

## **Sermon: How to be certain that the Lord is only One and has no partners.**

I seek refuge in Allah from satan the rejected.  
In the name of Allah, the Most Gracious, the Most Merciful.

**13:2 Part 1: ALLAH** is the One who raised the heavens without pillars that you can see, then assumed all authority.

**13:2 Part 2:** He committed the sun and the moon, each running (in its orbit) for a predetermined period. He controls all things, and explains the revelations, **that you may attain certainty about meeting your Lord.**

**Revealed:** The Allah letters are 14 and 19 in each part, revealing and confirming that He is the One who raised the heavens without pillars that the humans can see, and then assumed all authority over the universe.

**This should provide certainty to the people that Allah Alone is the Initiator and Creator of the Universe and has assumed all authority, making Him the Absolute Lord over His creations and creatures.**

**\*\*\* Can any human being or their idols claim or provide proof that they built the universe or any part of it?**

**ALLAH is the Initiator and the Creator of everything in the Universe and of all the Angels, Jinns, Humans, animals, birds, all sea life and the billions of creatures in them, the trees, plants, mountains, rivers, lakes, insects, birds, and many other creatures that we don't know or see.**

When you read the **Quran** carefully and on a daily basis, you will come to the realization that **Allah** is speaking to you through His words. The more you read, the more knowledge you will gain. You will come to realize that the Quran is not a 'human book' but a Divine Scripture whose verses and words are unique, meaningful, and are coded in ways that defy human intellect and comprehension.

**2:117** The Initiator of the heavens and the earth: to have anything done, He simply says to it, "Be," and it is.

**6:14 Part 1:** Say, "Shall I accept other than **ALLAH** as a Lord and Master, when He is the Initiator of the heavens and the earth.

**6:14 Part 2:** And He feeds but is not fed?" Say, "I am commanded to be the most devoted submitter, and, 'Do not be an idol worshiper.' "

The entire part up to "idol worshiper" has the GV of **Allah letters** as **128**, thus revealing His own glorified name as well as the name of the messenger. Anyone who refuses to believe in **Allah and His messenger** has strayed far astray, and are considered 'idol worshipers.'

**16:2** He sends down the angels with the revelations, carrying His commands, to whomever He chooses from among His servants: "You shall preach that there is no other god beside Me; You shall reverence Me."

**Revealed:** The **Allah letters** in both verses are 47 and **messenger's letters** are 63, **revealing the sum of 110** to proclaim **Allah's Absoluteness** in granting the messenger proven inspiration to carry out His commands, **Alhumdo Lillah.**

**18:52** The day will come when He says, "Call upon My partners, whom you claimed to be gods beside Me," they will call on them, but they will not respond to them. An insurmountable barrier will separate them from each other.

**16:27** Then, on the Day of Resurrection, He will disgrace them and ask, "Where are My partners that you had set up beside Me, and had opposed Me for their sake?" Those blessed with knowledge will say, "Today, the shame and misery have befallen the disbelievers."

**Revealed:** The **Allah letters** are 15 and 29 in each verse, **revealing the diff. of 14** – the great Miracle of Seven Pairs.

**Revealed:** The GV of Allah letters is **Perfectly 66**, proclaiming the glorified name of Allah.

**\*\*\* Most of the people on Earth worship something, whether they are the prophets or messengers of the past, or their fabricated idols, their scholars, spiritual leaders, statues, even the mountains and rivers, the fire, and call them their god. The majority of people when asked if there is "one God" in the universe, they respond in the affirmative but this is only through their lips and not through their hearts. They actually have no comprehension as to what GOD or ALLAH means. In their minds is that he is a superhuman figure and they are totally ignorant about the meaning or the power of ALLAH. Moreover, they do not know that Allah is Omnipotent, Omniscient, Omnipresent, the Eternal, the Living, Sovereign, and possesses all the Power and Control of the Universe and over His creations.**

**ALLAH'S COMMANDS ARE SILENT**: For anything to move or to be done, a command has to be issued as nothing happens on its own. I will cite a few verses and examples from the Quran.

**16:40** To have anything done, we simply say to it, "Be," and it is.

**36:82** All He needs to do to carry out any command is to say to it, "Be," and it is.

**Revealed:** The **messenger's letters** are 19 and 14 in each verse, revealing the **inspired revelation of 19–14**, that is a **profound Sign** granted to the messenger.

**Revealed:** The GV of **messenger's letters** is 748 and 482 in each verse, revealing the diff. of **266**, which is **14 x 19**. The sum of digits of 266 is **precisely 14**.

\*\*\* Note that the revealed numbers 748 and 482 further produce multiples of 14.

$$748,482 = \underline{14} \times 53463$$

$$\text{In reverse order, } 482,748 = \underline{14} \times 34482$$

Furthermore, the sum of digits of the number 748 is **19** and sum of digits of the number 482 is **14**, thus **revealing the Sacred Miracle of 19 and 14 again**, Alhumdo Lillah.

**2:31** He (Allah) taught Adam all the names (through inspiration) then presented them to the angels, saying, "Give me the names of these, if you are right."

**2:32** They (the angels) said, "Be You glorified, we have no knowledge, except that which You have taught us. You are the Omniscient, Most Wise."

**2:33 Part 1:** He (Allah) said, "O Adam, tell them their names." When he told them their names,

**2:33 Part 2:** He (Allah) said, "Did I not tell you that I know the secrets of the heavens and the earth? I know what you declare, and what you conceal."

**Revealed:** The **messenger's letters** in each of the 3 verses are 33 + 27 + 54, **revealing the sum of 114, Alhumdo Lillah**. The Revelation of '**114**' provides

2 meanings.

Firstly, Adam was taught all the names and words of all the scriptures revealed by Allah to all the Prophets and Messengers over time, which even the angels had no knowledge about.

Secondly, as the proof is revealed through messenger M.H. letters, it explains that his name letters form part of the script in the Original Arabic Quran, Subhan Allah

**2:31 Part 1:** He (Allah) taught Adam **all 'kullaha'** the names.

**Revealed:** The **Allah letters** are 9 and **messenger's letters** are 8, **revealing the diff. of 1.**

**Revealed:** The GV of **Allah letters** is a **Perfect 100** proving and confirming that **Allah** taught Adam ALL the names, as he was the first human being created by **Allah.**

**2:33 Part 2:** Then presented them to the angels, saying, "Give me the names of these."

**Revealed:** The **Allah letters** are **14** and **messenger's letters** are **19**, revealing the Sacred Miracle of 14-19 to prove and confirm that the angels had no knowledge as to what Allah taught Adam.

**2:33 Part 3:** "If you are right."

**Revealed:** **Allah letter** is only **1 as an Aleef**, while the rest **Arabic letters 10**, revealing the **Absoluteness of Allah through the number 110.**

**2:32** They (the angels) said, "Be You glorified, we have no knowledge, except that which You have taught us. You are the **Omniscient, Most Wise.**"

**2:33** He (Allah) said, "O Adam, tell them their names." When he told them their names, He (Allah) said, "Did I not tell you that I know the secrets of the heavens and the earth? I know what you declare, and what you conceal."

**Revealed:** The **Allah letters** are 21 and 35 in each verse, **revealing the diff. of 14** that is the profound **Miracle of Seven Pairs.** The angels acknowledged that they had no knowledge except what Allah had taught them. When Adam was asked by Allah to tell the names of all the angels, and he did; then Allah reminded the angels that He knows all the secrets in the heavens and the earth.

Additionally **Allah** informed them that He knows what they declare and what they conceal. This proves that **Allah is the Knower** of all hidden secrets and declarations.

**2:60 Part 1:** Recall that Moses sought water for his people. **We said**, "Strike the rock with your staff."

**2:60 Part 2:** Whereupon, twelve springs gushed out therefrom. The members of each tribe knew their own water.

**Revealed:** The **Allah** letters are 10 and 11 in each part, **revealing the dif. of 1**. Allah's command was issued whereupon twelve springs gushed out to satisfy the needs of each of the tribes.

**2:60 Part 3:** Eat and drink from **Allah's** provisions, and do not roam the earth corruptingly.

**Revealed:** The **Allah** letters are 14 and messenger's letters are 19, revealing the Sacred Codes of 14-19 to confirm **Allah's provisions** for the twelve tribes of Moses. **Allah** asked all the tribes to eat and drink from His provisions but also commanded them not to roam the earth corruptingly.

**2:60 Part:** And do not roam the earth corruptingly.

**Revealed:** The GV of **Allah** letters is 64 and GV of messenger's letters is 242, **revealing the dif. of 178**, proclaiming the first name of the current messenger, Makbool. The commands were issued to Moses who was the messenger at that time and now being confirmed through the current messenger, **Praise be to Allah.**

**\*\*\* The vast, endless and Infinite Universe initiated and Created by Allah to remove all doubts from the hearts and minds of His creatures.**

To remove all doubts and to come to the conclusion that there is only **One Lord** in the entire Universe, you have to look at the vast universe that spans billions and trillions of light years and keeps on expanding. There are billions of galaxies and each galaxy contains billions and trillions of stars. The universe is so vast that even the astronomers cannot put a size to it. When it cannot be measured, it is rightfully called "**infinite**" – it never ends, and the humans are incapable of comprehending the size of the Universe. This vast and immeasurable domain has been created and brought into existence by the **One Lord, whose glorified name is Allah, Al-Rahman.**

\*\*\* *Can any of the idols set up by the people do the same? Praise be to Allah.*

**51:47** We constructed the sky with our hands, and we will continue to expand it.

**51:48** And we made the earth habitable; a perfect design.

**Revealed:** The Allah letters are 9 and 8 in each verse, revealing the diff. of 1. This proves that **Allah is the only Creator and Initiator** who constructed the sky with his own hands, and continues to expand it. No human being or jinn can put a size to it, and therefore it is **“infinite”** “in size. **Praise be to Allah.**

\*\*\* None of **Allah’s creatures** have ever challenged Him that they initiated or built/constructed the universe, therefore **Allah** is absolutely truthful in stating and narrating in the Quran that **He is the INITIATOR AND CREATOR** of everything in the Universe. I will write a set of 6 verses asking the disbelievers if there is another god beside **Allah**.

**27:59 Part 1:** Say, "Praise be to **ALLAH** and peace be upon His servants whom He chose." Is **ALLAH** better, or the idols some people set up?

**Revealed:** The Allah letters are **Perfectly 19**, revealing the **Signature of Allah, Most High.**

**Revealed:** The GV of messenger’s letters is 722 that is **19 x 19 x 2**.

**27:59 Part 2:** Is **ALLAH** better, or the idols some people set up?

**Revealed:** The Allah letters are 6 and messenger’s letters are 7, revealing the diff. of 1.

Anytime the people follow and obey other than **an authorized messenger of Allah**, they end up committing idol worship, as only authorized messengers bring Allah’s messages and convey them to the people. The following is a set of 6 verses that narrate the blessings of **Allah** for the people who enjoy them but remain unappreciative to Him by worshipping other gods besides the **Creator, Allah, Al Rahman.**

**27:59 Part 1:** Say, "Praise be to **ALLAH** and peace be upon His servants whom He chose.

**27:59 Part 2:** Is **ALLAH** better, or the idols some people set up?"

**27:60 Part 1:** Who is the One who created the heavens and the earth? Who is the One who

sends down to you from the sky water, whereby we produce gardens full of beauty - you could not possibly grow its trees?

**27:60 Part 2: Is it another god with ALLAH? Indeed, they are people who have deviated.**

**27:61 Part 1:** Who is the One who made the earth habitable, caused rivers to run through it, placed on it mountains, and created a barrier between the two waters?

**27:61 Part 2: Is it another god with ALLAH? Indeed, most of them do not know.**

**27:62 Part 1:** Who is the One who rescues those who become desperate and call upon Him, relieves adversity, and makes you inheritors of the earth?

**27:62 Part 2: Is it another god with ALLAH? Rarely do you take heed.**

**27:63 Part 1:** Who is the One who guides you in the darkness of land and sea? Who is the One who sends the winds with good news, signaling His mercy?

**27:63 Part 2: Is it another god with ALLAH? Most exalted is ALLAH, above having any partner.**

**27:64 Part 1:** Who is the One who initiates the creation, then repeats it? Who is the One who provides for you from the heaven and the earth?

**27:64 Part 2: Is it another god with ALLAH? Say, "Show me your proof, if you are truthful."**

**Revealed:** There are 6 verses narrated above through which **Allah** is asking the disbelievers whether He is better or the idols some people set up. **Allah** is also asking the disbelievers if there is another god beside Him. This is why the **last verse 27:64** whose digits add to **19** is asking the disbelievers to show **their proof** if there is indeed another god beside **Allah**.

**Revealed:** The **Allah** letters in **Parts 2** of each verse are  $6 + 10 + 13 + 11 + 13 + 13 = 66$ . **Praise be to ALLAH.**

By placing all the Allah letters in a straight line, we get the following result:

6, 10, 13, 11, 13, 13, = **7 x 7 x 7 x 177880791**

\*\*\* Can any of the idols create the heavens and the earth? Can any of the fabricated idols create rain that comes from the sky to produce gardens full of beauty or produce trees of various sizes?

\*\*\* Can any of the idols make the earth habitable, cause rivers to run through it, place on it mountains, and create a barrier between the two waters?

\*\*\* Can any of the idols, dead or alive, rescue those who become desperate, relieve the adversity, and make the humans inheritors of the earth?

\*\*\* Can any of the idols guide the humans in the darkness of land and the sea? Can any of the idols control the winds that bring good news and mercy from **Allah**?

\*\*\* Can any of the idols initiate the creation then repeat it. Can any of the idols provide the people with provisions from the heaven and the earth?

The quick answer is that the idols of the disbelievers have no power to initiate creation then repeat it. They do not have any power to create any of the above cited in the verses. **Glory be to my Lord.**

**2:22 Part 1:** The One who made the earth habitable for you, and the sky a structure. He sends down from the sky water, to produce all kinds of fruits for your sustenance.

**27:64 Part 2:** You shall not set up idols to rival **ALLAH**, now that you know.

**Revealed:** The GV of **Allah** letters is 289 and 161 in each part, revealing the diff. of 128 to proclaim the last name of the messenger, **Subhan Allah**. The messenger has been sent with new knowledge from the Quran and to recite and proclaim the uncountable number of blessings from our Lord, which most people do not recognize and appreciate.

**27:64 Part:** You shall not set up idols to rival **ALLAH**,

**27:64 Part:** Now that you know.

**Both Parts:** The **Allah** letters are 12 and **messenger's** letters are 13, revealing the diff. of 1.

**Revealed:** The **messenger's** letters are 6 and 7 in each part, revealing the diff. of 1.

**Revealed:** In the latter part saying “**Now that you know,**” the GV of **messenger's** letters is **222**, proclaiming “**your Lord – Rabbayka**” and matching with the chapter and verse which is also **2:22**.

After these proofs have been brought to the attention of the disbelievers, they should

give up all forms of idolatry and wholeheartedly worship absolutely **Allah** and ask for His forgiveness, if they wish to be forgiven and redeemed in the Hereafter.

**41:9** Say, "You disbelieve in the One who created the earth in two days, and you set up idols to rank with Him, though He is Lord of the universe."

**Revealed:** The **Allah letters are 19**, proving that **Al Rahman** created the earth in 2 days. *Can any of the idols set up beside Allah do the same?*

**41:10** He placed on it stabilizers (mountains), made it productive, and He calculated its provisions in four days, to satisfy the needs of all its inhabitants.

**Revealed:** The **Allah letters are 21**, that is **7 x 3**.

**41:11** Then He turned to the sky, when it was still gas, and said to it, and to the earth, "Come into existence, willingly or unwillingly." They said, "We come willingly."

**Revealed:** Thee **Allah letters are 28** and **messenger's letters are 27**, **revealing the diff. of 1**, **Praise be to Allah** who has included the messenger's letters to reveal the diff. of 1. This is proof of total submission by the sky and the earth to **come** into existence upon the command of the **Creator**.

**41:11 Part 1:** Then He turned to the sky, when it was still gas.

**Revealed:** The GV of **messenger's letters is 352**, revealing the word "**Quran.**"

**41:11 Part 2:** And said to it, and to the earth,

**Revealed:** The GV of **Allah letters is 128**, revealing the last name of the **messenger**. The Truth has been revealed to the messenger from the Quran that **Allah** created the heavens and the earth. **Can any of the idols of the disbelievers create and do the same?**

**Revealed:** The GV of **Allah letters is 45** and GV of **messenger's letters is 272**, **revealing the diff. of 227**. Through the 3 parts of this verse, **Allah** has revealed the key and important words: **Quran 352**, **messenger 128**, **the believers 227**, **Subhan Allah**. The sum of all 3 numbers is **707**, which is **7 x**

101.

**41:12 Part 1:** Thus, He completed the **seven universes** in two days, and set up the laws for every universe.

**Revealed:** The **Allah letters** are 8 and **messenger's letters** are 22, **revealing the diff. of 14** – the Seven Pairs Miracle confirms the creation of the seven universes in two days with the laws decreed for every universe.

**41:12 Part 2:** And we adorned the lowest universe with lamps, and placed guards around it.

**Revealed:** The GV of **Allah letters** is **66**, revealing the **glorified name of ALLAH**, to explain and confirm the placement of the lamps with the heavenly guards around them.

\*\*\* The Verses on Creation of the heavens and the earth with the solid and incontrovertible Proofs again establishes the Truth that **Allah** has created everything in the Universe. *Can the disbelievers and idol worshipers show and prove that they can also create? They ought to fear ALLAH who will deal with them severely on the Day of Resurrection. They will wish that they get one more chance from the Creator to believe in Him, but they will not get it.*

**65:12 ALLAH** created seven universes and the same number of earths. The commands flow among them. This is to let you know that **ALLAH** is Omnipotent, and that **ALLAH** is fully aware of all things.

**Revealed:** The **Aleefs of Absoluteness** are **Perfectly 14** to confirm the creation of 7 universes and 7 earths, **Praise be to Allah**.

**55:33** O you jinns and humans, if you can penetrate the outer limits of the heavens and the earth, go ahead and penetrate. You cannot penetrate without authorization.

inventions and advancement in technologies each year in all spheres of life. Through medical research, new equipments such as the MRI, CAT scan, and XRay machines are manufactured, as well as laser guided machines to do surgeries on patients. Also, newer models of cars, trucks, railways, and airplanes are manufactured with GPS systems. In the military field, new and amazing weapons are manufactured with lasers and precision guided bombs and projectiles. New satellites are manufactured and launched into space that provides all sorts of information for the earth below. Cell phones are the norm of the times and they receive their signals from the satellites launched in space. There is too much to mention or list; we see newer and newer products every day.

\*\*\* The forces mentioned here and proven through the **“Revelation of 1”** are all of the forces in the universe as well as the earth. To name some of them, they are the forces of magnetism, electricity, thunder, lightening, rainstorms, typhoons, hail, snowstorms, volcanos, hurricanes, winds, and all other forces that the messenger may not be familiar with. Reflect on the volcanoes and how and when they erupt. They may stay dormant for a short time or sometimes even decades and even centuries, then suddenly erupt and spew their hot molten lava into the atmosphere hundreds and thousands of feet high, totally destroying the valleys below with their plantations, trees, and vegetations around them. A few years back in **Iceland**, lava erupted from the mountains there spewing it thousands of

feet into the atmosphere to the point that the sky above turned completely dark like night. All the airlines had to stop flying planes from North America to Europe and the flights were completely halted for about 12 days till the air cleared up for them to fly again. The reason they couldn't fly was that ash gets into the engines and can make them nonfunctional and they can crash, killing all the passengers on board. It cost the airlines losses of billions of dollars as well as losses to the passengers for the time they lost. The **Absoluteness of Allah** is displayed when the same area that was destroyed by the lava again grows fertile land after a few years with beautiful new plants and flowers, **All Praise be to Allah.**

**38:8** "Why did the proof come down to him, instead of us?" Indeed, they are doubtful of My proof. Indeed, they have not yet tasted My retribution.

**38:9** Do they own the treasures of mercy of your Lord, the Almighty, the Grantor.

**38:10** Do they possess the sovereignty of the heavens and the earth, and everything between them? Let them help themselves.

**38:11** Instead, whatever forces they can muster - even if all their parties banded together - will be defeated.

**Revealed: All 3 Verses:** The **Allah letters** are 36 and **messenger's letters** are 50, **revealing the diff. of 14**. The disbelievers do not possess any sovereignty of the heavens and the earth, and even if they band together and muster all their forces, they would still be defeated by the **Almighty Lord of the Universe**.

**Revealed:** The GV of **Allah letters** is **precisely 66**, explaining that **Allah** is the One who created everything in exact measure and precisely designed everything.

**25:3 Part 1:** Yet, they set up beside Him gods.

**Revealed:** The **Allah letters** are 7 and **messenger's letters** are also 7 revealing the **Proof of Seven Pairs** as well as the **Perfectly Matched revelation.**

**25:3 Part 2:** Who do not create anything - they themselves are created.

**Revealed:** In **Parts 1 and 2**, the **Allah letters** are 7 and 6, **revealing the diff. of 1.**

**Revealed:** In **Parts 1 and 2**, the **messenger's letters** are 7 and 14, revealing the **Proof of Seven Pairs, Praise and Glory be to Allah.**

**25:3 Part 3:** And who possess no power to even harm or benefit themselves,

**Revealed:** The **messenger's letters** are 14, revealing the **Miracle of Seven Pairs.**

**25:3 Part:** nor do they possess any power to control death,

**25:3 Part:** or life,

**25:3 Part:** or resurrection.

**Revealed:** The Allah letters in each part are **4-3-3**, proclaiming the glorified words “**Lord of the Universe**” through the Pattern.

*None of the messengers or prophets claimed to be a god or associated themselves to be partners with the One Lord.*

**3:79** Never would a human being whom **ALLAH** blessed with the scripture and prophethood say to the people, "Idolize me beside **ALLAH**." Instead, (he would say), "Devote yourselves absolutely to your Lord," according to the scripture you preach and the teachings you learn.

**3:80** Nor would he command you to idolize the angels and the prophets as lords. Would he exhort you to disbelieve after becoming submitters?

**Revealed:** The Allah letters are 35 and 21 in each verse, **revealing the diff. of 14**, Alhumdo Lillah.

The angels who are unseen to the humans fully acknowledge and believe in the One - Lord of the Universe, and have pledged their allegiance to Him, and prostrate to Him.

**16:49** To **ALLAH** prostrates everything in the heavens and everything on earth - every creature - **and so do the angels**; without the least arrogance.

**Revealed:** The Allah letters are **19**, proving that everything in the heavens and the earth, every creature, including the angels prostrate to **Allah** without the least arrogance.

**16:50 Part 1:** They reverence their Lord, high above them,

**16:50 Part 2:** And they do what they are commanded to do.

**Revealed:** The Allah letters are 3 and 2 in each part, **revealing the diff. of 1**.

**16:51 Part 1:** ALLAH has proclaimed:

**Revealed:** The **Allah letters** are 6 and **messenger's letters** are 5, **revealing the diff. of 1.**

**16:51 Part 2:** "Do not worship two gods; there is only **one god**. You shall absolutely **revere Me.**"

**Revealed:** The **messenger's letters** are 14 up to "one – wahid" and 19 to the end of the verse on the word "reverence – farhaboon," revealing and confirming that **Allah is One** and worshipping 2 gods would constitute gross idolatry, that will be punishable by sending them to Hell.

**Revealed:** The GV of **Allah letters** in both words is 6 and GV of messenger's letters is 72, **the diff. is 66**, revealing the glorified name of **Allah who is absolutely ONE.**

**16:52** To Him belongs everything in the heavens and the earth and therefore, the religion shall be devoted absolutely to Him. Would you worship other than **ALLAH?**

**Revealed:** The **Allah letters are 19**, again proclaiming that He is indeed One without any partners; therefore He alone should be worshiped and not the idols that the disbelievers set up besides Him.

**2:255 ALLAH:** there is no other god besides Him, **the Living, the Eternal.**

**Revealed:** The **Aleefs of Absoluteness** are 7 and **messenger's letters** are 14, revealing the **Miracle of Seven Pairs** to confirm the truth of the verse.

\*\*\* Are the disbelievers fabricated gods and idols **Living and Eternal like Allah?** As they are not, then the disbelievers should submit to **Allah, the Living and Eternal Lord of the Universe** who controls everything and will decide the fate of everyone on the Day of Resurrection, **All Praise belongs to the Living and Eternal Lord.**

\*\*\* **Reflect on the infinite number of creations and the diversity in such creations.**

The Earth is the only planet that has been made habitable for the humans and all other creatures. **Allah** has created everything on Earth that the humans may possibly need, such as raw materials to manufacture goods, created fruits, vegetables, spices, seeds, livestock, all kinds of foods, milk, honey, as well as cotton, silk and wool to manufacture clothing,

and iron, zinc, copper, platinum, titanium, aluminum, chrome and many other metals, the names of which I may not be familiar with, to manufacture various products. Additionally, **Allah** has created cows, sheep, goats, camels, and other animals and from the hides of these animals, the humans manufacture warm clothes and leather jackets and coats to protect themselves from the cold of the winter. Whatever the human beings manufacture or produce, they all come from the earth as well as the oceans and rivers that are part of the Earth.

Who created the shadow, the rainbow, the shade, the mountains, valleys, rivers and lakes? Who created the night and the day? Who created the sun and the moon and the precise orbits?

Allah has Perfected His creation of the human being - the human body, the parts of the human bodies, for example everyone's fingerprint is different, the eyeballs, the fiber of the hairs, granting the DNA technology that is highly beneficial to the doctors, the researchers, and the law enforcement agencies to track down the criminals.

The creation of the human being is a Marvel. The brain is an absolute Marvel of Allah. The right side of the brain controls the left side of the body and vice versa. There are billions of neurons in the brain that control every function of the human body. The science behind the brain is so complex that the neurologists cannot even explain everything. The brain is the key essential part of the body that has unlimited functions and secrets behind it, even so that none of the neurologists have been able to unlock all the mysteries of the brain. It controls practically all of the functions of the human body. It is so complicated to understand how it works, that even with so much research, the neurologists still do not have all the answers to human ailments, afflictions, muscle disorders, epilepsy, autism, Alzheimer's, Cerebral Palsy, Parkinson's disease, Schizophrenia, Down Syndrome and many more. Alzheimer's is related and controlled by the brain, while Parkinson's disease is connected to the bones and the muscles.

There are so many parts in the human body that function individually, yet they are part of the same body. "And within yourselves, can you see"

**51:21 Part 1:** And within yourselves;

**51:21 Part 2:** Can you see?

**Revealed:** The messenger's letters are 5 and 4 in each part, **revealing the diff. of 1.**

Once the food and liquids go down the throat into the stomach, you cannot see within

yourselves. You cannot see the digestion process nor do you know whether the food is providing you the essential nutrients or becomes toxic inside to cause disease. The food breaks down to create blood, and many other important nutrients to serve different parts of the body and the organs within the body. The blood vessels that have the veins, arteries, and the capillaries feed every part of the body, even your fingernails and toenails, as well as the follicles of the hair on your head and entire body. The intestines are coiled up but are many feet long to serve the digestion process. The sweat excreted through the sweat glands has a different smell for each human that a trained dog can pick up and identify the person.

The face of each human being vary in color and size, and looks different from the other. The internal organs like the lungs, kidneys, liver, pancreas, gall bladder, intestines, and other organs may look the same in every human, but they function differently in each one of us. One aspect that has been created by the **Omniscient, Most Wise Lord** is the system of injection of food and drinks and the excretion of food and drinks through the holes in the front and the back of the butt. This system cannot be altered or changed even with the modern day surgeries. This system applies to all the human beings whether they be Queens, Kings, Prime Ministers, Presidents, Ministers, billionaires, millionaires, ordinary people and children. They may wear expensive clothes, shoes, jewelry and ornaments but the unanimity of the system of eating and drinking and then the excretion from the body is the same for all humans. As everyone knows, the excreted 'poo and pee' have a horrible smell that cannot be tolerated by any sane human being, no matter what their rank on Earth may be. Another system created by the Most Wise is that every human being has to breathe in oxygen and then breathe out carbon dioxide. A special relationship has been created between the trees, plants, shrubs whereby they exhale oxygen which the humans inhale to live, and the carbon dioxide exhaled by the humans is inhaled by the trees, plants, and shrubs to convert it back to oxygen. The human beings cannot survive without oxygen. If anyone is deprived of oxygen even for 5 minutes, the brain can die as well as the human being. If Allah willed to remove the oxygen from the earth, it will surely kill everyone on earth. Can anyone imagine this system that **Allah** created for all the human beings in order to live and survive on Earth? An example is cited through **Verse 6:125** to the importance of oxygen and what happens when you don't get enough.

**6:125 Part 1:** Whomever **Allah** wills to guide, He renders his chest wide open to Submission.

**6:125 Part 2:** And whomever He wills to send astray, He renders his chest intolerant and straitened, like one who climbs towards the sky.

**Revealed:** The GV of **Allah** letters in each part is 173 and 107, **revealing the**

**diff. of 66**, being the **glorified name of ALLAH**.

The explanation of the verse is that those sent astray by **Allah**, He renders their chests intolerant and straightened, like what happens when you climb towards the sky. You are familiar with the fact that as you ascend into the sky, the level of oxygen drops and as you go higher it becomes impossible to breathe, thus killing you. Now after knowing this fact, the people can appreciate this blessing from **Allah** who has provided oxygen on earth for them to breathe.

**Again, can any of the idols set up beside Allah provide oxygen to breathe for the disbelievers?**

**6:125 Part 2:** And whomever He wills to send astray, He renders his chest intolerant and straightened, like one who climbs towards the sky.

**6:125 Part 3:** **Allah** thus places a curse upon those who refuse to believe.

**Revealed:** The **Allah letters** are 12 and 13 in each part, **revealing the diff. of 1**.

**Revealed:** The **messenger's letters** are 19 and 19 in each part, revealing the **Profound Miracles of 19-19**, as well as the **Revelation of 1** through the letters of **Allah**.

**90:8** Did we not give him two eyes?

**90:9** A tongue and two lips?

**Revealed:** The GV of **Allah letters** for both verses is **128**, revealing the last name of the messenger.

**Revealed:** **Verse 90:9** The GV of **messenger's letters** is **212**, revealing the glorified name of **"Rabbi – my Lord."**

The importance of two eyes can best be explained by the eye doctors – the opticians and the ophthalmologists, as the messenger does not have enough knowledge regarding this. But when **Allah** has narrated a verse on two eyes, it will have a lot of meaning and knowledge behind it.

\*\*\* The importance of the tongue is that it produces saliva that is crucial to breaking down the food into a liquid form, and passing it down the throat. The two lips are crucial for

talking, as you cannot talk or pronounce with one lip. To prove this point, you have to note that your lips touch each other 19 times when you recite Sura 1, Al Fathehah – The Key.

Have you ever thought why each individual has 2 arms and 2 legs? This is created to balance the body when you walk or run. There is a specific purpose for the creation of 5 fingers in each hand and foot, for the 2 eyes, 2 nostrils, 2 ears and everything else in the body, **Praise be to Allah**. Each and every part of the body has detailed science behind it, therefore you have medical specialists who study and qualify to get a degree in a particular field and to be called ‘specialists’ in that field.

The monarch butterflies migrate every summer from South America and travel thousands of miles to come to North America. **Who is commanding them to take this journey every year?**

The leaves change color with the change in the seasons. **Who commands the leaves to change color?** Who can count the endless number of trees on earth? There is a forest in California called the “Sequoia National Forest” and some of the trees are nearly 3000 years old. **Who created these trees and granted them such a long life? Is it another god besides Al Rahman?**

How is it that the water from the oceans does not fall out? The earth is suspended in space and rotates on its axis and completes the rotation in 24 hours. Also it travels around the sun and completes the circle in 365 days, that makes it one calendar year, yet the water does not fall out of the oceans and rivers. Allah has created the phenomenon of evaporation, whereby the water evaporates due to heat and the sun, then the same water comes down as rain, **Subhan Allah. The disbelievers should ask themselves if they have any control over all these systems and phenomenon? They should know that Allah has created all of this and fully controls them. Nothing happens without His will, and He is Supreme over His creations and creatures.**

Have you heard of the locust infestation and invasion in some countries? These little creatures come as swarms in the billions and eat up all the green they can find from the leaves of every tree and crop. It is the farmers’ worst nightmare and they cannot stop it. It can cause food shortages around the world and can start food wars amongst the countries due to shortage of crops and food. Moreover, the prices of food products rise sharply due to the supply being low.
