PROPHECY OF SMOKE (PART 1)

**I seek refuge in Allah from satan the rejected.
In the name of Allah, The Most Gracious, The Most Merciful.**

Today I discuss the subject of Quranic Prophecies narrated by GOD. The Prophecy of Smoke is a major prophecy, and after it comes to pass, the days of God (45:14) will come when the true Islam starts to spread. The retribution will be overwhelming and will bring about major changes in the human minds. It will be the turning point in the course of mankind that will make them focus on GOD and His religion of Submission. There are many prophecies given in the Scripture – and the Prophecy of Smoke in chapter 44 is a notable one. The topic will be therefore focused on this subject. Before the fulfillment of a major prophecy, GOD does send revelations and a warner or messenger to deliver the warnings, to give the people a chance to believe and thereby redeem their souls, if they so choose. There is a predetermined timeframe of GOD, and the angels who carry out the commands and bring about the retribution are already instructed by GOD – they do it in accordance with His will and time schedule. A messenger cannot rush the retribution; he can only implore GOD to punish the disbelievers.

The Supreme Command

16:1 GOD's command has already been issued, so do not rush it. Be He glorified; the Most High, far above any idols they set up.

20:134 Had we annihilated them before this, they would have said, "Our Lord, had You sent a messenger to us, we would have followed Your revelations, and would have avoided this shame and humiliation."

Signs to Look for and Appreciate According to the Verses

27:93 And say, "Praise be to **ALLAH**; He will show you His proofs, until you recognize them. Your Lord is never unaware of anything you do."

Revealed: The **Aleefs** are **5**, while the **Allah letters** are **14**, to reflect a **sum of 19**. Both numbers **14** and **19** come out of the same verse – a **mathematical precision of the Most Wise**.

Revealed: The **Allah letters** are **14** and the **messenger's initials** are **19**, to reveal **the Sacred Codes**.

Revealed: The **chapter number** is **27** and the **verse number** is **93**, **revealing the diff. of 66 - Revelation of 66**.

21:37 The human being is impatient by nature. **I will inevitably show you My signs**; do not be in such a hurry.

47:18 Are they waiting until the Hour comes to them suddenly? **All of the Signs thereof have already come**. Once the Hour comes to them, how will they benefit from their message?

The SIGN: The **messenger's letters** are **20** and **19, revealing the diff. of 1** – the approaching Sign before the fulfillment of the Prophecy is coded with the name letters of this messenger to reveal the **Supreme Revelation of 1**.

The SIGN: The **messenger's initials** are **18** and **17, revealing the diff. of 1**. God has proved His Eternal Existence as the One God – now it is the people's

turn to respond to Him – take advantage or lose out.

The SIGN: The Aleefs are precisely 5 and 14, the sum is 19. This reveals the Sacred Codes of 14 and 19.

The SIGN: 47:18 tells us that all the Signs have already come. This verse confirms the truth, as the Aleefs are 14 in the verse and the messenger's letters are 19, bearing the Sacred Codes through the Aleefs signifying Absolute Authority, and the letters of His messenger. Note the Sacred Numbers of 14 and 19 occur in verse 47:18 as the Signs and this prophecy has been fulfilled, and not in 21:37 which promises the Signs will come in the future. Glory be to my Lord for the Absolute precision in His Signs to guide us.

Let me show you the important portions of the verses that talk about the Sign.

21:37 Part: I will inevitably show you My Signs.

47:18 Part: All the Signs thereof have already come.

The SIGN Revealed: In both parts combined, the Allah letters are 7 and the messenger's letters are 7, revealing the Seven Pairs Sign.

Revealed: The Arabic letters are 12 and 13, revealing the diff. of 1 – Glory be to God.

47:18 Part: All the Signs thereof have already come.

Revealed: The Arabic letters are 13, the Allah letters are 5 and the messenger's letter is 1. The net result of these numbers is $13 + 5 + 1 = 19$, Praise be to Allah. Writing the Arabic letters or Allah letters and then the messenger's letters produces a number which is a **multiple of 7** each time:

$13, 5, 1 = 7 \times 193$ OR $5, 13, 1 = 7 \times 733$

Revealed: The verse where God promises to show His Signs in the future is 21:37. This number when written together as 2137 is neither a multiple of 14 or 19. But the other verse 47:18 whereby God confirms that the Signs have already come is a multiple of 14, revealing the Seven Pairs. $4718 = 14 \times 337$.

Parts 1 and 3 of verse 47:18, which are the remaining parts, other than the Signs having already come, are:

47:18 Part 1: Are they waiting until the Hour comes to them suddenly?

47:18 Part 3: Once the Hour comes to them, how will they benefit from their message?

Revealed: The entire message of GOD falls under 1 number – this has always been the case. This number represents the **Absoluteness of GOD**, and **His Shahadah** to complement this attribute, both of them have a GV of **165**. So Parts 1 and 3 above do reveal the GV of **Allah letters** to be exactly **165**. The warning given in Part 3 is very clear that those who do not believe in these revelations will not benefit from the message, as it will be too late for them.

41:41 Those who have rejected the proof when it came to them, have also rejected an Honorable Book.

41:42 No falsehood could enter it, in the past or in the future; a revelation from a Most Wise, Praiseworthy.

The Sign: The **Allah letters** are **13** and **13** – Perfectly Matched.

The Sign: The **Arabic letters** are $(38 + 45) = 83$, and the sum of **verses** $(41 + 42) = 83$, Perfectly Matched.

The Sign: The **messenger's letters** are **15** and **29**, revealing the diff. of 14 – Perfectly Coded for Seven Pairs.

The Sign: The GV of **Allah letters** for both verses are **137** and **199**.

$$137,199 = 19 \times 7221$$

The Sign: The GV of the **messenger's letters** for both verses are **386** and **736**. $386,736 = 14 \times 27624$ – thus revealing the Sacred Codes.

41:41 Part: Those who have rejected the Proof.

Revealed: The **Allah letters** are **6** and the **messenger's letters** are **7**, revealing the diff. of 1 – rejection of the “**Revelation of 1**” or any of God’s proofs is tantamount to rejection of the entire Quran.

Revealed: The GV of the **messenger's 7 letters** is precisely **178**, revealing the name of the messenger, whose name letters are inscribed in the Quran and is part of the “proof system”.

Revealed: The GV of **Allah letters** is **64** and the GV of the **messenger's letters** is **178**, revealing the diff. of 114 – the entire Quran.

41:41 Those who have rejected the Proof when it came to them, have also rejected an Honorable Book.

41:42 Part: No falsehood could enter it, in the past or in the future.

Revealed: The GV of **Allah letters** are $(137 + 169)$, revealing the sum of 306 – Makbool Husain. No false messenger can prove themselves from the Quran, as the revelations and the secrets are fully controlled by GOD; therefore the messenger's name is hereby confirmed by the Most Wise, The

Possessor of all grace and mercy, as a revelation from GOD.

Revealed: The GV of the **messenger's letters** are (386 + 440), the sum is 826 = 14 x 59, Glory be to God.

41:42 Last Part: "A revelation from a Most Wise, Praiseworthy."

Revealed: The GV of the **messenger's letters** is 296 ("**Rasool**" – "**messenger**"); proving the revelations given to the messenger from the Most Wise, and Most Praiseworthy. **What does a revelation mean?** It means that GOD has appointed the person to be a messenger, and given him inspiration and revelations, as the number **296** above reveals.

The Messenger's Letters are Part of the Proof System in the Quran: ALLAH and the SHAHADAH

3:2 ALLAH (God): La Elaha Ella Hoo (There is no god except He); the Living, the Eternal.

37:35 When they were told, "La Elaha Ella **ALLAH**" (there is no other god beside Allah), they turned arrogant.

Proof System: The **messenger's letters** are 14 and 19, revealing the Sacred Codes, Praise be to Allah.

85:21 Indeed, it is a glorious Quran

85:22 In a preserved Master Tablet.

The Secret Revealed: The **messenger's letters** are 7 and 7 – the messenger's name is preserved in the Master Tablet as the messenger of the Seven Pairs – Praise be to Allah.

The Secret Confirmed: In both verses, the **Allah letters** are 4, as are in His name, and the GV is 66 – ALLAH.

Master Record: This is the last occurrence of the word – "Quran" in the Scripture, and the total number of verses remaining in the Quran after these verses, which reveal the messenger's name preserved as the messenger of the Seven Pairs are precisely 306, which is the GV of **the messenger's full name**.

Master Record of God: The Miracle of 19 was revealed to Rashad Khalifa in 1974. From the revelation of the Miracle to the end of the world in **2280** are precisely 306 years, bearing the Sign of the end of the world through the messenger's name.

Proof System – 7 Examples of 7 Pairs Through the Messenger's Letters

1) **WORSHIPING LORD OF THE UNIVERSE:**

19:65 The Lord of the heavens and the earth, and everything between them; you shall worship Him and steadfastly persevere in worshipping Him. Do you know of anyone who equals Him?

16:51 GOD has proclaimed: "Do not worship two gods; there is only one god. You shall reverence Me alone.

Proof System: The messenger's letters are 25 and 24, **revealing the diff. of 1** – the Supreme Revelation.

2) **RELIGION OF GOD – ISLAM (Submission) & CLEAR LAWS:**

3:19 The only religion approved by GOD is "Submission" (Islam). Ironically, those who have received the scripture are the ones who dispute this fact, despite the knowledge they have received, due to jealousy. For such rejectors of GOD's revelations, GOD is most strict in reckoning.

45:17 We have given them herein clear commandments. Ironically, they did not dispute this until the knowledge had come to them. This is due to jealousy on their part. Surely, your Lord will judge them on the Day of Resurrection regarding everything they have disputed.

Proof System: The messenger's letters are 53 and 54, **revealing the diff. of 1** – the Supreme Revelation.

3) **SCRIPTURE AND ITS VERSES:**

23:68 Why do they not reflect upon **this scripture**? Do they not realize that they have received something never attained by their ancestors?

38:29 **This is a scripture** that we sent down to you, **that is sacred** – **perhaps they reflect on its verses**. Those who possess intelligence will take heed.

Proof System: The messenger's letters are 22 and 23, **revealing the diff. of 1** – the Supreme Revelation.

4) **PROOFS AND MIRACLES OF QURAN:**

6:37 They said, "If only a certain sign could come down to him from his Lord!" Say, "GOD is able to send down a sign, but most of them do not know."

29:51 Is it not enough of a miracle that we sent down to you this book, being recited

to them? This is indeed a mercy and reminder for people who believe.

Proof System: The **messenger's letters** are **38** and **37**, revealing the diff. of 1 – the Supreme Revelation.

5) **SYSTEM OF MESSENGERS – BELIEF AND OBEDIENCE TO THEM:**

4:69 Those who obey **GOD** and the messenger belong with those blessed by **GOD** – the prophets, the saints, the martyrs, and the righteous. These are the best company.

57:19 Those who believed in **GOD** and His messengers are the saints and martyrs. Reserved for them at their Lord are their rewards and their light. As for those who disbelieved and rejected our revelations, they have incurred Hell.

Proof System: The **messenger's letters** are **53** and **52**, revealing the diff. of 1 – the Supreme Revelation.

6) **DAY OF JUDGMENT – HELL AND PARADISE:**

2:81 Indeed, those who earn sins and become surrounded by their evil work will be dwellers of Hell; they abide in it forever.

2:82 As for those who believe, and lead a righteous life, they will be the dwellers of Paradise; they abide in it forever.

Proof System: The **messenger's letters** are **24** and **25**, revealing the diff. of 1 – the Supreme Revelation.

7) **SUPREMACY OF GOD – ALL PRAISE BELONGS TO HIM:**

45:36 To **GOD** belongs all praise; Lord of the Heavens, Lord of the Earth, Lord of the universe.

45:37 To Him belongs all supremacy in the Heavens and the Earth. He is the Almighty, Most Wise.

Proof System: The **messenger's letters** are **19** and **20**, revealing the diff. of 1 – the Supreme Revelation.

As you have witnessed, I have only given **7 examples** with **7 pairs of verses** under highly important topics with the “**Revelation of 1**” through my name letters – Glory be to Allah. This is just a sample of the revelations granted by the Most Gracious. What GOD has revealed is bountiful – His provisions, resources, revelations, proofs, and miracles are inexhaustible and unlimited – Praise be to Allah.

Belief in the Prophecies and Promises of God is Mandatory

6:67 Every prophecy herein will come to pass, and you will surely find out.

Confirmation: The **messenger's letters** are **14** – confirmed through the latest revelations of the Seven Pairs Sign revealed to the messenger.

Revealed: **Arabic letters** are **21**, and **Quranic initials** are **14**, numbers are **multiples of 7 and 14**.

7:53 Part: Are they waiting until all (prophecies) are fulfilled? The day such fulfillment comes to pass, those who disregarded it in the past will say, “The messengers of our Lord have brought the truth.”

Revealed: The **Allah letters** are **22** and the **messenger's letters** are **41**, **revealing the diff. of 19** – Glory be to Allah.

46:26 Part 1: We had established them in the same way as we established you, and provided them with hearing, eyes, and minds. But their hearing, eyes, and minds did not help them at all.

46:26 Part 2: This is because they decided to disregard **GOD's** revelations. Thus, the prophecies and warnings that they ridiculed have caused their doom.

Revealed: The GV of **Allah letters** are **203** and **89**, **revealing the diff. of 114**. This number represents the **entire Quran (114 chapters)** and warns the disbelievers about the consequences for closing their ears, eyes, and minds to God's revelations. They will have to face God's retribution.

46:26 Part A: This is because they decided to disregard **GOD's** revelations.

46:26 Part B: Thus, the prophecies and warnings that they ridiculed have caused their doom.

Revealed: Part A: The GV of the **messenger's letters** is **202** for **LORD**, for **Part B**, they are **380**, a **multiple of 19**, providing the proof for the verse. What is the difference between these numbers?

Revealed: The numbers chosen by God, **202** and **380** **reveal the diff. of 178**, thus revealing the hidden secret – a **profound warner (Makbool)** who recites the revealed message of GOD.

BELIEVER OR NOT – **That will make the difference!** In most of the verses in the Quran, whenever the people express remorse or regret for not believing, or when

they see the retribution, or on the Day of Resurrection; their only longing and desire will be: “that they wish they were believers”. For specific reasons, God has not used the word “submitter” or “muslim”.

46:27 We have annihilated many communities around you, after we explained the proofs, that they might repent (and return back to submission).

Revealed: The GV of **Allah letters** are marked as **227** (“**Al-Muhmineen**” – “**the Believers**”). The whole Test is whether you become a believer or not – by believing in God’s Absolute Authority demonstrated by believing and following His messengers. The retribution is inevitable as GOD has explained the Proofs to the people.

46:26 Part 2: This is because they decided to disregard **GOD’s** revelations. Thus, the prophecies and warnings that they ridiculed have caused their doom.

46:27 We have annihilated many communities around you, after we had explained the proofs, that they might repent (and return back to submission).

Revealed: The **Allah letters** are **15** and **16**, **revealing the diff. of 1** – a profound Proof from ALLAH.

Revealed: The GV of the **messenger's letters** are $(582+832) = \mathbf{1414}$ – a clear revelation of **the Seven Pairs**.

21:5 Part: Let him show us a miracle like those of the previous messengers.

The Miracle: The **Allah letters** are **12** and the **messenger's letters** are **13**, **revealing the diff. of 1** – those who believe in God and have decided to submit fully can easily see and appreciate the “**Revelation of 1**” granted to this messenger.

20:133 Part 1: They said, “If he could only show us a miracle from his Lord!”

20:133 Part 2: Did they not receive sufficient miracles with the previous messages?

Revealed: The **Aleefs** are **6** and **6** – the pattern spells out the name of **Allah** **66**.

Revealed: The **Allah letters** are **11** and **12**, **revealing the diff. of 1** – every message from GOD comes with sufficient miracles, but most people still disbelieve.

21:6 We never annihilated a believing community in the past. **Are these people believers?**

Revealed: The GV of the **messenger's letters** is **784**, a **multiple of 14** ($784 = 14 \times 14 \times 4$).

Revealed: The GV of **Allah letters** is **90** and the GV of the **messenger's letters** is **784**, the sum is **874** = **19** x 46. These values thus reveal **the Sacred Codes** of **14** and **19** to clarify the meaning of "**believers**".

21:6 Part: "Are these people believers?"

Revealed: The GV of the **messenger's letters** is precisely **202** for **LORD** – to submit fully in accordance with the entire Quran is belief in the LORD; anything short of it constitutes disbelief, hypocrisy and idolatry. The GV of **Allah letters** is **6** and the GV of the **messenger's letters** is **202**, **revealing the diff. of 196** = **14** x **7** x **2**.

There are different prophecies mentioned in the Quran – some have come to pass, some are being fulfilled during this time through the current revelations, about which some of the believers may be unaware, and some will happen in the future, God willing. The requirement from GOD for the people in this life is to believe in Him without seeing Him, to believe in His revelations when you hear them, to believe in His messengers when they bring you the message, and to believe in the Day of Judgment prior to it happening. The prophecies in the Quran are part of the overall revelations sent to mankind, and every submitter has to sincerely believe in them, just like the rest of the message in the Book. The date for the fulfillment of these prophecies is not given alongside the verses; but are revealed through God's messengers. As an example, the date for the "Day of Judgment" was revealed through the former messenger, Rashad Khalifa to be the year 2280. This is not just an ordinary date, but is a proven date, based on the Miracle revealed to the messenger, and we as believers in God's Absolute Authority have believed it to be from GOD and to be true.

For example, **the Prophecy** given in **verse 27:93** (see Page 6) has now come to pass – as GOD has shown His proofs by marking this verse with His name letters **14**. He has shown His proofs – not one or two, but quite a few, through the many different revelations that have been sent down through Makbool to let the people know that the Quran is the Truth from Almighty God, and to believe in His messengers for their guidance. As God's words never run out, the same verse and other verses can again be revealed in the future with another miracle or message, if He so chooses. Everyone is supposed to believe in GOD's revelations as they are revealed and at the time they are revealed, without doubt or hesitation. This course of action constitutes belief in the Absolute God. Those who wait for the prophecy to

fulfill before they believe, or the Day of Judgment to pass before they believe, or wait for God and His angels to come down, before they believe in Him – the belief of such people is not accepted by the One, the Supreme Lord of the Universe. According to the Quran, GOD reserves the right and the privilege to send retribution whenever He wills, or to delay it, if He so wills it. It can come with an announcement made by God through His angels, or His messengers, or it can come suddenly also without prior announcement. The messenger recites the revelations and proofs given to him, **but the judgment and the fulfillment rests solely with GOD**. I recite to you a verse on this subject:

6:47 Say, “What if **GOD’s** retribution came to you suddenly, or after an announcement, is it not the wicked who incur annihilation?”

Revealed: The **Allah letters** are **25** and the **messenger’s letters** are **24**, **revealing the precise diff. of 1**. This is a very serious verse and warning to the disbelievers through the “**Revelation of 1**” sent down through the messenger.

Revealed: Up to the word “Aazab” in Arabic, meaning “retribution”, the **Arabic letters** are **19**, while the **Quranic initials** are **14**, thus **revealing the Sacred Codes of 19 – 14**.

The next 2 verses – marked with God’s profound Absolute Authority represented by the Aleefs.

6:48 We do not send the messengers except as deliverers of good news, as well as warners. Those who believe and reform have nothing to fear, nor will they grieve.

6:49 As for those who reject our revelations, they incur the retribution for their wickedness.

Revealed: The **Aleefs** are **8** and **9**, **revealing the diff. of 1** – God’s Absolute Authority represented through His messengers to warn the people.

6:50 Part: Say, “I do not say to you that I possess the treasures of **GOD**. **Aleefs 4**

6:50 Part: Nor do I know the future. (**Allah letters** are **6** and the **messenger’s letters** are **7**, **revealing the diff. of 1**.) **Aleefs 3**

6:50 Part: Nor do I say to you that I am an angel. **Aleefs 3**

Revealed: This Pattern of **433** is the exact GV of “**Lord of the Universe**”. As a human messenger, I say this and acknowledge that I do not know or control the future (see “**Revelation of 1**” above) – everything is within the complete control and power of the **Lord of the Universe, 433** – Praise be to Him.

6:50 Part: I simply follow what is revealed to me. (The GV of **Allah letters** is **66**) Say, "Is the blind the same as the seer? Do you not reflect?"

Revealed: Let the people reflect what they read on this website, as it is all from GOD; this is why this portion is specifically marked with **19 Allah letters**. If they are seers, they can see and read, but if they are blind, nothing can be done for them, nor can they help themselves.

6:58 Say, "If I controlled the retribution you challenge me to bring, the whole matter would have been terminated long ago. **GOD** knows best who the wicked are."

Revealed: The **Allah letters** are **19** and the **messenger's letters** are **38**, revealing the diff. of 19.

6:59 Part: With Him are the keys to all secrets; none knows them except He.

Revealed: The **Allah letters** are **13** and the **messenger's letters** are **13** – **Matching** – none knows God's secrets until He blesses a human being and parts with His knowledge. The guidance offered by messengers is a matching guidance, as it controlled and inspired by GOD.

Revealed: The GV of **Allah letters** is **141** and the GV of the **messenger's letters** is **292**, revealing the sum of 433, being the GV of Lord of the Universe.

No human being, including the messengers can rush the retribution or change the predetermined plans of GOD. Everything happens in accordance with the Supreme will of God. The humans count the months and calendar years; if God's retribution does not occur within their lifetime, or if it happened during their ancestor's time, they easily disregard God and take it for granted that nothing will happen. They are wrong! The span of **a thousand years on earth** is equal to **1 day for GOD**. Now if you look back a **1000 years**, you will see that all kinds of retributions have befallen upon various communities. If you mark and note every retribution as it happens during the course of each year and run a tab for a few years, you will see a long list of communities and countries punished by God. This includes afflictions and disasters from viruses, droughts and starvation, disease, wind storms, cyclones, hurricanes, tornadoes, earthquakes, tsunami, civil wars, volcanoes, riots, racial and religious wars, and the list goes on. Praise be to Allah.

22:47 Part 1: They challenge you to bring retribution, and **GOD** never fails to fulfill His prophecy.

22:47 Part 2: A day of your Lord is like a thousand of your years.

Revealed: The **Aleefs** are **3** and **4**, **revealing the diff. of 1** – Glory be to my Lord.

Entire Verse: The **Allah letters** are **17** and the **messenger's letters** are **31**, **revealing the diff. of 14 – the Seven Pairs**.

Revealed: **Part 2** is specifically marked with the **messenger's letters** as **14** to reflect on the yardstick of time in the view of God, and not our count of the years for the prophecies to be fulfilled.

22:47 Part: “And GOD never fails to fulfill His prophecy.”

Revealed: This portion is again especially marked with **Allah letters** as **7** and the **messenger's letters** as **8**, **revealing the diff. of 1**. This proves that GOD’s promise is absolutely truthful, and no one should doubt or underestimate the Hadith (narration) of GOD. Whatever I say or write will not impress the disbelievers, nor do they care about God’s revelations. In fact, the reaction and expressions are already documented in the Quran, such as:

Mocking and Ridiculing the Messengers

26:185 They said, “You are bewitched.”

Revealed: The **messenger's letters** are **14**.

26:186 “You are no more than a human being like us. In fact, we think you are a liar.

Revealed: The **messenger's letters** are **19**.

23:25 He is simply a man gone crazy. Just ignore him for a while.

Revealed: The **messenger's letters** are **14**.

26:136 They said (the disbelievers), “It is the same whether you preach, or not preach.”

Revealed: The **messenger's letters** are **19**.

23:34 “If you obey a human being like you, then you are really losers.

Revealed: The **messenger's letters** are **14**.

26:27 He said, “Your messenger who is sent to you is crazy.”

Revealed: The **messenger's letters** are **19**.

26:186 “You are no more than a human being like us. In fact, we think that you are a liar.”

26:187 “Let masses from the sky fall on us, if you are truthful.”

The Truth: The **Aleefs** are **7** and **7** – being **the Seven Pairs from the Absolute God**.

The Truth: The **Allah letters** are **11** and **10**, **revealing the diff. of 1** – The disbelievers challenge to the Almighty God can come around to haunt them – they will be extremely remorseful.

The Truth: The **messenger's letters** are **19** and **19** – the profound truth from **ALLAH**.

26:111 They said, “How can we believe with you, when the worst among us have followed you?”

Revealed: The **messenger's letters** are **14**.

26:113 (the messenger said) “Their judgment rests only with my Lord, if you could perceive.”

Revealed: The **messenger's letters** are **14**.

The Sacred Codes through the messenger's letters proves that **God's messengers are not liars** – it is the people who disbelieve in them that are the real liars, Glory be to God.

26:137 That affliction was limited to our ancestors.

26:138 No retribution will ever befall us.

Revealed: The **messenger's letters** are **9** and **10**, the pattern of “Tis’ha Ashar”, per **74:30**; **revealing the diff. of 1 and the sum of 19**. The disbelievers should not prejudge or underestimate GOD, as the next verse is marked with the precision of the Seven Pairs through Allah letters.

26:139 They thus disbelieved and, consequently, we annihilated them. This should be a lesson, but most people are not believers.

Revealed: The Allah letters are 14 – the Sign to warn the disbelievers.

26:4 Part 1: If we will, we can send from the SKY a **SIGN**.

Revealed: Up to “sign”, the **messenger's letters** are 14.

26:4 Part 2: That forces their necks to bow.

Revealed: The **messenger's letters** are 7, revealing the Seven Pairs Sign.

26:5 Whenever a reminder from the Most Gracious comes to them, that is new, they turn away in aversion.

Revealed: Both verses: The **messenger's letters** are **21** and **22**, revealing the diff. of 1 – the new reminder is all of the revelations sent through this messenger, which are coded and precise.

The sermon on this subject can fill many pages, but I will try to keep it brief, though it is hard to do sometimes. There are so many verses on each subject that I feel overwhelmed and marvel at GOD's revelations, which have no end to them. Glory be to Him.

Chapter 44 is called “The Smoke”, and mentions the prophecy of the smoke. **It has 59 verses.** Whether you write the number 59 or 95, they will denote the messenger's name verses appearing in the Quran as 5 verses under 178 and 9 verses under 128. The digits 5 and 9 add up to 14. The total number of verses denoting the GV of the messenger's first and last name appear only 14 times in the Quran. Chapter 44 is the only one in the Quran that has 59 verses, and there is no repetition of the number of these verses. This number consists of the digits 5 and 9. Which verses are given in chapter 44 under the numbers 5 and 9 ? They are:

44:5 It is a predetermined command from us that we send messengers.

44:9 Indeed, they are doubtful, heedless.

These verses express the same message as narrated in the previous sermon on “Most and Few”, that the majority of the people will reject God's Absolute Authority by disbelieving in His messengers, no matter what miracles they bring from GOD and show the people. Now follow the **Miracle of God's Precision**, so you can put your trust in Him for the fulfillment of the Prophecy of Smoke. In this Miracle that I am about to show you, each initial and letter of my name has been counted by GOD

in the Quran to prove the appointment of this messenger as the bearer of a serious, heavy message and a profound warner. Reflect on the verses enveloped or encircled in between verses 44:5 and 44:9. They are 44:6,7,8. These **3 verses (Miracle of 3)** express the purpose and the reason that the messengers are sent by God – to declare the Shahadah, the worship of God alone, and to warn about the Day of Reckoning.

44:6 This is a mercy from your Lord. He is the Hearer, the Omniscient.

44:7 Lord of the heavens and the earth, and everything between them. If only you could be certain!

44:8 There is no other god beside Him. He controls life and death; your Lord and the Lord of your ancestors.

These 3 verses define the true Lord of the heavens and the earth, narrate the Shahadah, point out that life and death are created and controlled by Him, and the mercy from Him in sending His revelations and messengers, about which the majority always has been doubtful. I wish that all of you were around me physically to witness the miracle with your eyes through the Arabic script of the Quran. Only then can you comprehend the incomprehensible powers of the Almighty Lord, for whom no bounds and limits apply – He is truly the Absolute, Most Wise, Omnipotent and Omniscient GOD. Let me repeat the Miracle to lead you on:

Chapter 44 has 59 verses – the verse number 59 is made up of digits 5 and 9 – these numbers open up verses under the same numbers, being 44:5 and 44:9. These verses express the fact that God’s system of sending messengers is a predetermined command from Him, about which they remain doubtful and heedless. In between are 3 verses that give the Shahadah and state the truth of only One God of the universe – the One who controls everything including our life and death, if only the people could be certain. **These 3 verses in between open up the Miracle to introduce the messenger, and the message of the “Prophecy of Smoke”.**

Revealed: 44:6,7,8 The Miracle: Count the **messenger's initials**, and you will find them to be 44 – what is **the chapter number**? It is also **44**, thus **Perfectly Matched by GOD**.

Revealed: Count the **messenger's letters**, and you will find them to be 59 – how **many verses** are there in this **chapter**? They are also 59, thus **Perfectly Matched by GOD**.

Revealed: The GV of the **messenger's 44 initials** are **1506** and the GV of the **messenger's 59 letters** are **1572**. What is the difference created by God in these numbers? The diff. in GV’s is **His name – 66 ALLAH**.

What message is **ALLAH** conveying here to all the people? It will be clear and evident through the same numbers also.

Revealed: The sum of **1506 + 1572** is **3078 = 19 x 162**. The number **162** has been revealed to reflect complete submission (**Al-Islam** and **Al-Salat** have GV's of **162**) to **ALLAH 66**, that is demanded of the people by believing in God's messenger, Makbool Husain, without any doubts.

44:6 Part 1: This is a mercy from your Lord.

Revealed: The GV of the **messenger's letters** is **140 = 14 x 10**.

44:6 Part 2: He is the Hearer, the Omniscient.

Revealed: The GV of the **messenger's letters** is **306, revealing the name of the messenger** through the attributes of Allah, while providing the Code of **14** through the first part of the verse. The reason is that when God sends any messenger or revelation, this attribute is reflected in the verses to let the people know that God hears their response to the messenger, sees everyone, and is fully aware of all His creations.

The GV of the name of the chapter "**Al-Dukhan**" – "The Smoke" is **686. 686 = 14 x 7 x 7** The numbers derived through the quotient (**14,7,7**) is precisely the GV of the verse on the Seven Pairs, which reads:

15:87 Part: We have given you the seven pairs.

Revealed: The GV of this part of the verse is **1477 (the digits add to 19)**.

Revealed: The GV of **Allah letters** in the chapter name = **32** and the **messenger's letters = 80, revealing the diff. of 48**. What does **48** represent? The chapter is marked with the 1st verse as H.M. (the Quranic initials). These represent the messenger's name Husain Makbool. The GV of H,**8** + M,**40** = **48**. This matches with the **48** derived through the difference in the GV's of Allah letters and the messenger's letters above.

Revealed: When we take the value of these **H.M. initials**, which is **48** and add the GV of **Allah, 66**, we get **114**, which are the total number of chapters in the Quran. To highlight the significance of H.M. initials as being connected to this messenger in relation to the Quran, the Most Wise matches the number **114** again with the messenger's letters. Count from 44:1 – the verse starting with the H.M. initials up to verse 44:9, that reads: Indeed, they are doubtful, heedless.

Revealed: The precise count of the **messenger's letters** are matched by God to be **114**, a **multiple of 19**. The count of **Allah letters** is **63**, a **multiple of 7** – these numbers reveal the Sacred Codes – Glory be to GOD.

Some people who do not fully believe in God and the Quran have expressed their doubts at the H.M. initials being connected to the messenger's name, although they are in perfect coordination, and consistent with the proofs revealed by God. This is why verse 44:9 states this fact about the people's doubts, and the reason they go astray – by their disbelief in whatever God reveals. Through the proofs given in the appropriate section of the website, you will see that the H.M. initials are 7 Pairs, a total of 14 letters, in contiguous chapters – 40 through 46. The GV of these initials when written with the GV of the messenger's name as applicable to the first letter of the messenger's name, reveals the Sacred Codes of 14 and 19, to confirm this “special revelation” from GOD.

When we write the **chapter** and the **total number of verses** together, they are multiples of 7.

$$44,59 = \underline{7} \times \underline{7} \times \underline{7} \times 13$$

The beginning verse of the “Prophecy of Smoke” is **44:10** – this number **4410** = 14 x 7 x 45.

The message of “Prophecy of Smoke” is composed of 7 verses, 44:10 up to 44:16.

It is notable that this chapter has only 3 counts of Allah (God) in the **59 verses**. Recall the **Miracle of 3** that I have pointed out to all of you, the full details of which have not been presented and recited yet. As we proceed with different sermon topics, they will become apparent to you. These 3 occurrences are:

44:18 1st Occurrence: Proclaiming: “Listen to me, servants of **GOD**. I am an honest messenger to you.

44:19 2nd Occurrence: And, “Do not transgress against **GOD**. I bring to you powerful proofs.”

Powerful Proofs: The Aleefs are 8 and 6, revealing the sum of 14.

Powerful Proofs: The Allah letters are 14 and 13, revealing the diff. of 1.

Powerful Proofs: The Arabic letters are 31 and 35, the sum is 66, revealing the name of Allah.

$$31,35 = \underline{19} \times \underline{165} - \text{The Most Powerful Absolute GOD.}$$

Powerful Proofs: Sum of verses is (18+19) = 37 and the messenger's letters are (17+21) = 38, revealing the diff. of 1.

Powerful Proofs: The GV of **Allah letters** are $163+191 = 354$; The GV of the **messenger's letters** are $484+576 = 1060$. The sum of the GV of **Allah letters** of 354 + sum of the GV of the **messenger's letters** of $1060 = 1414$ – GOD has narrated the truth and the powerful proof of 1414 – all of you repent to God.

44:42 3rd Occurrence: Only those who attain mercy from **GOD** (will be redeemed). He is the Almighty, Most Merciful.

Powerful Proof: This 3rd occurrence bearing Allah's name in the verse has **14 Allah letters**. The **verse number** is **42**, a **multiple of 14** ($42 = 14 \times 3$). Note the quotient is revealed to be **#3**.

Powerful Proof: This 3rd occurrence is marked with **Allah letters** as **14** and the **messenger's letters** as **15**, **to reveal the diff. of 1** – a **Supreme Revelation of 1 GOD** – a special revelation for the messenger.

Revealed: Now note that after the 3rd occurrence of the word, "ALLAH", there are **17** more **verses** left to end of the chapter on verse **59**. To match the number **17**, God has deliberately composed the last and ending verse with **17 Arabic letters** – Glory be to my Lord. Also, to highlight the significance of the Miracle of **3**, after assigning **3** occurrences of His name – Allah, the **last verse #59** has only **3 Allah letters** in it. The GV of these **3 Allah letters** is **7**; when added with the **verse #59**, the sum is **66** (the GV of **Allah letters 7** + **verse number 59** = **66**). Glory be to God.

Revealed: The **Arabic letters** in **44:59** are **17**, and **Allah letters** are **3**, **revealing the diff. of 14 – the Seven Pairs**.

The 17 verses left after 44:42, being the 3rd occurrence of Allah in the chapter, are perfectly composed with the mathematical structure, to let the people know that GOD has precisely counted every letter in the Quran, every atom in the universe, as well as His creations. He is fully aware of all things and all situations. This precise count is just one more precedent to warn the people of GOD's absolute knowledge over all things and matters – including our innermost thoughts.

Revealed: The **17** verses from **44:43** to the end of chapter **44:59**, have a precise count of **48 Aleefs**. **Remember the number 48 ?** ($H\ 8 + M\ 40 = 48$) These (H.M.) are the Quranic initials in the **7** chapters – chapters **40** through **46**, representing the Sign given to the messenger, as being the beginning letters of his name, Husain Makbool. The Aleefs inscribed by God with the perfection of **48** is the confirmation of the messenger and His Sign. Note that the chapter by this number is "The Victory" (**chapter 48** has **29 verses**, **revealing the diff. of 19**).

Revealed: Additionally, the **17** verses from **44:43** to **44:59** have a precise

count of **Allah letters** to be **98**, a **multiple of 14** ($98 = 14 \times 7$).

Revealed: The count of the **messenger's letters** inscribed by GOD within the **17** verses have a perfect count of **190** letters, a **multiple of 19** ($190 = 19 \times 10$), to complete **the Sacred Codes of 14 and 19** – a **profound Sign**.

God's wisdom in knowing the innermost thoughts of the hypocrites and the disbelievers is also documented through the same chapter in unimaginable ways and verses. There is a pair of verses on **doubtful and doubt** – being verses on a similar subject.

44:9 Indeed, they are doubtful, heedless.

44:50 This is what you used to doubt.

Question: What is God referring to? The Answer is given below through the revelations:

Revealed: The **Arabic letters** for each verse are **14** and **19**, **revealing the Sacred Codes**.

Revealed: The **messenger's letters** are **9** and **8**, **revealing the diff. of 1** – God is referring to the disbeliever's doubts in the entire Quran and the subsequent revelations sent through the messengers, with this message bearing the ultimate miracles.

Revealed: The **verse numbers** are $9 + 50 = 59$, and the total number of **verses in chapter** are **59**. Writing them side by side, the pattern is of 9,50 = **19** x 50. **Verse 9** matches the **messenger letters** which are **9**, and **verse 50** matches the difference in the **messenger's names 178** and **128** (**178** minus **128** = **50**). Writing the chapter and verses side by side: 44,9,44,50 = **19** x **19** x 12450.

This is the only chapter in the Quran whose 59 verses have a cumulative count of Allah letters to reveal 433 – a profound number representing **Lord of the Universe – 433**. This did not happen by chance – **it is perfectly calculated by the Most Wise**. Those who understand the Quran and appreciate God's unlimited powers will realize why God decided to code this entire chapter with the number that ties into His status and designation of being "Lord of the universe". Praise and Glory be to Him. This gives chapter **44** added impetus and significance as GOD has chosen to mark only this chapter with the total count of His name letters as **433**. When we add the **number 44** to **His name 66**, the sum becomes **110**, which is the GV of His Shahadah stating His Absolute Authority over all creations, commands, matters and decisions. To convert the number into a "revelation", it will become chapter **43**, verse **3** (see 43:3).

43:3 We have rendered it an Arabic Quran, that you may understand.

Revelation: The **Arabic letters** are **29**, and **chapter number** is **43**, **revealing the diff. of 14.**

Revelation: The **Quranic initials** are **24**, and **chapter number** is **43**, **revealing the diff. of 19.**

Revelation: The **messenger's letters** are **14** – **preserved in the Master Tablet of Allah.**

The above is a Perfect Revelation of the Sacred Codes confirming the Perfect Revelation of the Quran from the **Lord of the Universe - 433.**

433 – this is a very powerful revelation from the Lord of the Universe, as the chapter's verses have precisely **433 Allah letters** in them; also, the revelation of the proofs are based on the Miracle of the Seven Pairs through the sets of verses of Seven Pairs which also include a human messenger's name letters (Makbool Husain), who was not born and was not on earth at the time the Quran was revealed to prophet Muhammad. I have no part in composing or writing the Quran at all. Therefore, these proofs are absolute marvels from the Lord of the Universe. They negate and nullify the concept of any human factor involved in the miracles and proofs of the Quran and defeat the mathematical genius of all human beings, who can never produce anything similar to God's revelations. These revelations have unveiled and revealed the highest standard of God's Absolute Precision of His words – Praise and Glory be to ALLAH, Lord of the Universe. To augment the Miracle in chapter 44 in addition to what you have heard and read so far, witness with your eyes what ALLAH (Most Glorified) is going to show you. He has given me the Sign of the Seven Pairs, in addition to many other revelations. It may be easy to see the Miracle but absolutely impossible to comprehend the knowledge, wisdom, power and precision of the Almighty Lord of the Universe. **First, I will show the basis of the Seven Pairs Miracle through the actual verses on this subject and the Miracle through letters of my name.**

BASIS OF SIGNS AND THE TEST

23:30 These should provide sufficient proofs for you. We will certainly put you to the Test.

BASIS of SIGN: The **messenger's letters** are **14**, **revealing the Seven Pairs Sign.**

36:46 No matter what kind of proof is given to them from their Lord, they consistently disregard it.

BASIS of SIGN: The Allah letters are **14** and the messenger's letters are **19** – this is the “**basis and the confirmation**” of **the Sacred Codes** of GOD given to me.

15:87 We have given you the seven pairs, and the great Quran.

15:88 Do not be jealous of what we bestowed upon the other (messengers), and do not be saddened (by the disbelievers), and lower your wing for the believers.

Basis of Miracle: The messenger's letters are **20** and **34**, **revealing the diff. of 14** – the Miracle of Seven Pairs is preserved with Allah as a profound Sign for this messenger.

Revealed: The GV of Allah letters are **127** and **204**, **revealing the diff. of 77** – a confirmation of the Seven Pairs Miracle through these verses, Glory be to Allah.

Revealed: Placing the numbers **14** and **77** together becomes **1477**, and this is the exact GV of the verse: “**We have given you the seven pairs**” GV = **1477**.

74:30 Over it is nineteen.

Basis of Revelation of 1: The Allah letters are **4** and the messenger's letters are **3**, **revealing the diff. of 1**.

89:3 By the Even and the Odd.

Basis of Revelation of 1: Allah letters are **4** and the messenger's letters are **5**, **revealing the diff. of 1**.

74:35 This is one of the great miracles.

Basis of Revelation of 1: The Allah letters are **7** and the messenger's letters are **6**, **revealing the diff. of 1**.

Now you have seen the basis of the Signs given to me, and the Revelation of the Ultimate Miracles through them. This is not a random occurrence but a perfectly calculated assignment and mercy from my Lord. To show you the perfection of ALLAH, Most Wise, you will now witness the inscription and composition of precisely **7 Pairs of verses in chapter 44 which reveal the “Revelation of 1”** through the letters of Allah, and **7 Pairs of verses** which reveal the “**Revelation**

of 1 through the messenger, **Makbool Husain's letters**. They are no more – and no less; an Absolute Precision to define the meaning of the word – **PERFECTION** – which is reserved only for the **CREATOR of the High Heavens and the Earth**.

(Prostrate to ALLAH, ask forgiveness for your sins and repent to Him)

7 PAIRS WITH ALLAH LETTERS – TO REVEAL GOD IS ONE

The total number of **Allah letters** surrounding and enveloping the **14 verses** are **95**, a **multiple of 19**, as well as revealing the pattern of verses of the **messenger's name 128** and **178**, which appear in the Quran in the same manner – **9** occurrences of **128 verses**, and **5** occurrences of **178 verses** – a **total of 14 occurrences**.

7 PAIRS WITH MESSENGER LETTERS – TO REVEAL GOD IS ONE

44:23 (God said) “Travel with My servants during the night; you will be pursued.”

44:24 “Cross the sea quickly; their troops will be drowned.”

1st PAIR: The **messenger's letters** are **13** and **12**, **revealing the diff. of 1.**

44:25 Thus, they left behind many gardens and springs.

44:26 Crops and a luxurious life.

2nd PAIR: The **messenger's letters** are **9** and **8**, **revealing the diff. of 1.**

44:27 Blessings that they enjoyed.

44:28 All of these we caused to be inherited by other people.

3rd PAIR: The **messenger's letters** are **8** and **9**, **revealing the diff. of 1.**

44:31 From Pharoah; he was a tyrant.

44:32 We have chosen them from among all the people, knowingly.

4th PAIR: The **messenger's letters** are **15** and **16**, **revealing the diff. of 1.**

44:32 We have chosen them from among all the people, knowingly.

44:33 We showed them so many proofs, which constituted a great test.

5th PAIR: The **messenger's letters** are **16** and **17**, **revealing the diff. of 1.**

44:38 We did not create the heavens and the earth, and everything between them, just to play.

44:39 We created them for a specific purpose, but most of them do not know.

6th PAIR: The **messenger's letters** are **21** and **20**, revealing the diff. of 1.

44:43 Surely, the tree of bitterness.

44:44 Will provide the food for the sinful.

7th PAIR: The **messenger's letters** are **5** and **4**, revealing the diff. is 1.

This completes the 7 PAIRS of verses with the messenger's letters. Now note the Miracles through the 7 and 7 PAIRS of verses:

Revealed: The total number of the **messenger's letters** in the Seven Pairs are **173**, and the total number of **Allah letters** in the Seven Pairs are **95**. Writing them side by side, we get: 173,95 = 7 x 7 x 355 (see verse 35:5 based on the quotient from the Miracle; also the diff. in **Allah letters 95** and the **messenger letters 173** is **78**. See **chapter 7, verse 8**, and **chapter 78**, last verse, which is **78:40** for further enlightenment).

Each set of 7 Pairs is sealed through the Miracle of God through the first and the last verses.

Revealed: The first and last verses in the set with **Allah letters** are verses **13 + 14 + 53 + 54 = 134**. The first and last verses in the set with the **messenger's letters** are verses **23 + 24 + 43 + 44 = 134**, Perfectly Matched by GOD, Most Wise.

Revealed: By writing the letters of the first and last verses of each set, we have the following numbers: 8,7,3,2,13,12,5,4 = 14 x 623723661.

Revealed: The sum of **Allah letters** for the first and last verses are **8 + 7 + 3 + 2 = 20**. The sum of the **messenger's letters** for the first and last verses are **13 + 12 + 5 + 4 = 34**, revealing the diff. of 14 – the messenger of the Seven Pairs through the sets of the Seven Pairs is hereby revealed (remember the pattern of these numbers: **20** and **34**, which reveal the diff. of **14**. The actual verses on The Seven Pairs, 15:87-88 reveal the same pattern with the messenger's letters. See the verses and the proofs earlier on in the sermon).

Revealed: The beginning verse in the set with **Allah letters** is verse **13**, and the beginning verse in the set with the **messenger's letters** is verse **23**, revealing the diff. of 10. The last verse and ending verse in the set with **Allah letters** is verse **54**, and the last verse in the set with the **messenger's letters** is verse **44**, revealing the diff. of 10 – Matched Perfectly.

Comment: What does the number 10 revealed through this highly complex

structure of verses, the mathematical component and the proofs mean? In 1988, Rashad Khalifa officially proclaimed to be the messenger from God, and in 1997, I proclaimed to be a messenger from GOD; this covers the period of the first part of the mathematical number given in verse 74:30 as NINE (years) – “tis’ha”. From 1997 when I proclaimed to be a messenger up to this year, which is 2007, it is TEN (years) – “Ashar”. This completes the 2nd part of the mathematical number and the revelation given in 74:30 as “Over it is nine (Tis’ha) and ten (Ashar), or nineteen”. Written exactly as given in Arabic script, the number becomes **9,10. This is a multiple of 14** ($910 = 14 \times 65$). The same verse has again been revealed to bring out the ultimate miracles of the Seven Pairs and the “Revelation of 1”.

74:30 Over it is nine-ten. (or nineteen)

Revealed: The **Allah letters** are **4** and the **messenger's letters** are **3**, **revealing the diff. of 1** – “Revelation of 1”.

This Khutbah is being delivered in accordance with GOD’s will – 10 years after my initial proclamation, and will possibly be recited over 7 weeks. Alhumdo Lillah. **Chapter 44** is **14** chapters away from **chapter 30** that has a verse number (**30:6**) of the messenger's full name, Makbool Husain. Note that **chapter 30** has **60** verses, while **chapter 44** has **59** verses, the difference in **60** and **59** is **1**.

Chapter 44 is **7** chapters away from **chapter 37**, which has the last occurrence of verses of the messenger's name – **128** for the messenger's last name Husain and **178** for the messenger's first name Makbool. They are therefore marked by GOD in a consistent way with **Arabic letters 19** and **14** respectively, as well as the **messenger's letters** marked **9** and **10** to **reveal the difference of 1**. Thus, God has revealed the Sacred Codes as well as the “Revelation of 1” through verses under the messenger's name and through the messenger's letters. The pattern of **9-10** of the messenger's letters as stated earlier is the fulfillment of verse 74:30 and signifies the time period for the fulfillment of “Prophecy of Smoke”.

The “Prophecy of Smoke” is covered through **7 verses**. Just like verse 44:11 says that the retribution will envelope the people, so are the verses enveloped with God’s proofs. The first verse 44:10 is connected, wrapped around and sealed with the last verse 44:16. There are a lot of revealed proofs through the seven verses of the Prophecy. I will present just a few:

44:10 Therefore, watch for the day when the sky brings a profound smoke.

44:11 It will envelope the people; this is a painful retribution.

44:12 Part: Our Lord, relieve this retribution for us.

When the people see the retribution, then they will say, “We are believers,” which is the ending part of verse 44:12. Note how God has structured the Proofs:

The Revelation: The 3 verses given above have **Allah letters** in each verse as **6-8-6**. To appreciate this kind of proof, you have to open the Arabic Quran and see with your eyes the pattern of **Allah letters** that tie in to the value of “**The Smoke**” (686), to **match perfectly**.

The Revelation: The GV of **Allah letters** is **140** and the GV of the **messenger's letters** is **828**, **revealing the diff. of 688**. Now go back and read all 3 verses in full, including the part that says, “We are believers,” and you will see that the **Allah letters** are precisely **6-8-8** in them, to **match** the proof of **688**. This part involves the messenger's name letters as well to arrive at the diff. of **688**.

44:10 Therefore, watch for the day when the sky brings a profound smoke.

44:11 It will envelope the people, this is a painful retribution.

The Revelation: The **Allah letters** of both verses are **14** and the **messenger's initials** are **19**, **revealing the Sacred Codes**.

This is a reminder – just like the entire Quran is enveloped by the Sacred Codes of **19** and **14**, so will be God's retribution of “The Smoke”. Let me recite and add 44:12 with the above and make it a set of 3 verses now.

44:12 Our Lord, relieve this retribution for us; we are believers.

The Revelation: The **Allah letters** for all 3 verses are **22** and the **messenger's letters** are **36**, **revealing the diff. of 14** – **The Proof of the Seven Pairs**.

First and Last Verse Connected (Enveloped)

44:10 Therefore, watch for the day when the sky brings a profound smoke.

44:16 The day we strike the big stroke, we will avenge.

The Revelation: The **Aleefs** are **5** and **4**, **revealing the diff. of 1**, **Allah letters** are **6** and **7**, **revealing the diff. of 1**.

The Revelation: The **messenger's initials** are **11** and **12**, **revealing the diff. of 1**.

The Revelation: The **Arabic letters** are **28** and **29**, **revealing the diff. of 1**.

The Revelation: The **Arabic letters** for both verses are $(28+29) = 57$, and the **Quranic initials** are $(17+21) = 38$, revealing the diff. of precisely 19 – the time has come for the fulfillment of the Prophecy.

The Revelation: The **Allah letters** for both verses are $(6+7) = 13$ and the **messenger's letters** are $(15+17) = 32$, revealing the diff. of 19 – GOD has confirmed the time span for the fulfillment of Prophecy.

The Revelation: The GV of the **messenger's letters** are 452 and 518, revealing the diff. of 66 – Praise be to Allah.

Is it fair to say, just like I said, that the 7 verses on the Prophecy of Smoke are surrounded and enveloped with God's miracles and proofs? There is even more!

Last 2 verses: 44:15 We will relieve the retribution for awhile; you will soon revert.

44:16 The day we strike the big stroke, we will avenge.

The Proof: The **Arabic letters** are 30 and 29, revealing the diff. of 1.

The Proof: The **Quranic initials** are 22 and 21, revealing the diff. of 1.

The Proof: The **Allah letters** are $(12+7) = 19$; the big stroke is promised by God, and the time frame again and again reflects 19 years after Rashad proclaimed to be the messenger in 1988. From 1988 to 2007 reflects the 19 years; but God knows best when He wills to send the retribution. Both of the messages through both of the messengers have been delivered to the people.

The Proof: The GV of **Allah letters** is $(99+69) = 168 = 14 \times 12$.

The Proof: The GV of the **messenger's letters** are 404 and 518, revealing the diff. of 114 = 19 x 6.

44:13 Now that it is too late, they remember! An enlightening messenger had come to them.

44:14 But they turned away from him, saying, "Well educated, but crazy!"

Revealed: The **Allah letters** are 8 and 7, revealing the diff. of 1 – the messenger here is the one who has been granted the "Revelation of 1" by GOD.

Verse **44:10** is the starting verse on the Prophecy and **verse 14** mentions that the people turned away from the messenger, hence:

44:10 Therefore, watch for the day when the sky brings a profound smoke.

44:14 But they turned away from him, saying, "Well educated, but crazy!"

Revealed: The **Allah letters** are 6 and 7, **revealing the diff. of 1.**

Revealed: The **messenger's letters** are 15 and 16, **revealing the diff. of 1.**

When the people see the retribution, they will remember that the messenger had come to deliver God's message, but it will be too late to become believers, as the proofs reveal:

44:12 Our Lord, relieve this retribution for us; we are believers.

44:13 Now that it is too late, they remember! An enlightening messenger had come to them.

Revealed: The GV of **Allah letters** are 37 and 103, **revealing the diff. of 66** – God's Absolute Authority had been rejected – therefore, it will be too late for the majority of the people.

In this chapter 44, the verses that talk about God sending powerful proofs and then augmenting it by so many proofs, which constituted a great test for the people **are spaced apart by 14 verses**:

44:19 And, "Do not transgress against **GOD**. I bring to you powerful proofs."

44:33 We showed them so many proofs, which constituted a great test.

Revealed: The verses are 19 and 33, **revealing the diff. of 14** – the powerful proofs of **the Seven Pairs**.

Revealed: The **Aleefs** are 6 and 5, **revealing the diff. of 1** – powerful proofs from **the Absolute God**.

Revealed: The **Arabic letters** are 35 and 28, being **multiples of 7 and 14.**

Revealed: The **messenger's letters** are $(21+17) = 38$, being a **multiple of 19.**

Revealed: Out of the 7 verses on the "Prophecy of Smoke", the word "Azaab-ul Aleem" and "Al-Azaab" meaning "retribution and painful retribution" occurs precisely 3 times, in verses 44:11, 12, and 15. This represents the "**Miracle of 3**" that I have mentioned casually so far, but is evident through the verses by God's usage of certain words, verses, count of Allah letters and the proofs occurring 3 times. The **Allah letters** used in these words are 9 and the **messenger's letters** are 8, **revealing the diff. of 1.**

The period of 19 years for the Prophecy of Smoke to come to pass is also reflected through some verses in chapter 26, which are:

26:208 We never annihilate any community without sending warners.

Revealed: The **chapter** and **verse**, **26,208** = **14** x 1872 – a **multiple of 14**.

Revealed: The **messenger's letters** are **14** and the GV is **532** = **14** x **19** x 2 – **Seven Pairs Proof** and also **The Sacred Codes** are revealed through the messenger's letters – Glory be to Allah.

There are 6 verses in sequence on this major prophecy and retribution that match and fit in to the pattern of the verse **74:30** – “**Over it is nineteen**” which has a GV of **1221**.

26:201 Thus, they cannot believe in it; not until they see the painful retribution.

26:202 Part: It will come to them suddenly.

PROOF: Up to this word, “**suddenly**”, the **Allah letters** are **14** – the current revelations given to the messenger.

26:202 Part: (continued) when they least expect it.

26:203 They will then say, “Can we have a respite?”

26:204 Did they not challenge our retribution?

26:205 As you see, we allowed them to enjoy for years.

26:206 Then the retribution came to them, just as promised.

PROOF: After the word, “suddenly”, the remaining verses have **Allah letters 19**, the current revelations of **the Sacred Codes of 14 and 19** given to the messenger.

PROOF: The verses **201+202+203+204+205+206** = **1221** – this fits the Code of **74:30**, as the GV of the verse is **1221**. Moreover, the delivery of the Sacred Codes has taken place.

ANOTHER SIGN FOR THE BELIEVERS

15:77 This is a sign for the believers.

What is this Sign?

The verse number is **77**, the **Seven Pairs Sign**, and the word used here is “**the believers**”. Let us go to chapter **23**, titled “The Believers”, and read the verse numbered **77** in this chapter. It is:

23:77 Subsequently, when we requited them with the severe retribution they had incurred, they were shocked.

News for the Believers: The **Allah letters** are perfectly measured to be **14**, **revealing the Seven Pairs**.

News for the Believers: The **messenger's initials** are **14** and the **messenger's letters** are **19**, **revealing the Sacred Codes**.

News for the Believers: The GV of the **messenger's initials** is **396** and the GV of the **messenger's letters** is **410**, **revealing the diff. of 14**.

Praise be to Allah who has composed verses in a unique way, unknown to human beings, and then leads the believers on to guide them through His amazing and astounding Proofs, which are in perfect harmony with the revelations given to the messenger. As ALLAH has proven His scripture to be the TRUTH, so are His words and the prophecies. It is only a matter of time, when the people will realize – for those who believe, it is a time to glorify and praise Him – for those who disbelieve in Him and His messengers, they will not have a chance to repent.

Further to the **Sign of 15:77**, **the 77 numbered verses** occur precisely **14 times** up to **chapter 37**, being the last occurrence of verses numbered after the messenger's name, **128** and **178**. The last and **19th occurrence** of **77 numbered verses** happens in **chapter 56**, being the last chapter with **66 numbered verses** representing the GV of **Allah**. What is the difference in **chapters 37** and **56**, where the **14th** and **19th** occurrences of **77 numbered verses** takes place? **It is precisely 19**. Do the chapter numbers **56** and **37** open up a new revelation for the believers? It sure does: the numbers become a verse **56:37**, which reads – **Perfectly Matched** – that you have been seeing proofs all along and wondered why I am using these words all the time. I did not make up the words; it is God's revelation, a verse from God.

Let us now see which verses occur in the **chapters 37 and 56** under **the number 77?**

37:77 We made his companions the survivors.

56:77 This is an honorable Quran.

New Revelation: The **Aleefs** are **3** and **2**, **revealing the diff. of 1** – **God's Absolute Authority**.

Absoluteness Proven: The GV of **Allah letters** are **73 + 37 = 110**. The **Absolute Authority** through the **Shahadah of GOD (La Elaha Ella Hoo, GV 110)** is hereby revealed, Glory be to Him.

Revealed: The GV of **Allah letters** for both verses is **110**, representing God's Absolute Authority.

Revealed: The GV of the **messenger's letters** is **608**, being **a multiple of 19** ($608 = 19 \times 32$).

The 19th occurrence of 77 numbered verse is, as you see above, in **56:77** saying, "This is an honorable Quran." After this verse, there are **19 more verses** to end the chapter on **verse 96**.

56:77 This is an honorable Quran.

56:96 You shall glorify the name of your Lord, the Great.

Reminder for Believers: The **Allah letters** are **4** and **3**, **revealing the diff. of 1** – glorify the Lord, ALLAH, The Great, Lord of the Universe.

Messengers have sometimes become impatient or their patience runs thin, when they see a widespread rejection of their message. As human beings, they feel frustrated at times and saddened at the lack of response from the people. They feel sad for a couple of reasons – they know that what they have is the entire truth from the Most Gracious, which is why they have believed in it, but they truly feel sad at the disbelieving people who remain averse and oblivious to God's message. As human beings the messengers know how much aches and pains hurt, or broken joints and muscles, or suffering from burns caused by fire – let alone punishments and retributions on a much larger scale from God. I shudder to think of God's retribution and the scale of it reflected through the verses, and would not like to see another human go through it or suffer. Nor does God like, or enjoy punishing His creatures unless they become defiant and arrogant and consistently disregard His Supreme Authority and forget His blessings upon them. There comes a point whereby the message from God meets deaf ears, and the messenger feels rejected by his people. He then implores his Lord to grant him and the believers victory over the disbelievers, and to punish them for their gross arrogance and defiance. I will narrate verses to this effect, again mathematically placed in the chapters to reflect the current revelations.

40:77 You shall be patient, for **GOD's** promise is truth. Whether we show you some of (the retribution) we have promised for them, or terminate your life before that, they will be returned to us.

Revealed: The **Arabic letters** in the verse are **58**, and the **verse number** is **77, revealing the diff. of 19**.

Revealed: The GV of the **messenger's letters** is a perfect **786, revealing "Bismillah Al-Rahman Al-Raheem"**. All retributions like everything else are controlled by **ALLAH**, and they happen in His name, with His will, when He

issues the command. Praise be to Him.

Note chapter 40 is the first chapter of H.M. revelations – the Sign of H.M. given to me, and this is verse number 77, the Seven Pairs verse.

Revealed: This chapter has the count of **Allah** in it **53 times**. By adding the chapter number, the number of verses in the chapter and the count of God, the sum of these numbers do reveal the name of the messenger.

Chapter 40 + 85 verses + count of God 53 = 178 (Makbool) – Glory be to my Lord.

It is notable to see that **the retribution verses envelope the H.M. chapters**, as the last verse of **chapter 40** – the beginning chapter – and the last verse of **chapter 46** – the ending chapter of H.M. Quranic initials, **both end with the retribution verses**. The last verse of chapter 46 is addressing the messenger to resort to patience and inspiring him that the retribution will inevitably come whereby the wicked will be annihilated.

Revealed: The last word in the last verse of chapter 40 ends with the Arabic word: “**Al-Kaferoon**” – “**the Disbelievers**”, and the last word of chapter 46 ends with the last word as “**Al-Fasayqoon**” – “**the Wicked**”. The GV of each word is: **387 + 327, revealing the sum of 714 – a sure Sign of the Seven Pairs**. I am going to recite the last 3 verses of chapter 40 which are relevant to this subject:

40:83 When their messengers went to them with clear proofs, they rejoiced in the knowledge they had inherited (the GV of **Allah letters** is **171 = 19 x 9**), and the very things they ridiculed were the cause of their fall (the GV of **Allah letters** is **19**).

Those who mock at God’s revelations, or the messengers, or the Sacred Codes, will be shocked when the retribution comes to pass, God willing.

Revealed: The **Allah letters** for the verse are **21** and the **messenger's letters** are **35, revealing the diff. of 14 – the Seven Pairs**. This is addressing the current generations, including the followers of the scripture left behind after Rashad, who rejoice in the knowledge they have inherited, turned arrogant, and have adamantly refused to believe in these subsequent revelations of God.

Revealed: The GV of **Allah letters** for the verse are **190, a multiple of 19**, and the GV of the **messenger's letters** are **1050, a multiple of 14** – thus **revealing the Sacred Codes of God**.

Revealed: This verse is perfectly calculated to have 66 Arabic letters, revealing the name of the Creator – ALLAH, be He Glorified.

40:84 Subsequently, when they saw our retribution, they said, “Now we believe in **GOD** Alone, and we now disbelieve in the idol worship that we used to practice.”

40:85 Their belief then could not help them in the least, once they saw our retribution. Such is **GOD’s** system that has been established to deal with His creatures; the disbelievers are always doomed.

Profound Revelation: The **Allah letters** are $(20+24) = 44$ and the **messenger’s initials** are $(17+28) = 45$, the difference in **44** and **45** is precisely 1 – a serious warning to the disbelievers.

Profound Revelation: The **Allah letters** for both verses are **44** and the **messenger’s letters** are **58**, revealing the diff. of 14 – you have seen the “**Revelation of 1**” above, and now the “**Revelation of the Seven Pairs**” is revealed through the same verses. There is even more in absolute precision of God!

Profound Revelation: The GV of **Allah letters** are **148** and **276**, revealing the diff. of 128 – revealing clearly the name of the messenger, Husain, with whom the message and the retribution are linked.

Profound Revelation: The GV of the **messenger’s letters** are **740** and **1092**, revealing the diff. of 352; this is the value of the scripture – “Quran”. Both revelations profoundly reveal through **Allah letters** and those of the messenger’s letters, **the name of the messenger – 128, and the name of the scripture – 352**. This is in addition to the proofs of “**Revelation of 1**” above and “**Revelation of the Seven Pairs**”. Do you stand any chance to have any doubt in the Most Wise, the Avenger? This is beyond probability and beyond human capability – this is a revelation from the Most Gracious – the One who controls and knows everything in the heavens and the earth.

Profound Revelation: Usually the word for retribution used in Arabic is “Azaab”. In these verses, God has used the word “**Bahsana**” – “**retribution**”, for a specific purpose. The GV of this word is precisely **114**, to reveal that submission has to be in accordance with the **114 chapters of the Quran** – no more and no less. The **Allah letters** in this word are **2** and the **messenger’s letters** are **3**, revealing the diff. of 1. That is why the messenger’s letters also reveal the word: **Quran – 352** above.

Messengers are sent with clear Signs which you have witnessed, and they are blessed with the scripture from GOD to deliver His message. This is why the numbers reveal these facts – the warner comes with good and bad news – before the advent of the painful retribution. Most followers of the scripture do not know

the meaning of “Belief in God Alone” and disbelieving in the idol worship that they practice. It is linked in meaning through the same verse, 40:84. The proofs of God will clarify the meaning:

40:84 Part A: They said, “Now we believe in GOD ALONE”.

The Correct Meaning Revealed: The Arabic letters are 19, the Quranic initials are 14, the revelation of the Sacred Codes.

40:84 Part B: And we now disbelieve in the idol worship that we used to practice.

Correct Meaning Revealed: The Arabic letters for both parts are 19 and 20, revealing the diff. of 1.

Revealed: The Quranic initials in Part A and B of the verse are 14 and 15, revealing the diff. of 1.

Revealed: The messenger's letters in Part A and B are 10 and 9, revealing the diff. of 1.

Absolute Miracle: The Allah letters for both parts are 14 and the messenger's letters are 19, revealing the Sacred Codes confirm and clarify the truthful meaning of these words – there is no getting around them.

How can you believe in God Alone, when you reject the message, proofs and the messenger, as mentioned in the previous verse, **40:83**? And if you really think that you were believing in God Alone, then why should you suffer from God's retribution? The 3 verses are linked mathematically, and cannot be separated to draw a certain different meaning. **Therefore, the correct meaning is as follows:** You have to believe in God's Absolute Authority, which is tested by sending messengers. The messengers are part of the overall system established by God to deliver guidance to the people. When you reject the messenger, you have insulted and blasphemed God; moreover, you become guilty of committing idol worship, as you followed other than God's commands. It also means that you have rejected God's scripture, as the same scripture bears the commands of messengers in a very detailed manner – being the major subject of God's words revealed therein. God has commanded “ongoing submission” until death. Anything revealed by the Lord of the Universe cannot be, and should not be rejected, to prove that you submit fully to Him Alone.

As my name letters are part of the “Proof System” and in harmony with the revelations given to me, the meaning is crystal clear what worship of “God Alone” means, and idolatry. These words are all in relation to your belief or disbelief in

God's messengers, and whether you believe in the entire scripture, or part of it. **To see the linkage of the 3 verses**, note the proofs below, whereby the meaning cannot be changed, even if the distorters want to.

Revealed: 40:83-84, the **Arabic letters** are linked: they are 66 and **52**, revealing the diff. of 14 – the Seven Pairs.

Revealed: 40:84-85, the **Allah letters** and the **messenger's letters** are linked: they are **44** and **58**, revealing the diff. of 14.

If you remove or add even 1 letter, the proofs will no longer be there, and the verses will be distorted – they would no longer be called “Sacred”. The Sacredness is only apparent when they are intact, or when they are corrected by God through His messengers. **Glory be to GOD**. The hypocrisy of the disbelievers and the idol worshipers is exposed by GOD through a unique Miracle, and I will give you 2 examples where similar statements occur:

1st Example: 40:84 Part: Subsequently, when they saw our retribution, they said, “Now we believe in **GOD Alone**.”

Messengers Speak under God's Inspiration: The **Allah letters** are **16** and the **messenger's letters** are **16**, the **Matching Guidance** is given to the messengers – meaning, it comes straight from GOD.

Were they Hypocrites or Believers? The true believers do not believe when they see the retribution – they believe when the message comes to them. But hypocrites want to see the retribution before they believe, as they doubt the messenger's message. The remaining parts of verses 84 and 85 to end the chapter, after this admission by the disbelievers of believing in God Alone are:

40:84 Part: & 40:85 “And we now disbelieve in the idol worship that we used to practice. Their belief then could not help them in the least, once they saw our retribution. Such is **GOD's** system that has been established to deal with His creatures; the disbelievers are always doomed.”

Good Opportunity Missed: The **Aleefs** are perfectly measured to be 14, revealing the Seven Pairs.

An Opportunity Lost: The **Aleefs** are 14, and the **Allah letters** are **28**, revealing the diff. of 14.

Enlightening Messenger: The **Allah letters** are **28** and the **messenger's letters** are **42**, revealing the diff. of 14.

2nd Example: 34:52 Part 1: They will then say, “We now believe in it.”

Expression of Remorse: The **Allah letters** are **6** and the **messenger's letters** are **7**, **revealing the diff. of 1** – they disbelieved in GOD, His messenger and these revelations!

After this statement by the disbelievers, the remaining part of the verse is again marked with the Proofs of the Seven Pairs with Allah letters and of the messenger.

34:52 Part 2: But it will be far too late.

Too Late: The **Allah letters** are **7** and the **messenger's letters** are **14** – **revealing the great Miracle of Seven Pairs.**

Have you seen God's perfection of His verses and revelations revealing the Coded Message? Now you realize that no one can translate God's words unless He inspires and guides the person – and these are the messengers of God.

The last verse of H.M chapters is **46:35**, which tells the messenger to be patient, is also clearly marked by the Most Gracious.

46:35 Therefore, be patient like the messengers before you who possessed strength and resorted to patience. Do not be in a hurry to see the retribution that will inevitably come to them. The day they see it, it will seem as if they lasted one hour of the day. This is a proclamation: Is it not the wicked who are consistently annihilated?

Clear Proof: The **messenger's initials** are **44** and the **messenger's letters** are **58**, **revealing the diff. of 14 – the Seven Pairs.**

Clear Proof: The **Arabic letters** are **106**, and **Allah letters** are **40**, **revealing the diff. of 66**, revealing the **Glorified Name of “ALLAH”**.

Since this is the last verse of H.M. chapters, there is more to it. God also reveals the **Sacred Codes** as the **Signs given to me**, addresses me through the **Sacred Shahadah 110** through His letters and mine (twice) – in the ending part He even labels these revelations as the **Hadith 522 from Him**.

46:35 Part 1: Therefore, be patient like the messengers before you who possessed strength and resorted to patience. Do not be in a hurry to see the retribution.

Revealed: The **messenger's initials** are **14** and the **messenger's letters** are

19 – revelation of the Sacred Codes.

46:35 Part 2: (the retribution) That will inevitably come to them. The day they see it, it will seem as if they lasted one hour of the day.

Revealed: Parts 1-2: The GV of the **messenger's letters** are **562** and **672**, **revealing the diff. of 110 – the Shahadah.**

Revealed: Parts 1-2: The GV of **Allah letters** are **222** and **112**, **revealing the diff. of 110 – the Shahadah.**

46:35 Part 3: This is a proclamation: Is it not the wicked who are consistently annihilated?

Revealed: The **Allah letters** are **12** and the **messenger's initials** are **12** – **Perfectly Matched.**

46:35 Part: “This is a proclamation: (Balaaghun).”

Revealed: **Allah letters** are **1** and the **messenger's letters** are **2**, **revealing the diff. of 1.**

46:35 The Ending Part: Is it not the wicked who are consistently annihilated?

Revealed: The GV of the **messenger's letters** is **522** for **Hadith (of GOD)** – the truthful words of **Allah**.

Revealed: The GV of **Allah letters** is **164** and the GV of the **messenger's letters** is **522**, **revealing the sum of 686** – now go back and see the subject of this sermon – **The Smoke** – **Al-Dukhan**, GV **686** – do I need to say anything more, when the Lord has matched the numbers to reveal the message, Glory be to Allah.

The set of verses whereby the messenger implores God for victory when the people disbelieve in him, are also on **the Seven Pairs Proof**, as they are **spaced apart by 14**. They are further **Sacredly Coded with 14 and 19**, by the Most Wise, and happen to be in the chapter “**The Believers**”.

23:26 He said, “My Lord, grant me victory, for they have disbelieved me.”

23:39 He said, “My Lord, grant me victory, for they have disbelieved me.”

Revealed: From **verse 26** up to **verse 39** are precisely **14 verses, revealing the Seven Pairs.**

Revealed: In each verse, **Arabic letters** are 19, and **Quranic initials** are 14, **revealing the Sacred Codes.**

Revealed: The **Allah letters** for both are $(4+4) = 8$ and **messenger's letters** are $(11+11) = 22$, **revealing diff. of 14.**

In another chapter where a messenger implores God for victory and the response of the disbelievers is given, the verses are spaced apart with a difference of 19 by the Most Wise.

26:117 He said (the messenger), "My Lord, my people have disbelieved me."

26:136 (disbelievers' response) They said, "It is the same whether you preach, or not preach."

Proof: The **verse numbers 117 and 136** have a **difference of 19.**

26:118 (the messenger) "Grant me victory against them, and deliver me and my company of believers."

26:137 (disbelievers' response) "That affliction was limited to our ancestors."

Proof: The **verse numbers 118 and 137** have a **difference of 19.**

GOD is "Avenger" – His Retribution is Horrendous

The majority of the people engage in conjecture and love to fantasize about Paradise while failing to think and believe in Hell; they also love to talk about God being merciful, as if all their sins will be automatically wiped out, while neglecting and failing to read and believe in His attribute of "Avenger" in the scripture. They are also oblivious to the fact that GOD's punishment and retributions are horrendous; though they see it often in their lives – but fail to admit that they are from GOD. Here are some verses on this subject:

2:165 Yet, some people set up idols to rival **GOD**, and love them as if they are **GOD**. Those who believe love **GOD** the most. If only the transgressors could see themselves when they see the retribution! They will realize then that all power belongs to **GOD** alone, and **GOD's** retribution is awesome.

Reason for Retribution: The **Allah letters** are **49** and the **messenger's letters** are **68**, **revealing the diff. of 19.**

2:165 Part: Those who believe love **ALLAH** the most.

Revealed: The GV of **Allah letters** is 100 and the GV of the **messenger's letters** is **262**, revealing the diff. of 162.

Those who love God the most, do believe in His messengers and submit fully to anything and everything revealed by God through His messengers. They glorify Him night and day, and remember Him **100%** of the time, as the proof of **100** reveals through Allah letters. The proof of **162** through the Allah letters and the messenger's letters tells the people that you can only believe and follow the Islam (submission) **162**, revealed through the messengers, and not the one preached and practiced by their religious scholars. There is no partial love for GOD; it is either **100** percent or nothing. There is no believing and following part of the scripture; it is either the entire scripture or nothing. There is no partial allegiance to the messenger; it is either total obedience, or your submission is nullified by GOD.

41:43 What is said to you is precisely what was said to the previous messengers. Your Lord possesses forgiveness, and He also possesses painful retribution.

You Make a Choice: The **Allah letters** are marked as 19 – the people have to decide whether they seek God's forgiveness by believing in His revelations and messengers, or suffer painful retribution and Hell.

3:3 He sent down to you this scripture, truthfully, confirming all previous scriptures, and He sent down the Torah and the Gospel.

3:4 Before that, to guide the people, and He sent down the statute book. Those who disbelieve in **GOD's** revelations incur severe retribution. **GOD IS ALMIGHTY, AVENGER.**

Reason to Avenge: Verse **3:3** has **Allah letters** as 19 and **verse 3:4** has **Allah letters** as 28; this represents the **Sacred Codes** as the numbers are multiples of 19 and 14.

Reason to Avenge: The **messenger's letters** are $29 + 37 = 66$ – a perfect count to reveal, ALLAH, 66.

Reason to Avenge: The **Allah letters** are $(19+28) = 47$ and the **messenger's letters** are $(29+37) = 66$, revealing the diff. of precisely 19 – Glory be to my Lord. When the people disbelieve in God's revelations, as the verse says, this is a solid reason for retribution, and therefore carries God's attribute as the Almighty, the Avenger.

14:47 Part 1: Do not think that **GOD** will ever break His promise to His messengers.

14:47 Part 2: **GOD** is Almighty, Avenger.

Reason to Avenge: The **chapter number** is 14 – **the Seven Pairs**. The **verse number** is **47**, the difference in the value of 66 and verse number **47** is **precisely 19**.

Reason to Avenge: The **Aleefs** are **6** and the **messenger's letters** are **20**, revealing the diff. of 14 – the Seven Pairs.

This verse represents the system of messengers who are sent to deliver the guidance to the people, and the sole, undisputed and Absolute Authority of ALLAH is represented and tested through His messengers. Therefore, GOD has promised His messengers the ultimate victory over those who disbelieve in them, which amounts to disbelief in GOD. This verse will now prove GOD's Absolute Authority in sending me as a messenger – a coded structure of my letters.

Coded Composition: Part 1: The **messenger's letters** are **12**, and for **Part 2**, the **messenger's letters** are **8**; the pattern of 128, the messenger – Husain, who has been given the most profound coded revelations by the Almighty, the Avenger.

Coded Composition: The **Arabic letters** in the attributes of Allah as “**Almighty, Avenger**” are: **Arabic letters 12 + Allah letters 2 + messenger letters 5, revealing the sum of 19**. Placing them side by side: 12,2,5 = 7 x 7 x 25.

GOD has already proven His words through the Revelations shown above.

There is a verse in the Quran, 30:6, which bears the matching numbers of my full name, Makbool Husain. When I take verse 14:47 with 30:6, the linkage is very clear with the Revelation:

14:47 Do not think that **GOD** will ever break His promise to His messengers. **GOD** is Almighty, Avenger.

30:6 Such is **GOD's** promise – and **GOD** never breaks His promise – but most people do not know.

God's Promise to the Messenger: The **Aleefs** are **6** and 7, revealing the diff. of 1 – a promise from the Absolute GOD to His messengers.

God's Promise through the Revelation: The **messenger's letters** are **20** and **21**, revealing the diff. of 1, Glory be to my Lord.

39:36 Part 1: Is **GOD** not sufficient for His servant?

GOD IS IT: The **Allah letters** are **8** and the **messenger's letters** are 7,

revealing the diff. of 1 – follow God’s revelations only – do not follow any idols beside Him.

39:36 Part 2: They frighten you (the messenger) with the idols they set up beside Him. Whomever **GOD** sends astray, nothing can guide him.

GOD IS IT: The **Allah letters** are **14** and the **messenger's initials** are **19** – **the Sacred Codes** should alert and warn all the people, to follow God’s revelations only, and nothing else.

39:36 Part: Whomever **GOD** sends astray, nothing can guide him.

Revealed: The **Allah letters** are **11** and the **messenger's letters** are **12**, **revealing the diff. of 1**. Whoever disbelieves in God’s messenger is sent astray by Him; then they can never be guided.

39:37 Part 1: And whomever **GOD** guides, nothing can send him astray.

39:37 Part 2: Is **GOD** not Almighty, Avenger?

Revealed: The **Allah letters** are **9** and **8**, **revealing the diff. of 1**.

Revealed: The **messenger's letters** are **12** and **11**, **revealing the diff. of 1**.

Absoluteness of GOD: **39:36-37:** The **Aleefs** for both verses are **7** and **6**, **revealing the diff. of 1**.

39:36 Part: Is **GOD** not sufficient for His servant?

39:37 Part: Is **GOD** not Almighty, Avenger?

THE ABSOLUTE GOD: The **Aleefs** are **3** and **4**, **revealing the diff. of 1**.

GOD IS IT: The GV of **Allah letters** are **103 + 99 = 202**, for (the one and only) **LORD**.

Analysis of “Attribute of Avenger” – in the **3 different examples** of verses that have GOD’s attribute as Almighty and Avenger cited in this khutbah, the reason is very clear why GOD uses these words in these specific verses. The following are the key reasons:

3:3 and 3:4 Disbelief in God’s revelations brings about retribution – **God does Avenge**.

14:47 and 30:6 Disbelief and disobedience of messengers brings retribution, and God has promised His messengers victory over those who disbelieve – **God does Avenge**.

39:36 & 39:37 Messengers follow only God's revelations – those who disbelieve scare them with their idols – such people are sent astray by God – but the guided ones believe in God's revelations, follow the messenger and obey him. The idol worshipers incur God's wrath – **God does Avenge**.

To summarize briefly, GOD has informed the followers of the scripture that those who reject any of His revelations – from the past, present, or future – those who reject any of His messengers, disobey them, or make distinction among them – and those who follow other sources of teachings rather than the guidance sent through His messengers are guilty of idol worship – these are the **3 key reasons** for GOD to send wrath upon the people and avenge them. He is Almighty, as He has all the Power – He is Avenger, as there is no other god in the universe to stop Him from doing whatever He wills, but He only avenges and sends retribution after sufficient warnings have been delivered by His messengers. The people that God avenges are the stubborn, the arrogant, the defiant, and the disbelievers in His Absolute Authority. Glory be to God.

54:42 They rejected all our Signs. Consequently, we requited them as an Almighty, Omnipotent should.

54:43 Are your disbelievers better than those disbelievers? Have you been absolved by the scripture?

The Sign: The Arabic letters are **34** and **35**, **revealing the diff. of 1**.

The Sign: The verses are clearly marked with Allah letters **9** and **10**, **revealing the diff. of 1**. The sum of **9 + 10** makes it **19** – the time span of **19 years** (1988 – 2007) has been enough for the people to take heed or not. These letters of Allah as **9** and **10** mark the fulfillment of the verse **74:30**, in which the numbers given are “**Tis’ha 9** and **Ashar 10**” to total **nineteen**.

The Sign: The GV of Allah letters for both verses is **147** – **revealing the Sign of Seven Pairs**.

The Sign: 54:43: The messenger's letters are **14** – the ultimate miracle of **the Seven Pairs** warns the followers of the scripture, that disbelief in any revelation or any messenger does not make a certain group of disbelievers better than the other disbelievers. They are all classified under one category – the disbelievers. No one is granted immunity through the scripture for their partial belief.

My Lord tells me that He has blessed and granted me certain knowledge through verses 6:104-105. The revelations granted to me are in accordance with 72:27-28, which I have delivered to the people as they are revealed to me. Moreover, the revelations and the proofs given to me, and the inscription of my name initials and

letters within the fabric of the verses, is something that God has never given to anyone before. This is substantiated through verses 23:68 and 34:45.

6:104 Enlightenments have come to you from your Lord. As for those who can see, they do so for their own good, and those who turn blind, do so to their own detriment. I am not your guardian.

6:105 We thus explain the revelations, **to prove that you have received knowledge**, and to clarify them for people who know (those who believe).

Knowledge from God: The Allah letters are **12** and **11**, **revealing the diff. of 1** – the knowledge about these revelations comes from GOD, the Most Wise.
Knowledge Passed to Messenger: The messenger's letters are **29** and **28**, **revealing the diff. of 1** – my knowledge is inspired by GOD, The Most Merciful.

Inscription of messenger letters: Both Verses: The messenger's initials are **43** and the messenger's letters are **57**, **revealing the diff. of precisely 14** – the profound **Miracle of the Seven Pairs as a Sign** given to me.

72:27 Only to a messenger that He chooses, does He reveal from the past and the future, specific news.

72:28 This is to ascertain that they have delivered their Lord's messages. He is fully aware of what they have. He has counted the numbers of all things.

Revealed: The messenger's letters are **24** and **25**, **revealing the diff. of 1** – the profound “**Revelation of 1**” which is the ultimate in all of the miracles sent by GOD, to warn about God's retribution.

23:68 and 38:29 (see verses and the proofs with “**Revelation of 1**” in earlier part of the sermon).

34:45 Part 1: Those before them disbelieved.

34:45 Part 2: And even though they did not see one-tenth (of the miracle) we have given to this generation.

Revealed: The messenger's letters are **11** and **10**, **revealing the diff. of 1**.

34:45 Part 3: When they disbelieved My messengers.

34:45 Part 4: How severe was My retribution.

Revealed: The messenger's letters are **5** and **4**, **revealing the diff. of 1**.

Revealed: The **Arabic letters** for the entire verse are **59**, and the **verse number** is **45**, revealing the diff. of 14. The “**Revelation of 1**” and the “**Revelation of the Seven Pairs**” proofs are further confirmed by the **Seal and Stamp of GOD** on this verse, as having **14 letters of Allah**.

34:46 Say, “I ask you to do one thing: “Devote yourselves to **GOD**, in pairs or as individuals, then reflect. Your friend (the messenger) is not crazy. He is a manifest warner to you, just before the advent of a terrible retribution.

Revealed: Both Verses: The **messenger's letters** are **30** and **44**, revealing the diff. of 14 – **Revelation of Seven Pairs**.

Revealed: The pattern of the **Aleefs** in each verse are **8** and **12** to reveal the name of **the messenger 128** – the Absolute Authority of GOD is represented here to choose whomever He wishes.

34:46 Part: He is a manifest warner to you.

34:46 Part: Before the advent of a terrible retribution.

Revealed: Both of the parts are marked with **Arabic letters** as **14** and **14**, Glory be to God.

Revealed: Both of the parts are marked with **messenger letters** as **7** and **7**, revealing the Seven Pairs.

Revealed: Both Parts: The **Allah letters** are **7** and the **messenger's letters** are **14**, revealing the Seven Pairs.

11:104 We have appointed a specific time for it (the prophecy) to take place.

Revealed: The **Allah letters** are **8** and the **messenger's letters** are **9**, revealing the diff. of 1 – **GOD's specific time**.

Revealed: The GV of the **Arabic letters** of the verse is **1128** – tied into the month and day the messenger was born (see verse 11:28 for further proofs and revelations).

11:28 Part 1: He said, “O my people, what if I have a solid proof from my Lord?

Revealed: The **messenger's letters** are **19** in this part – the solid proof mentioned by my Lord.

Revealed: The GV of the **Quranic initials** in this part is precisely **1128**, the month and day the messenger was born.

11:28 Part 2: What if He has blessed me out of His mercy, though you cannot see it?

Are we going to force you to believe therein, while you remain averse (to the proofs)?

Revealed: The **Allah letters** in the entire verse are **19** – God’s blessings upon me – the day I was born, the day I die, and the day I am resurrected.

Revealed: The GV of the **messenger's letters** for entire verse is **1372 = 14 x 14 x 7**.

23:95 To show you (the retribution) we have reserved for them is something we can easily do.

Revealed: The **Allah letters** are **7** and the **messenger's letters** are **14**, **revealing the Sign of the Seven Pairs**.

23:43 No community can advance its predetermined fate, nor delay it.

Revealed: The **messenger's letters** are **14**, **revealing the Sign of Seven Pairs**.

34:28 We have sent you (O messenger) to all the people, a bearer of good news, as well as a warner, but most people do not know.

34:29 They challenge, “When will this promise come to pass, if you are truthful?”

34:30 Say, “You have a specific time, on a specific day, that you cannot delay by one hour, nor advance.”

GOD Answers: The **messenger's letters** for **the 3 verses (Miracle of 3)** are: **27+17+22 = 66, ALLAH**. I am just a warner – GOD controls everything, but He has informed us of a specific time on a specific day, Glory be to Him. His Glorified Name is revealed through the name letters of this specific messenger – Praise be to Allah.

GOD Confirms: These **3 verses** are enveloped and surrounded by the **19 ALEEFs** – the Absoluteness of God Almighty (**Aleefs** are **12 + 3 + 4 = 19**).

A DIRE WARNING DIRECT FROM ALLAH

34:51 If you could only see them when the great terror strikes them; they cannot escape then, and they will be taken away forcibly.

ALLAH has Spoken: The GV of **Allah letters** is **66 – ALLAH**, the Omnipotent.

34:54 Consequently, they were deprived of everything they longed for. This is the

same fate as their counterparts in the previous generations. They harbored too many doubts.

ALLAH has Spoken: The **Allah letters** are **14** – the ultimate of Revelations to mankind.

98:2 A messenger from **GOD** is reciting to them sacred instructions.

98:3 In them are valuable teachings.

Sacred Code: The **Allah letters** are **10** and **3**, **revealing the diff. of 7.**

Matching Code: The **messenger's letters** are **12** and **5**, **revealing the diff. of 7 – the Perfection of Seven Pairs.**

Sacredness of God's Code: The **messenger's 14 letters** beginning from verse 98:2 and onwards are coded and given the **GV of precisely 352** – revealing, **that the messenger is reciting Sacred instructions from the Quran, 352 to the people. Whoever wishes to take heed, can do so.**

2:137 Part: If they believe as you do, then they are guided.

Revealed: The **messenger's letters** are **14**.

3:20 Part: If they submit, then they have been guided, but if they turn away, your sole mission is to deliver this message.

Revealed: The **messenger's letters** are **19**.

36:69 What we taught him (the messenger) was not poetry, nor is he (a poet). This is but a formidable proof, and a profound Quran.

Formidable Proof: The **Allah letters** are **14**, **revealing the Seven Pairs.**

Formidable Proof: The GV of the **messenger's letters** is **688** – see the “Prophecy of Smoke” verses **44:10,11,12**, which have precisely **Allah letters 6-8-8** in each verse to match this revelation.

36:69 Part 2: This is but a formidable proof, and a profound Quran.

Revealed: The **Allah letters** are **6** and the **messenger's initials** are **7**, **revealing the diff. of 1.**

Revealed: The GV of **Allah letters** is **39** and the GV of the **messenger's letters** is **344**, revealing **the sum of 383** – **the Profound Quran (Al-Quran, GV 383).**

56:77 This is an honorable Quran.

85:21 Indeed, it is a glorious Quran.

Revealed: The GV of all **Arabic letters** in this pair of verses is: **1160**

56:78 In a Protected Book

85:22 In a preserved Master Tablet.

Revealed: The GV of all **Arabic letters** in this pair of verses is: **1846**

Honorable Quran Reveals: The diff. in the GVs of sets above is: **686**

What is this number 686? It is the subject of the sermon: **The Smoke**, with gematrical value is **686**.

Revealed: The GV of the **messenger's letters** for each set are: **518 = 14 x 37** and **266 = 19 x 14**, providing the **Sacred Codes**.

This proves the depth of the proofs of GOD. He is never unaware, and is in full control over all things, matters and decisions. This important prophecy is in the Master Record of GOD, and is fully preserved like everything else that He has created and given to the humans. All of His revelations sent to the humans from the beginning to the Day of Judgment are all preserved with GOD, including this latest revelation of the Sacred Codes which has the messenger's name letters. Nor has GOD forgotten this prophecy! The fulfillment is only a matter of time. It can happen in 2007, if God wills it, or it can be later on, if He so chooses. The proofs and the revelations for this prophecy, have however been revealed, before its fulfillment, so that no one has any doubts about it. God is truthful, His words are truthful, His messengers are truthful, and so are His revelations and proofs that you see and witness. I have put my trust in Him, and to Him is my ultimate destiny.

27:6 Surely, you are receiving the Quran from a Most Wise, Omniscient.

A Blessed Revelation: The **messenger's letters** are **19** – a clear authorization and verification by the Most Wise.

A Blessed Revelation: The GV of the **messenger's letters** is **714** – The Most Praiseworthy confirms everything I have said all along for the last 10 years, by directly revealing the **Miracle of the Seven Pairs**, through my name letters and through the verse talking about receiving the Quran from the Most Wise.

Note: This is a 53 page sermon, unusually long for a sermon. I can honestly tell you that it could have been much longer. I am appreciative of God's blessings and His inspiration to me to compose this profound sermon. The believers should read this every Jum'aah Salaat, until it is finished, no matter if it takes 7 weeks. I will be taking a break from publishing sermons for some time to relax my fingers from typing – may God forgive me.

**Peace be upon the messengers.
Praise be to Allah, Lord of the Universe.**
