I am writing this Sermon during the fasting month of Ramazan with my **Lord’s will**. This Sermon will shed light and guidance on the **“prerecording and predetermination of creating the heavens and the earth, as well as all of the creations that existed in the past and will exist in the future.”** This profound Sermon will encompass the revealed, serious, and intricate proofs to support and prove the verses.

This Sermon will be very *distinct* from others in its subject, the meaning and interpretation of it, along with the Proofs and Miracles embedded in the verses but revealed now. *The subject matter of this Sermon is “unique” and has just been revealed through inspiration from my Lord. None of us could have imagined, envisioned, or comprehended, or thought about what you are going to see and read through this “unique topic.”*

The **Most Kind and Praiseworthy Allah** appointed me a messenger on **August 19, 1997**. The Revelations over the last **14 years** have steadily gotten more serious, intense, complex, and clarifying, while revealing the truth with new facts, **Subhan Allah**. It will be **14 years** on **August 19, 2011** to have served **my Lord** as His messenger by reciting and preaching the inspired revelations and message to the people, *Praise be to Allah*.

So far, thousands of proofs, miracles, and revelations have been revealed over the last **14 years**. Most of you are familiar now with the numbers frequently revealed through the Arabic script, and their translated meaning, as they relate to the Quran. Though the believers have witnessed a vast variety and assortment of ongoing and new revelations of different nature, this Sermon will serve as the starting point for all guidance and sermons (**Verse 57:22**) as it **predates anything the humans can comprehend or envision as far as time is concerned**.

98:2 A messenger from Allah is reciting to them sacred instructions.

98:3 In them there are valuable teachings.

55:77 Which of your Lord's marvels can you deny?

1. ALLAH – Never did He beget nor was He begotten, whereas the humans are.

The disbelievers ask and question about **Allah** - whether He exists, whether He is really **One** or has partners, whether He really creates and controls everything? They also ask how did **Allah** or **God** come into existence? Was he born out of someone or something and does He bear offspring as well? To nullify their ridiculous and invalid arguments, I am going to present verses with proofs that have recently been inspired on the topic of “**begetting and begotten.**”

Another topic that I will present in this section is, that the **Most Gracious Lord** does not have any partnership with the angels, nor does He have any sons or daughters to be His partners, nor does He have the scholars, the leaders, and self proclaimed and unauthorized religious imams to be His partners and advocates, as fabricated and attributed by the Children of Israel and other followers of the scriptures.

112:2 ALLAH is the ABSOLUTE.

112:3 Never did He beget. Nor was He begotten.

90:2 *The town where you (the humans) live.*

90:3 *The begetting and the begotten.*

Note that both sets of verses for *Allah and His human creatures* appear as verse numbers 2 and 3 each time as proof of the “**Matching Revelations.**”

The revelation of 1 through the letters of **Allah and His messenger**, as well as the **Codes of 19 and 14** revealed under the respective names is the ultimate and eventual **Proof that Allah** is not begotten from anyone nor does He beget anyone. **He is One - the Supreme, the Living, and the Eternal, Subhan Allah.** The proofs also reveal that the human beings are born out of each other, as decreed by **Allah, the Creator** of all beings and things.

51:56 I did not create the jinns and the humans except to worship Me.

**** Question:** What existed in the past before **Allah** started the process and plan of creation? The answer is that nothing existed except for **Allah's Presence** till He created the heavens and the earth, and the creations in them.

**** Question:** Why did He have to create the various creations? The answer is that **Allah is the only Lord** with the **Great Dominion**. He has assumed authority and control over the Throne and the great Dominion. A dominion has to have subjects and servants who can serve the **Lord of the Dominion**. An empty dominion would not make any sense, as there will be no one to recognize or appreciate the **Creator of the great Dominion**. Have you seen any king or queen

on earth rule over a land or country that has no citizens or subject to rule over? The system only works when there is a Ruler who can rule over others.

20:5 The **Most Gracious**; He has assumed all authority over the Throne.

Revealed: The verse comprises of **19 Arabic Letters**, proving that the **Most Gracious** is in full Control and Authority over the Throne.

The Initiator and Creator planned on having creations that will **recognize Him** as their **Creator, and Lord and Master**, that they will be subservient to Him, worship Him by obeying His commands, be loyal to Him for creating them, be appreciative to Him for providing for them, and that they will implore Him for all their needs, as only He could provide for them. There are many more reasons that will be too many to list in the Sermon.

Short of creating this system, it would not have any meaning, reason, or rationale behind the existence of the universe. To rule and control the “**Great Dominion**,” the **Creator** assumed the **Throne as the Lord of the Universe**, but what would be the role of the subjects be that He created? The only way the system could work was to create creatures that **Allah** would dictate, control and then assign duties, obligations, and responsibilities to His creatures. They would be subservient to Him and accountable to Him. To initiate the process, He assumed all the Powers to create, control, provide, punish, reward, and many other roles involved in managing the vast number of creations, their needs and their problems.

** What is the purpose of being a **Lord and Master** over the creations? What is the purpose of commanding the creations to worship Him?

The answer lies in creating creations, then command them to recognize, appreciate, serve, and worship the Creator by obeying His commands.

The example through the humans is like this. On Earth, when there is monarchy in the land, the king or the queen is supreme over the people, and cannot be voted out of the office till there is a rebellion. Some of the rebellions in the past have been violent to remove the monarchy. The top office is held by such self appointed leaders and all affairs of the land needs their approval. In a few instances, some people have been banished from the land for challenging the authority of the monarch, for rebelling against them, and for disobeying their commands. In the past, these rules used to apply; they are less frequent now. The monarchs had complete access to the provisions of the land, controlled them, and thereby enriched themselves and their families, without much regard for the general welfare of its inhabitants. This unfair system has made the people rebel in many instances to gain their due rights and to have a voice in the affairs of the land. The system of monarchy is slowly fading out and disappearing. The choice of the majority of people on earth in different lands is to elect representatives in government by each person voting their choice, called “democracy” who can then take care of their needs and interests, remove poverty and disease, build hospitals, schools, infrastructure of transport and telecommunications, roads, railways, airports, and providing jobs for the people, etc.

The example through the humans is like this: On earth, the people appear before the human judge when they have done wrong and are put on trial. When they appear before him/her, they bow out of courtesy and respect before taking a seat. To address the judge, they erroneously and sinfully call him/her as “your honor” or “your majesty” or “my lord” or “your lord” (refer to Verse 12:42 regarding Joseph) to acknowledge the superior authority of the judge over their case and their fate based on his/her decision. What is the reason for doing this? They know and fear that the judge has the superior power to rule in favor of them or against them; therefore, they give due respect by bowing and addressing the judge respectfully, expecting to receive a fair trial, decision, and judgment that may be favorable to them or at least a lenient sentence or monetary payout, if that is going to be the decision of the judge. When a person receives a favorable judgment, they usually say “thank you” to the judge as a gesture of appreciation. **It should be known to all of you that the fate and destiny of the human monarchs and judges cited as examples here, is all fully controlled by ALLAH, the True King. He rules over everyone in the Heavens and the Earth.**

You can apply the same logic and rationale with Allah – the Creator. He is the One who creates, sustains, controls, and provides for His creatures. For blessing His creatures with their needs, He expects and deserves praise, appreciation, remembrance, reverence, and worship of Him, in return for the favors of granting life, offspring, jobs, education, money, and provisions that He grants to each one of them. As **Allah is the only One** who creates, grants life and death, and provides for His creatures, He possesses and deserves the **Highest Rank and Absolute Authority** over His creatures. They have to be subservient to His commands. He is the Ruler, the King, and most of all, the Creator of all things. His Supreme Authority cannot and should not be challenged. He has the Power to annihilate everyone and substitute a new creation, if He wills. I will now recite some verses on **Allah** having the Eternal Kingship and Sovereignty over the Universe.

2:117 The Initiator of the heavens and the earth: to have anything done, He simply says to it, "Be," and it is.

Revealed: This is the **first occurrence** of the verse on this subject and is **Perfectly Stamped** and inscribed with **14 letters of Allah, Be He Glorified.**

3:47 She said, "My Lord, how can I have a son, when no man has touched me?" He said, "Allah thus creates whatever He wills. To have anything done, He simply says to it, 'Be,' and it is.

Revealed: The GV of **Allah letters is 352**, revealing and confirming that the command of "Be," and it is, was issued by Him to create Jesus, son of Mary. Similarly, the **Quran 352** was revealed through the inspirational command of **Allah** to Muhammad. – the prophet and messenger.

This informs and enlightens the believers that all the revelations, proofs, and miracles, that they have witnessed so far are all inspired to the messenger through the simple command of **Allah saying, 'Be,' and it is.**

The **Supreme and Glorified command by Allah** to have anything done consists of basically **2 words – "kun fayakoon – Be, and it is."**

To create anything or to have anything done, it is simple for **Allah Ta'ala** to say the **2 words "Be" and it is**, and it is done by His will and command, Subhan Allah.

The Revelations prove that **Allah is glorified**, and is far above setting up, or needing any partners with Himself, or to beget a son or daughter.

36:82 All He needs to do to carry out any command is to say to it, "Be," and it is.

Revealed: The Allah letters are 13, and messenger's letters are **14, revealing the diff. of 1**. The command has been issued by Allah to reveal the secrets and miracles of the Quran to the messenger. When He issued the command, it was fulfilled within the blink of an eye. This profound Sermon is an example of the specific command. The messenger is human with limitations to type and put the Sermon in order, this takes time, but Allah's command was carried out instantly by the angel of revelation, Gabriel. Subhan Allah.

You have witnessed that the messenger's letters have been revealed to be **14 and 19**, as well as the **Revelation of 1**, through verses on "**Be**" and it is. This confirms the predestined *Decree of Allah for the messenger through the Sacred Miracle of 14 and 19*, as solid and undeniable proofs for the messenger. Subhan Allah.

41:9 Say, "You disbelieve in the One who created the earth in two days, and you set up idols to rank with Him, though He is Lord of the universe."

41:10 He placed on it stabilizers (mountains), made it productive, and He calculated its provisions in four days, to satisfy the needs of all its inhabitants.

Revealed: The Allah letters are 19 and 21, (the numbers are multiples of 19 and 7), **revealing the diff. of 2**.

Revealed: The messenger's letters are 32 and 30, **revealing the diff. of 2**. This is Proof of the Matching Revelation whereby *Allah and His messenger's letters reveal the diff. of 2. You may wonder why the Revelation of 2 instead of Revelation of 1?* Read the content of the verses and the reason for revelation of 2 will become apparent. **Verse 41:9** commands the messenger to address the disbelievers, to inform them that **Allah is the One** who created the earth in two days, and they still set up idols to rival and rank with Him, though He is the **Lord of the Universe**.

41:9 Part: Say, "You disbelieve."

These are the initial **3 words** in the verse (Miracle of 3), and comprise of precisely **7 letters of the messenger and 14 Arabic Letters**. The **seven letters** of the messenger have the GV of **306** enlightening the believers that the word "qul – say" is addressed to the messenger, Makbool Husain.

41:9 Part: And you set up idols to rank with Him.

Part: Though He is Lord of the universe.

Revealed: The **messenger's letters** are 6 and 7, revealing the diff. of 1.

41:9 Part: And you set up idols to rank with Him.

Revealed: The **Allah letters** are 6 and **messenger's letters** are 6, revealing the glorified name of **ALLAH, Most High**. Note that the revelation is through the mix of Allah and His messenger's letters to reveal the name of **Allah**. The false idols that the disbelievers set up beside **Allah** to rank with Him cannot even come close to His Glorified name, or come up with an intricate and incontrovertible proof and revelation similar to this. **Praise be to Allah**.

It took the Creator two days to create the Earth, and four days to calculate its provisions to satisfy the needs of all its inhabitants. **Verses 41:9 to 41:12** are **4 verses** on the creation process and the time it took for the **Creator and Designer** to create the universe and the earth. The count of 4 of verses matches the 4 days it took **Allah** to plan and calculate the provisions for the earth's inhabitants. The **2 verses 41:9-10** reveal the creation of the earth in 2 days, thus it matches the number 2. The number 2 and 4 when combined become 24 and you will see that Chapter 24 has the verse defining **Allah as the Light of the Heavens and the Earth** in **verse 24:35**, whose digits add up to **14**, the great miracle of seven pairs.

41:9-10 Revealed: Both Verses: The **Aleefs of Absoluteness** represent **Allah as the Initiator and Creator** – they are $8 + 11 = 19$. This is the **Proof that Allah** created the earth and placed mountains as stabilizers on earth, made it productive, and provided all kinds of provisions through a precise calculation for its inhabitants.

Revealed: The Verse Numbers are 9 and 10, revealing the sum of **19**, is the GV of “**Waaheed - One**” – **the Signature of the Creator**.

Revealed: The **Allah letters** in **Verse 41:9** are **19**, proving that **Allah created the earth in 2 days**. The digits of chapter and verse number $4+1+9 = 14$. Thus, the **Master and Sacred Codes of 19 and 14** are wrapped around the verse on the creation of the earth by **Allah**.

41:11 Then, He turned to the sky, when it was still gas, and said to it, and to the earth, "Come into existence, willingly or unwillingly." They said, "We come willingly."

Revealed: The **Allah letters** are **28** and **messenger's letters** are **27**, revealing the great “**Revelation of 1**” Subhan Allah. You have witnessed that the messenger's letters form part of the revelation of 1 together with the Creator's letters, glory and praise be to Him. The digits of chapter and verse number add to **7**.

Proofs of Quran, Messenger, and Believers through Verse 41:11, whose digits add up to 7.

Revealed: The GV of **messenger's letters** is **352** revealing the scripture “**Quran.**”

41:11 Part: And said to it, and to the earth.

Revealed: The GV of **Allah letters** is **128** – revealing the name of the “**messenger.**”

41:11 Part: "Come into existence, willingly or unwillingly." They said, "We come willingly."

Revealed: The GV of **Allah letters** is 45 and GV of **messenger's letters** is 272, revealing the diff. of **227** for “**the believers.**” The heavens and the earth willingly submitted to **Allah's command** and came into existence.

Now, you have read the verse and witnessed the unique and miraculous revelations inspired to the messenger. I will offer the explanation, otherwise you will be unable to comprehend the meaning behind them and the interpretation of the sacred numbers revealed herein.

*** There are **3 distinct parts** to **Verse 41:11**. The command was issued by **Allah** to the sky when it was still gas and to the earth to come into existence, willingly or unwillingly. Their response was to come willingly in order to prove their submission by complying and obeying the command of their **Creator**. The unique beauty of proofs embedded in this verse is as follows:

Part 1 is marked exclusively through letters of the **messenger** revealing **Quran 352**.

Part 2 is marked exclusively through letters of **Allah** revealing the name of the **messenger 128**

Part 3 is marked with the **combination of Allah and His messenger's letters** revealing the **believers 227**.

This is an example of **Allah's** unique and awesome wisdom to reveal as He wills, individually under His Name, or the messenger's name, or combined together with a mix of letters. Glory be to Him.

These unique and simple proofs sum up the teachings of the Quran for those who want to be forgiven on the Day of Judgment and to attain Paradise. Everyone has to follow and uphold the **Quran 352** revealed through the messenger with its revelations – they all have to follow and obey the **messenger 128** who has been clearly identified through the unique lettering and proofs of the Quran, to the extent that his name appears through letters of **Allah** in the part of the verse “on earth” where he was born, lives, and preaches – the ultimate command to the people is to believe in **Allah and His messenger**, to prove that they are **believers 227** in the **Absoluteness of Allah**. If all the 3 steps are honored and fulfilled by the people, then PARADISE awaits them when they depart from Earth to return back to their Lord, pleased and pleasing.

21:32 And we rendered the sky a guarded ceiling. Yet, they are totally oblivious to all the portents therein.

Revealed: The **Allah letters** in each verse are 25 and 11, **revealing the Miracle of 14**. Through the Sacred Miracle and Proof of Seven Pairs, **Allah confirms and proves** that He exploded the one solid mass of the universe into existence, thus creating galaxies, stars, planets, and an uncountable number of other heavenly bodies. Moreover, He created all living things from water. The sky is rendered as a guarded ceiling. It covers the entire earth, no matter where you maybe, the sky is always above you. Revealed: The **Allah letters** are 13 and 15, **revealing the diff. of 2**, Subhan Allah. This proves that the sole reason for creating everything is to put them to the **Test of Submission** regarding **Allah's Eternal Absolute Authority** over all His creations. All the humans were evicted from Paradise for disobedience to **Allah** and siding with satan. The humans were sent down to earth as disbelievers, with blaming souls. This is the 2nd and final chance on earth to redeem their souls

by submitting fully to **Allah, Most Sacred**.

Revealed: The **messenger's letters** are 20 and 18, **revealing the diff. of 2** (gods). The test encompasses the willingness and voluntary acceptance of **One LORD with the Absolute Authority** or 2 gods, with satan being the 2nd god whose authority and power is NIL. The Test of Submission is carried out by sending messengers to the human beings who recite the messages of their Lord to the people and ask them to submit to Him.

Through **Part 1**, **Allah** has included the creation of the **messenger 128** for the specific purpose as explained in an earlier part of the Sermon, and through **Part 2**, He is informing the people that He designed the messenger and perfected him, so that he is able to write the words of wisdom that are revealed by **his LORD**.

Praise be to Allah – the Omniscient, the Omnipotent, the Most Cognizant, the Most Wise, the Most High, the Knower of all Secrets and Declarations. 67:3 He created seven universes in layers. You do not see any imperfection in the creation by the **Most Gracious**. Keep looking; do you see any flaw?

Revealed: The **Allah letters are a Perfect 14** – the revelation of seven pairs proves that the **Most Gracious** created seven universes in layers without any imperfection and flaw, Subhan Allah.

Both **Verses, 67:2 and 67:3** are stamped, engraved, and inscribed with the **Sacred Miracles of 14 and 19**, to prove the purpose of creation and the purpose of death and life. The Sacred Revelations also reveal that **Allah** will distinguish between the believers from the disbelievers, and the righteous from the evil.

You have witnessed the **will of Allah** to include the name and letters of the messenger “**Ahmed**” to make it a “**praised message**.” If **Allah willed** that no human being’s name should be inscribed and embedded in His Hadees and verses of the Quran, then He certainly could have done it, as **He Alone is the Author** of the Quran and fully controls everything. **Allah** is able to do all things.

Some of the ignorant and disbelieving followers of the Quran may allege and accuse the messenger of idolatry by associating his name next to **Allah**. They have no idea about the most powerful attribute of **Allah as “Al-Samad – the Absolute”** and His immense and exclusive mercy to choose whomever He wills, and to grant any kind of miracle that He chooses. In this Sermon, and in the Quran, you will find examples whereby **Allah** granted the messengers authority and power that is reserved only for Him. A couple of notable examples are: The angels were asked to fall prostrate before Adam – a human being and not **Allah**, to test their submission to His command. Another example is that Joseph’s parents were inspired to fall prostrate to Joseph rather than **Allah**. The attribute of being the **Absolute gives Allah** the discretion to make exceptions with anyone and whenever He wills.

If the **Most Wise** did not will the messenger’s name letters in Bismillah Al Rahman Al Raheem, and in the words and verses of the Quran, then He certainly has the Power and Wisdom to change the spellings, words, and verses, so that they will not fit any pattern nor any customized revelation by name. But He has shown a “**True Marvel**” by revealing what you see and read, as

He is the **Omnipotent and Omniscient**, and no one can rival **His Wisdom and Creative Power**.

It was a predetermined decision early on to structure, plan, and lay out everything down to the minutest details which also included the name of this messenger, when he was decreed to be granted birth on earth, how long he will live to deliver the message of **Allah**, who his parents will be, what kind of knowledge and wisdom he will be granted, what miracles will be part of the message, and a lot more. For example, it is no coincidence that the messenger has 7 brothers and sisters, and his children are also 7, Masha Allah. Does this not complement the Sign and Miracle of Seven Pairs revealed to him?

The messenger is **NOT** an idol worshiper, as **Verses 29:25 and 46:4** will reveal and prove. In fact, both verses are addressed to the disbelievers who set up powerless idols beside **Allah** by following unauthorized human beings, by following the scholars as their lords, and by following unauthorized human books that are full of fabrications, distortions, conjecture, lies, and hearsay. This is considered idolatry by **Allah, the Most Wise**. **Allah** is the One who appoints and authorizes the messengers, then guides them through inspiration, reveals to them profound **Signs as Authorization** from Him, and watches over them. There is not a single mention in the Quran whereby **Allah** accused any messenger of idolatry or had to take back His revelations. He has issued warnings to the messengers not to commit any kind of idolatry and the messengers fully understood the warning.

29:25 He said, "You worship beside **Allah** powerless idols due to peer pressure, just to preserve some friendship among you in this worldly life. But then, on the Day of Resurrection, you will disown one another, and curse one another. Your destiny is Hell, wherein you cannot help one another."

Revealed: The GV of **Allah letters is perfectly 306**, revealing the full name of the messenger, Makbool Husain, who has been commanded to warn the people who set up powerless idols just to preserve their connections and friendship in this worldly life, without worrying or preparing for the Hereafter. The disbelievers will disown one another on the Day of Resurrection and in fact, curse one another for leading them astray.

46:4 Say, "Consider the idols you have set up beside **Allah**. Show me what on earth did they create. Do they own part of the heavens? Show me any other scripture before this one, or any piece of established knowledge that supports your idolatry, if you are truthful."

Revealed: The GV of **Allah letters is perfectly 306**, revealing the full name of the messenger, Makbool Husain, who has been commanded to address the disbelievers about their gross sin of idolatry by following unauthorized books and unproven knowledge through them.

46:4 Part 1: Say, "Consider the idols you have set up beside **Allah**. Show me what on earth did they create. Do they own part of the heavens?"

Part 2: Show me any other scripture before this one, or any piece of established knowledge that supports your idolatry, if you are truthful."

39:36 Part 2: They frighten you with the idols they set up beside Him. Whomever **Allah** sends astray, nothing can guide him.

39:36 Part: They frighten you with the idols they set up beside Him.

Part: Whomever **Allah** sends astray, nothing can guide him.

Revealed: The **messenger's letters** are 13 and 12, **revealing the diff. of 1.** The messenger has been guided to the **Absoluteness of Allah as One** and from worshipping any kind of idols besides Him.

39:36 Part: Whomever **Allah** sends astray, nothing can guide him.

Revealed: The **Allah letters** are 11 and **messenger's letters** are 12, **revealing the diff. of 1.** This proves that the messenger has been guided by **Allah, Most High**, while those who do not believe and follow him will be sent astray by Him. The profound revelation of 1 with the inclusion of **Allah and His messenger's letters** is the proof for the guided ones.

The proven verses recited above should enlighten the believers and all other people that the messenger is **NOT** an idol worshiper, while those who do not believe and follow him are the real idol worshippers. All the verses have been supported with **Proofs from Allah, Most Wise.**

Contrary to what the disbelievers may say about the messenger, or accuse him of idolatry, **my LORD** knows the truth about him and still keeps revealing the verses with awesome proofs and great miracles through **His Hadees** by inspiring the messenger. Reflect and observe the following verses and their miracles embedded in them.

Chapter 55 is the only chapter that is titled under the name of the **Creator as "Al-Rahman."** In English, it is called "**The Most Gracious.**" Other than verse 53:55, this is the only chapter that mentions and repeats **31 times** the beautiful verses saying: "*Which of your Lord's marvels can you deny?*" The 7 universes and the similar number of earths, the uncountable number of His creations as well as the scriptures of **Allah** especially the Quran is full of **Marvels** that are unlimited and inexhaustible.

The **first verse** of **Chapter 55** is under the name of the chapter's title, called **Al-Rahman.**

Revealed: The GV of **messenger's letters** is perfectly **128** revealing the **last name** of the

messenger **Husain 128**, that is incorporated and embedded in the glorified name of **Al-Rahman**.

Within the chapter, the first and last verses reveal the **first name** of the messenger. The first verse is **1** and the last verse is **78**, revealing the **first name** of the messenger as **Makbool 178**.

The **first verse 55:1** has **6** Arabic Letters while the **last verse 55:78** has **25** Arabic Letters, the diff. is **precisely 19**, **Glory be to Al-Rahman who is One and Eternal**.

The Attributes of **Al-Rahman and Possessor of Majesty and Honor** are mentioned through the 1st and last verses of Chapter 55 (*Highlight of the chapter: Which of your Lord's marvels can you deny?*)

First Verse: 55:1 Al-Rahman.

Last Verse: 55:78 Part: Possessor of Majesty and Honor.

Revealed: The **Allah letters** are 10 and **messenger's letters** are 11, **revealing the diff. of 1**, This is a "new miracle" and a revelation through the chapter named after **the Creator, Al-Rahman**.

Revealed: The **Allah letters** in both verses are **10**. The GV of **Allah letters** is **155**, the sum of letters and GV's is **165**, revealing the profound attribute of **Al-Samad and the truthful Shahadah, La Elaha Ellah Allah**, both having the GV of **165**. **Praise be to Al-Rahman who is the Absolute Lord of the Universe**.

Last Verse: 55:78 Part: Possessor of Majesty and Honor.

Revealed: The **Allah letters** in these attributes is 8 and **messenger's letters** is 7, **revealing the diff. of 1**, Subhan Allah. **Note** the inscription of messenger's letters as **7**, to augment **the Miracle of 7**.

The last occurrence on "Which of your Lord's marvels can you deny?" is **Verse 55:77**. It is numbered **77** to reveal and highlight the **great miracle of Seven Pairs**. This verse is wrapped around with **preceding verse 76 and subsequent verse 78**.

55:76 They relax on green carpets, in beautiful surroundings.

incorporate the messenger's name letters in profound verses related to the glorified name of *Al-Rahman and His attributes*, to reveal miracle after miracle with no limits.

3. ALLAH has envisioned, predetermined, and prerecorded everything even before creating it.

The Great Divine Plan

98:2 A messenger from Allah is reciting to them sacred instructions.

98:3 In them there are valuable teachings.

55:77 Which of your Lord's marvels can you deny?

The human being, Makbool Husain, was already envisioned and encompassed in **Allah's Master Plan and Record** even before the creation of anything and was decreed and destined to become a messenger later on in his life after granting him birth on earth. This kind of planning, envisioning, and putting into fruition all of the future plans and events, is really beyond the scope of any logical explanation by any human being, including myself. Though I cannot explain to anyone's satisfaction the reason behind **Allah's** choice to choose and select me for a specific purpose that He had in His Plan; the relative verses and their marvels embedded in them will speak for themselves. I am utterly shaken up in reverence for my Lord through these new, stunning and truthful facts and marvels for which I express my wholehearted gratitude and appreciation to **my Lord** who has granted me what He has never granted anyone else.

****The messenger Makbool Husain was envisioned and encompassed even before the initiation of the universe and before the creation of anything, as "Messenger of the Original Covenant."**

7:172 Recall that your Lord summoned all the descendants of Adam, and had them bear witness for themselves: "Am I not your Lord?" They all said, "Yes. We bear witness." Thus, you cannot say on the Day of Resurrection, "We were not aware of this."

Revealed: The **Allah letters** are 32 and **messenger's letters** are 51, **revealing the diff. of 19**. **Praise be to Allah** who has confirmed through the **Sacred Miracle of 19** that the human, Makbool Husain is a "**Messenger and Witness over the Original Covenant**" that was made by all the descendants of Adam before being sent to Earth.

7:172 Part: Recall that your Lord summoned all the descendants of Adam, and had them bear witness for themselves.

Revealed: The **Allah letters** are 12 and **messenger's letters** are 21, revealing the Sacred Miracle of 19, per Verse 74:30, to confirm and prove that all the humans bore witness that **Allah is their Lord as One and the Absolute**.

7:172 Part: Recall that your Lord summoned all the descendants of Adam, and had them bear witness for themselves:

Part: “Am I not your Lord?” They all said, “Yes. We bear witness.”

Revealed: The **messenger’s letters** are 21 and 12 in each part, revealing **the Sacred Miracle of 1221 again**. The numbers 12 added up to 21 reveal the sum to be **165**, which is the GV of the Shahadah and the word Al-Samad. When all the humans bore witness in the **presence of Allah**, it was to agree fully with **His Absolute Authority as the only Eternal Lord and Master**.

7:172 Part: "Am I not your Lord?" They all said, "Yes. We bear witness."

Revealed: The **Allah letters** are 8 and **messenger’s letters** are 12, revealing the name of the **messenger 128**, who is the witness over the **Original Covenant** made by all the humans with their **Lord**.

7:172 Part: “Am I not your Lord?” They all said, “Yes. We bear witness.”

Part: Thus, you cannot say on the Day of Resurrection, "We were not aware of this."

Revealed: The GV of **messenger’s letters** in each part is 362 and 668, **revealing the full name of the messenger 306**, who has been inspired to inform the people that **Allah** had made him the witness over the **Original Covenant** that was made by all the descendants of Adam before coming to Earth.

When **Allah** asked all the descendants of Adam saying, “**Am I not your Lord?**”

Revealed: The GV of **Allah letters** is 31 and GV of **messenger’s letters** is 134, **revealing the sum of 165**. The mix of letters of **Allah and His messenger to reveal 165** through a historic verse, establishes the truth that the messenger was a witness over the commitment and promise – **the Covenant** – that was made by all the descendants of Adam before being sent to Earth for the Test.

This direct, straightforward, and profound question was asked to establish and confirm the **Absolute Authority (165)** of the **Lord as One, as He has no partners**. Iblees (satan) had a hidden and an ulterior motive to claim to be a god beside **Allah**, but he was not given the chance to ask the descendants of Adam. **Allah Ta’ala** went ahead with His **Predetermined Plan** and got the commitment from all the Children of Adam. The messenger’s soul served as the “**witness over the Original Covenant**” when all the descendants of Adam responded to **Allah’s** question, by saying:

7:172 Part: They all said, “Yes.”

Revealed: The GV of **messenger’s letters** is **178 for Makbool**. The revelation of the **messenger’s name** confirms that he is the messenger over the **Original Covenant** as the witness. The Covenant and Pledge was made by all the descendants of Adam that **Allah is the only LORD**. The messenger’s letters and name are part of this historic testimony that is recorded by **The Most Wise, Allah in His Master Record**.

7:172 Part: “Am I not your Lord?”

Part: They all said, “Yes.”

Revealed: The messenger’s letters are 5 and 6, **revealing the diff. of 1**. The overwhelming and positive response of the humans saying, “Yes” is recorded through the revelation of the messenger’s name as the witness over the historic Covenant.

7:172 Part: They all said, “Yes.”

Part: We bear witness.

Revealed: The GV of messenger’s letters are 178 and 50, **revealing the diff. of 128**, being the last name of the messenger.

All of the humans agreed to believe in **their Lord** at the time of the summoning, and therefore, the souls of all the humans believe in the **Absoluteness of their Lord**. The souls tend to believe in its **Creator and His Absoluteness**, while the jinn soul tries to corrupt it and lead it astray. This fact is supported and proven through a specific verse.

30:30 Part: Therefore, you shall devote yourself to the religion of strict monotheism.

Part: Such is the natural instinct placed into the people by **Allah**.

Revealed: The messenger’s letters are **19** in both parts, while they are split up as 10 and 9 for each part to **reveal the diff. of 1** also.

Part: Such is the natural instinct placed into the people by **Allah**.

Revealed: The letters of **Allah** are **12** to match the letters in the actual **Shahadah** that are **12** also. The GV of **Allah’s letters** is a **Perfect 165** to match with the GV of the **Shahadah** that is **165** also.

This proves the natural instinct placed into the people by **Allah** that He is One and there is no other god beside Him, after they agreed that **Allah is the only Lord** and bore witness over this fact and truth, as given in **Verse 7:172**.

30:30 Part: Such creation of **Allah** will never change.

Part: This is the perfect religion.

Revealed: The messenger’s letters are 9 and 8, **revealing the diff. of 1**. The messenger has been granted and blessed to follow the perfect religion of strict monotheism, as proven by the revelation of 1 through his name letters, Alhumdo Lillah.

30:30 Part: This is the perfect religion.

30:30 Part: But most people do not know.

What is the perfect religion about which most people remain unaware?

Revealed: The messenger’s letters are **8** and **12** in each part to reveal the name of the

messenger 128 in reverse order. The perfect religion of monotheism can only be followed and practiced through the messengers of **Allah**. Why is it so? It is because when you believe and follow the messenger, you prove that you accept **Allah's Absolute Authority** to do as He wills and submit to Him. (refer to verses 3:20, 21:108)

The Pre-Decreed Uniqueness in creation of the messenger's mind, body, and soul.

20:41 I have made you just for Me.

19:7 Part: We never created anyone like him before.

Revealed: The GV of messenger's letters are 206 and 512, **the diff. is perfectly 306.**

Revealed: The **Allah** letters are 8 and GV of **Allah** letters is 157, **revealing the sum of 165.**

Revealed: The messenger's letters is **Perfectly 19** in both parts of verses.

Revealed: The sum of digits of **Verse 20:41** is $2+0+4+1 = 7$. The next **verse 19:7** has the numbers **19** and **7** as the chapter and verse number.

Revealed: The GV of all **Arabic Letters** are 876 and 591, **the diff. is 285 = 19 x 15.**

Revealed: The GV of all **Quranic Initials** are 390 and 586, **the diff. is 196 = 14 x 7 x 2.**

It is evident by the revelation of the **Sacred Codes of 7-14-19** through Arabic letters and Quran's Initials, as well as multiple other proofs, that **Allah had pre-decreed** the creation of the messenger for the **specific purpose** outlined in this Sermon.

The above verses with their proofs of precision have revealed that **Allah** created the messenger unique with mind, body, and soul, just for Himself. He reveals and confirms that the creation of the messenger is unique, and that He never created anyone like him before with the same traits, wisdom, and proven guidance which comes through his name and letters embedded and woven in the **sacred Quran**.

91:7 The soul and Him who created it.

Revealed: The **Verse Number is 7**, the messenger's letters are 7, as well as the GV of **Allah** letters is 7. The Proof reveals the coding of the messenger's soul by the Creator to be wrapped around and embedded with the **Miracle of Seven and Seven Pairs**. Subhan Allah. Both the chapter and verse numbers are multiples of 7 as well.

91:7 Part: The soul.

Part: And Him who created it.

Revealed: The GV of Arabic letters is **196** and **119**; both numbers are multiples of 7 and **reveal the diff. of 77.**

Revealed: The GV of **Arabic letters** in the entire verse is **315** and GV of **Quranic Initials** is **217**, both are multiples of 7 and reveal the diff. of 98, - the solid proof behind the creation of the soul. The number **98** is 7 x 14.

91:7 Part: And Him who created it. (wama sawwaa'haa).

Revealed: The **Arabic letters** is **7** that are matched with GV of **Allah letters** being **7**, revealing the great miracle of **Seven Pairs**, Subhan Allah.

Revealed: The **Allah letters** are **3** and **messenger's letters** is **4**, **revealing the diff. of 1**. The proof reveals that **Allah Ta'ala** created the messenger's soul and blessed it with all the revelations, signs, and miracles for the future, at which point he was to be inspired to recite them to the people.

Revealed: The GV of **messenger's letters** is $112 = 14 \times 8$. The GV of **messenger's letters** is **112**, it is **Allah 66** who has created it, and the sum of **112** and **66** reveals **the name of the messenger 178, Praise be to my Lord**.

The 'soul – nafs' is created by Allah and bears His Signature and Stamp of 14 and 19.
 $50,80,60 = 14 \times 19 \times 1910$

The GV of "soul" is $190 = 19 \times 10$

91:7 The soul and Him who created it.

91:8 Then showed it what is evil and what is good.

91:9 Successful is one who redeems it.

91:10 Failing is one who neglects it.

Revealed: The **Allah letters** are precisely 19 in the set of 4 verses on the soul.

87:14 Successful indeed is the one who redeems his soul.

87:15 By remembering the name of his **Lord**, and observing the **contact prayers (Salat)**.

Revealed: The **Allah letters** are **2** and **2** – **Perfectly Matched**. One of the ways to redeem your soul is by remembering the name of **your Lord** and by observing the **5 daily salats**.

Revealed: The **messenger's letters** are **6** and **6** – **Perfectly Matched** to reveal the glorified name of **Allah**.

91:7 The soul and Him who created it.

87:14 Successful indeed is the one who redeems his soul.

Note the revelation of **messenger's letters as 7** upon returning back to **my Lord**, pleased and pleasing. The Proof and Miracle of 7 conforms to verse 15:87 that states this number.

15:87 We have given you the **seven** – sab'aa. The messenger's letters up to "**sab'aa**" is **7** and Arabic letters is **14**, revealing the embedded miracle of **Seven and Seven Pairs**, as well as confirming the great Miracle to be part of the messenger's soul here on earth and upon returning back to his **LORD**, happy and contented. **Glory be to Allah.**

The Predetermined Will of Allah is engraved in Verses 76:30 and 81:29
Allah has willed what the messenger wills

76:30 Whatever you will is in accordance with **Allah's** will. **Allah** is Omniscient, Wise.

Revealed: The **Allah letters** are 20 and **messenger's letters** are **19**, **revealing the diff. of 1.**

81:29 Whatever you will is in accordance with the will of **Allah**, Lord of the Universe.

Revealed: The **Allah letters** are **14** and **messenger's letters** are 15, **revealing the diff. of 1.**

Revealed: The **Aleefs of Absoluteness** are perfectly inscribed as **12** and **8** in each verse, revealing the name of the **messenger, 128**, Subhan Allah.

The following **Verse 18:51** is the only one in the Quran that informs us that **Allah Ta'ala** never permitted anyone to witness the creation of the heavens and the earth, nor the creation of themselves. This proves that **Allah is the only Creator** and there is no other god beside Him. This is the origin and source of the Sacred Words "**La Elaha Ellah Allah, 165.**" If **Allah** were to appoint anyone to witness His creation, then the witness could have claimed to be a god also, or a second god. This is the reason for not allowing anyone to witness the creation process.

This verse has been locked in so far, though I have reflected on it many times, but no proof was ever revealed. I always found this verse very intriguing and implored **my Lord** to open up and reveal the verse, as it could provide a logical argument and proof to tell the disbelievers **that Allah is the One** who created the universe and all the creations without any witness, therefore it proves that **He is only One and Alone**.

While typing the Sermon, I was inspired to reflect on the verse, and **my Lord** has finally blessed me with the true miracle that reveals the glorified name of **Allah 66**, as well as **His messenger 296**, through the letters of the messenger.

18:51 I never permitted them to witness the creation of the heavens and the earth, nor the creation of themselves. Nor do I permit the wicked to work in My kingdom.

Revealed: The **Arabic Letters** are 57 and **Quranic Initials** are 38, **revealing the diff. of 19**. The mix of Arabic letters and Quranic Initials to reveal the precise number **19** for “**Waahed – One**” shows how complex the composition of the Quran’s verses are – with the mix of letters to reveal a specific number. This establishes and supports the truth that **Allah is the only Creator, and no one other than Him can be a Lord**.

18:51 Part 1: I never permitted them to witness the creation of the heavens and the earth.
Part 2: Nor the creation of themselves.

Revealed: The GV of **messenger’s letters** is 382 and 316, **revealing the diff. of 66**, Praise be to **Allah** for granting me the Proof of His name through my letters.

Part 3: Nor do I permit the wicked to work in My kingdom.

Revealed: The GV of **messenger’s letters** is **296**, revealing the title and role of “**messenger**” who has been appointed and approved by the **Most Gracious** to teach and explain His revelations. Now we have the revelation in the name of **Allah** as well as of the messenger who has been created to serve Him by reciting and delivering His messages.

Through **Verse 18:51**, the **Most Gracious** has proved that He created the heavens and the earth, and did not allow anyone to witness the creation of the heavens and the earth, nor the creation of themselves. The next 2 verses are addressed to the disbelievers who ignore, disregard, and refuse to believe that **Allah is One**, and that He created them and everything else by Himself and does not have any partners. These verses are addressed to the idol worshipers who set up gods beside **Allah**, and worship them instead of **Allah**. On the Day of Judgment, when they are summoned and called to account, they will be ashamed, disgraced, and will be full of remorse. They will be condemned to the Hell Fire for eternity without any leniency, reprieve, or recourse.

18:52 The day will come when He says, "Call upon My partners, whom you claimed to be gods beside Me," they will call on them, but they will not respond to them. An insurmountable barrier will separate them from each other.

16:27 Then, on the Day of Resurrection, He will disgrace them and ask, "Where are My partners that you had set up beside Me, and had opposed Me for their sake?" Those blessed with knowledge will say, "Today, the shame and misery have befallen the disbelievers."

Revealed: The **Aleefs of Absoluteness** are **7** and **14** in each verse, revealing the great and glorified **Miracle of Seven Pairs**, confirming that the disbelievers who set up any idols and partners with **Allah** will be held strictly accountable and the retribution will be severe for them.

Revealed: The **Allah letters** are **15** and **29**, **revealing the diff. of 14**. Praise be to Allah for the double Miracle of Seven Pairs through the Aleefs of Absoluteness and the letters of Allah.

18:52 The day will come when He says, "Call upon My partners, whom you claimed to be gods beside Me," they will call on them, but they will not respond to them. An insurmountable barrier will separate them from each other.

Revealed: The **Allah letters** are **15** and letters of "*Waahed – One*" are **17**, **revealing the diff. of 2 gods**. This is the profound "*revelation of 2 gods*" to warn the disbelievers that **Allah** is fully aware of those who set up partners with Him and worshiped them as if they were gods.

16:27 Part: Those blessed with knowledge will say, "Today, the shame and misery have befallen the disbelievers."

Revealed: The **Allah letters** are **19**. This is confirmation that the believers who are blessed with true knowledge will curse the disbelievers and tell them that the shame and misery that they had been warned about has befallen on them for failing to take heed when they had the opportunity in earthly life.

Predetermined Decision of Allah

8:42 Part: But **Allah** was to carry out a specific decision that was predetermined by Him.

Revealed: The **messenger's letters** are **14**, specifying **Allah's "predetermined decision"** for the messenger to grant him the **ultimate miracle of seven pairs**.

8:42 Part: But **Allah** was to carry out a specific decision. (walakin lay yuk zaya Allah amrun)

Revealed: The GV of **Allah letters** is **Perfectly 128**, revealing the specific decision to appoint Makbool Husain as His profound warner and messenger before the ultimate Day of Judgment.

Revealed: The **Arabic Letters** are **17** and **Allah letters** are **8**, revealing the name of the messenger through the **Pattern of 178**.

8:44 Part: For **Allah** willed to carry out a certain plan that was pre-decreed by Him. All decisions are made by **Allah**.

Revealed: The **Allah letters are 19** matched by **messenger's letters 19**, **Praise be to Allah** for the Matching Revelation under the sacred code of **19**.

8:44 Part: For **Allah** willed to carry out a certain plan that was pre-decreed by Him.

Revealed: The **Allah letters** are 10 and **messenger's letters** are 11, **revealing the diff. of 1**.

8:44 Part: For **Allah** willed to carry out a specific plan.

Revealed: The **Allah letters** are **7** and **messenger's letters** are **7**, revealing the glorified miracle of seven pairs to prove and explain the interpretation of the Quran through the specific miracle of **Seven Pairs**.

8:44 Part: All decisions are made by **Allah**.

Revealed: The **Allah letters** are 9 and **messenger's letters** are 8, **revealing the diff. of 1**.

Pre-Recording of everything even before the creation

57:22 Anything that happens on earth, or to you, has already been recorded, even before the creation. This is easy for **Allah** to do.

58:6 The day will come when **Allah** will resurrect them all, then inform them of everything they had done. **Allah** has recorded everything, while they have forgotten it. **Allah** witnesses all things.

Revealed: The **Aleefs of Absoluteness** are **14** and **7** in each verse, revealing the **Sacred Miracle of Seven Pairs**.

The **Miracle from Allah** proves the verses, that whatever events happen on earth or to the humans has already been recorded, even before the creation of it. This kind of Miracle and Masterwork is incomprehensible and unfathomable to understand. This is where the line is drawn and distinction is made between the **Creator and the created**. The **Initiator and Creator** has the unlimited power and wisdom to do anything that He wants, desires, and feels like (which may seem like illusion or magic to the human eyes and minds) whereas the human beings have measured and limited power to do the things as authorized and allowed by the **Creator**. **Allah's Power** is irrevocable and infinite, and no one can overrule Him, whereas the human capabilities and powers are revocable by the **One** who grants them and is only temporary.

Revealed: The **Allah letters** are 25 and 24 in each verse, **revealing the diff. of 1**, Subhan Allah.

Revealed: The **messenger's letters** are 35 and 34, **revealing the diff. of 1**, Subhan Allah.

57:22 Part: This is easy for **Allah** to do.

58:6 Part: **Allah** witnesses all things.

Revealed: The Allah letters are 7 and 7 in each part of verses, revealing the glorified miracle of Seven Pairs.

Revealed: The messenger's letters are 9 and 8, revealing the diff. of 1.

57:22 Part: Anything that happens on earth, or to you, has already been recorded, even before the creation.

Revealed: The GV of messenger's letters is a Perfect 786 ***see section 4 for details*** to reveal the opening statement of the Quran through the coded number expressing the glorified words: *Bismillah Al Rahman Al Raheem*. The concept and vision of the Lord of the Universe was to have all kinds of creations in the Universe and it all started with His Glorified name: **In the name of Allah, the Most Gracious, the Most Merciful**, as the proofs reveal through the gematric values of messenger's letters in Verse 57:22, *Subhan Allah*. Allah is Eternal and has existed even before creating the heavens and the earth and everything was initiated and created by Him through His Name and the sacredness of: *Bismillah Al Rahman Al Raheem*. (In the name of Allah, the Most Gracious, the Most Merciful)

58:6 The day will come when Allah will resurrect them all, then inform them of everything they had done. Allah has recorded everything, while they have forgotten it. Allah witnesses all things.

Revealed: The GV of messenger's letters is $784 = 14 \times 14 \times 4$

The sum of the digits of chapter and Verse Number are $5+8+6 = 19$, and so are the digits of messenger's gematric value of 784 being 19. Note that the mention of Allah in the Verse occurs precisely 3 times, in order to highlight the great "Miracle of 3" in the Quran. These phenomenal revelations and proofs are being revealed through the 3rd messenger from the Quran, bringing the "Ultimate Message and Miracle" to the people through the fulfillment of "Prophecy of Ahmed." Some of the examples on the "Miracle of 3" are given in later pages.

57:22 Part: Has already been recorded, even before the creation.

Revealed: The GV of Allah letters is 70 and GV of messenger's letters is 366, revealing the diff. of 296 for "Rasool - Messenger." This proof and revelation through the mix of GV's of Allah and His messenger's letters proves that the Most Gracious had already chosen the human being as His future messenger and recorded it in His Master Record even before creating anything or anyone.

58:6 Part: ALLAH has recorded everything, while they have forgotten it.

Revealed: The Allah letters are 7 and messenger's letters are 7, revealing the profound miracle of Seven Pairs through the mix of Allah and His messenger's letters, Subhan Allah.

Revealed: The GV of all Arabic Letters in the 3 words that make up this part of the verse is 297, revealing "a messenger - rasoola." It was predetermined by Allah, Most Glorified, in the past that He will send a profound warner and messenger under the metaphorical name of "Ahmed" as given in Verse 61:6 before the Day of Judgment to deliver the serious and ultimate

coded message supported by His profound Miracles to the people. The messenger, Makbool Husain had already been chosen and selected for this righteous task, mission, and delivery of **Allah's** serious and proven Message to all the people on earth on **August 19, 1997, Praise be to Allah**. In the land where the messenger lives, the date is written with the year followed by the date and the month. Hence, the numerical pattern is: **1997,19,8 = 14 x 142657**. **It has been precisely 14 years from the time of inspiration and decree of Allah to be His humble servant and messenger till now, Praise be to Him.**

Revealed: The GV of **Allah letters** is **Perfectly 77**, (7 x 11) and the GV of **messenger's letters** is **190**, (19 x 10) revealing both the **Sacred Miracles of 7 and 19**. This proves that the sacred numbers of **19 and 14** narrated in the Quran through **verses 74:30 and 15:87** are part of the unfathomable planning and wisdom of **Allah Ta'ala** at the time, and before creation. **Allah** had already encompassed everything for the future including the "*miracle numbers as proofs*" for **His Narrations (Hadees)** to be delivered as "*proven messages*" through **His Authorized messengers** to generations of human beings later on, as revealed through the important verses on this subject.

4. The Universe and creations were initiated by Allah (saying) **"Bismillah Al-Rahman Al-Raheem"**

98:2 A messenger from Allah is reciting to them sacred instructions.

98:3 In them there are valuable teachings.

55:77 Which of your Lord's marvels can you deny?

The Miracles enshrined within the Statement of Bismillah Al Rahman Al Raheem– The GV of Allah letters is 128, revealing the name of the messenger Husain, Subhan Allah.

This is the Revelation of the **messenger's name** at the outset of the beginning of the Quran, through the **1st Verse and the 1st chapter** of the Quran. The words, the meaning, and the proofs is already enshrined in the sacred statement at the time of creation and even before, **Subhan Allah**.

Revealed: The **messenger's name initials** in the "*opening verse*" are **12**, and **Allah's letters** are **8**, revealing the name of the **messenger 128** through the Pattern and mix of letters.

There are a total of **114** occurrences of the "opening statement" in the Quran.

$114,128 = 14 \times 8152$ and $128,114 = 14 \times 9151$

The GV of **Allah letters** in Bismillah Al Rahman Al Raheem is **128** and the total occurrence of the opening statement is **114 times** in the entire Quran. The diff. between **128** and **114** is **precisely 14**, revealing the **great Miracle of Seven Pairs**, Subhan Allah.

My Lord has truly blessed me through His immense mercy to include my name letters to be part of the sacred statement and verse saying: **Bismillah Al-Rahman Al-Raheem**. This reveals the truth that the role of the messenger was already decreed and predetermined by the **Omnipotent and Eternal Lord way back in the past – the time cannot be estimated or fathomed**. The

comments of the messenger are all based on the verses and the proofs revealed through them that provide the insight into the *“hidden secrets and miracles.”* May **my Lord** forgive me if I have exceeded any limits or transgressed against **His Absolute Authority**. The Miracle numbers of **19 and 14** are also proven to be part of the grand scheme of creation – as they constitute the **Stamp and Signature of Allah** on everything that He has created and exists in **the Universe**.

These sacred words are linked to **Allah** and have been part of Him from **Eternity**. Here is the Proof:

$$786,66 = \underline{14} \times 5619$$

Miracles enshrined in the Sacred Verse of Bismillah Al-Rahman Al-Raheem.

The first **7 Arabic letters** of the “opening verse” reads: **Bism Allah**.

Revealed: The **Allah letters** are 4 and **messenger’s letters** are 5, **revealing the diff. of 1**, **Revealed:** The GV of **messenger’s letters** is inscribed as **162 for Al-Islam or Submission**. It is also the GV for **Al-Salat – the Contact Prayer**. **Praise be to Allah** who has coded the first 7 letters of **Bism Allah** that are also the first **7 letters** of the Quran. At the outset and the beginning of the Quran, and before going deeper and progressing to other verses and chapters, **Allah** has revealed the great **Miracle of 7** that was destined and pre-decreed to be granted as a Profound Sign to the messenger at the right time, as well as the unchallengeable **“Revelation of 1”** and most of all, He decreed Submission for the messenger for which I am deeply grateful to **my LORD**.

Revealed: The Arabic letters, or **messenger’s letters** in **Bism** is **3** and **Allah letters** are 4, **revealing the diff. of 1**. The pattern of **34** reveals that **66 numbered verses** occur precisely **34 times in the entire Quran**, with the last occurrence in **chapter 56, verse 66, saying,**

We Lost

The Quran’s first words comprising of **19 Arabic Letters** start with **“Bismillah Al-Rahman Al-Raheem.”** The sacred scripture narrates the **“heavenly feud”** whereby satan (Iblees) challenged **Allah and His Absolute Authority** to mislead and send all His servants astray, except a **FEW**. The sincere and reverent believers know that the Universe was initiated and created by **Allah** through His command and under His glorified name. On the Day of Judgment, satan and his followers will have no power at all, the test for the humans and jinns will be over, and they will readily admit after seeing **Allah’s Awesome Power** and retribution that **“they lost.”**

Continuation of Verse 1:1 The first attribute in the sacred statement is **Al-Rahman** (Most Gracious), which is also the glorified name of the Lord. The GV of **messenger’s letters** is **128** within the Sacred Name of **Most Gracious**.

The combined GV of **messenger’s letters** in Bism Allah and Al-Rahman is 290. The GV of

messenger's name within the 2nd attribute of Al-Raheem is 88, revealing the diff. of **202** for **LORD** - the **One** who has bestowed His mercy upon the messenger to encode his name letters in the most important verse and statement as well as in the entire Quran.

To augment the **Miracle of 162** as revealed through "Bismillah" regarding **Allah's Decree** to create the messenger for Submission, He will reveal the **messenger's full name 306** through another verse to confirm the miracle.

5:3 Part: And I have decreed Submission as the religion for you.

Revealed: The GV of **messenger's letters is perfectly 306** revealing the full name of the messenger, **Praise be to Allah.**

Revealed: The messenger's letters are **10** in the verse with the GV of **306**, revealing the diff. of **296**, to proclaim the word "*Rasool – messenger.*"

It is an important command to recite "Bismillah Al-Rahman Al-Raheem" before you do anything or eat anything. There is only **1 example** through the past messenger, **Noah**, who recited Bismillah before sailing with the few believers per **Verse 11:41**. The Verse bears the Miracle of **Seven Pairs** through the letters of **Allah and His messenger**. You can see that a vast number of verses are coded with the Miracle of Seven Pairs, as **Verse 15:87** states (Read the Verse). **Allah** has not forgotten to code this only verse as an example to the importance of reciting His Name before doing something or eating from His provisions.

11:41 Part 1: He said, "Come on board. **"In the name of Allah"** shall be it's sailing, and it's mooring.

Revealed: The sum of digits of chapter and verse number is: $1+1+4+1 = 7$. The Verse is fully coded through the **Miracle of 7, and 7 pairs.**

Revealed: The **Allah letters are perfectly 14**, Subhan Allah.

Revealed: The **Allah letters** are 14 and **messenger's letters** are 15, **revealing the diff. of 1**. The "revelations of 1 and Seven Pairs" revealed through Allah and His messenger's letters by this example sets the precedent to recite **Allah's name** before doing anything.

Revealed: The GV of **messenger's letters is 462** revealing the scripture called "**Al-Furqan – The Statute Book.**" The number **462 (7 x 66)** is a multiple of **7 and 14**. The message is hereby magnified through the revelation of the book called **Al-Furqan** that has been revealed again by **Allah to His messenger**, Subhan Allah.

11:41 Part 2: My Lord is Forgiver, Most Merciful.

Revealed: The **Arabic Letters are 14**, revealing the **Miracle of Seven Pairs.**

Revealed: The GV of **messenger's letters** for each part are 462 and 156, **the diff. is 306.** Praise

be to **Allah** who has confirmed the most important statement of the Quran and His command, by revealing the **Miracle of Seven Pairs** and the name of the current messenger **Makbool Husain, 306.**

The Proof again confirms that the messenger's name and letters are embedded in the most important and sacred verse of Bismillah Al-Rahman Al-Raheem that predates the creation of everything in the Universe.

The Quran was prophesied in the previous scriptures and the prophecy came to pass over 14 hundred years ago. The Scripture was already preserved in **Allah's Master Record** only to be revealed to prophet Muhammad at the appropriate time. As the proofs reveal, the name of the messenger had already been envisioned, encoded, inscribed, and embedded in the Quran's verses and words even before its revelation to messenger and prophet Muhammad.

15:87 Part: And the great Quran.

Revealed: The sum of the digits of chapter and verse number is: $1+5+8+7$ is $21 = 7 \times 3$

Revealed: The messenger's letters are 7.

Revealed: The GV of Allah letters is $63 = 7 \times 9$, and GV of messenger's letters is $266 = 14 \times 19$.

The unlimited number of miracles and proofs that have been revealed so far and witnessed by the believers is hereby confirmed through the actual part of the verse saying, "**And the great Quran.**"

I am writing another profound miracle of seven pairs that is "**New**" for the "*opening statement*" as well as **Allah's Authorization** through **Verses 81:19-20**. The new revelation and proof will enlighten you to **Allah's immense wisdom and His mercy** to include the messenger in the sacred verses and statements. This is the beginning of "**New Proof and Miracles**" and has just been revealed. *Allah's words and miracles are inexhaustible – they can never run out.* To set the precedent for the "**new revelation,**" Allah has chosen **Verses 1:1 and 81:19-20** from the Quran to proclaim the greatness behind the **Miracle of Seven Pairs** granted to the messenger as the most profound **SIGN**, that confirms everything stated in the "**Great Quran**" per **Verse 15:87**.

1:1 In the name of Allah, the Most Gracious, the Most Merciful.

I am going to write the GV of each letter that belongs to **Allah** as well as each letter that belongs to the **messenger's name**, next to each other as they appear in the verse. There will be no repetition of the GV of letters that are common to **Allah and His messenger**, for example the letter "laam GV 30" will be taken once each time it occurs in the verse.

Allah and messenger's letters GV's: The Complex Mix reveals that **Allah and messenger's letters and their values** are intertwined and inscribed together in the verses to reveal the incontrovertible miracle thus presenting a grave challenge to the human and jinn devils and virtually making it impossible to copy, fabricate, and imitate the sacred revelations. (Refer to

Verses 3:78 and 6:93 regarding the distorters and the consequences awaiting them. As you can see, both chapters with verses are multiples of 14 and 7)

Allah and messenger's GV's: 2,60,40,1,30,30,5,1,30,8,40,50,1,30,8,10,40 = 14 x 18600093075093457500934360

Allah letters GV only: 1,30,30,5,1,30,1,30 = 14 x 9307509295

Messenger's Letters GV's only: 2,60,40,30,30,30,8,40,50,30,8,10,40 = 14 x 1860021645060035934360

The above were **3 Profound Miracles** that were embedded in the *“opening statement”* for ages and centuries, and remained the **“Hidden Secret” of Allah**, till revealed now to the messenger, Subhan Allah. This effectively locks in the verses by connecting the letters and their values to one another to be divisible through the predetermined code and miracle of seven pairs, thus making it impossible to alter, change, replace or fabricate even one letter of the verse, as the letters are for more than one entity – they are inscribed under **Allah and His messenger's names**, thus making it impossible for the human and jinn devils to venture into the Quran and to succeed in distorting or removing letters or words from the verses, as they are linked and interconnected like a chain or a rope. **NOTE** that the verses revealed through the **MIRACLE OF 14 CANNOT BE DIVIDED BY 19**. The examples revealed by **Allah, Most Wise** are specifically through the **Miracle and Revelation of Seven Pairs**.

The next proof and miracle is through verses **81:19-20** regarding the truthful utterance of the messenger, who has been fully **Authorized by the Possessor of the Throne**, and fully supported by Him.

81:19 This is the utterance of an honorable messenger.

Messenger's GV's: 5030100630606301040 (19 digits) = 14 x 359292902186164360

81:20 Authorized by the Possessor of the Throne, fully supported.

Messenger's GV's: 101006501030401050 = 14 x 7214750073600075

Bismillah Al Rahman Al Raheem is the opening statement of every chapter in the Quran (113 chapters have it) except for **chapter 9, as it had 2 false verses 9:128-129** injected into the Quran by the distorters, at the end of the chapter. These verses were removed from the Quran by messenger Rashad Khalifa upon inspiration and command of **Allah**, as they did not fit the pattern of the verses, words, and the miracles of **19 and 14** that protect and guard the Quran from the distorters. The missing Bismillah has been accounted for by the **Most Wise** by inscribing it as **Verse 27:30** to complete the pattern of **114 counts** and to be a **multiple of 19**. The numbers chosen by **Allah** for the verse is **27:30**. By adding the number 27 up to 30, the sum revealed is **precisely 114**. **Praise be to Allah**, the missing Bismillah in Chapter 9 is covered in Chapter 27

to complete the predetermined and measured count of **114**. From Chapter 9 to Chapter 27, these are **19 chapters**, to reveal the Miracle and Proof of the missing Bismillah in Chapter 9.

The Miracle: In Chapter 27, from Verse 1 to Verse 29 just before the substituted Bismillah in 27:30, the cumulative count of **Allah letters is 462**, which is **7 x 66**. It is also the GV of “**Al-Furqan**” – **the Statute Book**. This book has been authored, composed, compiled, and structured by **Allah, Most Wise** in ways incomprehensible and unfathomable to the human beings, and serves a grave warning and reminder to the distorters of the Quran, who thought that they would not be caught or exposed, but they were totally wrong. Even if centuries have passed by, **the Living and Eternal, Omniscient and Omnipotent, the Almighty and Cognizant, Lord of the Universe** had not forgotten the distorters and disbelievers crime and blasphemy against Him and His Sacred Quran, and has finally exposed them in this day and age through messengers Rashad Khalifa and Makbool Husain. **Glory and Praise be to ALLAH.**

Let me explain and shed some light on the preceding and incredibly important verses and their proofs. Some might think and take it as routine proofs and miracles revealed through the verses just like other verses I recite with proofs. *These verses are different in the sense that they take us back in history of unknown time and offer matching and parallel proofs for Allah and His messenger. The blessing and mercy of Allah of inscribing the messenger's letters in such verses explains and sheds light on the predetermined, pre-decreed, and pre-encompassed plan and decision of Allah, Most Wise to include the human being, Makbool Husain in His Master Plan of Creation as His future messenger.* To fulfill this predetermined plan and decision, the **Most Gracious** has therefore inspired **ALL the Proofs of the Quran** as narrated through the verses.

The importance of pronouncing Allah's name, “asm Allah” is mentioned through many verses. I will cite a few to enlighten you to the significance of them, as they relate to Bismillah. Please read the quoted verses below:

You have just witnessed the profound miracles in the foregoing verses that are marked mostly through the letters of the messenger, all in accordance with the will of Allah. You can now relate these verses and their miracles that are through the messenger's name letters to *the topic of this profound Sermon on predetermined and prerecorded decision of Allah, Most Praiseworthy.*

The Revelations and Proofs sent and revealed to the coded messenger "*Ahmed*" fulfills the **Prophecy narrated in Verse 61:6**. The purpose behind the revelation of distinct and intricate proofs is to provide undeniable, unchallengeable, firm, and incontrovertible proofs to mankind to establish and support the **Truth** that **Allah is Living and Eternal**, that **Allah is One and Absolute**, that **Allah does not have any partners in Sovereignty, Kingship, and Control**, that **Allah does not beget nor is He begotten from anyone or anything**, that He is and will remain the only **Lord of the Universe for Eternity**, and that His creatures will always be subservient to Him.

Now I will turn to the subject of **Allah's** foresight, **vision**, advance planning, and **designing** everything with a distinct wisdom, while encompassing the past, present, and future events including events and things that did not exist before creation, except for **His Sacred Omnipresence and Omnipotence**, as well as things and events that were going to happen in the future.

The past messages sent through past messengers were different in the sense that the messengers were given physical miracles and signs that were not necessarily from the Scripture but were in accordance with the times and demands of the people who asked and questioned the messengers to show them some physical and tangible miracle, to prove that **Allah exists** and that the message was from Him. For example, **Moses was given 9 profound miracles** as narrated in **Verses 17:101 and 27:12**. **My Lord** has willed to prove what was given to Moses in the past for the first time, since He appointed me to be His messenger.

17:101 Part 1: We supported Moses with *nine profound miracles* - ask the Children of Israel.

Revealed: The **Allah letters** are **7** – the Revelation to confirm the nine profound miracles granted to Moses for the Children of Israel.

17:101 Part 2: When he went to them, Pharaoh said to him, "I think that you, Moses, are

bewitched.”

Revealed: The messenger’s letters are 19.

17:101 Part 1: We supported Moses with nine profound miracles.

Part 2: Ask the Children of Israel. When he went to them, Pharaoh said to him, "I think that you, Moses, are bewitched."

Revealed: In Part 1, the messenger’s letters are 14 and in Part 2, the Allah letters are 14. This provides the confirmation for the physical and tangible miracles granted to Moses as well as other messengers in the past.

Part: (Pharaoh said) "I think that you, Moses”

Revealed: The GV of messenger’s letters is $266 = 14 \times 19$.

Part: Are bewitched (*mashoora*).

Revealed: The GV of messenger’s letters in this word “*bewitched*” is precisely 114, backing up the *miracle of Allah granted to Moses* with the full weight of the *Quran’s 114 chapters*.

27:12 Part 1: Put your hand in your pocket; it will come out white, without a blemish. These are among *nine miracles* to Pharaoh and his people.

27:12 Part 2: For they are wicked people.

Revealed: The Allah letters are 7 in Part 1 illustrating the Miracle granted to Moses, and 5 in Part 2 condemning the wicked people. The **Revelation of 2** is thus created to enlighten the believers to the disbelief and idolatry of Pharaoh and his people.

17:101 Part 1: We supported Moses with *nine profound miracles* - ask the Children of Israel.

27:12 Part 1: Put your hand in your pocket; it will come out white, without a blemish. These are among *nine miracles* to Pharaoh and his people.

Revealed: The Allah letters in each verse mentioning the nine profound miracles granted to Moses are 7 and 7 – a Perfect Revelation of the *Profound Miracle of Seven Pairs* that has been granted to messenger Makbool Husain to confirm the past messengers and the miracles.

When Pharaoh disbelieved in the miracle shown by Moses, he accused and labeled him as being bewitched. Moses responded by acknowledging and admitting that such “*miracles*” could only be manifested by none other than **the Lord of the Heavens and Earth**. He also told Pharaoh that he is doomed because of disbelieving and being arrogant.

17:102 He (Moses) said, "You know full well that no one can manifest these except, obviously, the Lord of the heavens and the earth.

Revealed: The **Allah letters** are a **Perfect 19** confirming that the Miracle granted to Moses was indeed from **Allah** – the One who manifests all the miracles in the heavens and the earth, while the *messenger's letters* are inscribed as 20, *to reveal the great revelation of 1*, Subhan Allah.

17:102 Part: I think that you, Pharaoh, are doomed.”

Revealed: The GV of **Allah letters** is 33 and GV of **messenger's letters** is 260, **the diff. is 227**. As Pharaoh refused to believe and become a **believer 227** in *Allah, His messenger Moses, and the signs and miracles shown by him, it was determined by Allah that he is doomed, Praise be to Him.*

The truthful history of *Allah's physical Miracle granted to Moses* that overpowered and swallowed whatever Pharaoh and his magicians fabricated to produce magic are presented through **Verses 7:115 to 7:122** and through **Verses 26:43 to 26:48**. These comprise of precisely 8 and 6 verses to total **14 Verses to reveal the Power and Omnipotence of Allah Ta'ala**.

Proof of Miracle granted to Moses Proven through the 14 Verses:

Revealed: The **14 verse numbers** encompassed in the great miracle granted to **Moses by Allah** is as follows: **Verses 115 + 116 + 117 + 118 + 119 + 120 + 121 + 122 + Verses 43 + 44 + 45 + 46 + 47 + 48**, the sum is: **1221**.

Revealed: The sum of digits of above **14 numbers** also reveals a revelation: $(1+1+5) + (1+1+6) + (1+1+7) + (1+1+8) + (1+1+9) + (1+2+0) + (1+2+1) + (1+2+2) + (4+3) + (4+4) + (4+5) + (4+6) + (4+7) + (4+8)$, the sum of all digits is **precisely 114**. The 2 profound numbers - **114** for the total number of chapters of the **Quran** and **1221** for the primary code of **19** in **Verse 74:30** confirm **Allah's miracles granted to Moses in the past**.

Through this one example of Miracles granted to Moses, **Allah, Most Wise**, confirms the past history, precedents, as well as the granting of physical and tangible miracles to past messengers. This proves that **Allah is the One** who granted Jesus, Moses, Abraham, Solomon, David, Noah, and others, miracles from Him as He willed, **Praise be to Him**.

Can you possibly fathom the **Revealed Proof and Miracle** from the history of centuries past that is being confirmed now through the verses and revelations of the latter scripture (Quran), to prove the Truth from **Allah through 14 Verses** (which is the current miracle, Verse 15:87) with the embedded code and miracle of the Quran of 1221 (Verse 74:30)?

Revealed: The **Allah letters in the 14 verses** are: $75 + 51 = 126 = 14 \times 9$. The **miracle of 14** confirms the **9 Miracles** granted by *The Most Merciful Allah to Moses*.

Revealed: The **messenger's letters in the 14 verses** are: $138 + 89 = 227$, revealing the word *“the believers.”* The miracle of *Seven Pairs* is for the believers to appreciate and realize that **Allah Ta'ala** has granted miracles to the past messengers, just like He has granted this messenger immense and unlimited miracles to prove the **Truth of the Quran** including the past history and precedents.

Ending Note: The disbelievers cannot envision the heavy message sent through the messenger by **Allah, Most High**. The believers have witnessed an enormous amount of revelations through the miracles of 1, 7, 14, 19, as well as other profound miracles. **Allah** is showing extreme mercy to the followers of Quran by revealing and confirming all the past miracles that were granted to the messengers in the past, through the same miracle codes revealed and granted to this messenger. The more you reflect on them, the more you will realize that they are truly the fulfillment of “**Prophecy of Ahmad**” and confirm **Allah’s** predetermined plan regarding the messenger. The flow of revelations and miracles has been constant and consistent on diversified and varied subjects, **Praise be to Allah**.

The disbelievers do not value **Allah** as He should be valued. They do not take the Quran seriously, and even though He has sent messengers to prove and confirm it, they still think that the messengers are fabricators, and keep denying by saying that **Allah** did not reveal anything.

42:24 Are they saying, “He (the messenger) has fabricated lies about **Allah**?” If **Allah** willed, He could have sealed your mind, but **Allah** erases the falsehood and affirms the truth with His words. He is fully aware of the innermost thoughts

46:8 When they say, “He fabricated this,” say, “If I fabricated this, then you cannot protect me from **Allah**. He is fully aware of everything you scheme. He suffices as a witness between me, and you. He is the Forgiver, Most Merciful.”

Revealed: The **Aleefs of Absoluteness** are 13 and 12, **revealing the diff. of 1**, Subhan Allah. Do the disbelievers not know or realize that **Allah is Absolute** over His creatures and is fully aware of those who blaspheme His revelations and His messengers. In fact, He has made the messengers honorable.

This is Part 1 of the Sermon. I will try to finish Part 2 over the next few days, Insha Allah.

To be continued.

Peace be upon the messengers.

PRAISE BE TO ALLAH, LORD OF THE UNIVERSE.
