

**Sermon Customized Message and Revelations for
the Messenger at age 59.
A True Marvel from Allah, the Lord of the
Universe!**

November 28th 2008

I seek refuge in **ALLAH** from satan the rejected.
In the name of **ALLAH**, the Most Gracious, the Most Merciful.

Praise be to ALLAH, today is **November 28, 2008** – the day I was born and granted life by the **Eternal Creator and Lord of the Universe**. I have turned 59 years old, Masha Allah. Being preoccupied with my medical tests and doctor's appointments, I could not finish this Sermon on time. Therefore, I have taken the time to prepare and type this after **November 28**. For the last few weeks, I had been put to **the Test by the Almighty, Most Merciful** to see if I am appreciative or not. It has offered me a good chance to earn some credits by staying up most of the nights meditating on **ALLAH's name**, bowing and prostrating to **the Lord of the Universe** and imploring Him for **His mercy** to heal me. I have implored **Him** through the proven verses of **the Quran** and I know that **my Lord** appreciates that I recite what He has granted and revealed to me. This is my way of showing and expressing my appreciation to **Him**.

14:7 Part 1: Your Lord has decreed: "The more you thank Me, the more I give you."
Part 2: But if you turn unappreciative, then My retribution is severe.

Revealed: The Allah letters are 5 and 4, **the diff. is 1**, Subhan Allah.

Revealed: The GV of Allah letters are 63 and 62, **the diff. is 1**, Alhumdo Lillah.

Revealed: Chapter No. is **14** and Verse number is **7** – the **Perfect Code of Seven Pairs**.

The revelation of **14:7** becomes even more clear and precise when I break it down in parts to reveal the exact message coming out of it. The Revelation of 1 is revealed for those who are thankful to **ALLAH** and the Revelation of 2 meaning disbelief and idolatry occurs when people turn unappreciative and incur His wrath and retribution.

14:7 Part: Your Lord has decreed: The more you thank Me.
Part: The more I give you.

Revelation for Believers: The Allah letters are 3 and 2, **the diff. is 1**.

Revealed: The GV of Allah letters is 32 and 31, **the diff. is 1**. True believers praise and thank **ALLAH** all the time for everything, and they are given the good news under the "Revelation of 1" of their Lord's acceptance and approval of submission to **Him**.

14:7 Part: But if you turn unappreciative,
Part: Then My retribution is severe.

Revelation for Disbelievers and Idolaters: The Allah letters are 1 and 3, **the diff. is 2**.
*Any worship of satan constitutes worship of 2 gods and is considered idolatry and disbelief in the **One and Absolute Allah**.*

Revealed: The GV of Allah letters are 30 and 32, **the diff. is 2**. Again the **Most Wise Allah** has proven through **His glorified letters** the difference *between worship of ONE*

**Sermon: Customized Message and Revelations for the Messenger at age 59.
A True Marvel from Allah, the Lord of the Universe!**

GOD and two gods. The revelation has opened up the verse like never before to clarify the teachings for the believers.

2:152 Part 1: You shall remember Me, that I may remember you, and be thankful to Me.
Part 2: Do not be unappreciative.

Revealed: The GV of **messenger's letters** are **158** and **92**, **the diff. is 66**. **ALLAH** has clearly pointed out to the messenger and the believers that we should always remember **Him** and be thankful to **Him**, so that **HE** may remember us. We should never be unappreciative of **Him** and **His** blessings no matter what situation we are put in as a **Test**. He does not like the unappreciative human beings. Saying "**Alhumdo Lillah**" often enough is a good way to appreciate **Him** and for thanking **Him**.

This is the **Revelation from my Lord**, reminding me and the believers, that we should always remember our **LORD** and **thank Him**, for everything that **He** has given us in our lives. If anyone turns unappreciative of **His blessings** or when the **Test** afflicts you, then **He** nullifies your **Submission** and His retribution is severe for the unappreciative. This is now a proven revelation through a pair of similar verses on **remembering ALLAH**.

These have been important days of my life, and a reminder that the **Almighty Creator** created me **59 years ago**, and sent me to Earth to participate in the **Test of Submission**. It is indeed a blessing and a mercy from **Him** that **He** chose to guide me at some point in my life, in order to steadfastly **worship Him** for the rest of my life, **Alhumdo Lillah**. The blessings upon me from **the Grantor and Possessor of All Grace and mercy** are enormous and continue till present. **The Creator of the High Heavens and the Earth** has chosen and granted me the privilege through the inclusion of *my name letters* in the verses of **the glorious Quran** to reveal the profound, unparalleled, and unsurpassed revelations sent down for all the people on **Earth** as the "**Ultimate and Customized Miracle**" - **Glory and Praise be to ALLAH**. The sending down of this "**blessed message**" before the **Day of Reckoning** and the **Day of Judgment** makes it highly important in terms of all the messages sent down by **the Most Merciful** so far on **Earth**.

GOD has provided me with **new and descriptive words** over the course of the revelations and time, in order to appropriately define the Message revealed to me through the numbering system set up through the Arabic Quran but translated in English to make the Message widespread across the earth, thus adding praise for **my LORD**. The name given to the revelations inspired to me in the past was "**the ultimate miracle**" and "**ultimate revelations**" which I have used frequently in my **Sermons**. The new word to define such precise, accurate, and personalized revelations appears as the **lead word** for the topic of this **Sermon**.

It is called "**Customized Message**" from **Allah, Lord of the Universe**.

The word "**customized**" is appropriate and applicable, as the proofs of the verses in my personal name have far exceeded the normal revelation as a "**Sign**." The **Most Sacred and Most Dignified LORD** has drawn my attention to **His mercy** by making the **message special for me** and for the believers.

**Sermon: Customized Message and Revelations for the Messenger at age 59.
A True Marvel from Allah, the Lord of the Universe!**

76:23 We have revealed to you this Quran; a special revelation from us.

76:24 You shall steadfastly carry out your Lord's commandments, and do not obey any sinful disbeliever among them.

Inspirational Proof: The **Aleefs of Absoluteness** are **6** and **6** to reveal the glorified name of Allah as **66**.

Revealed: The **Allah letters** are 10 and 9, **the diff. is 1**. The sum of **Allah letters** for both Verses, is **also 19**. **Praise be to Allah** who has revealed **His Name** as well as the proven fact that **He is 1 and Waahed (One)** through **His letters**, Subhan Allah.

Revealed: The **messenger's letters** for both verses are **28** – a number that ties in to my day of birth, and is a multiple of 14.

Moreover, the Quran has been revealed centuries ago with the predetermined plan and choice of **the Most Merciful** to compose it with precisely **14 Verses** under the numbers **178** and **128** bearing the gematric values of the messenger's first and last names as *Makbool Husain*, Subhan Allah. The messenger's name in Arabic comprises of **9 letters** and the **14 Verse Numbers** aforementioned appear over **9 chapters** to perfectly match with **my name letters**. The **Verse Nos. 178 and 128** appear in **Chapters 2, 3, 4, 6, 7, 16, 20, 26, and 37**.

These are highly coded and secret numbers known only to **ALLAH** in the past, except for what **He** will reveal now for your knowledge. These numbers include and bear **His Glorified Signature** over the **messenger's name and His selection** for the “**specified and ultimate message**” as well as the **entire Quran** being the message till the **Day of Judgment**.

Note the Proofs to appreciate the name of ALLAH in a unique and coded manner.

The name of **ALLAH** comprises of **1 Aleef, 2 Lam, 1 Hey** (1A, 2 L, 1H) = **1-2-1**. This reveals the composition based on the frequency of 3 different letters.

This now becomes a sacred number for the purpose of this Sermon, as it relates to ALLAH. Let me decipher the coded number 121 with my Lord's permission and His approval. The number 121 turns into a “revelation” becoming chapter 12, Verse No. 1. Let me turn to my Lord for the Revelation, who is Omnipotent and has the Absolute Authority over all matters.

12:1 **A.L.R.** These (letters) are proofs of this profound scripture.

Revealed: The GV of **Allah letters** is 124 and of **the messenger** is 234, **the diff. is 110**.

This proves that **ALLAH** is in full control over **His Scripture** as the number **110 reveals**, and that He has granted **His Approval and Authority** to **the messenger** through the continuous proofs provided by **Him**, Alhumdo Lillah. This verse indicates a blanket approval and authority for the messenger, as it talks about the entire scripture having letters as proofs evidenced throughout the verses. This Verse, which opened up as a “**Revelation**” through the coded letters

of Allah as 121, provides the **Proof** for the messenger for the entire **Quran**, as you will witness below.

Revealed: The Allah letters in the verse are 8 and A.L.R. letters are 9, the diff. is 1.

Revealed: The A.L.R. letters are 9 and messenger's letters are 10, the diff. is 1, while the sum is 19.

Notation: In this Verse, the **Quranic Initials of A.L.R** letters are Proofs for the messenger. This special inscription of Quranic Initials in relation to the messenger's letters is what makes the Quran so special and praiseworthy and glorifies and **magnifies ALLAH to the Highest Degree**. As observed by you, the **Most Gracious** has not only provided proof for the messenger in relation to **ALR letters** but also for **His glorified name** also. He has proven the Scripture through all 3 different ways – **Allah – Messenger – ALR letters**.

The chapters selected by the **Most High** for inscribing verses under the **messenger's name** of **178** and **128** in **9 chapters** add to:

Chapter Numbers 2 + 3 + 4 + 6 + 7 + 16 + 20 + 26 + 37 = 121

Thus the **Omniscient** has precisely matched the number 121 originating out of His Letters of the Name with the sum of chapters which bear verses 128 and 178 of the messenger's name adding up to 121 also. This is called the **"Revelation of Perfect Matching."** It reflects GOD's immense and enormous wisdom in predetermining and planning beforehand what is being revealed now. Alhumdo Lillah.

Note another example of Perfection of the Most Gracious:

Chapter Numbers: 2 + 3 + 4 + 6 + 7 + 16 + 20 + 26 + 37.

The sum of all the digits of these numbers is:

$2 + 3 + 4 + 6 + 7 + 1 + 6 + 2 + 0 + 2 + 6 + 3 + 7 = \underline{49}$

Now open up the **very first chapter – Al Fatehah**. It is assigned **Chapter Number 1** for the specific reason with the proof that **ALLAH is ONE**. This is the only chapter, which is completely devoted to **Allah**, bears praise for **Him**, and carries no other subject matter except **HIM**.

The sum of the digits of 49 revealed through the chapters above, which bear verses under the messenger's name of 128 and 178, is **Matched** by the **Almighty** by sacredly inscribing 49 Allah letters in the 7 Verses of **chapter Al-Fatehah (The Key)** which bears **His name** and **glorifies Him** with no other subject matter in it.

The **number 49** again reveals ($49 = 7 \times 7$) to provide the **Proof of the Seven Pairs**, as well as the verses are 7 also. Thus both numbers revealed by **ALLAH** as **121** and **49** refer back to **Him** in

**Sermon: Customized Message and Revelations for the Messenger at age 59.
A True Marvel from Allah, the Lord of the Universe!**

coded ways, as I have explained to you. The **first number of 121** reflects the pattern of the 3 different letters, which make up the name – **ALLAH**, and the **second number 49** reflects on the only chapter whose subject and contents are assigned to the **glorified name** of **ALLAH** bearing **Chapter Number 1** and called “**The KEY.**”

With **GOD’s will**, I am going to combine the **2 numbers** together. By taking the number of the chapter as **1** and joining it with the coded number **121** – both of them representative of **Allah** – the new number becomes **1121**. This is now **a multiple of 19**, as $1121 = 19 \times 59$.

This new number 59 revealed by GOD now becomes the Topic of the Sermon – “Customized Message and Revelations for the Messenger at age 59 – revealed by Allah, Lord of the Universe.” Through the combination of the numbers revealed above, the **Most Wise** has revealed the “coded message” thereby revealing the age of the messenger at this time to be 59 years, and making it into a “revelation” for the topic of this Sermon, **Alhumdo Lillah.**

To understand the meaning of the word “**Customized Revelations,**” I will give you a brief overview of the revelations to show you the predetermined plan of **ALLAH and His Perfection of the Revelations granted to the messenger thus bringing enlightenment for the believers.**

22:52 Part 1: We did not send before you any messenger, nor a prophet - without having the devil interfere in his wishes.

Revealed: The **Allah letters** are precisely **19** to explain and prove the system whereby the devil who is the ardent enemy of **Allah** and of the believers, deliberately interferes in the wishes of the prophets and messengers in order to corrupt the message of **ALLAH.**

Part 2: **Allah** then nullifies what the devil has done. **Allah** perfects His revelations.

Revealed: The **Allah letters** are precisely **14** in the part on “**Perfecting His revelations**” after nullifying what the devil has done. This is the “**ultimate and customized message of Allah,**” as the **Codes of 19 and 14** have been revealed through the 2 parts of the Verse on the “**system of the devil.**”

Complete Part 2: **Allah** then nullifies what the devil has done. **Allah** perfects His revelations. **Allah** is **Omniscient, Most Wise.**

Revealed: Now the **Allah letters** also become **19** up to **Most Wise** after revealing **14** up to “**perfecting His revelations.**” You have now seen how customized the verses are to reveal **19-14-19** or however the **Lord wills**, Subhan Allah.

Part: **Allah** then nullifies what the devil has done.

Revealed: The GV of **Allah letters** is **128** for the messenger, **Husain.**

Has Allah not proven that He does nullify the evil schemes of the devil, which he tries against His messengers and His messages? The **Omnipotent** has clearly marked and revealed the name of the present messenger in the appropriate part of the verse. The next part of the verse opens up the **Revelation of 1** for the messenger as the “**special revelation**” granted to him.

Part: Allah perfects His revelations.

Revealed: The **Allah letters** are 6 and **messenger’s letters** are 7, **the diff. is 1**, Subhan Allah. There can be no greater or higher revelation than the “**Revelation of 1**” nor is there any revelation superior to the one which proves that **ALLAH is indeed ONE**. Therefore, **ALLAH** has perfected His revelations for the customized message given to the messenger under his name letters, Alhumdo Lillah. The name of the **messenger 128** along with the **Revelation of 1** are revealed through 2 consecutive parts of the verse next to each other, as the **Supreme Design of Allah**.

Complete Part 2: Allah then nullifies what the devil has done. Allah perfects His revelations. Allah is Omniscient, Most Wise.

Revealed: This part is composed of **19 Allah letters** and the GV is **296** – the number, which spells out the word “**Messenger**”, or “**Rasool.**” The **Most Gracious** has already proven the name of the Rasool or Messenger and the Revelation given to him.

Revealed: The GV of **Allah letters** is **296 for Part 2**, and the GV of the **messenger’s letters** is **832**, the sum of **296 + 832** is **1128**. This is the revelation of the **month** and **day** of birth of the messenger as **November 28**. While **the Omniscient** has opened up the “**revelation of my name,**” the actual “**revelation of 1**” blessed upon me, and now the **actual date of birth of the messenger** is also confirmed through the same verse, as well as **the Codes of 14 and 19** which run through it.

Let me show you the hidden secret behind the number **1128** which is my date of birth, and how the **Most Merciful** will open up another appropriate verse to reflect on the “**customized miracle and message.**”

11:28 He said, "O my people, what if I have a solid proof from my Lord? What if He has blessed me out of His mercy, though you cannot see it? Are we going to force you to believe therein?"

Revealed: The **Allah letters** are pre-coded to be **19** in the Verse, whose numbers represent the month and day of birth of the messenger. The GV of **19 Allah letters** is **188**, therefore the sum of **19 + 188 = 207**. This now spells out “**Rabbahoo or Rabbayhee**” for “**their Lord or his Lord.**”

Revealed: The GV of **messenger’s letters** for entire verse is **1372 = 14 x 14 x 7**. This is a powerful miracle under **the Seven Pairs code and formula** predesigned to reflect as a miracle from **ALLAH** granted to the messenger whose name is already coded in the

**Sermon: Customized Message and Revelations for the Messenger at age 59.
A True Marvel from Allah, the Lord of the Universe!**

Scripture. There are clearly **3 parts to the Verse** and the quotient or resulting numbers also reveal **3 numbers** as **14-14-7** to compliment each part of the verse. Read the 3 parts of the verse separately and compare the Miracle to fully comprehend the **Absoluteness of Allah**.

11:28 Part 1: He said, "O my people, what if I have a solid proof from my Lord?"

Revealed: The GV of **Quranic Initials** in this part of the verse add up to **1128** – revealing the hidden and coded date of birth of the messenger whereas the chapter and verse number is also **1128**, Subhan Allah.

11:28 Part 2: What if He has blessed me out of His mercy, though you cannot see it?

Revealed: In this part, the **Quranic Initials** by the count are **28** to reveal the day of birth of the messenger, while Part 1 revealed the month and day of birth.

Both Parts 1-2: The letters of **the messenger** are 19 and 18, **the diff. is 1**. The solid proof and the hidden blessing of God's mercy, as mentioned in the verse has been proven here, through the **"Revelation of 1"** and **the secret coding of the day and month of birth of the messenger**.

Part 3: Are we going to force you to believe therein?

Revealed: The **Allah letters** are 5 and the **messenger's letters** are 6, **the diff. is 1**. Belief in **Allah and His messenger** is voluntary and there is no compulsion in religion. Most often, **ALLAH** does not force the people to believe unless there is a specific reason behind it. The messengers are strictly forbidden not to force anyone to believe in **GOD** and **His** messengers. The **Revelation of 1** is a clear indication that belief has to come from within the person and voluntarily.. If **GOD** has to force the people to believe, then that kind of belief is not acceptable to **Him**. Such people are condemned to the Hellfire and will not make it to **Paradise**.

Another example of perfecting the verses is given through 11:1-2.

11:1 A.L.R. This is a scripture whose verses have been perfected, then elucidated. It comes from a **Most Wise, Most Cognizant**.

11:2 Proclaiming: "You shall not worship except **GOD**. I come to you from Him as a warner, as well as a bearer of good news.

Revealed: The **Perfection of these Verses** is an indicator of all the verses in **the Quran**. The perfection can only be expressed through the careful usage of the language, the hidden content, and the mathematical coding of precise **7 Allah letters** in **Verse 11:1** followed by **14 Allah letters** in **Verse 11:2**. **This is the Perfect Coding of the Seven Pairs reflected as 7-14 in numbers.**

**Sermon: Customized Message and Revelations for the Messenger at age 59.
A True Marvel from Allah, the Lord of the Universe!**

Revealed: The **Perfection of the Verses** is further proven as the **Arabic Letters** for each verse are **35** and **35** – being multiples of 7, and **Perfectly Matched** with each other.

Revealed: The **Arabic Letters** for both verses are 70 while the **Quranic Initialed** letters are 51, **the difference is 19**. This is the *Masterwork of the Creator* – the inter-mix of letters of the verses to reveal the **specific Code of 19**, which proves that everything is easy for **Him and He is Omnipotent**.

Consider these Facts from the Quran – the Special Revelation to the Messenger:

The Quran is composed on the Codes of 19 and 14. The number **14** appears under different numbers in the **Verses** to represent this **vast Miracle** in all of its forms of denominations. It could be written as: 7 or 77 or 14.

The Verses under these numbers appear in the following chapters:

- Chapter 1 **7 Verses**
- Chapter 25 **77 Verses**
- Chapter 61 **14 Verses**
- Chapter 107 **7 Verses**

These verse numbers appear **only 1 time** without repetition of them. Verses other than these numbers may be repeated in other chapters but not these ones. This shows the pre-design of the **Miracle of Seven Pairs** to have only **1 occurrence** of each to mark the *Signature of the One and Omnipotent Lord of the Universe*.

There are a total of **114 chapters** in the Quran. The chapters bearing the verses based on **Miracle of 7** and its various representations are only **4**, which leaves the remaining chapters to be precisely **110** – the number representing **“La Elaha Ella Hoo”** for **God’s Absoluteness**.

While the verses under the **messenger’s name of 178 and 128** occur precisely **14 times** in the **Quran**, the **initials of my name H and M** appear over **7 chapters** in chapters **40 through 46** for a total of **14 occurrences** to match with the **Miracle** of verses under my name. As the initials of my name are in pairs given as **H.M.** – there are **7 Pairs** of them for a total of **14** individually. They are designed to perfectly fit with the gematric values of my name to cover both of **the Sacred Codes of 14 and 19**, as you shall witness. The appropriate initial placed next to my name, which it represents, in a straight line produces multiples of **19 and 14**.

(Initial) **H**, (Name) **Husain**, (Initial) **M**, (Name) **Makbool** :

$$8,128,40,178 = \underline{19} \times 42781062$$

(Initial) **M**, (name) **Makbool**, (Initial) **H**, (Name) **Husain** :

$$40,178,8,128 = \underline{14} \times 28699152$$

Praise be to ALLAH for the Perfect Design of Proofs for the messenger and the coding of precision done by Him. He has proven to be the Absolute and the Omniscient Lord and the One who creates ALL MIRACLES!

Consider another Fact – there are **14 occurrences** of verses **178** and **128** under the **messenger's name** and are spread across **9 chapters**. This reveals a new number by combining **14** and **9** to open up **Verse 14:9**. In this Verse, **the Almighty** expresses 3 names of previous messengers as Noah, 'Aad, and Thamoud, **and then speaks about other messengers who have come after them and known only to GOD**. I will slice the appropriate part of the verse starting from **“other messengers who came after them and known only to GOD”** to the end of the verse, to show you the precise coding of **the Most Wise** in revealing **my name and code** which is deeply embedded within the verse. This is the secret and hidden knowledge of **ALLAH** and it reveals the profound nature of even minute parts of the verses which bear the **“hidden secrets of the Omniscient”** in the Quran.

14:9 Part: And others (messengers) who came after them and known only to GOD? Their messengers went to them with clear proofs, but they treated them with contempt and said, "We disbelieve in what you are sent with. We are skeptical about your message; full of doubt."

Revealed: The Allah letters are **44** and messenger's letters are **58**, **the diff. is 14**. This is the hidden and secret code of **the Seven Pairs** which is marked precisely from the point of verse talking about **“other messengers who came afterwards and known only to ALLAH.”** Since my name **Makbool** is not mentioned by name as a messenger of the Quran, the **code of 14** identifies the messenger that **GOD** has pointed out several times throughout the Scripture. How if the **Omnipotent Lord** also points out **the coded and mathematical name** now along with the **Code of 14?** This will prove **His Attribute of Absoluteness, Alhumdo Lillah**. Note how the fine details emerge out of the appropriate parts of the verse.

14:9 Part: And others (messengers) who came after them.
Part: And known only to GOD?

Revealed: The GV of Allah letters are 36 and 164, **the diff. is 128**.

14:9 Part: And others (messengers) who came after them and known only to GOD?
Part: Their messengers went to them with clear Proofs.

Revealed: The GV of Allah letters are 200 and 72, **the diff. is 128**.

Praise be to Allah, who has Stamped and Revealed the un-named messenger being 128 Husain - twice through His name letters through parts of the verse which mentions about other messengers coming and bringing clear proofs from their Lord. *Now the messenger is no longer un-named; he has been assigned a clear and mathematical name under the numbers*

*128 and 178 and 306 which are his real names, serving as "Proofs from our LORD."
Subhan Allah.*

The verses under the messenger's name appear in **9 chapters** with the last occurrence being in **Chapter 37**. After this, there are precisely **77 chapters left in the Quran**, another **Sign of the Seven Pairs**.

The last 2 occurrences of verses under the messenger's name appearing in **Chapter 37** covering the last and first name are **37:128** and **37:178**. Both of these are similarly coded to reflect the **Sacred Codes of 19 and 14**, as well as marked in an identifiable and recognizable way with the *"Revelation of 1"* through *the letters of the messenger*, as you shall witness:

37:128 Only **GOD's** servants who are absolutely devoted to Him alone (are saved).

Revealed: The **Arabic Letters** are **19** – the first Sacred Code of **ALLAH**.

37:178 Disregard them for awhile.

Revealed: The **Arabic Letters** are **14** – the second Sacred Code of **ALLAH**.

Revealed: The **messenger's letters** in each of the verses are **9** and **10** in the perfect order to reveal the **difference of 1**, while **the sum is 19**. Both of the numbers add **glory to the One (1) Who is Waahed (19) – the Most Praiseworthy Lord of the Universe**.

The **Most Merciful** has stamped the Message with His own **Signature** to remove all doubts by coding even the last **3 verses** of **Chapter 37**, which praise Him, and is the **"ultimate prayer"** for the believers. **This Stamp and Seal of Approval** reveals the messenger's full name through the very special verse on **"Praise for GOD."** It also demonstrates the **Forgiver's mercy** towards the messenger and those who will follow him in order to be redeemed. The Coding of this nature and in a verse of this nature only reflects on **GOD's mercy and grace towards the believers**, by informing them of their messenger with due introduction of his full name, so that they can follow the righteous path in life.

37:180 Glory be to your Lord, the great Lord; far above their claims.

37:181 Peace be upon the messengers.

Revealed: The **messenger's letters** are 11 and 12, **the diff. is 1**. The **Most Merciful** has wished peace upon **His messengers**. Those who believe, obey, and follow the messengers of **Allah** are the ones who glorify **Him** in the decreed manner, as **He** rightfully deserves. **Those who do not believe and follow His messengers are denying God's Absolute Authority and blaspheme Him** with their false claims, *but He is still the glorified and great LORD far above their claims.*

Revealed: The **Allah letters** for both verses are **9** and **messenger's letters** are **23**, the **difference is 14**. Both of the **"powerful revelations"** are revealed through these important pair of verses.

37:182 Praise be to GOD, Lord of the universe.

Revealed: The Allah letter are 8 and the GV is 157, the sum is 165 for Al-Samad – the Absoluteness of Allah.

Revealed: The Allah letters are 8 and the messenger's letters are 12 – the special coding of the messenger's name of 128, Subhan Allah.

Revealed: The GV of messenger's letters is 306 – the special coding reveals the full name of the messenger, so that the people have no problem recognizing him and the revelations he brings from the Most High – the Absolute LORD. The recognition of 37:182 as praise for Allah being Lord of the Universe is only acceptable by Him if the worshiper recognizes and accepts the “coded messenger” whose name is an integral part of the “words of praise for Allah.” The proofs of 128 and 307 cannot be disregarded, as Allah is the One who has inscribed them and revealed them, Subhan Allah.

Revealed: 37:180-181 Allah letters are 9 and 37:182, Allah letters are 8, the diff. is 1.

Revealed: The GV's of Allah letters for each set are 158 and 157, the diff. is 1.

This concretely and conclusively proves the predetermined design and plan of ALLAH and the appointment of the messenger for the specific delivery of the Sacred Codes and the Revelation of 1 to the people of the world.

The number 59 representing my age at this time, has a meaning behind it from the Quran and is elucidated and explained in terms of “*matching revelations*” which the Absolute GOD will make them apparent to you. He has revealed profound revelations which originate from words and verses but are based on numbers; therefore the age of the messenger at this time with a certain number bears relativity. Here is some of the wisdom which you will read and observe through the coded number 59 which GOD will reveal out of His Mercy.

The 59th verse from the beginning of the Quran will be 2:52 (252 = 14 x 18 – being a multiple of 14). This verse reads:

2:52 Then, we pardoned you thereafter that you may be appreciative.

Revealed: The Most Gracious has perfectly marked the verse with 14 letters of the messenger's name to introduce and confirm the **Miracle Code of Seven Pairs** assigned to him. The system of GOD reflects profound mercy on His part to pardon those whom He chooses to guide so that they can be appreciative to Him, **Praise be to the Forgiver.**

The only chapter having 59 verses in the Quran is Chapter 44, called “The Smoke.” This is a serious and powerful prophecy and I have recited some sermons on it with the verses and their proofs in the past. This Prophecy has not come to pass yet, and it is for the future, known only to the **Knower of the Future**, till He reveals its exact time through a messenger.

This **Chapter** has some important and key verses drawing our attention to the laws of GOD, the details of the Prophecy itself, the proclamations of the messenger to the people in delivering the message, the fate of the disbelievers and the righteous and the comparison drawn between them, the truth that the believers never die but move on to Paradise after dying on Earth, and finally through the last verse of the chapter asking the believers to wait for **God's judgment** to come while the disbelievers also have to wait.

I will take selective parts of the chapter's verses to highlight some of the **Miracles** and the **messages** originating through the verses. The verses are sacredly coded and marked to reveal precise codes and miracles, as you will witness. It is easy to recognize the messenger whom the **Most Gracious** is addressing through this **Chapter** and through the entire **Quran**.

RECOGNIZING THE MESSENGER

*** The verses of the Quran were revealed to **Prophet Muhammad** at the time of "**Original Revelation**," subsequently to *Rashad Khalifa*, and now the revelations have been **re-revealed and inspired to the messenger Makbool Husain**, Alhumdo Lillah.

The pre-designed proofs through the same verses are **GOD's Testimony** of the **Truth** given to **the messenger**. Hence, the believers are being enlightened to new facts and revelations – all of this is supported with the **Truth from our LORD**.

44:3 We have sent it down in a *blessed night*, for we are to warn.

97:3 The *Night of Destiny* is better than a thousand months.

Revealed: The **Allah letters** are 12 and 8 – the Pattern of 128, to reveal the name of the messenger, **Husain**.

44:4 In it (the scripture), every matter of wisdom is clarified.

44:5 It is a predetermined command from us that we send messengers.

Revealed: The **messenger's letters** are 8 and 12 – the Pattern of 128. The predetermined command of sending the messengers and clarifying matters of wisdom through them is the pre-decreed system of **ALLAH**, which no one can abrogate. The *messenger, Husain*, is thus part of the chain of messengers pre-decreed by the **Most Wise, Most High**.

Revealed: The GV of every **Arabic Letter** of each verse is 855 and 1020, the diff. is 165. The messengers are sent under the **Sole and Absolute Authority of ALLAH** who then Sees and Hears the responses from the people. He is **Most Wise and Cognizant** of His creatures.

44:5-6 It is a predetermined command from us that we send messengers. This is a mercy from your Lord.

**Sermon: Customized Message and Revelations for the Messenger at age 59.
A True Marvel from Allah, the Lord of the Universe!**

Revealed: The **Allah letters** are **8** and **messenger's letters** are **17** – **the Pattern of 178.** The sending of a messenger is called "*mercy by our LORD.*" Without this mercy, the people would not have a messenger, and without the guidance through the messenger, the people cannot believe and work righteousness, and without belief and working righteousness the people cannot be forgiven by the **Forgiver**, nor can they be redeemed back into Paradise, without going through the essential and mandatory **Test of Submission in this life.**

44:6 Part 2: He is the Hearer, the Omniscient.

Revealed: The **Arabic Letters** are **17** and **Allah letters** are **8** to reveal the name of the **messenger, 178**, Subhan Allah.

Revealed: The GV of **Allah letters** is **103** for *Al-Sajdah or the Prostration.*

Revealed: The GV of **messenger's letters** is **306** – perfectly designed to reveal the name of the messenger through one of the prime and prominent attributes most commonly used in inspirational, imploring, and guidance verses. The total act of prostration, worship, and reverence can only be achieved as pointed out through the proofs of the verse, which is to accept and follow the messengers of **ALLAH.**

97:1 We revealed it in the Night of Destiny.

97:3 The Night of Destiny is better than a thousand months.

Revealed: The **messenger's letters** are 10 and 9, **the diff. is 1** – These are "new revelations through the Code of 1" to confirm the previous revelations and the entire Quran, Subhan Allah.

97:2 How awesome is the Night of Destiny!

97:3 The Night of Destiny is better than a thousand months.

Revealed: The **messenger's letters** are 8 and 9, **the diff. is 1**

In this chapter, **Verses 44:18, 19, 32, and 33** are of great significance. These verses are on the messenger and this message.

Matching Set through Allah Letters

44:18 Proclaiming: "Listen to me, servants of **GOD**. I am an honest messenger to you."

44:19 And, "Do not transgress against **GOD**. I bring to you powerful proofs.

Revealed: The **Allah letters** are **14** and 13, **the diff. is 1**, glory be to Allah.

**Sermon: Customized Message and Revelations for the Messenger at age 59.
A True Marvel from Allah, the Lord of the Universe!**

Note that the opening verse, **44:18** is clearly marked with **14 Allah letters** to produce the **Sign and the Miracle** for the **un-named messenger** here. This happens to be **Makbool Husain - by the authorization and mercy of my LORD**. Further, the **“Revelation of 1”** through the **Sacred Name of ALLAH** has been bestowed upon me as a special mercy from **the Grantor**, Subhan Allah.

The part of verse **44:18** addressed to the messenger is also marked through the same divine code, as you will see:

44:18 *I am an honest messenger to you.*

Revealed: The **Arabic Letters** are marked as **14** – the clear **Sign of the Messenger**.

Revealed: The GV of **Allah letters** is 62 + GV of **Allah** is 66, **the sum is 128** – to reveal the name of the **messenger**.

After revealing the **first matching set through Allah letters**, the **next matching set is revealed through the messenger’s letters**. This shows Allah’s extreme mercy and consideration for the messenger who has been blessed with enormous Signs from His Lord. I am fully appreciative of my Lord’s mercy towards me, Alhumdo Lillah.

Matching Set through letters of the Messenger

44:32 We have chosen them from among all the people, knowingly.

44:33 We showed them so many proofs, which constituted a great test.

Revealed: The **messenger’s letters** are 16 and 17, **the diff. is 1**. Praise be to Allah.

The delivery of this message and the sending of this messenger, **according to GOD’s decree**, is a profound event and sign, which will distinguish those who uphold **His Absolute Authority (110 & 165) through His messengers or not**. Truly, **the Praiseworthy** has shown continuous, unique, incredible, and verifiable proofs to the followers of the Quran, and those who dispute, disregard, distort, or reject the **“Words of the Almighty”** will have to bear the most serious consequences in **the Hereafter**. For this reason, the sacred and glorious proof of **110** is marked in the verses through the **letters of the messenger**, so that the people can identify the messenger and believe in GOD through him. All of this is meant to remove all doubts from the hearts of the believers – **a special mercy from ALLAH**.

Revealed: The GV of **messenger’s letters** are 426 and 536, **the diff. is 110**, Glory be to the **Absolute Lord**, who holds the **Absolute Power** to everything in **the Universe**.

The **“Revelation of 110”** through *the messenger’s letters* shows and proves that **ALLAH** tests the people regarding *His Absolute Authority through His messengers*. This pivotal fact is **key to belief**, which is not known by the majority of the followers of the Scriptures, nor do they accept GOD’s reminders about their Covenants and Pledges made with Him. The disbelievers

A True Marvel from Allah, the Lord of the Universe!**

constantly wage the rebellion against GOD while maintaining possession of His Scriptures and also reading them. They totally ignore the contents and commands of the Scriptures. Therefore, this 2nd chance for them in this life is only to repeat the same what they did during the “*Heavenly Feud*” and they are certainly not here to repent, reform, or to ask for forgiveness from the Forgiver, the Almighty.

The following verses demonstrate the arrogant behavior of disbelieving people.

74:52 Does each one of them want to receive the scripture personally?

74:53 Indeed, they do not fear the Hereafter.

Revealed: The total **Allah letters** for both Verses are **17** and total **Aleefs of Absoluteness** for both Verses are **8** to reveal the **messenger 178** through the complex mix of the lettering of the *Most Praiseworthy Allah*. Those who show lack of appreciation for *GOD's wisdom and Absolute Authority to reveal what He just revealed*, have not really believed in Him nor can they be guided.

The message continues from **Verse 74:52** with the warning for those who do not fear the **Hereafter** due to their lack of reverence for **GOD** and the *Absolute Choices and Decisions* which He makes regarding *His selection of messengers*.

You have already seen the clear Proof through 74:52-53. Now the next 3 verses, 74:54-56 which end on the chapter will be put into comparison with 74:52-43, so that you can marvel at the *obvious and customized Revelation of ALLAH*, glory be to Him.

74:52-53 Does each one of them want to receive the scripture personally? Indeed, they do not fear the Hereafter.

74:54-56 Indeed, this is a reminder. For those who wish to take heed. They cannot take heed against **GOD's** will. He is the Source of Righteousness; He is the Source of Forgiveness.

Revealed: The **messenger's letters** for each set of 2 and 3 verses are precisely **25** and **24**, **the diff. being 1**. These sets of verses carry and deliver the warning to those who disregard the Hereafter, as well as serve the reminder for those who wish to take heed in imploring for righteousness from *the Source of Righteousness and Forgiveness – ALLAH*. The **Most Gracious** has presented the *Proof of His messenger* sent to deliver the “*Sacred Revelation of 1 GOD*” rather than through His own name letters. *This is the gist of Islam* – following the guidance sent down through the messengers in order to believe in **ALLAH** and to obey His commands.

Revealed: The set of last 3 verses, 74:54-56 are further marked with **19 initials** of the *messenger's name* clearly guiding the followers to the **Path of ALLAH** who is the Source of Righteousness and Forgiveness, Alhumdo Lillah.

Coming back to the verses of **Chapter 44**, the 2 pairs of verses **44:18-19** and **44:32-33** are designed by the **Best Designer** to be **14 verses apart** from each other to magnify the **Miracle of**

the Seven Pairs. This shows and proves that these verses are applicable to the current messenger and message, Subhan Allah. Each of these sets has been designed to reveal the “*Revelation of 1*” through the **letters of Allah and also those of His messenger** called the “*Matching Revelations.*”

44:18 Proclaiming: "Listen to me, servants of **GOD**. I am an honest messenger to you."

44:32 We have chosen them from among all the people, knowingly.

Revealed: The difference in Verses 18 and 32 is **precisely 14 – the Sign of the Messenger.**

44:19 And, "Do not transgress against **GOD**. I bring to you powerful proofs.

44:33 We showed them so many proofs, which constituted a great test.

Revealed: The difference in the Verses 19 and 33 is **precisely 14 – the Sign of the Messenger.**

The specific purpose of life is detailed through **chapter 44** with profound signs from our **Lord**. I will specifically recite these for you so that you may be enlightened with the proofs of **GOD**.

Specific Purpose of Creation Revealed to the Messenger

44:38 We did not create the heavens and the earth, and everything between them, just to play.

44:39 We created them for a specific purpose, but most of them do not know.

Revealed: The **Aleefs of Absoluteness** are 7 and 7 – the specific purpose proven through the *Miracle of the Seven Pairs*.

Revealed: The **messenger's letters** are 21 and 20, **the diff. is 1** – It is a **Test** from ALLAH – the ONE

Revealed: Both Verses: The **Allah letters** are 27 and **messenger's letters** are 41, **the diff. is 14**. It is a grave test and a **profound Sign** for those who wish to take heed through proofs of **ALLAH** and through **His messenger**.

Revealed: The GV of **Allah letters** for both verses are: $132 + 197 = 329$ for **Most Gracious – the Lord of the Universe** who has created the heavens and the earth for the specific purpose, which most people do not know or care.

44:39 Part 1: We created them for a specific purpose.

Revealed: The **Allah letters** are 9 and **messenger's letters** are 10, **the diff. is 1, the sum is 19**. The **Tests of ALLAH** are conducted through **His messengers** to test **His**

A True Marvel from Allah, the Lord of the Universe!**

Absolute Authority of choosing whomever He likes and by sending messages and reminders through whomever He likes.

Revealed: The GV of Allah letters is a **Perfect 100** proving His Absolute Sovereignty, Power, and Control over the entire universe and the creations.

44:39 We created them for a specific purpose, but most of them do not know.

Revealed: The GV of Allah letters is **197** and of the messenger is **722**, **the diff. is 525.** This number is the gematric value of “**Al-Fatehah**” or “**The Key.**” It is a sacred word and number representing the **glorified Chapter Number 1 and its verses.** The diff. of **525** therefore adds **praise and glory to ALLAH** who has willed that my name letters create the difference of **525** along with His Praised Name.

Revealed: The GV of messenger’s letters is **722 = 19 x 19 x 2 - double multiple of 19.**

Those who do not care about the “*Specific Purpose of Life*” and the reason why they are here on **Earth** will remain heedless to the messages sent down through the **messengers of ALLAH.** Very few are destined to believe in the messengers while the vast majority are the wicked, who will launch opposition against them or become vicious opponents of them in order to stop the message of **Truth of ALLAH** from reaching others. The next verse clarifies the situation of the messenger who seeks refuge in **his Lord** when faced with such enemies and opposition.

44:20 Part 1: I seek refuge in my Lord and your Lord.

Revealed: The only Allah letter in this part is **1 Aleef.** The messenger’s letters are **9,** to reveal the **Sacred Code of 19.**

Revealed: The GV of messenger’s letters is **128,** to reveal the name of the messenger.

Revealed: The GV of Aleef is **1** and GV of messenger’s letters is **128** to reveal the date of birth of the messenger as **1128,** which is **November 28.**

Part 2: If you oppose me.

Revealed: The only Allah letters in this part is **1 Aleef.** The messenger’s letters are **4,** to reveal the **Sacred Code of 14.**

Thus when the messenger seeks refuge in **his LORD,** it is all coded, marked by *the LORD,* and happens in accordance **with the will of the Lord of the Universe.** The Sacred Codes running deep within the short verse are the *truthful testimony* from *my LORD.*

Then there is a striking verse which bears the “**good news**” for those who revered their **Lord,** came wholeheartedly, and attained the mercy of the **Almighty, Most Wise.**

44:42 Part 1: Only those who attain mercy from **GOD.**

**Sermon: Customized Message and Revelations for the Messenger at age 59.
A True Marvel from Allah, the Lord of the Universe!**

Revealed: The **Allah letters** are 7 and **messenger's letters** are 7 – the Matching letters bring out the **“Ultimate Miracle from ALLAH”** who has revealed this before the Day of Judgment as **“a visible and prominent Sign”** for those wanting to take heed. Without believing in **God's** proofs, miracles, signs, and messengers, the submission of the people is not acceptable to **the Forgiver, the Supreme.**

Part 2: He is the Almighty, Most Merciful.

Revealed: The **Allah letters** are again 7 to reveal the entire verse under the **Code of Seven Pairs.** Additionally, each part is split up into 7 and 7 **Allah letters** to display the visible miracle.

Revealed: The **Allah letters** are 7 and the **messenger's letters** are 8, **the diff. is 1.**

This **“Powerful Revelation of 1”** informs the people that **GOD** is full of mercy through **His Attribute of Most Merciful** for those who worshiped **Him** wholeheartedly and sincerely as per His rules and laws; at the same time, He will be strict in enforcing retribution – hence the attribute of Almighty is also given here.

44:42 Part 1: Only those who attain mercy from **GOD.**

Part 2: He is the Almighty, Most Merciful.

Revealed: The **Allah letters** are 7 and 7 – the **Seven Pairs Revelation.**

Revealed: The **messenger's letters** are 7 and 8, **the diff. of 1 – the Revelation of 1**

Entire Verse: The **Allah letters** are 14 and **messenger's letters** are 15, **the diff. is 1** – the **Powerful Revelation of 1** which will decide the fate of all the people from now to the Day of Judgment.

Revealed: The GV of **messenger's letters** is 412. This represents *“aayaat – which can mean verses, revelations, miracles, signs,”* and much more. **GOD** has clarified that those who follow **His** revelations – previous and subsequent – are the ones who attain mercy from **Him.**

There is a grave warning, and severe consequences mentioned for those who rejected **God's Absolute Authority** by rejecting *His messengers and His messages.* A pair of verses within the same chapter opens up **the Revelation.**

44:48 Then pour upon his head the retribution of the Inferno.

44:49 Taste this; you were so powerful, so honorable.

Revealed: The GV of **messenger's letters** are 434 and 320, **the diff. is 114.** Praise be to **Allah**, who sent down **His Revelations** covering the *114 chapters of the Quran*

through the messenger, but the majority of the arrogant and the disbelieving people rejected **ALLAH, Most Glorified**.

The next pair of verses is a matching set designed on the *Sacred Code of 19*. **The Miracle of 14** is also enshrined within the verses. Both of them are coded the same way to let the people know that *the Omniscient* is fully aware of those who are astray and those who are guided. The first one is for those who doubted and disbelieved in **GOD's Revelations** and the second one is for those who believed and were righteous. Both of these groups will have a very different destiny in the Hereafter – the doubtful ones will be confined to the Hellfire while the righteous will be in a secure position expecting the best from the *Forgiver, Most Merciful*. The wisdom of **the Praiseworthy** encompasses everything and therefore **He** has uniformly marked opposing verses for the wicked and the righteous in the same way with identical coding system. This proves the predetermined plans and decisions of **the Absolute**.

44:50 This is what you used to doubt.

Revealed: The **Arabic Letters** are 19.

Revealed: The **Allah letters** are **5** while the **Arabic Letters** are **19**, the diff. is 14.

44:51 The righteous will be in a secure position.

Revealed: The **Arabic Letters** are 19.

Revealed: The **Allah letters** are **5** while the **Arabic Letters** are **19**, the diff. is 14.

The special coding declaring “*Good News*” for the righteous is revealed through the same chapter by precisely spacing them 14 verses apart, Subhan Allah. The mercy of GOD is made clear for the believers by informing them that they do not die beyond the first death and He has spared them the retribution of Hell.

44:42 Only those who attain mercy from **GOD**. He is the Almighty, Most Merciful.

44:56 They do not taste death therein - beyond the first death - and He has spared them the retribution of Hell.

Revealed: The difference in Verse numbers **42** and 56 is precisely **14** – **the Seven Pairs Miracle** is the “*good news*” from the **Forgiver, Most Merciful** for those believers who obeyed and followed His messengers without doubts and carried out all the commands. The exact spacing of these verses reveals the profound and ultimate miracle associated with this message.

Revealed: 44:42 & 56: The *messenger's name initials* are 14 and 19 in **each verse**; thus, the “*great and good news from Allah, Most Merciful*” is hereby stamped with the clear and bold *Sign of the Sacred Codes* – the true blessing extended to the believers through the teachings of the messenger, *glory and praise be to ALLAH*.

Do you believe when the Most Merciful Lord says in parts of 44:42 and 44:56 that those who attain mercy from ALLAH will be spared the retribution of HELL?

Observe and Reflect on the appropriate parts of verses and to witness GOD's Marvel.

44:42 Part: Only those who attain mercy from **GOD**.

44:56 Part: And He has spared them the retribution of Hell.

Customized Revelation for the Messenger: The GV of *messenger's letters* are 228 and 242, the difference is 14 – Seven Pairs. Glory be to **ALLAH**, who has already fulfilled and proven **His promise** through the “*Ultimate and Customized Miracle*” for the believers, before they depart from Earth and meet their **LORD in Paradise**. Now is the time to attain the **mercy of ALLAH** by striving in His cause without fear of any blame by anyone.

The good news for the believers of not suffering any more death after the first one is further confirmed by revealing precisely **19 Allah letters** in the remaining *3 verses left in the Chapter*.

44:57 Such is the blessing from your Lord. Such is the great triumph.

44:58 We have thus clarified it in your language, that they may take heed.

44:59 Therefore, wait; they too will have to wait.

Revealed: The above are the last **3 Verses of the Chapter** under the “*Miracle of 3.*” This is a unique and separate Miracle apart from all other miracles revealed and seen by you. I have not had much chance to shed light on this Miracle; though **GOD** may allow me time in future to do so, if He so wills.

The “Miracle of 3” encompasses the 3rd messenger from the Quran and the 3rd message of the Quran. It is easy to see that there are only *3 Verses* on the **Mathematical Codes** – 74:30, 15:87, 89:3.

Revealed: The **Allah letters** in these verses are: $8 + 8 + 3 = 19$. Thus the Chapter is sealed and stamped by *the Omniscient* with *His Signature of 19*, Subhan Allah.

The last verse, saying: “*Therefore, wait; they too will have to wait*” is stamped with the *Signature of 7 Allah Letters*. These provide both of the **Sacred Codes**. *The Stamp through the Miracle of 7* is significant as it is in the end, on the last verse, and proves it to be the “*Ultimate Miracle from ALLAH, Most Glorified.*”

44:57 Part 1: Such is the blessing from your Lord.

Part 2: Such is the great triumph.

Revealed: The GV of **Allah letters** is 31 and 97, the diff. is **66** – **ALLAH, Subhanahoo.**

Revealed: The GV of **Allah letters** for entire verse is **128** – **the messenger.**

**Sermon: Customized Message and Revelations for the Messenger at age 59.
A True Marvel from Allah, the Lord of the Universe!**

The blessings of **Allah – the Absolute and Eternal** - are evident through the profound verse speaking about *“blessings and triumph”* for the messenger and the believers by revealing **His Glorified Name** as well as the name of **the messenger** through the same verse and through **His Name Letters**. Alhumdo Lillah.

44:58 Part 1: We have thus clarified it in your language.

Part 2: That they may take heed.

Revealed: Each Part: The GV of messenger’s letters are **352** for **Quran**, and **166** for **ALLAH IS ONE**.

The **Most Gracious** has thus clarified the message in **English** by translating it from **Arabic**, so that the messenger, **Makbool Husain**, can recite **His Revelations** based on precision, and with the specific meaning and message in order to clarify the details of the verses to remove all doubts. The sacred numbers of **352** and **166** are profound proofs to support the writing of the messenger.

44:58 Part 1: We have thus clarified it in your language, that they may take heed.

44:59 Therefore, wait; they too will have to wait.

Revealed: Each Verse: The GV of Allah letters are **103** for *“Al-Sajdah – the Prostration”* and **7** for the *Miracle Code that connects to Allah when the believers follow His Decree and Commands*.

Revealed: The GV of messenger’s letters are 518 and 390, the diff. is **128** for *the messenger*. The **Most Wise** has again revealed the name of *the messenger* to assure the hearts of the believers that this is not random or happenstance, but rather the predetermined decision of **the Almighty** in sending clear and detailed messages to the human beings through him.

Revealed: Both Verses: The GV of Allah letters are 103 + 7, the sum is **110**. **The Stamp of Absolute Authority of 110** is thus placed upon these verses after revealing the message and the name of the messenger, Subhan Allah.

44:59 Therefore, wait; they too will have to wait.

Revealed: This last **Verse is Stamped** by the **Omniscient** with GV of *Allah letters* as **7** while the GV of messenger’s letters is **Stamped** as **390**, to reveal the diff. of **383**. This spells out the complete name of **the Scripture** called *“Al-Quran, 383”* which has been subsequently revealed under **the Sacred Codes** to the messenger, *Makbool Husain*, with the latest details and clarifications.

The Sacred Marking of 7 Allah letters with the word “Al-Quran” revealed through the letters of Allah and of His messenger is indicative of the importance of this message and makes it the “Ultimate Miracle from the Possessor of all Power and Authority, and from the Highest Height, glory and praise be to ALLAH.”

**Sermon: Customized Message and Revelations for the Messenger at age 59.
A True Marvel from Allah, the Lord of the Universe!**

Note the numbers revealed by **Allah**, which are involved in the messages.

The GV of **Allah letters** and of **the messenger** are 7 and 390.

The sum of digits of $(7+3+9++0) = \underline{19}$.

The numbers 7 and 390 reveal the difference to be **383**, which is **Al-Quran**.

The sum of digits of $(3+8+3) = \underline{14}$.

The "*Revelation of the Sacred Codes of 19 and 14*" through the last verse of **Chapter 44** takes on a new and heightened meaning when read with the proofs from **our LORD**. This is one of the greatest miracles of **Allah** to end the last verse of Chapter 44, called The Smoke, by revealing the **Code of 7** and of the name of the Scripture called **Al-Quran**, which carries the Sacred Codes in its Text and Subject matter. All of this is in the form of "*Hidden Content*" known only to **ALLAH** and controlled by **Him**, Subhan Allah. *He reveals it whenever He wills. The Quran is exceptional and full of wisdom in that the letters of the Creator are smoothly interwoven with the letters of the human messengers who have been chosen by Him to deliver His Messages. This is evident through the Verses of the Quran, Albumdo Lillab.*

Then there is a **chapter** by the number **59** called "**Al-Hashr**" or "**Exodus**."

The Miracle of 3 as pointed out to you before is evident through this Chapter. **The last 3 Verses are all in praise and glory of ALLAH and His various profound Attributes.** The more you read them, the more you can **reverence the Creator**. The verses have been designed by **the Initiator** in harmony and when recited are pleasing to the mind and soul of the believers.

Here is the recitation of these 3 beautiful verses.

59:22 Part 1: He is the One **GOD**; there is no other god beside Him.

Part 2: Knower of all secrets and declarations.

Part 3: He is the Most Gracious, Most Merciful.

Revealed: The GV of **messenger's letters** for each part are: **202 – 148 – 222**. These represent the values of: **LORD – Praise be to ALLAH - your LORD**. (Glory be to Allah)

59:23 He is the One **GOD**; there is no other god beside Him. The King, the Most Sacred, the Peace, the Most Faithful, the Supreme, the Almighty, the Most Powerful, the Most Dignified. **GOD** be glorified; far above having partners.

59:24 He is the One **GOD**; the Creator, the Initiator, the Designer. To Him belong the most beautiful names. Glorifying Him is everything in the heavens and the earth. He is the Almighty, Most Wise.

The "perfectly coded 114 letters of the messenger's name" is the clearest **Proof of ALLAH's acceptance and approval of the messenger by including them in the Sacred words defining His own Attributes, Alhumdo Lillah. This signifies that the entire Quran has been revealed to the messenger and that his name covers the entire Quran as the PROOF.**

On the other hand, the **Allah letters as 103** represent the value of "Al-Sajdah" or "The Prostration." In other words, the act of **Prostration** is similar to **Submission to the One, who is the Lord of the Universe**. At the same time, the **number 103** also represents the **GV of Iblees – 103 (satan or devil)** - the condemned angel turned into jinn and the leader of the rebellious creatures. The system of belief is set up by **ALLAH** by providing the guidance through the messengers. Therefore, those who believe in **Allah** by believing in all of the messengers and messages will be following the **114 chapters of the Quran** without any doubts. This is the only way to "submit or prostrate" (103) to the **Most Powerful Lord of the Universe**. **Submitting and prostrating to Allah through the Quran is the only way to seek refuge in Him** from satan the rejected, and to benefit one's soul from the true guidance.

The Quran is the Book which provides the words to denounce and shun the devil and also explains the history behind satan's motives, ambitions, and desires to act as a god beside **ALLAH** and his pledge to mislead all the people, except the few. It exposes him as the false and temporary god who has no real power over the true believers.

To believe and follow ALLAH as the only Lord and to denounce and shun Iblees as the 2nd temporary god can only be done by upholding and following all the Verses of the Quran. The Quran is the revealed word of ALLAH and His approval and acceptance can only be sought through His words and Scripture.

The **number 103** is therefore a highly important number to judge your belief or disbelief. When you worship **ALLAH through the Quran** by upholding all of the verses, and follow His messengers, *then you have submitted and prostrated (103) to ALLAH, Lord of the Universe.*

But if you do not honor your pledges and covenants made with **ALLAH, and do not uphold the Quran**, or disregard and disobey any of the verses, then you will be following the enemy of **ALLAH, which is Iblees – the shaitan (devil)**. This **enemy of Allah** is also the profound **enemy of the believers** and it his intention to mislead anyone and everyone, to prove his arrogance and thereby end up in HELL along with his followers. Therefore, the **number 103** can

be applied by the believers to follow the righteous path to **prostrate (103)** to **ALLAH**, or it can also be followed by the strayers who follow **Iblees 103** (the devil).
