2:** And whomever He wills to send astray, He renders his chest intolerant and straitened, like one who climbs towards the sky.

**Revealed:** The Arabic letters for each part are 31 and 45, the diff. is **14** ---- **the Seven Pairs.**

**Revealed:** The G.V. of Allah letters are 173 and 107, the diff. is precisely **66** --- **being ALLAH.** This proves that **ALLAH** knows best and controls the guidance, but He never sends astray except the wicked.

By writing the 3<sup>rd</sup> part of the verse, which says: "**God thus places a curse upon those who refuse to believe,**" the Miracle is that the total **ALEEFs** for the entire verse, comprising of all 3 parts is **14** ---- **the Seven Pairs**, glory be to my Lord.

**QUESTION:** Is there a cause or a reason to indicate why some people are sent astray by God and even cursed by Him. These are not light words; once cursed by God, it means that He has abandoned such a person or people, forever, just like Iblees (satan) has been condemned and abandoned forever. Such people can then never believe, no matter how significant the Miracle may be, or the number of Miracles shown to them. To explain you, backed by God's Miracles, let me put the parts of the verse on disbelievers into context, and see what the verse reveals.

**6:125 Part 2:** And whomever He wills to send astray, He renders his chest intolerant and straitened, like one who climbs towards the sky.

**Part 3:** God thus places a curse upon those who refuse to believe.

**Reason for God's Curse:** The Allah letters are 12 and 13, **the diff. is 1** --- refusing to believe in His Absolute Authority, when the messenger is sent to deliver His message.

**Curse Proven through messenger's letters:** my name initials are 18 and 17, **the diff. is 1**; the messenger is sent to deliver God's message and refusal of the message and the messenger amounts to rejection of God's Absolute Authority.

To put a concrete stamp of approval behind the message that I am preaching in the cause of God, He has marked and sealed my name letters in the two parts of the verse addressing the disbelievers, by inscribing my name letters as **19 and 19** in each part, while keeping a **difference of 1** through my initials. This proves God's Absoluteness in support of the Message He has given me to deliver to the people.

**Part 2: my name letters are 19**

**Part 3: my name letters are also 19.**

The next verse mentions the straight path to the Lord and explains the revelations so that people realize "the straight path to follow" – the path is clarified to be "through the messenger."

**6:125 Part of Vs:** God thus places a curse upon those who refuse to believe.

**6:126** This is the straight path to your Lord. We have explained the revelations for people who take heed.

**Revealed:** The Aleefs are 4 and 5, **the diff. is 1** ----- the Path of God's Absoluteness.

**Revealed:** The messenger's G.V. of name letters are: 542 and 720, **the diff. is 178** ---- being the name of the messenger, Makbool. Glory be to my Lord.

Moreover, the verse 6:126 on "straight path to the Lord" is also marked with my letters being **19**.

If the people believe in me as a messenger along with the Miracles given and revealed to me, then they are on the straight path, marked by 19; on the other hand, if they disbelieve, that portion is also marked with my name letters as 19 – by the same ONE GOD. (Wahid)

The humans who do not believe in God and the Hereafter, constantly strive to make their lives better and even that of their children, some even go as far to plan for their grand-children. This striving is most prominent in gaining material wealth and in creating a legacy of their name or their family name. A few of God's servants, who fear God and the Last Day, prepare for the Hereafter, by striving in the cause of God in this life. The messenger has to strive in the cause of God, as well as the believers. By reaching out to people who wanted to hear God's message, I traveled to deliver the narration of God, in His cause. Now, after having believed, I encourage the believers to do the same, and thus join in the striving in God's name – by delivering the same message to their relatives, their friends, work associates, neighbors, and others. The verse on "striving in the cause of God" is also marked by God's special proofs.

**THE SEDENTARY: 9:87** They chose to be with the sedentary. Consequently, their hearts were sealed, and thus, they cannot comprehend. ----- **the Allah letters are 14**

**THE STRIVERS: 9:88** As for the messenger and those who believed with him, they eagerly strive with their money and their lives. These have deserved all the good things; they are the winners. ----- **the Allah letters are 28**

**PROOF:** Both verses are marked with multiples of 14 while **the diff. between them is also 14**. Since "14 – Seven Pairs" is the **SIGN** given to me, these verses apply to the believers at this time, as they have applied to those in the past.

When I combine the next verse, 9:89 that promises the gardens of Eden for the believers, with 9:88, the Miracle of Absoluteness is revealed by the Almighty God.

**9:89** God has prepared for them gardens with flowing streams, wherein they abide forever. This is the greatest triumph.

**Miracle:** The Aleefs for 9:88 and 9:89 are  $11 + 8 = 19$  ----- GOD'S PROMISE, SubhanAllah.

The word "strive – jahadoo" is also marked by God. It has the G.V. of **19** and has 5 arabic letters. The diff. in 19 and 5 gives us **14**. Thus both Miracles are represented through this word.

Moreover, the Allah letters are 2 and my letters in this word is 1, **the diff. is 1**.

The G.V. of Allah letters is 6, and also of my letter is 6; placing them side by side, reveals the name of the Most Praiseworthy Lord – **ALLAH 66**.

God has blessed us with a few more believers during this trip, and God has blessed the believers with a messenger to guide them, purify them, teach them the scripture and wisdom, and also teach them what they never knew – such as the Miracles and the Revelations presented through the khutbahs and the website. I was asked many different questions by the people, on all topics. The answers I gave from the Quran, along with the logic, satisfied the believers. On the other hand, the arrogant and the ignorant, as soon as they hear the purified message, turn intolerant and argue against God's revelations, as stated in 6:125 and 40:35.

**40:35 part of verse:** THEY ARGUE AGAINST GOD'S REVELATIONS.

**Revealed:** G.V. of Allah letters is **128**, being the value of my name, **Husain**.

**Revealed:** The G.V. of my letters is  $266 = 14 \times 19$ . This number reveals both the Sacred Codes, and constitute as being God's revelations at this time. Those who argue against these revelations, without any basis; the consequences are narrated through the same verse, and the parts are marked by God with my name letters.

**Part of Verse:** This is a trait that is most abhorred by God and those who believe.

**PROOF:** my name letters are marked to be **14** ----- the Seven Pairs.

**Part of Verse:** God thus seals the hearts of every arrogant tyrant.

**PROOF:** my name letters are marked to be **14** ----- the Seven Pairs.

To realize the extent of God's Proofs, I will place similar portions from verses 6:125 and 40:35 next to each other, so you can appreciate the wisdom of the Most Wise, who can join verses or connect them to reveal His miracles and to explain the verses.

**6:125** God thus places a curse upon those who refuse to believe.

**PROOF:** my name letters are ----- **19**

**40:35** God thus seals the heart of every arrogant tyrant.

**PROOF:** my name letters are ----- **14**

Thus, proofs of such profound magnitude of the Sacred Codes, through the messenger's name letters prove that the curse and the sealing of hearts by ALLAH applies to all those who are arrogant and refuse to believe. This is the reason God commands the believers to disregard the

ignorant, as it His will not to guide them. Instead of feeling sad or upset at their refusal to believe, it is good to know that guidance is truly controlled by the Most Wise, and we cannot help those condemned by God.

However, I would like to remind the arrogant and the ignorant to believe in God's Proofs before the retribution overtakes them; then they cannot be helped. God is Most Glorified.

During the course of my conversation with these new believers, I was asked some of these questions:

1. What did I think of halal meats?
2. Are the women supposed to cover their heads?
3. What did I think of reading "durood for the prophet" or sending our blessings on him?
4. Why were most of the messengers or the prophets sent to the Middle East? Did the other communities also receive messengers or not?
5. Why did God send a mathematical proof and message?
6. What did I think of the dreams that some people have experienced?
7. What could I tell them about re-incarnation? Some family members of the believers and their communities believe in re-incarnation, so they wanted me to clarify.
8. What if a person has unauthorized sex with a female – would God forgive the believer?
9. What did I think of Sufis and saints in Turkey through whom the people pray to God?
10. What about the interest that Banks pay to the customers – is it allowed by God or not?
11. Are we allowed to obtain a mortgage from the Bank to finance the house?
12. What about all the people who did not receive a messenger or did not receive the message?
13. Is the punishment on the Day of Judgment temporary or is Hell eternal?
14. What was wrong in saying that Muhammad is the messenger of God along with the Shahadah given by God?
15. What if the person believes in the entire Quran, but does not believe in the messenger?
16. Can you help us translate the Quran in Urdu?
17. Can you please translate the Quran in Turkish?
18. Why are the Muslims oppressed on Earth when they are Muslims and believe in Allah and the prophet?
19. Why did the prophet mention that the Muslims will break up into 72 sects?

Questions such as the above are asked by those who received corrupted teachings from their religious leaders (ulema), parents, schools; and are passed down generation to generation.

The answers provided by me enlightened and satisfied them. The last and 19<sup>th</sup> question is a lie attributed to prophet Muhammad through the false human hadiths, just as various other lies have been attributed to God and His messengers. The illusion of being Muslims under 72 sects – is clear idolatry and a challenge to God's Absolute Authority. The Most Gracious will now confirm the Truth with His Words, in support of the answers given by me during my trip, to remove all doubts and to augment the faith of the believers. Let me pick the number 72 as becoming Chapter 72 from the Quran, and recite the last 2 verses to teach the ignorant and the idolaters to focus on the number **1 – ALLAH**, rather than the number 72.

**72:27** Only to a messenger that He chooses, does He reveal from the past and the future, specific news.

**72:28** This is to ascertain that they have delivered their Lord's messages. He is fully aware of what they have. He has counted the numbers of all things.

**MY LORD HAS COUNTED ME IN:** my name letters are 24 and 25, **the diff. is 1,** Praise be to the Omnipotent Lord for His mercy.

**72:27-28** Only to a messenger that He chooses, does He reveal from the past and the future, specific news. This is to ascertain that they have delivered their Lord's messages. He is fully aware of what they have.

**Revealed:** The Allah letters are 25, and my letters are 44, the **diff. is precisely 19.**

**Revealed:** The G.V. of Allah letters is also precisely **306,** revealing my full name, Makbool Husain, all praise and glory be to Allah.

It is no point to dig into the mysterious reasons of God, whereby He guides some and sends others astray. The system of guidance does however, appear under His Sacred Codes. This should open up the eyes of everyone, especially believers, who should have a lot to thank God for having chosen to guide them. Had He abandoned and condemned them, their lot would have been with the devils and the idol worshipers, totally confused and astray, and never able to find their way to the guidance. Reflect on this portion of the verse for the guided.

**7:178 Whomever ALLAH guides is the truly guided one.**

**Proof:** The chapter is 7, under the **Code of 7,** and the **verse is 178,** which is my name, Makbool also.

**Revealed:** The Arabic letters are 19, while the Quranic Initials in the verse are **14,** thus the guidance through the messengers is confirmed through the Sacred Codes of 19-14, and now proven to be the Truth from God.

As for the other part of the verse, “and whomever He commits to straying, these are the losers,” does not fall into any recognizable Code of God, as given to the believers. The only revelation that we can easily observe and recognize is the fact that both parts of the verse are separated by Allah letters as 9 and 7, **the diff. being 2 – Idolatry.** This means those sent astray are definitely idolaters, and this is the profound reason why God does not guide them. He knows what is in their hearts and minds.

**The G.V. of Al-Kaferoon** (The Disbelievers) is **388,** and the G.V. of my name letters for Part 2 of verse 7:178 on those sent astray and being losers is precisely **388** also, matching and confirming the fact that God sends only the “disbelievers (**388**) astray.

I will narrate for you the incident of a believer who lived with his room-mate in Canada few years ago when they both were single. During the course of their stay together as friends, and sharing the expenses, they were one day suddenly approached by 3 or 4 men from the Tablighi Jamaat ( the Muhammadans preaching human Hadith ). These false preachers invited the two out for dinner to explain and preach Islam. Out of the two friends, one

declined the invitation, while the other accepted it. Over the next few hours, the one who accepted to go out with the false preachers, came back completely brainwashed and tuned to the thinking of his masters. He even came back saying that he will from then on eat only halal meat and will not talk to the women on the phone. Later, he attended a convention in Detroit, paid for by the preaching group, where they fine tuned his brain to their way of thinking. He then grew a beard, and followed their ways of following Islam, which is based on human hadiths and sunna. He was destined to follow the “imams who lead you to Hell.” (28:41)

The one who declined the offer of the preachers waited many years to receive his guidance of Truth and was always in doubt of whatever he heard from his parents and the preachers out there. Then God made me appear in his life out of the blue, whereby he got a chance to hear me out. Today, he is one of the believers, Praise be to God. This shows and proves that the guidance of the people and their destinies are all known to God, even though they may share the same accommodation, eat the same food and be friends to each other. This gentleman was destined to follow the true imam who guides in accordance with God’s will, in order to be redeemed by Him.

**17:55** Your Lord is the best Knower of everyone in the heavens and the earth.

**Proven Fact:** Allah letters are **7**, and my letters are **14**, revealing **the Seven Pairs**.

**Revealed:** The G.V. of my letters is **352**, being the value of **Quran** – just as the Quran is a Proven Book, so is God’s Words within the Book, and so is His Proofs given to me through my name letters. Glory be to Allah, the Most Praiseworthy.

One of the ways to strive is to preach the Truth of Quran to the people; another way is to strive by disobeying the disbelievers and reject their falsehood; yet another way to strive is by obeying all of God’s laws, and sacrificing your lives and money in His cause.

**9:73** O prophet, strive against the disbelievers and the hypocrites, and be stern in dealing with them. Their destiny is Hell; what a miserable abode!

**25:52** Therefore, do not obey the disbelievers, and strive against them with this (the Quran), a great striving.

**22:78** You shall strive for the cause of **Allah** as you should strive for His cause. He has chosen you and has placed no hardship on you in practicing your religion – the religion of your father Abraham. He is the one who named you “Muslims” originally. Thus, the messenger shall serve as a witness among you, and you shall serve as witnesses among the people. Therefore, you shall observe the Salat, and give the Zakat, and hold fast to Allah, He is your Lord, the best Lord and the best Supporter.

**Revealed:** Chapter 22 plus verse 78 is equal to **100**. If you need to score a **100 %**, then follow all the commands of **Allah**, as the verse proves, as the **Allah** letters inscribed in the verse have been perfected to be **precisely 66**, being the mathematical name of **ALLAH**.

PRAISE BE TO ALLAH, LORD OF THE UNIVERSE.
