

Khutbah: December 1, 2006

God is in control of everything:

I seek refuge in Allah from satan the rejected
In the name of Allah, the Most Gracious, the Most Merciful

God puts all the humans to the test. The ones who believe fully appreciate and realize the purpose behind these tests. They implore and glorify Him in times of joy and fear, in good times and bad times. This is how they elevate their souls and will be rewarded in the Hereafter for their worship of God. The ones who disbelieve have no concept of these tests and attribute them to different sources in order to pacify themselves.

Even the messengers and prophets have been put to the test through hardship and adversity to see if they steadfastly persevere or not. Similarly, I have been put to the Test by the Most Gracious through some aches and pains in my muscles and joints for some time now. God is the One who has given the humans knowledge to manufacture everything, including pain relief medicines. An ordinary pill like Tylenol or Advil can sometimes alleviate or remove the pain in the body, if God wills it. During my recent travel, I had severe muscular spasms running from my neck down to the shoulder blades and extending into my right arm. At that point, the verses were going through my mind, and I was thinking of God who has created so much diversity in everything, including the viruses, bacteria and diseases.

A certain verse came to my mind – verse 22:15 – and I implored my Lord to show me a Sign that He controls and knows about every specific situation. I implored the Most Merciful to assure my heart by answering my prayers and to relieve my pain and suffering as a Sign from Him, without resorting to pain relief medicines. I asked God according to the verse that I have put all my trust in Him and severed my dependency on anyone else, and have turned to Him in Heaven for His help. I recited the verse, which reads as follows:

22:15 Part 1: If anyone thinks that GOD cannot support him in this life and in the Hereafter, let him turn completely to (his Creator in) Heaven, and sever (his dependence on anyone else).
Part 2: He will then see that this plan eliminates anything that bothers him.

As soon as I finished reciting this verse, and had duly glorified Him with appropriate words from the Quran, GOD showed His Sign by completely removing my pain, as if it never existed. He had proven to me that He is indeed Omnipotent and is fully aware of all His creations and their problems. Moreover, He proved that He does hear our prayers and answers them if He so wills. This fact is supported by another verse:

6:41 The fact is: only Him you implore, and He answers your prayer, if He so wills, and you forget your idols.

6:42 We have sent (messengers) to communities before you, and we put them to the test through adversity and hardship, that they may implore.

6:43 If only they implored when our test afflicted them! Instead, the devil adorned their works in their eyes.

39:17 As for those who discard the worship of all idols, and devote themselves totally to GOD

alone, they have deserved happiness. Give good news to My servants.

GOD answered my prayer by instantly removing my pain as a Sign from Him, and I immediately prostrated to thank Him for His mercy. This has created even more certainty in my heart. With God it does not take time – everything is done in the blink of an eye, if He so wills it. He has shown me miracles in the past, which my family is aware of, and this is the latest one – glory be to my Lord. To appreciate God’s words, I am now going to show you the mathematical structure of verse 22:15, so you can also develop and maintain certainty in the Omnipotent Lord of the Universe.

Revealed: The 19th Allah letter precisely occurs on the Aleef of “Al-Samaa (Heaven).” The ALEEF represents the GV of ONE (1). Occurring on the word “Heaven” as the 19th letter of the Creator, it proves without any doubt that ALLAH (Most Glorified) is 1 and physically in the highest heaven. All praise be to Him.

Revealed: This 19th Allah letter is further singled out in the verse to emphasize the profound truth of His monotheism by highlighting the verse with 49 Arabic letters before the Aleef, and 35 Arabic letters after the Aleef, thereby revealing the difference in 49 and 35 letters to be precisely 14 – the great miracle of the Seven Pairs.

As this revelation of “Seven Pairs” has been bestowed upon me as Sign for the messenger, GOD has been Most Kind in revealing this proof after this incident of His mercy as stated earlier.

Revealed: The GV of the word “Al-Samaa” is 133, and is a multiple of 7 and 19, thus carries the Sacred Codes within the word.

Revealed: The GV of Allah letters for Part 1 of the verse up to “sever” is 296. This represents the value of “Rasool or messenger,” as Proofs and Signs are revealed and shown to the messengers, and GV of my name letters is 1082, the difference is 786. This is the value of the opening statement of the Quran: “Bismillah Al-Rahman Al-Raheem.” This powerful statement represents His name, ALLAH along with a pair of His attributes. Since I implored Him by severing all dependence on everything else, He answered my prayer and revealed these proofs to confirm the incident by spelling out the word, messenger 296 and the contact made with the Creator, by spelling out His name through 786. (SubhanAllah – AlHamdolillah)

Part 2 of Verse: He will then see that this plan eliminates anything that bothers him.

Revealed: The GV of Allah letters is 76 – a multiple of 19.

Revealed: The GV of my name letters is 252 – a multiple of 14

***The Sacred Codes revealed above should create certainty in the hearts of the believers.

Note that the verses surrounding this important verse 22:15 are separately marked also the Most Wise. I recite them for you:

22:14 God admits those who believe and lead a righteous life into gardens with flowing streams. Everything is in accordance with God’s will.

Revealed: The Allah letters are 21 and my name initials are 22, the diff. is 1

Revealed: The verse number is 14, and my letters are 33, the diff. is 19

Verse After: 22:16 Part 1: We have thus revealed clear revelations herein,

Part 2: Then God guides whomever He wills.

Revealed: The Allah letters are 5 and 6, the diff. is 1

Revealed: my name letters are 9 and 10, the diff. is 1

Since everything happens in accordance with God's will, the portion of the verse 22:14 is also separately marked for this purpose with the letters of Allah and His messenger.

22:14 Part of Verse: Everything is in accordance with God's will.

Revealed: The Allah letters are 7, and my letters are 8, the diff. is 1 – glory be to my Lord.

*** Note that in the verse before, which is 22:14, my letters are 33, and in the verse after, which is 22:16, my letters are 19, again the difference between these numbers is precisely 14, proven through the Code of the Seven Pairs. AlhamdoLillah.

Those who demand Miracles beforehand in order to believe in God, His Absoluteness, and His Omnipotence, not only commit a blasphemy; in fact, they are sent astray by God for setting pre-conditions to believe in Him. The following verses clarify this:

2:118 Part 1: Those who possess no knowledge say, "If only GOD could speak to us, or some miracle could come to us!"

Part 2: Others before them have uttered similar utterances; their minds are similar.

Revealed: my name letters are 25 and 24, the diff. is 1

Question: Who is shown the Miracles?

Answer: 2:118 Part 3: We do manifest the Miracles for those who have attained certainty.

Revealed: The Allah letters are 5, and my letters are 16. These numbers are jumbled up and secretly coded to form the pattern of 16,5 – the perfect pattern for 165 which represents God's Absoluteness of Al-Samad and His Shahadah. Praise be to God.

*** Note that this important verse is again surrounded by with God's Miracles through the verse before and after, which are 2:117 and 2:119.

2:117 (Verse Preceding) The Initiator of the heavens and the earth; to have anything done, He simply says to it, "Be," and it is.

Revealed: The Allah letters are precisely marked to be 14 – the Seven Pairs.

2:119 (Verse After) We have sent you with the truth as a bearer of good news, as well as a warner. You are not answerable for those who incur Hell.

Revealed: The Allah letters are again 14 – the Seven Pairs, and is overlapped with my name initials as 19, to form the Sacred Codes, glory be to the Most Wise.

The first part of verse 2:119 is also specially marked with the spelling of ALLAH, Most

Glorified, as you shall see.

2:119 We have sent you with the truth as a bearer of good news, as well as a warner.

Revealed: The GV of ALLAH letters is perfectly calculated and spelled out as 66 – all praise and glory be to ALLAH.

Question: Why does the affliction return after God has shown me His Sign and proven through the verses of His Scripture?

Answer: The reason is that God puts us to the Test through adversity, afflictions and hardship to see if we steadfastly persevere or not. There are verses on this subject also.

21:90 Part of Verse: That is because they used to hasten to work righteousness, and implored us in situations of joy, as well as fear. To us, they were reverent.

Revealed: The Allah letters confirm this fact by having 14 letters of His Name. The last portion of being reverent to the Lord is also marked with my letters.

21:90 Part of Verse: To us, they were reverent.

Revealed: The GV of my letters is 202 – LORD. Those who remember their Lord, in times of joy, adversity, fear, afflictions and in all circumstances, are the ones blessed to be guided and rewarded by the Almighty God.

God is fully aware of each one of His creatures and does put them to the Test through different ways and means. It is your responsibility to remember Him all the time and not do only conditional worship; otherwise you could end up nullifying whatever righteous works you did.

This Sermon has been prepared in a rush and I have not checked the spelling mistakes. Please let me know if you find any errors.

Peace be upon the messengers

PRAISE BE TO ALLAH, LORD OF THE UNIVERSE.
